THE WEEKLY UNION is the cheapest and most desirable Home, News and Literary Journal published on the Pacific Coast. Terms, One Year, \$2.00. Entered at the Postoffice at Sacramento as second-class matter.

LEGAL INTELLIGENCE.

SCHOOL ELECTION.

A Very Light Vote Follies—Three Republicans and One American Elector. The election for four School Directors, one from each ward, took place in this city yesterday. But little interest was taken. The tickets put up by the politicians, not pleasing people generally, many saying there was no choice, and refused to go to the polls. The total vote was only 1,433 out of a total registration of nearly 7,000. The polls closed at 4:41 p. m., although parties at each polling place protested against such action. The last Legislature passed the following law, which was approved March 15, 1887: Section 1. Section 1169 of the Political Code is hereby amended to read as follows: 1169. The polls must be opened at 6 o'clock on the morning of the day of election and must be kept open until 7 o'clock on the evening of the same day, when they shall be closed. The Judges of the Election Boards ignored the statute, when the election proclamation of Auditor McKee was consulted, which said, "Polls will open at 6 o'clock and close at sundown." It did not mean, as it is now interpreted, that the polls should be closed at 6 o'clock, but simply six o'clock. The Election Boards took it for granted that he meant morning, and they were on hand bright and early in the day. What the means by "sundown?" The calendars consulted said "sunset" took place at 4:39, and polls were closed accordingly. Sacramento is getting to be a big town, as several degrees of longitude seemed to separate some of the polling places. Nine minutes between the closing of the polls of the Fourth and Second Wards would indicate that the Second Ward polls were some 270 miles west of the Fourth. This is another proof of the effects of our glorious climate. Mayor Gregory says that the City Board of Trustees never ordered the polls closed at sunset in contravention of law; the officers of the Election Boards were so notified, but they got them just the same, and there is great kicking through the city especially among railroad employes, who were thus shut off from voting. It is said the election will be held, and citizens are last night were offering to bet that the Courts would hold the election to be illegal. The reasons they give are the plain wording of the law, and that no citizen legally entitled to vote can be thus deprived of their privilege, and still the result be held legal. Also that the Supreme Court, in the case of the People vs. Sealie, in 52 Cal. Rep., decided as follows: under the old election law, which differs from the present one in the hours named: The notice to be published of an election to be held for the imposition of a fine must state the time at which the election will be held, and if it states that the election is to be held between the hours of 1 and 6 p. m. it is illegal. The giving of the prescribed notice is material, and the time at which the election is to be held is required to be stated in the notice. The election must be held as early as practicable in conformity with the general election law. It is essential that neither the notice of election or any other proceedings contemplated by the general election laws. In this case the notice was to the effect that the polls would be open only between the hours of 1 and 6 p. m., and in point of fact the polls were kept open only between these hours, and in this important respect the notice was not in conformity with the general election laws, for that requires the notice to be given after sunrise on the morning of the election and to be kept open until sunset. The vote was as follows: First Ward—A. J. Senatz (R.), 201; H. B. Nielsen (D.), 86; W. R. Walters (A.), 19; scattering 1. Total vote of the ward 307. Second Ward—Joseph Hopkey (R.), 190; J. N. Payne (D.), 158; W. J. Russell (A.), 44. Total vote of the ward 392. Third Ward—R. J. Van Voorhis (R.), 134; A. S. Truitt (A.), 137; H. L. Nichols (D.), 48; scattering 1. Total vote of the ward 320. Fourth Ward—H. C. Chipman (R.), 224; W. A. Dashiell (D.), 23; B. H. Covell (A.), 152; scattering 2. Total vote of the ward 414.

THE SUPERVISORS.

