

CITY AFFAIRS.

THE TRUSTEES CONDEMN MORE DILAPIDATED SIDEWALKS.

Estimated Cost of Piping the Seventeenth Street Sewer—Quarterly Report of the City Collector—Etc.

The City Trustees met yesterday morning in regular session. All the members were present. E. H. Williams, Chief Engineer of the Water Works, reported that for the week ending Sept. 29th 41,702,000 gallons of water had been pumped. The Holy pump was in operation 112 hours and the Stevens 140 hours.

John F. Drenan appeared before the Board and asked permission to repair about twelve feet of his sidewalk on the south side of I street, between Fourth and Fifth. His request was granted.

The Sidewalk Inspector, who was instructed by the Board last Monday to inspect all of the sidewalks in the downtown part of the city—that is, from Front to Tenth and from I to L streets—made a report as to the condition of the walks within that district, designating the ones which were rough or in bad order. The report was received and placed on file.

George A. Putnam, City Collector, made the following report for the quarter ending September 30th: City licenses sold, \$7,202.00; Fees on same, 65.00; Dog licenses sold, 413.00; Total amount sold, \$7,780.00; On hand October 1, 1889, \$7,780.00; City licenses, \$7,780.00; Dog licenses, 87.00; Total amount on hand, \$7,867.00.

John Carlaw appeared before the Board and stated that some time ago he had bought a lot in the City Cemetery for \$415. The dimensions of the lot were 51x44 feet. Lately he had been asked to pay \$50 more for it on the alleged ground that the former charge was too low. He had no deed to the property, and thought the title should be entitled to it, without paying the extra \$50. The lot had been offered to him for \$415, he purchased it, and was not inclined to pay any more for it.

A. Schaden asked permission of the Board to repair a wooden sidewalk on Eighth street, between I and J streets, on the east side of Eighth street, south of the alley between I and J. Trustee McLaughlin stated to the Board that this piece of sidewalk was in a very bad condition, and he was about to ask that the whole half block there be condemned. It was the business portion of the block, and he was not in favor of allowing any repairs to be made to it.

Mayor Greer and Trustee Wolf said that the late sidewalk ordinance would have to be declared void before the request of Mr. Schaden could be granted. On motion of Trustee McLaughlin, the whole half block of sidewalk on the east side of Eighth street, south of the alley between I and J, and the other property-owners were given a month's time to put down a new walk.

A petition was received remonstrating against the filling of the alley in the block bounded by Twenty-fifth and Twenty-sixth O and P streets. The alley is in a very bad condition, and in winter the water is dammed in by the streets. For a part of the past summer stagnant water stood there. Sanitary and Building Inspector Starr informed the Board that the lowness of the alley made it a nuisance in the winter season.

Trustee McLaughlin thought that even if the property-owners remonstrated, the alley ought to be filled. He thought they would not fill it, he would have to put a sewer in which would cost the people more than to raise the alley to the grade.

Henry Carroll, in forcible language, expressed the desire to have the Board see that the sewage from the Seventeenth street sewer was not dumped into the street canal. If it was, he said the land in that part of the city would be overgrown and property damaged.

The Board advised Mr. Carroll to wait until he had decided to carry the sewage that way before remonstrating further. L. C. Chandler asked the Board to see before the Board to furnish bonds, as evidence of good faith, that he would fill a lot within six months, and if he failed to do so he would not attend, and he was allowed one week further time.

Trustee Wolf, after giving a vivid description of the block of the Chinatown recently burned over, moved that the owners be ordered to construct a bulkhead and bulkhead on the front of the property, even if there were no houses on it.

The sidewalk on the west side of Sixth street, south of the alley between O and P, was condemned. The part condemned was about 100 feet on the northwest corner of Sixth and P streets extending west for a distance of 100 feet. The City Engineer made an estimate of the cost of piping the Seventeenth street sewer with 18 inch stone pipe to Sixth and Seventh streets, and reported that the work could be done for \$9,750.

Upon motion of Trustee McLaughlin it was ordered that the Board inspect the ground over which the sewer was to be carried, and determine upon some plan to carry away the water during the coming winter.

The following resolutions of intention were passed: To grade S street from Front to Second, and Fifteenth street from H to L.

Trustee McLaughlin recommended that all the streets from Front to Ninth, and from R to T streets, be declared open, and it was so ordered.

The sidewalk on the southwest corner of Tenth and M streets was condemned. The part condemned was eighty feet on M street and eighty feet on Tenth.

Rev. A. C. Bane's Opening Sermon at the M. E. Church South. Sunday was opened at 10 a. m. at the M. E. Church South, and large audiences greeted the pastor, Rev. A. C. Bane. In the evening he preached upon the above subject, taking for his text Judges 1, 24: "Show us, we pray thee, the entrance into this city." He said: "I have returned from Conference with a greater desire than ever to carry the gospel to the thousands in this city who never hear it. I was in this city once, and I saw the influence that shall reach out and lift up the friendless, the skeptical, the indifferent and the wicked of this city.

EDUCATIONAL SUBJECTS.

THE CITY BOARD NOT GIVING ANY VALUABLE PROPERTY.

The Perry Seminary. The New School Building to be Fenced In—Other Matters Considered.

The City Board of Education met last evening for its regular monthly session. Present—Directors Todd, Skelton, Davis, Hopley, Chipman, Senz, Martin and Tufts.

Director Chipman, from the Committee on Furniture and Supplies, reported that the desks ordered from Bancroft & Co. had arrived.

