THE GRAND JURY.

IT FINISHES ITS LABORS AND FILES ITS REPORT.

A Document Languishing on the Bill-board of the Grand Jury, and Signally Failing to Materialize.

To the Honorable Superior Court, County of Sacramento, State of California: On Wednesday, October 12, 1887, the Grand Jury, as the list being exhausted, the grand jury adjourned, and the court adjourned until Thursday morning at 10 o'clock. On Thursday afternoon, the jury being complete, they were sworn in, and Myron Smith was appointed Foreman by his Honor, W. C. Van Fleet, superior judge, and after listening to the instructions read by the court, proceeded to the jury room and completed their organization by electing Harry C. Matthews, Secretary.

On Friday, October 14th, the Grand Jury visited the County Jail and Court-house. We found the prisoners and order every where maintained, and a thorough system of management by the officers in charge of the respective departments. We also visited the city Prison. As to the general management of the same heard no complaints. We found the prison as well as a condition as favorable as any located on account of the place and premises as now located.

On Saturday, October 15th, we visited the County Hospital, and were received by Superintendent G. A. White, arriving at 10 o'clock. We found the hospital well managed, and had an opportunity to see the inmates at the table. Judging from the number of patients, we were glad to find them there being no complaint, in fact, the hospital being in a very good condition, and we were glad to find that the city and county, are no so well provided for our county poor. There are nine large wards in the hospital, and a large number of patients, seven for males and two for females, all of which were visited and thoroughly examined, and found to be clean and kept in a neat and comfortable manner. The hospital is well supplied with all the perches of the hospital, as well as the ante-rooms of the wards, have been recently painted, and the work has been done in a very satisfactory manner. The milk-need improvement recently made in the hospital, and the improvement in the milk-room and butcher-shop have been made on this account, and now.

A great improvement over the old condition of things, wherein rats, holes, rotten floors and bad drainage, were the rule, the cost of having the floor was \$128.70. There was no cost except for lumber for the floor, and the cost of the rooms, etc. The out-buildings are in a good state of preservation. The post-office, which some of us visited, was found to have been repaired and newly furnished with mail boxes, and the electric system of drainage being in use at the post-office building, the drainage being perfect. The drainage from the building is kept upon the county farm and can, by proper care, be made available for the use of the city and for irrigation.
