DISTRICT CONVENTIONS IN SESSION.

Some of Them Postpone Their Nominations—But Others Put Up Strong Candidates.

The Republican State Convention was called to order at a quarter past 10 o'clock yesterday morning, and the Chair at once announced that the first business in order was the nomination of candidates for Associate Justice for the short term.

Senator Megowan of Humboldt presented the name of Hon. John J. De Haven, of that county. He said that in doing so he knew he was advocating that which would be to the best interests of the Republican party.

Mr. De Haven was the only Republican who had ever carried that district for Congress. He said that he would be glad to have the honor conferred upon him, and he would do his best to discharge the duties of the office with fidelity.

Mr. Colgan was called, with the following result: Colgan 258, Hanscom 211, Fuller 285. Necessary to a choice, 339. Neither candidate having received a majority of all the votes cast, the Chair directed the Secretary to proceed with the roll-call.

When the roll-call was completed, and when it was found that Mr. Colgan had a clear majority of the votes, Mr. Hanscom's name was withdrawn, and Mr. Colgan nominated by acclamation.

Mr. Megowan, of Humboldt, seconded the nomination of W. H. Hart, as also did C. M. S. Shortridge, of Santa Clara. Mr. Drummond, of Los Angeles, spoke in support of the nomination.

this on there was a confusion of changes, about half the delegation, changing more or less of their votes. In the midst of the hubbub, and while Acting Chairman Bruner was trying to preserve order, there were cries of new roll-call.

Mr. Raisch ascended the platform and withdrew in favor of Mr. Wolf. At this juncture the names of the Chairmen of delegations were on their chairs demanding recognition.

Campbell, the venerable statesman from Solano, grew excited and declaimed vociferously against new roll-calls.

The Chair said there had been so much confusion that the Secretary had not been able to keep a correct tally of the changes. Mr. Campbell declared that the roll must be called again.

SPECIAL DISPATCHES TO THE RECORD-URON.

CENTRAL AMERICA.

New York, August 14th.—Guatemalan Consul General Sverre furnishes the following account of the treaty between Guatemala, Costa Rica, Nicaragua and Honduras:

Article 1. The high contracting parties bind themselves to recognize the legal regime of Salvador, as soon as that regime be restored in conformity with the Constitution existing before the events which took place on the 23rd of this year.

Article 2. They also stipulate that the disarmament of the armies of Guatemala, Honduras and Salvador is to take place as soon as the de facto government of Guatemala has ceased to exist and a constitutional government is re-established, said arms to be deposited in a safe place.

Article 3. The separation of Costa from power in Salvador being indispensable for the restoration of constitutional order, the high contracting parties agree in demanding such separation, guaranteeing life and property and freedom of conscience to the inhabitants.

Article 4. If for the complete pacification of Salvador, and at the request of legitimate government which is to be constituted, it should be necessary that the contracting Republics should offer assistance, they will do so in a manner which is not stipulated in the present stipulations of the diplomatic body and in the interests of the Republics.

Article 5. The high contracting parties bind themselves to guarantee to each other the re-establishment of constitutional order, that simple and unconditional amnesty shall be decreed, and that the party in the revolutionary events in any manner.

Article 6. It is agreed that once peace is restored, the Governments herein represented will continue their offices relative to the continuance of the American Union in accordance with the provisions of the articles of the Convention of the 19th of October, 1859.

Article 7. The stipulations to be submitted to the signature of the plenipotentiaries of the Republics in their respective cities of Guatemala on the 19th of July, 1890.

An official telegram has been received from the Minister of Foreign Affairs of Honduras that the Government accepts in full the stipulations of the articles of the Convention of the 19th of October, 1859.

SMALL-POX IN THE ARMY. CITY OF MEXICO (via Galveston), August 14th.—Small-pox is causing many deaths in the Guatemalan army on the Salvadorian frontier.

It appears difficult to arrange peace between Guatemala and San Salvador, as Mizner, the American Minister with the rest of the Diplomatic Corps.

MORE SERIOUS THAN REPORTED. CHICAGO (Guatemala), July 30th.—The fight at Blue Rock proves to have been more serious than was first reported. It seems that some 2,000 Guatemalan troops came to the assistance of the Liberal force, Salvador troops and regular troops. General Ezeta drove them back, and scattered them along the frontiers.

The defeated troops returned to Jutiapán, as their ammunition was exhausted.

The pickets of the Guatemalan troops were retreating to the rear, and the Liberal force has not yet been declared a big fight is expected daily, as this is the only point where Ezeta and his army can enter Guatemala.

There are 5,000 troops here, 1,040 more at Contepuz, and 3,000 scattered along the frontier. The Liberal force here is under the command of General Cayetano, and Captain B. Emile, a French artillery engineer is second in command. The Liberal force has several pieces of artillery here, which were brought over 130 miles of mountain road by Captain Emile. He had to use 450 mules, besides oxen, to get the guns over one high pass.

The troops are in good condition, and are well armed. Work on the trench is being pushed rapidly.

FROM THE ORIENT. Widespread Disappointment in Japan Over Recent Elections.

