Home for the Orphans. The fact was published a few days since that the Oak Park Association had made overtures to the Board of Management of the Protestant Orphan Asylum to sell to the latter a site for a new Asylum building and grounds.

The Board of Management of the Asylum have not determined what action they will take concerning the expenditure of the special fund raised for the relief and better care of the little ones under their official charge.

They are desirous of taking such course as shall accomplish the best results for the care and development to usefulness of the homeless children who are thus provided for.

A meeting of the Board of Managers will be held about the 15th inst. to consider the subject of improving the present property of the Asylum, or selecting another site.

The people of Sacramento have shown their deep interest in the welfare of the little ones, and in the noble work of the Association.

If there are those who have sites they are willing to donate, or to offer for sale as a desirable site for the Asylum, such offers should be sent to the Secretary, Mrs. W. H. Hobby, within the next ten days.

Many things are to be taken into consideration. A number of Sacramentoans wish to attend, but desire to return the same day, the afternoon train in Placerville are limited, and this may be necessary on the part of many. The meeting decided to open a register at the drug store of B. J. Easton, 73, died 1, on J streets, and request all who desire to go to register without delay, and state whether they desire to remain over night or return next day. Unless the committee can arrive at some idea of the number desiring to go they cannot make the necessary arrangements. Fare for the round trip will likely be \$5.

ALEXANDER HAMILTON'S SON.

Who Remains Rest in the City Cemetery of Sacramento. A son of the First Secretary of the Treasury is buried in our City Cemetery. He was next youngest to Philip Hamilton, who recently died at Poughkeepsie, N. Y. The records of the Hamilton family all show that William Steven died at Sacramento the 7th of August, 1850, but the tombstone gives the date October 9, 1850.

It may be that the body rested in the tomb until the latter date, and was buried hurriedly at that time, if any of our readers can throw light upon this subject or furnish any facts respecting this interesting man our columns would be glad to give them.

He was born in the city of New York August 4, 1797, so that he was a little past 50 years of age at the time of his death. He was not a man of resolute habits, but with a roving disposition. He left West Point, which he entered in 1814, before his graduation, and drifted to various points in the then remote Western country. In his youth he was especially fond of all forms of mathematics, and on account of his proficiency was made United States Surveyor of public lands in Illinois. In 1822 he served as Colonel of Illinois Volunteers in the Black Hawk war, commanding a reconnoitering party under the famous General Atkinson. He met several disasters, and of importance and afterwards returned to Wisconsin and thence to California.

The Pioneer associations of the State may be well acquainted with the time of his arrival and his occupations during his residence here. He was originally buried in tier 2, grave 50, but afterwards his body was removed to lot 99—a neglected spot by 10—a space unworthy of so great a name. The plot seems to be owned by C. Woodman, and is closely hemmed in by the grounds now owned by N. Fitzsimmons, S. Smith and Hester Vranken. A dark granite stone, polished on one side, marks the grave, bearing this inscription:

COL. WM. S. HAMILTON. Son of GEN. ALEXANDER HAMILTON. He was an early settler and prominent citizen of Wisconsin, coming to California in 1842. He was a man of noble character, and much respected in talent and character, he much resembled his illustrious father.

Does this friend or any of his family still survive? A movement will be inaugurated by the lovers of Alexander Hamilton in this city, to have his remains removed to the present lot, the bricks about which are deeply sunken in the ground, or purchase in the new portion of our beautiful cemetery some fitting resting place for this worthy veteran of other days. Will not the Posts of the Grand Army of the Republic remember on Decoration Day the names of those who served in the ranks of Washington's dearest friend, the man whom from youth to age he loved and trusted most? There are few to whom we owe so much as Alexander Hamilton, for amid obstacles which to all others seemed insurmountable he contrived to pay the debt of the country and each of his creditors, and laid the foundations of a financial system which has never been surpassed in any important particular to the present time.

Free Library Meeting. The Board of Trustees of the Public Library met at their office in library building, last evening. Present: Add. C. Hinkson, Vice-President; S. H. Gerrish, Secretary; and E. Smith.

Percentage of fiction, 77.7; history, 3.9; biography, 2.7; travel and adventure, 3.4; miscellaneous literature, 6.3; religion, .4; poetry and drama, .03; science and art, 3.9.

Number of names on the register, 7,921. Amount of fines collected, \$14.05. Number of books repaired in library by librarians, 134.

The following bills were allowed: Capital Gas Company, \$16.80; C. S. Houghton, \$134.29; The History Company, \$5.00; Wm. Reed, 120 acres, San Diego, \$4.00; W. Wallace, \$13.20; E. H. Rivett, \$10.25; Day & Joy, \$14.25; Whittier, Fuller & Co., \$20.00; Croch & Lyman, \$1.00; R. R. R. \$205.80; J. M. Sargent, 40 acres, Tulare, \$4.00.

After ordering seventy new books purchased—which will be on the shelves Saturday morning—the Board adjourned.

Accidental Death. Coroner Clark held an inquest last evening over the remains of John A. Carroll, who was found lying face downward in the road underneath the trestlework at Sixth and B streets Monday night, the particulars of which were given in yesterday's RECORD-UNION. He had been residing with his son, J. P. Carroll, at No. 1219 G street, where he had two sons and daughters, the latter residing in Oregon. One of his sons resides in Oakland and the other in this city, where he was employed with the Central Street Railway Company.

Electric Railway. Yesterday another invoice of rails and other material arrived from Pittsburg for the Central Street Railway Company. L. Lewis, of this city, is in the East now making purchases for the company, and by September 1st the cars will be running from Oak Park through J street to the railroad depot. Lots in Oak Park are being bought quite popular, and large numbers of people find pleasure in driving through the two miles of graded avenues, free from dust. It is wonderful that a change has been made in the appearance of this beautiful body of land.

Got Five Years. John Kelly, having pled guilty in Department One of the Superior Court to the charge of grand larceny, Judge Armstrong yesterday sentenced him to serve a term of five years in the State Prison at Folsom. Kelly is the man who robbed John E. Bryan of his watch in the Throil saloon.

Too Much Absorbed. One of the most amusing incidents of the picnic party last Saturday is told in the Yolo Democrat of a gentleman who bosses a ranch near Woodland, that before leaving in his buggy for the picnic grounds, some fellow bent upon mischief and fun, took off the wheels and reversed them, putting the larger ones in front and the smaller ones in rear. It seems that the young fellow was much absorbed with the idea of spending the day out in the loveliness of the shady grove, listening to the chatter of his best girl's pupils, in whose childish amusements he anticipated a delightful pleasure, that he did not notice the condition of his vehicle until he was nearly at the picnic grounds, when he realized its very grave condition. He was thinking of "nobler things." So completely absorbed and happy was he with his most intelligent company, that he was not yet aware of the joke played upon him and firmly believes he had a glorious time. Of course he had.

An English lady asserts that counterfeiting removes all danger of hydrophobia. Her son once, and she herself five or six times, have thus escaped the malady, and both offer to be bitten by any mad animal in M. Pasteur's laboratory, on condition of being allowed to treat the wound themselves.

Borchers, the Sacramento phenomenal pitcher, has signed with the Chicago Cubs a big salary. The Atlas do not think he could play ball, and let him go. The Greenhood & Morans thought differently and took him up, and now he has been gathered in by one of the best nines on the continent.
