

Important to Grocers, Packers, Hucksters and the General Public.

A New Process for Preserving all Perishable Articles, Animal and Vegetable, from Fermentation and Putrefaction, Retaining their Odor and Flavor.

"OZONE—Purified air, active state of oxygen."—WEBSTER.

This Preservative is not a liquid, pickle, or any of the old and exploded processes, but is simply and purely OZONE, as produced and applied by an entirely new process.

Microscopic observations prove that decay is due to septic matter or minute germs, that develop and feed upon animal and vegetable structures.

FRESH MEATS, Such as beef, mutton, veal, pork, poultry, game, fish, etc., preserved by this process...

EGGS Can be treated at a cost of LESS THAN ONE DOLLAR A THOUSAND DOZEN...

FRUITS May be permitted to ripen in their native climate, and can be transported to any part of the world.

VEGETABLES Can be kept for an indefinite period in their natural condition, retaining their odor and flavor...

BUTTER After being treated by this process, will not become rancid.

IT WILL PRESERVE ANYTHING AND EVERYTHING YOU CAN THINK OF.

There is not a township in the United States in which a live man can not make any amount of money...

A FOR TUNE Awaits any Man who Seizes Control of OZONE in any Township or County.

A. C. Bowen, Marion, Ohio, has cleared \$2,000 in two months. Two Dollars for a test package...

F. K. Raymond, Morrisport, Belmont county, Ohio, is clearing \$2,000 a month in handling OZONE...

J. B. Gaylord, No. 80 La Salle street, Chicago, is preserving eggs, fruit, etc., for the commission men of Chicago...

The Cincinnati Feed Co., No. 408 West Seventh street, is making \$5,000 a month in handling OZONE...

D. F. Webster, Charlotte, Eaton county, Michigan, has cleared \$1,000 a month since August...

These are instances which we have asked the privilege of publishing. There are scores of others.

Now, to prove the absolute truth of everything we have said in this paper, we PROPOSE TO PLACE IN YOUR HANDS THE MEANS OF PROVING FOR YOURSELVES...

HOW TO SECURE A FORTUNE WITH OZONE!

A test package of OZONE, containing a sufficient quantity to preserve one thousand dozen eggs, or other articles in proportion...

The man who secures control of OZONE for any special territory, will enjoy a monopoly which will secure an exclusive privilege...

How to get a test package in advance for the Test Package, we will send it C. O. D., but this will put you to the expense of charges for return of our correspondence...

REFERENCES: We desire to call your attention to a class of references which no enterprise or firm based on anything but the soundest business success and highest commercial merit could secure.

THE KING OZONE. PRELIMINARY. To the following gentlemen: Edward C. Bowen, Member Board of Public Works, City of Marion, Ohio; Wm. F. Webster, Member Board of Public Works, City of Eaton, Michigan; J. B. Gaylord, Member Board of Public Works, City of Chicago, Ill.; F. K. Raymond, Belmont County, Ohio; D. F. Webster, Eaton County, Michigan; J. B. Gaylord, Chicago, Ill.; The Cincinnati Feed Co., Cincinnati, Ohio; The King of the Air, The King of the Market, The King of the Ozone!

THE RED HOUSE TRADE UNION.

I, A. HEILBRON, Sheriff of the city and county of Sacramento, do by virtue of my authority, hereby declare Mr. J. T. GRIFFITHS, Superior Court Receiver, the lawful purchaser of the stock of Mr. J. P. GILMAN, Plaza Store, J Street, Sacramento. As witness my hand this 22d day of NOVEMBER, 1881. A. HEILBRON.

For 37 1-2 Cents on the Dollar. Immense Excitement AT THE SHERIFF'S SALE OF J. P. GILMAN'S STOCK.

The city merchants were on the spot early, each determined to take the prize, but when the gavel dropped, and the Sheriff sang out "SOLD TO Mr. J. T. GRIFFITHS," there was astonishment and consternation depicted on every countenance. They had missed their opportunity; they evidently thought that the Sheriff would sleep on it a little, and when the all-telling word, "SOLD," rang out upon the sharp frosty air, it sounded like a knell to departed hope. It seems unaccountably strange that the shrewd merchants of our city should have allowed the Court Receiver to pluck the prize from their grasp so easily.

THE ABOVE STOCK CONSISTS OF— MEN'S AND BOYS' CLOTHING, FURNISHING GOODS, AND BOOTS AND SHOES!

