THE CITY DEBT QUESTION

Considered Before the Assembly Committee on Municipal Corporations

A meeting of the Assembly Committee on Municipal Corporations was held last evening, at which a large number of business men of Sacramento were present. Chairman Knox called the meeting to order and said that the committee, at the request of citizens of Sacramento, had met to consider the so-called Dray-Carroll bill now pending.

Ex-Governor Booth said that a bill had been agreed upon, but he thought it should be submitted to the committee. He did not know of the bill, but he thought it should be submitted to the committee.

Judge McKune said that perhaps it was not a bill, but a resolution. He said that it was a bill of good policy, aside from the constitutional objection. He said that the bill was a bill of good policy, and that it should be passed.

Mr. Young explained that the members of the committee had been on official duty every night except Sunday and Monday, and that they had been in writing to their families.

Ex-Governor Booth said that McKune had said that the bill was a bill of good policy, and that it should be passed. He said that he had no objection to the bill, and that he would vote for it.
