THE MONTANA STATE ELECTION.

Plans of English Syndicates—The Scheme of a Kidnaping Frustrated—Etc.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

ENGLISH SYNDICATE.

One of the Headquarters to be Established in San Francisco.

New York, September 11th.—Levy Mayer, the Chicago lawyer, who has been identified with the formation of a number of big English syndicates in this country, and who went to Europe last summer to invest in American property and enterprises, returned yesterday.

He said: "There are two companies which are being organized in London, the Anglo-American Investment Company and the City of London Contract Company. The Anglo-American will have its headquarters in London, with branches in New York, Chicago, St. Paul, Omaha and San Francisco. The capital is \$15,000,000, of which \$6,250,000 will be paid in London by today. The remainder will be paid in New York. There has been some talk of a company to be paid in by directors of the company in each of the American cities, \$250,000. The American directors of the enterprise are bankers, financiers and leading business men.

"The Anglo-American Investment Company has several schemes on foot, each of which is a big investment in itself. It has placed \$9,000,000 in railroads in Arizona and New Mexico, and will probably complete contracts in a few days for the purchase of three large sugar plantations in the Sandwich Islands now owned by a corporation in Hawaii.

"As attorney for the City of London Contract Company," continues Mayer, "which was organized to float American schemes, I happen to know that within the last few months very many American investment enterprises—big ones, too—have come to grief in London. It is not that it is too strong to say that out of 250 enterprises sent over to England to be floated not five have found backers with British gold. The contrary is believed in this country. I know, and it is well known that in every big city in America there are curbside workers who buy options on all sorts of schemes, and then rush over to London to place their bets.

HIS PLANS FRUSTRATED.

An Audacious Scheme for the Wholesale Kidnaping of Children.

KANSAS CITY, September 11th.—An audacious plan which contemplated the wholesale kidnaping of children for ransom was revealed to day when the Grand Jury found a true bill for that offense against Henry C. Wilson, who keeps a feed and livery stable at 2037 East Eighteenth street. The plan was to kidnap the children of wealthy parents, conduct them to some secret place in some distant State, and keep them there until their ransoms should be paid.

Wilson took for an accomplice the coachman of Mrs. J. Dunlap, a wealthy widow living on McGee street. Mrs. Dunlap's three-year-old boy had been the first victim, and then the four-year-old son of James A. Arnold, of 1019 East Fifteenth street, was to have been kidnaped. After these two had been ransomed others were to have been kidnaped. The plan was all laid out to kidnap the Dunlap boy, when the coachman weakened and confessed his part in the contemplated scheme to Mrs. Dunlap, who informed the police. When Wilson went to the vicinity of Mrs. Dunlap's residence last Saturday to carry out the first part of his plan, an officer placed him under arrest and to-day the Grand Jury indicted him.

EASTERN POLITICS.

Nominations Made by the South Carolina Democratic Convention.

COLUMBIA (S. C.), September 11th.—The following ticket was nominated by the Democratic convention early this morning: Governor, B. R. Tillman; Lieutenant-Governor, B. E. Gary; Secretary of State, Z. E. Tindal; Treasurer, W. Z. C. Bates; Attorney-General, Y. J. Ford; Auditor, W. T. C. Bates; announced for Superintendent of Education, W. D. Mayfield; Comptroller, General H. L. Farley. The platform particularly favors free, unlimited coinage of silver; repeal of the Internal Revenue system; denounces the McKinley tariff bill and the Lodge election bill; condemns the action of Speaker Reed; demands the abolition of National banks; the passage of laws to prevent dealing in futures, and place a tax on income.

WOMEN'S ELECTION.

CHEYENNE (Wyo.) September 11th.—The first State election in Wyoming came off to-day. The utmost enthusiasm was shown, but it is doubtful if the vote will be very large. The Australian ballot system was introduced for the first time, and with the registration system.

Until within a few days it was understood that the law contained a clause to the effect that, through absence or illness, anybody failed to register they would be permitted to swear in their votes on election day. Although a clause to this effect passed both houses of the last Legislature, and appears in both journals, for some unaccountable reason it fails to appear in the enrolled copy of the law or in the printed copy disseminated of a very large number of votes. In 1888 the total vote cast was 18,000, Carey (Rep.) for delegate in Congress, receiving a majority of 2,942. At this hour (10 P. M.) it is very difficult to tell much about the result. Some of the precincts are over 150 miles from the county seats, and comparatively little can be heard from them. The Republicans claim the State by 1,500, while the Democrats claim it by from 800 to 1,500. This is on the Governorship.

DENVER, September 11th.—A special from Cheyenne says: The returns from five precincts in Carbon county are received. These precincts give Baxter (Dem.) a majority of 9. In 1888 they gave Carey (Rep.) a majority of 8.

MONTANA REPUBLICANS.

HELENA, September 11th.—The Republican State Convention met at Butte to-day. The only business before the Convention was the nomination of a candidate for Congress and the naming of a State Committee. F. H. Carter, the present Representative in Congress, was unanimously nominated. The platform indorses President Harrison's administration; urges upon Congress the duty of passing the federal election bill; recommends the revision of the naturalization laws, and commends Speaker Reed's course.

BUTTE, Mont., September 11th.—The Montana Republican Convention to-day nominated Thos. H. Carter for Congress.

UNION LEAGUE CLUB.

CHANCEY M. DEPEW TELLS WHAT THE BRITISHERS THINK OF MCKINLEY. New York, September 11th.—The first full meeting of the Union League Club was held to-night, with Chancey M. Depew in the chair. General Sherman was on the platform.