P. F. Dolan to Collect Licenses for Two Years More. The Board of Supervisors met in regular session yesterday. Chairman F. F. Tebbets presiding, and all the members present. Reports as to the amount of property on hand belonging to their respective districts were made by the following Road Overseers: John Miller, District No. 18; Findlay McMullen, District No. 3; A. B. Bryant, District No. 16; H. C. Kathan, District No. 4; A. Opley, District No. 14. W. H. Meacham, Justice of the Peace of the town of Colusa, resigned, and C. C. Clements was appointed to fill the vacancy. The new Justice was provided with a set of the Codes. Supervisor Bates called attention to the fact that the term of P. F. Dolan, License Collector, had expired. He moved that the Board proceed to elect a Collector for the ensuing two years, and placed P. F. Dolan in nomination. The nomination was seconded by McMullen, and Dolan received the unanimous vote of the Board. Bates moved that the Chairman of the Board be authorized to enter into a contract with Dolan for two years, he to give bond in the sum of \$10,000. It was so ordered. On motion of Bates, seconded by McMullen, the following resolution was adopted: Resolved, That the Board be and they are authorized to present to the Board, with George W. Chesley, Christopher Green, A. Logan and John Ryan as sureties. On motion of Bates, seconded by McMullen, the following resolution was adopted: The returns from the special election at Elk Grove for Road Overseer of District No. 14, were received and canvassed. The vote was as follows: G. Coons, 78; A. Opley, 39; P. Horst, 6; N. E. Low, 12. Coons having received a majority, was declared duly elected Road Overseer of District No. 14. The average Signal Service temperature yesterday was 48°, being 2° cooler than the normal for that day. The highest and lowest temperature was 52° and 45°, with gusts to fresh and light northerly winds and weather cloudy. The barometer is quite high, reaching 30.24 inches at 5 o'clock last evening, which was slightly lower than at 5 a. m. of the same day. The weather yesterday was generally clear in Oregon, cloudy in Northern California, clear at Sacramento, and cloudy at Red Bluff.

IMPROVEMENT ASSOCIATION.

Proceedings of the Meeting of the Executive Committee Held Last Evening. The Executive Committee of the Improvement Association held a meeting last evening, Judge W. H. Bates presiding and C. W. Baker Secretary. C. A. Luhrs, from the Committee on Levees, made a report of a careful examination recently made of the city levees. Everything was found in a highly satisfactory condition, except it was observed that on the north side of the city, opposite Mrs. Hooker's place, the river side of the embankment had been exposed by woodchoppers clearing off the willow growth which grew thick upon it. He thought this should not be permitted, and that the levee should be cleared of willows. On motion of J. O. Coleman, the speaker was requested to call the attention of the owner of the property where the willows had been cut off to the danger of such action which he thought would be all that is necessary to prevent further clearing of timber where needed for protection. A report was made by the Secretary concerning collecting and arranging Sacramento's portion of the exhibit to be for the East this week, and to be displayed on wheels under the auspices of the Board of Trade. The collection, it was stated, was being arranged by the Mayor, who had entire charge of the subject. The Secretary also stated that the City Board of Trustees had subscribed for 1,000 copies and the Board of Supervisors for 2,000 of the new pamphlet of our resources, now being published by the distribution in connection with the display of the traveling exhibition at the East. Dr. Simmons called attention to the necessity of having some repairs made to the fence surrounding the permanent exhibition grounds near the depot, and also for a walk to be constructed between the depot and the gate to the exhibition grounds. J. O. Coleman, of the Exhibition Committee, stated that arrangements had already been made for the walk to be put down, and the committee would not also attend to the other repairs referred to. Mr. Luhrs called up the question of a better water supply, and thought that either larger mains or a new pump, or both, should be put in. "This led to a full discussion of the water subject, which has heretofore been so fully investigated by the Water Committee," said Dr. Simmons, who is Chairman, and all the phases of the question were reviewed, including the procurement of a supply of clear and pure water from the subterranean strata on the east of the city. Remarks were made by Dr. Simmons, Judge Beatty, Senator Dray, J. W. Wilson, C. H. Hubbard, J. M. Avery, J. O. Coleman, C. H. Cummings, C. W. Baker, City Engineer Bassett and others. The matter of procuring not only an ample supply of water, but that which is clear and pure, was unanimously regarded as of the highest importance, and upon motion a special meeting of the Executive Committee was called for next Monday evening at 7:30 to consider the subject, and at which the City Trustees are to be invited to be present. After auditing several bills and attending to other routine matters the committee adjourned.

