APPALLING DISASTER.

SAUK RAPIDS (MINN.), April 14th. Our town is in ruins. Send us aid.

Governor Hubbard at once sent messages to the Mayors of all the cities and larger towns in the State, asking that steps be taken at once to secure money and things needed, and forward them as speedily as possible to Senator Buckman, for the destination.

A brief dispatch has just been received, saying that between forty and fifty bodies have been recovered from the ruins at St. Cloud, and the search is not completed.

The town presents a scene of utmost desolation, as seen by the light of flickering lanterns, and the groans of the wounded and the lamentations of those who have lost relatives, are heart-rending in the extreme. Not before daylight will the full extent, however, be known.

CHICAGO, April 14th.—The Inter-Ocean's Commission on the subject of a cyclone struck the town of Sauk Rapids this afternoon, and laid the town in ruins. The telegraph wires are all down, and no particulars are obtainable.

MINNEAPOLIS, April 14th.—Reports have just been received of a terrible cyclone which struck St. Cloud this afternoon, in which 40 persons were killed and 75 injured. Half the town was laid waste. There are rumors that Sauk Rapids, near St. Cloud, also suffered. Dr. Ames, Mayor of the city, and a staff of a dozen physicians, are just leaving on a special train for St. Cloud, in answer to messages for assistance.

ST. PAUL, April 14th.—St. Cloud and Sauk Rapids were swept by a terribly destructive cyclone about 5:30 o'clock this afternoon. The first knowledge of the disaster was contained in the following telegram, sent to Mayor Ames, of Minneapolis, from St. Cloud, asking for help:

MINNEAPOLIS, April 14th.—A terribly destructive cyclone passed over St. Cloud and Sauk Rapids late this afternoon. There is terrible destruction here. Please send us all the assistance you can immediately by special train. Send physicians and surgeons.

Telegrams to the following effect were received from Sauk Rapids:

To Mayor Ames, Minneapolis: Can you send special train with physicians to this city? A cyclone passed over the city this afternoon, and we are in a terrible state. We have been killed, but the number is not yet known. SAUK RAPIDS.

Immediately upon the receipt of this news, preparations were made to respond to the call for help, and a train for St. Cloud left at 6 o'clock. The information is very meager, and sensational reports are very prevalent. Scores of persons are reported to have been killed, and many more were injured. It is believed that at least 40 persons have been killed, and about 75 wounded. It is impossible to get much information at this hour. All is excitement, and the streets are filled with excited men and frightened, weeping women and children. The disaster certainly is very appalling. Scores of houses have been entirely wrecked, and the extent of the loss of life cannot now be stated.

ST. PAUL, April 14th.—The city is full of rumors, and it is very difficult to obtain reliable news. The storm struck St. Cloud between the round-house and freight depot, and swept a path 600 yards wide through the city, leveling between 150 and 200 houses. N. H. Clark, a well-known lumber merchant who lives in St. Cloud, and has 50 persons were killed in that city, and more than 100 injured, many very seriously. Superintendent Wakeman, of Manitoba, says that between 30 and 40 persons were killed at Sauk Rapids, a small town on the Manitoba and Northern Pacific Roads, a few miles southeast of St. Cloud, and nearly double that number injured. The telegraph wires northward of this city are all down, and no news direct from either St. Cloud or Sauk Rapids has been received since 7 o'clock. A terrific thunder-storm set in over St. Paul and Minneapolis about 6 o'clock, and a heavy hail-storm followed, though of but short duration. In fact, one storm cloud after another has swept across the State ever since last evening, and the rainfall has been heavy. The heaviest rain was known in the State since 1883, when Rochester and Elgin were devastated by a tornado.

ST. PAUL, April 14th.—The latest reports give the number of killed in St. Cloud as 15, and the injured about 25, and at Sauk Rapids, 15 killed and 20 injured. Another terrific thunder-storm is now prevailing here, which interferes greatly with the wires.