He also submitted propositions for supplying teachers' desks from the Bancroft Company.

Several Directors expressed themselves as in favor of purchasing desks and chairs for teachers in this city.

Director Martin moved that the committee be instructed to purchase teachers' desks, chairs, etc., from dealers in Sacramento, if possible.

Director Tufts moved to amend so to provide that the furniture must cost no more than in San Francisco.

The amendment was accepted, and the motion adopted.

Director Tufts, from the Committee on Buildings and Repairs, reported that a new roof had been put on the building at Seventh and O streets; that on the Thirteenth and G street building repaired and partially renewed; the windows in the same building repaired, and blackboards placed in the building at Twenty-first and L streets. A letter full of love and sympathy, and begging her to return.

On Sunday evening Chief Lee sent for the girl, and read her the letter he had received from the Sisters. She seemed to be deeply touched by their kind utterances, and she returned to her home of her own accord, but returned to her home of her own accord, but returned to her home of her own accord.

Director Tufts, from the Committee on Buildings and Repairs, reported that a new roof had been put on the building at Seventh and O streets; that on the Thirteenth and G street building repaired and partially renewed; the windows in the same building repaired, and blackboards placed in the building at Twenty-first and L streets.

There was some discussion over a bill for repainting the blackboards at the Fourth and Q streets school building. Through a misunderstanding of the action of the Board at a previous meeting, Director Skelton had the work done at a cost of \$200.

The following communication from the Clerk of the City Trustees was read: "Gentlemen: At a meeting of the Board of City Trustees, held on August 5, 1889, I was directed to request that your honorable Board transfer what is known as the Perry Seminary property to the City Trustees, in order that they might make arrangements for preparing the same for City Hall purposes."

Director Todd said the building was of no special use to the Board, and should be disposed of.

Directors Senz, Tufts, Chipman and Skelton, in favor of the motion, and the latter favored the sale of the building.

After some discussion of the matter, the further consideration of the subject was postponed until the next meeting of the Board.

Director Martin moved that the Principals of schools be instructed to place the children on the higher floors and the smaller ones below.

Director Skelton stated that E. A. Boyer would construct a sidewalk along the new school-house, and that it would be fifty cents a foot and a fence for fifty cents a foot.

Bids were received from R. M. Miller, R. McGillivray and John D. Shear & Son for constructing artificial stone sidewalks along the new school building.

IN THE ACT OF COMMITTING A FELONY WHEN SHOT.

THE REMAINS HAVE NOT BEEN IDENTIFIED.

Numerous persons have stated that his face is familiar to them, having seen him roaming the streets late at night, but none appear to have any positive knowledge regarding him.

An individual, who gave his name as Charles Rose, and who was considerably under the influence of liquor, appeared at the Coroner's office yesterday, and stated that he knew the deceased. He said his name was William Horton, and they had come to the State together from Ohio three years ago. The matter was reported to the police, and the latter took charge of Rose, with the view of clearing him, much he knew about the matter, when he shall have recovered from the effects of his spree. He might be the man who was with the deceased when he was shot.

The Metropolitan Theater was filled last night by an audience, the anticipations of which had been raised to a high pitch. It was not disappointed. "The Stowaway" is a melodrama well acted throughout. The scenery is a masterpiece of scenic art, with low life in London and some middle station people, and is not more impressive than the tales of woe, conspiracy, wrong and crime, which come to us daily over the wires. It has not literary merit and addresses the taste for the sensational and melodramatic rather than the intelligence. In short, it is a dime novel on the stage. The scenery used is that of the stage, with a single exception, and is novel and effective. The scenes are of pronounced beauty. The corner of low London, in the first act, is a fine piece of intricate stage setting, and gives a very good representation of some of the low levels of poverty, wretchedness and crime which are to be seen in London. In the fourth act a full-length and handsome forty-foot yacht is put upon the stage, and is a decidedly new scenic effect and is admirably carried out. The act being played wholly on the deck of the yacht. A closer approach to reality in putting large sailing ships on the stage, and effect and is admirably carried out. The act being played wholly on the deck of the yacht.

A closer approach to reality in putting large sailing ships on the stage, and effect and is admirably carried out. The act being played wholly on the deck of the yacht.

Bids were received from R. M. Miller, R. McGillivray and John D. Shear & Son for constructing artificial stone sidewalks along the new school building.

The Police Court. In the Police Court yesterday the case of Patsy Connors, charged with vagrancy, was continued until to-day.

Charles Newton and Frank Kocklin were each fined \$10 for being drunk.

A Ziegler, charged with petit larceny, had his case continued until to-day.

Charles Ostarius forfeited his deposit for being intoxicated, and John Lewis' case of disturbing the peace was taken under advisement until to-day.

Free Fight on Sunday. It is reported that there was a small-sized riot in the vicinity of the baseball grounds after last Saturday's game. A lot of roughs engaged in a dispute and a general fight took place. Knives were drawn, and several of the gang were cut. One of the participants in the riot was killed by a shot in the head. Those who took part in the affair are said to have been employees of a slaughter-house in that neighborhood and a lot of Portuguese.

The Denney Case. Hannah Denney yesterday filed in Judge Van Fleet's Court a petition for writ of mandate requiring Sheriff McMullen to execute the judgment in her favor against A. Denney for \$12,500 24, by selling the property of defendant.

The sale of \$100,000 worth of Los Angeles county bonds to the State was made yesterday. The bonds were turned over to the State and the claim, signed by the Board of Examiners in favor of the county, was presented to the Controller.