SETTLED WITH THE STATE.

The following amounts were paid into the State Treasury yesterday, settlements for November: Insurance Commissioner, \$4,186.95. Superintendent Hoitt, sale of school books, \$2,785.45. Secretary of State, \$1,764.50. Surveyor General, Land Office, \$1,635.50. Register of State Land Office, \$80.50.

THE HOWARDS.

The report of the Howard Benevolent Association for November shows 23 men, 45 women and 83 children—making a total of 151 persons assisted by the granting of 72 dispensations, and a cash donation of \$40 to a poor family in Folsom. The receipts of money from donations and collection at polls have been liberal for the month, which the Directors thankfully acknowledge. If you intend to purchase a piano, organ or musical instrument of any kind, don't fail to inspect the fine stock just received at Hammer's music store, 820 J street. Agent Chickering & Son's pianos. CHILDREN'S jersey caps, 15 cents; crocheted worsted hoods, 10 and 25 cents; lined and trimmed, 50 and 75 cents; toboggan caps, 25 and 50 cents. Millinery department, Red House. New shapes in felt hats, 44 cents; straw walking hats and turbans, 45 cents; misses' trimmed French felts, \$1.50. Millinery department, Red House. SPECIALS FOR THE HOLIDAYS.—See our ad. to-day, as our variety is so large we cannot devote but one day's ad. to a department. Red House.

CITY TRUSTEES.

A Proposed Street Railway Down Second to O, Tenth, to City Cemetery. The Board of City Trustees met in regular session at 10 a. m. yesterday. All the members present. N. A. Kidder, Harbor-master, reported as follows for the month of November: Twelve steamers, 66 trips, \$110; fish market, \$10; barges, \$45. Total, \$165. Poundmaster Rumble reported for the month of November impounded animals as follows: Horses, 11; cows, 6; dogs, 15. Total, 32. Dogs killed, 10; dogs redeemed, 5; cattle redeemed, 17. Fees collected, \$29. Chief of Police Lee reported for the month of November: Arrests, 279; lodgers accommodated, 42; meals furnished, 1,318. Cash on hand November 1st, \$850; received during the month, \$650. Total, \$1,500. Disbursed during the month, \$140. Cash on hand, 90 cents. A. J. Wilson, Superintendent of City Cemetery, reported for November 41 deaths; brought here for interment, 21. Total number interred, 62. The interments were made as follows: City Cemetery, 35; New Heavly, 1; St. Joseph, 11; sent abroad, 5. Total, 62. Collected for lots, \$147.50; permits, \$70; exhumations, \$20. Total, \$237.50.

NO WATER.