CHICAGO, April 14th.—The Inter-Ocean's special says that the cyclone began about 7 o'clock in the basin of the Mississippi River, forming a whirlwind about 100 feet in diameter. It took almost every tree in the circle from the ground or twisted it off at the trunk. Great stones were torn up and carried along with the wind. Moving slowly along in a north-easterly direction, it wrecked the Catholic chapel and several houses in course across the prairie adjoining the town. It completely demolished John Schwartz's large brick house, and scattered fifty or more small frame houses like so many feathers. In most cases nothing was left to mark the site of the dwellings but the cellars. The prairies were strewn with timbers, furniture and clothing. The freight depot of Manitoba was a total wreck. Numerous cars, loaded with freight, were blown from the track. It passed in the limits of the town just west of Lieutenant-Governor Gilman's residence, killing several horses. It crossed the Mississippi at the Sauk Rapids wagon bridge, which it demolished. It has widened to 6,000 feet, and leveled Stanton's grist mill. From there it swept through the center of the town, taking the best of the business part of it. Its action is not limited to public school, and every important building in town except a wooden store. The village is virtually wiped out, four-fifths of the buildings being leveled.

THE INJURED AND DEAD.

The fatalities in St. Cloud, though great, are not equal in number to those in Sauk Rapids. In every house most all the inmates were more or less hurt.

The dead at St. Cloud, so far as known, are as follows: Nick Junemann, Mrs. Weismann and a little girl; a son, 4 years old, of B. O. Waskel; a son, 7 years old, of Frank Mierzkowski; Mrs. Stein, widow, son 4 years old, of P. Waddorf; Shortridge Young, a railroad man; his brother William had both legs amputated, which were since amputated; Van Holsen, an unknown railroad man; two young children of Mrs. Conroy; a baby, August Knoll.

The dead at Sauk Rapids are: J. Berz, a merchant, and two children; John Kenard, County Auditor; George Lindley, County Treasurer; two children of C. G. Wood, a merchant; Abner Steyer, fatally hurt; a child of H. Carpenter, Clerk of the Court; Peunpre, Judge of the Probate Court, badly hurt; Edgar Hill, President of the German-American National Bank. From Sauk Rapids the storm, struck Rice's station, Benton county, demolishing the village, and killing or injuring nearly the entire population. The wires are down, and no definite information is obtainable from there.

MOVEMENT FOR RELIEF.

ST. PAUL, April 14th.—Governor Hubbard had to-night received the following message from State Senator Buckman:

THE NATIONAL CAPITAL.

MORRISON'S NEW TAFFEE BILL APPARENTLY DOOMED.

Treasury Statement—California Inventors—The Hurd-Romeis Case Decided.

United States Senate.

WASHINGTON, April 14th.—The Chair laid before the Senate a letter from Senator Jackson, saying that he had accepted the memorial of the Wisconsin Agricultural Circuit; that his seat in the United States Senate had therefore become vacant, and he requested the President pro tem, of the Senate to so inform the Executive of Tennessee.

The Chair said the information would be accordingly sent to the Governor of Tennessee.

The Chair laid before the Senate the memorial of the Wisconsin Agricultural Circuit, held at St. Louis, complaining of the proposition to place wool on the free list.

Morgan said he had been instructed by the Committee on Foreign Relations to give notice that to-morrow at 2 o'clock, on wool therefor, the Senate would ask the Senate to go into executive session for the consideration of an important matter.

Dolph gave notice that Friday he would ask consent to address the Senate on Indian depredations.

Engler then addressed the Senate on the subject of open executive sessions. He said that the conclusion that the rules providing for secret sessions ought to be amended.

The bill was referred to the Committee on Finance, and the Senate adjourned.

There are modes, it is true, by which it could be made greatly to the interest of employers and workmen both to abide by the result of arbitration, but it is plain that when this is done grievances may be discussed, but there can be no terms or party with the demon of riot.—[N. Y. Star.

There are modes, it is true, by which it could be made greatly to the interest of employers and workmen both to abide by the result of arbitration, but it is plain that when this is done grievances may be discussed, but there can be no terms or party with the demon of riot.—[N. Y. Star.

Labor has rights which capital is bound to respect, and capital has interests which labor must not be allowed to infringe upon with impunity; and when the two cannot agree, there ought to be some tribunal, which either can appeal with confidence of having its decision respected, or which should be obligated to respect.—[Santa Cruz Star.