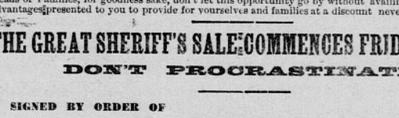

FRIDAY, NOVEMBER 25th. All these goods were well bought, and ARE IN GOOD CONDITION, and FOR BETTER CONVENIENCE OF SALE WILL BE REMOVED TO THE RED HOUSE,

Nos. 714 and 716 J st., bet. Seventh and Eighth.

THE GREAT SHERIFF'S SALE COMMENCES FRIDAY, NOV. 25. DON'T PROCRASTINATE!

SIGNED BY ORDER OF J. T. GRIFFITHS, SUPERIOR COURT RECEIVER.

BAKER & HAMILTON, MANUFACTURERS AND WHOLESALE DEALERS IN Agricultural Implements and Machines, Hardware, Etc.

AGENTS FOR THE GALE CHILLED IRON PLOWS, BURKA GANG PLOWS, GORHAM SEEDERS, TRIMMERS, HARROWS, CULTIVATORS, CIDER MILLS, MOILNE Steel Plows, Cast Iron Plows, BAIN WAGONS, Cutlery, Hoes, Wire, Belting, Foundry, Shot, Fuse, Wads, Nails, Axes, etc.

SACRAMENTO AND SAN FRANCISCO. MANUFACTORY... THE BENICIA AGRICULTURAL WORKS.

TO THE UNFORTUNATE DR. SPINNEY & CO., DR. GIBBON'S DISPENSARY, 623 Kearny Street, San Francisco.

YOUNG MEN WHO MAY BE SUFFERING FROM the effects of youthful folly or indiscretion, all do well to avail themselves of this, the greatest ever laid at the altar of suffering humanity.

MIDDLE-AGED MEN. There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in many or the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid appearance.

There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office hours—10 to 4 and 6 to 8, Sunday free. 10 1/2 A. M. Consultation free. Thorough examination and advice. \$5. Call or address.

DR. SPINNEY & CO., 10 1/2 Kearny Street, San Francisco. P. S.—For private diseases of short standing, a full course of medicines, sufficient for a cure, with all instructions will be sent to any address for \$10. 107-108-MTW75

P. A. BYRNE, STEAM CARPET BEATING MACHINE, 0 Street, bet. Third and Fourth.

CARPETS TAKEN UP, CLEANED AND RE-laid or retinted promptly. Lace Curtains done up good as new. House removing a specialty. Buy and sell second-hand carpets; also, will store and take care of carpets. Leave orders at the Carpet Stores. [227-231] P. A. BYRNE, Proprietor.

PIONEER LIVERY STABLE. T. D. SCHRYVER, Proprietor.

HACKS ON CALL AT ANY HOUR, day or night. Coupes, Phaetons, and best roadsters to be found in any livery stable on the coast, for hire. Horses kept in livery at reasonable rates. Livery Stable on Fourth Street, between I and J. 27-4pt

DR. G. L. SIMMONS, No. 212 J STREET, BETWEEN SECOND AND THIRD, SACRAMENTO. Office hours: 10 to 10 A. M., 1 to 4 P. M., and 7 to 9 P. M. n2-4p1m

TO THE LADY AT DAVISVILLE. THE PARTY HOLDING TICKET NO. 628, IN mistake for 618, for Polonaise, by sending name, will be returned. n2-4p1m

BLACK DIAMOND COAL AND SCREENINGS. THE ABOVE WELL KNOWN SUPERIOR MONTE DIABLO COAL, the most economical that can be used for steam, is for sale in lots to suit at Black Diamond Landing, Contra Costa county, and at the office of the Company, southeast corner of E and J streets, Sacramento. W. B. COENWALD, President. E. D. C. M. CO. n7-4pt

THE PIONEER BOX FACTORY. Still Ahead of All Competitors. COOKE & SON, CORNER OF Front and M streets, Sacramento. n2-4pt

LEGAL NOTICES.

BOARD OF STATE VITICULTURAL Commissioners. OFFICE OF CHIEF EXECUTIVE VITICULTURAL OFFICER, No. 111 Leidesdorff st., San Francisco.

TO ALL WHOM IT MAY CONCERN: BE IT known that I, Charles A. Wetmore, Chief Executive Viti-cultural and Health Officer of the Board of State Viti-cultural Commissioners, being duly authorized and instructed by said Board, do declare the following quarantine rules and regulations for the protection of the viticultural industries of this State, and due notice is hereby given, as provided by law, thirty days of publication in two daily newspapers of general circulation, not of the same city or county, in this State. All parties concerned therein are required to conform thereto, subject to penalties provided for by law, for any infraction or evasion of said rules and regulations:

QUARANTINE RULES AND REGULATIONS. Rule 1. All cuttings of grapevines made in this State for sale, gift or distribution outside the vineyard, or vineyards, where the same were grown, and intended for new plantations, shall be made solely of the wood of the preceding year's growth; all older wood to be carefully and thoroughly removed before leaving the vineyard where made, and to be immediately destroyed by fire, if removed from such cuttings wherever seized by any authorized inspector for any evasion or infraction of this rule. The reason of this rule is that the winter egg of the phylloxera vastatrix is according to the best authorities, found only on the old wood, and that the method of disinfection to be at the option of the owner or agent in charge of the said cuttings or vines, according to any one of the following methods, viz:

First—Dissolve sulpho-carbonate of potash in cold water; proportion, 100 pounds of sulpho carbonate, to 100 gallons of water; immerse cuttings and rooted vines fifteen minutes.

Second—Dissolve Little's soluble phenylic by pouring into cold water in the proportion of 50 gallons of water to one gallon of the phenylic; immerse cuttings and rooted vines ten minutes.

Third—Take two parts heavy oil of coal tar, two parts water and one part carbonate of potash, or carbonate of soda; put in a covered vessel and heat gently to boiling point for one hour; replace water by evaporation; pour into suitable vessels and agitate slightly; dilute with 50 parts cold water; immerse cuttings and rooted vines ten to one-half of volume; agitate before using; dilute with 20 parts of water to one part of "liver of lime."

Fourth—Dissolve carbolic acid crystals in water, in proportion of one pound of acid to 20 gallons of water; immerse cuttings and rooted vines ten minutes.

Fifth—Dissolve sulphide of potash in the proportion of one pound to 20 gallons of water; immerse cuttings and rooted vines twenty minutes.

Sixth—Dilute one part of "liver of lime" in 20 parts of water; immerse cuttings and rooted vines ten minutes. [N. B.—To make "liver of lime" take one pound quicklime, one pound sulphur, one gallon water; mix; boil over quick fire for one-half of volume; agitate before using; dilute with 20 parts of water to one part of "liver of lime."]

Any other efficacious method may be used, provided due notice is given to this office and the same be approved.

INSPECTORS. For the convenience and protection of all interested parties throughout the State, there will be appointed local resident inspectors, as provided for by law, for each section or region where vine-growers desire the same, and upon the application of any three such neighboring growers, or parties intending to bring the coming season to plant vines, such application to be addressed to the Chief Executive Viti-cultural and Health Officer, and accompanied, whenever practicable, with nominations of suitable persons for the office of Inspector. The other inspectors required by law will be appointed by this office.

RECOMMENDATIONS FOR THE FURTHER PROTECTION OF VINEYARDS. All persons planting new vineyards within the State are advised and strongly recommended to have their roots and cuttings suspected, regardless of origin, and to thoroughly disinfect them, thereby accomplishing the destruction of all possible germs of insect pests upon them, as well as also those of fungoid disease, which are becoming dangerous in all parts of the country.

CERTIFICATES. For the further convenience of vine-growers, certificates shall be issued by any Inspector residing near the vineyard of the applicant, and who will be appointed local resident inspectors, as provided for by law, for each section or region where vine-growers desire the same, and upon the application of any three such neighboring growers, or parties intending to bring the coming season to plant vines, such application to be addressed to the Chief Executive Viti-cultural and Health Officer, and accompanied, whenever practicable, with nominations of suitable persons for the office of Inspector. The other inspectors required by law will be appointed by this office.

INFECTED WRAPPINGS, ETC. Rule 3. All packages and the packing materials coming into the State with imported cuttings and vines (referred to in Rule 2) shall be disinfected, at the time of disinfecting the cuttings, by being immersed in or washed with any of the solutions named in Rule 2, provided that the strength of the same, in case of mere washing, shall be increased by the reduction of the water in the same to one-fourth the relative proportions named in Rule 2; and all such packages and packing material shall be destroyed by fire.

PENALTIES. All infractions or evasions of these rules will be punishable according to law.

CHAS. A. WETMORE, Chief Executive Viti-cultural and Health Officer, San Francisco, November 12, 1881. n19-3pt

OFFICIAL HORTICULTURAL NOTICE. TO ALL WHOM IT MAY CONCERN: BE IT known that I, Matthew Cooke, Chief Executive Viti-cultural and Health Officer of the Board of State Viti-cultural Commissioners, being duly authorized and instructed by said Board, do declare the following quarantine rules and regulations for the protection of the viticultural industries of this State, and due notice is hereby given, as provided by law, thirty days of publication in two daily newspapers of general circulation in the State. All parties concerned therein are required to conform thereto, subject to penalties provided for by law, for any infraction or evasion of said rules and regulations:

QUARANTINE RULES AND REGULATIONS. Rule 1.