The City Pumps Take a Rest for Seven Hours. For seven hours and a half yesterday morning this city was without water, to the utter consternation of housekeepers and citizens generally. Of course it was supposed that the water had been shut off to allow repairs to pipes, and no uneasiness was felt, though there was some strangling usage because no notice had been given of the shutting off of the water; but when it was learned that there was no water supply which could have been used in case of fire, a great deal of indignation was expressed. Of course, housekeepers were put to considerable inconvenience, but that was a small matter compared to what might have been the result had a fire occurred. It appears from the best information obtainable at the water works that on the night previous the pump valves and the reservoir on top of the city prison in order that the tank might be repaired. When the water got low in the tank the fire was admitted to the pumps, and the pumps "lost the water," as the engineers express it. The Holly pump was started, but before the engineer could get water running, a supply in his boilers ran down so low that he had to stop the engine. The boilers were not empty, but of course they were lowering rapidly, and he had to stop them, which to fill his boilers he shut down rather than burn them out. It is claimed that if there had been a reserve tank of a few hundred cubic feet, the pumps could have been run so as to recover the water in half an hour. As it was there was air on both sides of the valves. The twenty-eight-inch suction pipe, which leads to the river is about 400 feet long, and it was empty, so that there was a good deal of air to pump before water could be raised. The engine was stopped at 2 o'clock in the morning, and a fire engine was brought out and pumped water into the bigger under the Holly pump and thence it was pumped into the boilers. A cap was taken off and water from the fire engine put in on top of the valves and then the stream was turned into the suction pipe. The pumps were started again, and at about 9:30 a. m. had the water flowing into the mains. In the meantime considerable water was supplied to the city by the pumps of the railroad company. As soon as A. J. Gardiner, foreman of the pipe department at the shops, learned of the difficulty he put all of the railroad pumps at work, and water into the city mains through the 8-inch main which connects the city works with the railroad company. The water from these pumps had just reached the city when the city pumps were started again, and it is not certain that the latter would have succeeded in getting the water so soon if it had not been for the railroad pumps. It is claimed that the accident was through no fault of the engineer, but it would seem that some plan should be devised which would make such a stoppage of the water supply a matter which would not be a serious inconvenience. St. Paul's Church Benefit. At the Metropolitan Theater this evening St. Paul's Church improvement fund will be given a benefit, and Coyne's sparkling comedy, "Everybody's Friend," will be played. It is a standard comedy, of sterling merit, and resonant with wit. It will be played by a company of well-known ladies and gentlemen of the city, who have given the piece long study and exhaustive rehearsal. The cast has already been announced in these columns, and expectation has been raised greatly to witness the degree of skill the volunteers have attained in interpreting the comedy text. The fund to be benefited is used in very extensive improvements upon St. Paul's Church, inside and on the exterior, making the property more comfortable, pleasing to the sight and creditable as one of Sacramento's public edifices. The price for admission to the entertainment, elsewhere announced, are moderate, and while seats have been taken for nearly all the dress circles, there is room for four or five hundred others on general admission. Bazaar and New England Dinners. The ladies of the Congregational Church and Society announce the opening of their Bazaar at 10 a. m. to-morrow at the church parlors. The choicest imported fancy articles and novelties for Christmas gifts, as also useful domestic articles, will be displayed in great abundance for sale. The Ladies Aid Society, and the Ladies of the Bazaar, will be present. The Bazaar will be held from 12 m. to 2 p. m. on Wednesday and Thursday. A Bazaar of literary entertainment, in which the best local talent will be represented, will be given to-morrow evening. Among the features of the occasion, the original dramatic entertainment, to be accompanied by his wife and thirteen lovely daughters. A fine orchestra will entertain the evening. Free admission to Bazaar during each day. New England dinner, 25 cents; evening entertainment, 25 cents. Knights of Honor. California Lodge, 1,580, Knights of Honor, last evening elected the following officers for the term ending June 30, 1889: Past Dictator, C. H. Stephenson; Dictator, L. A. Kidder; Vice-Dictator, Joseph Davey; Assistant Dictator, J. C. Carroll; Chaplain, L. Bell; Guide, Carl Strobel; Financial Reporter, J. F. Carter; Reporter, J. C. Medley; Guardian, F. W. Dunne; Sentinel, Frank Swift; Treasurer, C. E. Adams; Trustees, H. Bennett, A. J. Pommer, S. S. Nixon; Medical Examiner, Dr. W. A. C. Hughes; Representative to Grand Lodge, C. E. Adams; Alternate, W. C. Oliver. Metropolitan Theater. Mr. Sully and his company presented last evening the farce-comedy, "A Capital Prize." The play dragged wearily. Not even Sully's admirable art could save it. It lacked body, head and intelligence. Evidently the company has failed to grasp it, and the members employed their time mostly in running on and off the stage. The play can be whipped into better shape, but it is not comparable to either of Sully's other comedies. The Billiard Tournament. A large number was present at the Golden Eagle Billiard Parlors last evening to witness the contest between Brown and Stevenson. The former won by a score of 100 to 62. Brown's average was 3.22-26 and best run 16. Stevenson's average was 2.11-26 and best run 12. This ends the tournament and Flint and Flint will play each other three games. They will play off the tie at 300 points at an early date. Railroad Hospital Report. The following is the report of the Southern Pacific Company's Hospital for the month ending November 30, 1888: Number of patients in hospital November 1st, 61; number admitted during the month, 69; discharged, 70; died, 1; number on hand December 1st, 1888, 59. Total number of private house and office patients treated during the month, 230. MARRIED. Sacramento, November 29.—By Rev. W. C. Merrill, Charles W. Cox, of Sacramento, to Libbie G. Fong, of Folsom. Sacramento, November 28.—By Rev. W. C. Merrill, Ethan A. Gilbert to Carrie E. Phipps, both of Sacramento. BORN. Near Lincoln, Placer county, December 2.—Wife of John Ait, a daughter. DIED. Sacramento, December 2.—Alice L., daughter of Frederick and Emily Meckfessel, a native of Sacramento, 11 years, 10 months and 11 days. [Friends and acquaintances are respectfully invited to attend the funeral, which will take place from her parents' residence, 1511 L street, this afternoon at 2 o'clock.] At Chocoy Canyon, Yuba county, December 1.—Adolph Palm, a native of Germany, 66 years and 4 months. [Friends and acquaintances are respectfully invited to attend the funeral, which will take place from his late residence, Chocoy Canyon, to-morrow, December 3d, at 11 o'clock; thence to Pioneer Hall, where funeral services will be held at 1:30 o'clock.] THE CIGAR TRADE. DRUGGISTS, SALT-STORES, GROCERIES and CIGAR STANDS supplied at factory prices. A. COOLST. Sole Agent for Pacific Coast. Sp-1