The self-sustaining capacity of laborers and labor is very limited, and even without the aid of the Knights of Labor must be exhausted in a comparatively short time, and the result would be supporting a nation of strikers. Without money, labor must return to humility and dependence on employers, or must take the last desperate step of organized resistance, in which the pillagers will be the victims of a righteous and just retribution.—[Stockton Independent.

SAN FRANCISCO ITEMS.

The next steamer for Panama will be the City of New York on the 24th inst. She is due from Hongkong on Saturday, and will be withdrawn from that service upon arrival.

George R. Warren, an old California farmer, with land and a good stock of sheep, who introduced the California sheep, was killed in this city Tuesday evening aged 60.

A telegram received in this city Tuesday night, which was not published, stated that John W. Mackay would reach this city within two weeks from date, consequently the announcement of the dangerous condition of Princess Colonna is doubtless incorrect.

The parade of the trade and labor unions, which was to have come off Tuesday night, was postponed on account of the rain. The demonstration has been set for next Saturday evening, when it will take place, the weather permitting.

A letter received from United States Judge Ogen Hoffman, who is temporarily sojourning at Honolulu, states that he has recovered from the effects of the earthquake on the steamship Alameda, reaching this city on or about the 18th inst.

La Selva, a wife of a Chinese laborer, who lives in the city, committed suicide by hanging herself from a tree in her home, 727 Sacramento street, by eating opium. Despondency, caused by not receiving the salary she was entitled to, was the cause of her death.

United States Marshal Franks has appointed William H. Foster, of Fresno, Deputy Marshal, it having been reported that Mr. Foster and several other Democratic men were being "pocketed" for employing Chinese, and feared violence might be attempted toward the Chinese.

John H. Lyons, mate of the ship Berlin, was convicted by a jury in the United States District Court, Tuesday, of having fraudulently obtained the release of John Jenkins. The jury recommended him to the mercy of the Court, and Judge Sabin sentenced him to be imprisoned in the Alameda County Jail for two months.

The annual meeting of the stockholders of the Central Pacific Railroad Company, held at San Francisco, Tuesday, for the ensuing year, was held on Tuesday. The following Directors were elected: Leland Stanford, C. P. Huntington, Charles Crocker, Timothy L. A. Healy, C. P. Crocker, W. V. Huntington and E. H. Miller, Jr. No change occurred among the officers of the road.

Unnecessary Violence.

For which outraged nature exacts heavy penalties, is done to the bowels by persons who, with drenching purgatives, make war on those organs in order to relieve their constipation. Constipation is not one of those desperate diseases that require desperate remedies. In fact, it is not a disease at all, but the incomplete discharge of a function, to the healthy remedy is far better adapted than drugs, whose action is excessive and consequently debilitating and injurious. Disorder of the liver, constipation, and the blood with its headaches and dyspeptic symptoms are all alike treated by the same means. The remedy is not limited to relieving the bowels naturally and without pain. Used with persistence it cures the disease, restores regularity in the habit of body, and in the treatment of the digestive organs and liver. Fever and ague, rheumatism and kidney troubles are prevented and cured by it.

Shooting Affray.

WINNEBUCA, April 14th.—News is received here of a shooting affray at Fort McPherson, in this county, in which J. D. Minor was shot in the abdomen by Ira B. English. The military arrested English and held him for the shooting. Minor was taken to the post hospital. His wound is not considered fatal. The cause of the shooting is not known.

By lack of open air exercise and the want of sufficient care in the matter of diet, the mechanism of the human system becomes impaired during the winter. Dr. Williams' Pink Pills is the proper remedy to take in the spring of the year to purify the blood, excite the liver to action and restore health and vigor.

ANGOSTERA BITTERS, the world renowned appetizer and invigorator. Used now over the whole civilized world. Try it, but not opposed to his appointment by Governor Stearns, and that he did not go up for the Governor's claims of Mr. Delmas for the place, but, on the contrary, was for Mr. Hunt first, and all the time.

Internal Revenue Collectors.

WASHINGTON, April 14th.—A list of confirmations of eighteen Collectors of Internal Revenue was made public by the Senate to-day. The Collectors were confirmed on the 27th of March, upon a report from the Finance Committee, accompanied by a letter from Secretary Manning, certifying to the good official and moral character of the officers suspended. The list of names of the Collectors whose confirmations were recommended, regarding whom the Secretary of