SAN FRANCISCO, AUGUST 14th.—Advices from Japan, per City of Pekin, state that at Bonhara, in Celebes, a house boy ran amuck killing eight persons, mortally wounding four more before he was killed. The Japanese Gazette says that during the first half of the present year fourteen persons have been executed, with capital aggregating \$83,000.

As the result of the King of Siam's tour through the Malay provinces, five light-guards were built on the coast.

The disappointment felt at the result of the elections in Japan is widespread. Qualified men refused to compete with the young candidates, and the result is that a majority of the men elected are unknown to fame. This will tend to bring Parliament into disrepute, and will be used as an argument by those who are opposed to a constitutional government.

The cholera epidemic is rapidly gaining ground, 395 cases and 179 deaths having been reported in Nanking. Cholera is also reported at Yokohama and other Japanese cities.

Government action having been given to the Public Water Works scheme, operations will shortly be commenced.

A most disastrous fire occurred in Tokio recently, resulting in the loss of many lives. There are 5,333 persons requiring relief.

Popular indignation in Osaka has compelled a reduction in the price of rice in that city.

Over thirty steamers, states a native paper, are lying idle in Fushiki harbor unable to ship their cargoes of rice, owing to the resistance of the poor there and at Takaka.

CHINA. It is said that China is really anxious about the defense of her northern frontier, and is earnestly intent on the construction of railways in Manchuria. Messrs. Kinder and Cox are at present surveying the country. It is said that the line from Newchwang to Amoor will be constructed first, and that with a good staff of workmen it may be finished within the prescribed period of twenty working months.

There are loud lamentations that have been issued from Peking ordering all Viceroys and Governors to report the quantity of opium grown in their provinces, and to account strictly for the taxes levied thereon. The Imperial Government has discovered that the provincial authorities have been misrepresenting the extent of the cultivation of opium, and have been pocketing almost all the money obtained therefrom. The cultivation of native opium has increased greatly of recent years.

Notes of the Convention. The State Convention, which has just concluded its labors is acknowledged to have been one of the most independent and thoroughly representative political bodies that ever assembled in this State. The delegates were men of standing in all the various pursuits, and a notable feature of the Convention was the utter lack of anything like a slate.

In many instances members had no idea for whom they would vote until after the roll-call had begun.

The Convention was fortunate in having a first-class Chairman. The same result would have followed had Mr. Bruner been chosen for the place.

He was in the Chair most of the time yesterday afternoon, and impressed the vast assemblage with his ability as a presiding officer.

J. Steppacher, Secretary of the State Central Committee, is deserving of credit for the efficient manner in which he discharged the duties of his office.

The members of the press, especially, owe him a debt of gratitude for his efforts to make them comfortable and facilitate their labors.

Many of the delegates left the city yesterday, but there will be a general exodus to-day's outgoing trains.

E. P. Colgan, of Sonoma, was some years ago associated with E. C. Hart in the publication of the Willows Journal.

The Sacramento speakers in the Convention did not suffer in comparison with those of other counties.

Mormons in the Northwest. Ottawa (Ont.), August 14th.—Charles O. Card, son-in-law of Brigham Young, and leader of the Mormon colony in Alberta, N. W. T., has written to an Ottawa paper about the Mormons in the Northwest. He ignores the question of polygamy altogether, but pleads that his people are peaceable and industrious; that no obstacles should be thrown in the way of their efforts to develop the resources of the Canadian Northwest.

Chemical Trust Formed. PARIS, August 14th.—The Chemical Union, the aim of which is to monopolize trade in chemicals, has been definitely formed. The union has a capital of \$40,000,000, and proposes producing yearly 150,000 tons of bleaching powder, 180,000 tons of caustic soda and 300,000 tons of other alkalis.

Floods in India. CALCUTTA, August 14th.—A flood prevailed in the Ganges. The river has overflowed its banks, and the surrounding country is inundated to an extent never before known. There is great loss of life.

The milk bill of London exceeds \$50,000 daily.

THE THIRD RAILROAD DISTRICT. James C. Rea Renominated for Railroad Commissioner.

The Third District Railroad Convention met in the Assembly Chamber at 9 o'clock yesterday morning, to nominate a candidate for Railroad Commissioner.

Mr. Adams of San Luis Obispo was chosen Chairman, and E. J. Niles of Los Angeles Secretary.

Mr. Crittenden of Alameda placed in nomination James C. Rea, the present incumbent.

The nomination was seconded by H. Z. O'Connor of Los Angeles and W. S. Moore. Upon motion of Mr. Crittenden the nomination was made unanimous.

The Convention then adjourned.

SECOND EQUALIZATION DISTRICT. L. C. Morehouse, the Present Incumbent, Nominated.

The delegates of the Second Equalization District met in Convention yesterday for the purpose of nominating a candidate for member of the State Board of Equalization.

W. R. Davis of Alameda was elected Chairman of the Convention.

V. H. Metcalf of Alameda placed in nomination for member of the Board the present incumbent, L. C. Morehouse of that county.

Mr. Morehouse's candidacy was indorsed by several members of the Convention, who warmly commended his record as a public official.