UNTIL CHRISTMAS OUR STORES WILL REMAIN OPEN EVERY EVENING.

Special Overcoats, Etc.

A special purchase gives us Montagnac Overcoats at \$25. Montagnac is regarded as the king of all overcoat cloths. It is heavy and thick, but as fine and soft to the touch as velvet. Double breasted Chinchilla and Astrakhan Coats and Vests, popularly known as "Reefing Jackets," \$6 50 to \$25. The prices cover some very handsome goods in dark blue, silver gray (with velvet collars), and bronze-colored Astrakhans. These heavy coats and vests do away almost entirely with the need of an overcoat. The latest merchant-tailoring fashion plates show the English Cape Overcoats for Winter wear. We are one of the few houses on the coast that keep these Overcoats in ready-made goods. We have three different patterns, at \$17 50 to \$25.

CHILDREN'S BOOKS.

THE HISTORY OF THE UNITED STATES. Told in words of one syllable. This is a tale for small folks on the way our land grew. There is much that all girls and boys ought to know of the brave deeds of our great men. To read this book will make them want to read more and learn more of what the men of old times did to make our land the great land it now is. Contains 118 pages with colored illustrations; 45 cents. YOUNG AMERICA FOR 1888. A large and attractive annual, printed from English plates, but contains much original copyrighted American matter. It is capably illustrated from drawings made by prominent artists, and has a colored frontispiece and illuminated cover. The book is about the size of "Chatter-Box." Price, 50 cents. ILLUSTRATED NATURAL HISTORY. This book is by a popular writer on Natural History, J. G. Wood, M. A. The book gives short, readable descriptions of nearly all animals, their habits and characteristic anecdotes, etc. The book is profusely illustrated. Cloth binding, with black, gilt and red design work. Price, 75 cents. Will interest young people, as well as grown folks. "Chatter-Box" for 1888 89. Price, 79 cents.
