LOCAL INTELLIGENCE.

NEW CHARTER.

A New Charter Man is the subject of the Bugaboo about Stevens and a Charter.

Eds. RECORD-UNION: Permit me, as one who favors the framing and adoption of a new charter for the city, to explain that the Board of Trustees have nothing to do with that question further than that it is within their power (and it appears to me to be clearly their duty) also to see to the election of a Board of fifteen freeholders, whose duty it shall be to prepare and propose such a new charter.

The adoption or rejection of such a charter is not the duty of the Board of Trustees, but of the electors. I do not understand that any one who has declared himself as being in favor of a new charter has ever been elected.

I write this because there seems to be an impression that the Second Trustee has greater power in regard to a proposed charter than he actually possesses. His only power is to vote to put the people to elect fifteen freeholders to prepare such a charter.

In my judgment a desperate attempt is being made to defeat the Republican candidate for the office of Second Trustee by insinuation. Both the questions of the adoption of a new charter and the license or low license for the saloons ought to be submitted to the voters as direct issues, and the Board of Trustees should be governed by the result.

I am confident that John Stevens, if elected, would be the best man for the office of the majority. The people are to be congratulated in having before them a candidate who has sufficient independence of character to stand on his own feet, and who will not be swayed by the passions of the moment.

A GOOD MOVE.

The Election Laws of the State to be Rigidly Enforced.

The Board of Police Commissioners met last evening. They have appointed a full quota of officers for each polling-place.

The officers have been instructed to observe the 100-foot limit and prevent any crowding about the polls. They have also given positive orders to close every saloon in town where liquor and beer are sold.

The Commissioners say they propose that, for one time at least, all the election laws of the State be observed if they have to place half of the town under arrest. The following are the sections of the Code governing these matters:

SECTION 1192. No ticket or ballot must, on the day of election, be given or delivered to or received by any person except a voter or a Judge acting in person within 100 feet of the polling place.

SECTION 1193. No person must, on the day of election, fold any ticket or unfold any ballot, which he has in his possession, within 100 feet of the polling place.

SECTION 1194. No person must, on the day of election, exhibit to another, in any manner which the contents thereof may become known, any ticket or ballot which he intends to use in voting.