Mr. Depew made a speech. He thanked the club for its cordial welcome upon his return from abroad, and said: "Of all the great Americans known on the other side, not even excepting General Grant, none are so well known as James G. Blaine and William M. McKinley. They seem to regard McKinley as the man who has been studying up economic subjects and inventing new schemes by which to close up the factories of Europe and starve the people into submission. They plead with questions as to McKinley, and tried to get an expression as to the nature of the man and what he is going to do with all the people abroad who have seen him."

"I replied that my notion of McKinley was that possibly he had an idea of inducing them to emigrate, and all their factories and workmen, to the great American country and thus help to give a greater consuming power to agricultural products. Inasmuch as the British are so much interested abroad taken a notion that they did not want to be on familiar terms with the American boy, the best they could do was to increase the consuming capacity of the American boy at home."

COLUMBIAN EXPOSITION. Growing Feeling Against the Use of a Double Site. CHICAGO, September 11th.—A strong sentiment prevails among a portion, at least, of the National Committee, that the double site is an unfortunate selection, and the matter will undoubtedly be held next Monday. So said Hon. Mark L. McDonald, of California, the World's Fair Commissioner at large, when shown by an Associated Press reporter a synopsis of the proceedings of the World's Fair Convention to-day at San Francisco.

Mr. McDonald added: "The action of the Convention emphasizes the feeling I found in talking before coming here with leading people on the Pacific coast. Since reaching Chicago, I have frequently expressed myself to that effect. The local talk here about the necessity for a division of the site, else a portion of the city might be sacrificed to the cause of municipal bonds in aid of the great enterprise, is simply absurd, and utterly unworthy of Chicago.

"The fair is worth not only millions to the city in investments that will be made here, and the money will be spent here in hundreds of ways by visiting multitudes. Of course, the fair should be held on the lake-front, where the cool breeze, marine displays and no end of other reasons, but it is no cause for cutting up the fair and putting a portion miles away from the remainder. There is any desire to locate it in Jackson Park, and right there is where the fair should be wholly placed."

THE DIRECTOR-GENERALSHIP. CHICAGO, September 11th.—The principal topic at the World's Fair headquarters to-day was the election of Director-General. General D. H. Hastings of Pennsylvania arrived this morning, and was understood to be working for the position. A. T. Goshorn, ex-Director-General of the Centennial, can hardly be called a candidate, but it is possible, if the honor were tendered him, that he might accept. Ex-Congressman George R. Davis of Chicago is also prominently mentioned.

AN EXCITED MARKET. The Condition of the Crops Almost Causes a Panic. NEW YORK, September 11th.—All the speculative markets to-day were excited and uneasy, and fluctuations more violent than for many years. In the grain market fluctuations were wild and prices went up with a rush. The brokers were all amped at the character of the Government crop report, it being the most unfavorable, taking all crops together, ever issued, and the shorts and different options rushed to corn without regard to price.

In the Stock Exchange the holders of stock were staggered at the estimates of the crop, and the idea prevailed that such a falling off in the yield will have a disastrous effect on the net earnings of the railroads. The crop report was soon lost sight of, however, in the alarm caused by several of the most conservative houses calling in their loans on stock collateral. The rate for call loans at once advanced to a premium of 4 per cent. In addition to legal interest, and the interest on the loans ranging from 1 to 6 1/2 per cent, and for a time the market was demoralized.

The heavy offers of Government bonds for the payment of interest then gave a fresh supply of money, and to some extent restored confidence, and in the better class of stocks most of the dealers recovered.

RAILROAD COLLISION.

Two Freight Trains Wrecked Through a Misplaced Switch. ALBANY (N. Y.), September 11th.—No trains have arrived here from New York since 7:30 to night, owing to a disastrous wreck at Schenectady, sixteen miles below the city, on the New York Central. The railroad officials here say an extra freight train collided with the regular freight train, owing to a misplaced switch, and a few cars left the track.

It has been learned from other sources, however, that the wreck is very disastrous, two engines, ten cars and a caboose being piled up so as to cover the passenger cars, and the freight train. Two men were killed, and three others injured.

LATER—Advice now at hand show that no one was killed. A brakeman had both his legs crushed and is not expected to live. No one else was hurt.

California Fruits. NEW YORK, September 11th.—The Journal of Commerce says the way California fruit is packed and handled this year will be a lesson to handlers of Eastern-grown fruits on the importance of attractive packing, and the possibility of sending perishable produce to a distant market in a splendid state of preservation.

E. L. Goodsell auctioned yesterday eight carloads of California fruit, for account of the Earl Fruit Company of Sacramento, at the following prices: Bartlett pears, \$3.30 to \$3.50; Bartlett pears, \$2.35 to \$2.50; Duchesse pears, \$2.35; Beurre Bosc pears, \$2.15; Howell pears, \$2.25; late clingstone peaches, \$1.20 to \$2.20; Muscat grapes, single crates, 85 cents to \$1; Tokay, \$1.25 to \$3.00; double crates, \$1.75; prunes, \$1.80 to \$2.25; silver prunes, \$1.85 to \$2.25; French prunes, \$1.90; egg plums, \$1.70 to \$1.90.

Greatfall Strikers. NEW YORK, September 11th.—A committee of five of the ex-employees of the New York Central Railroad, who went out on the strike, called on President Depew to-day to talk the matter over of the strike. Depew told them they had resigned in his absence; that their places had been filled by Webb; that his action had been approved by the Directors of the road, and that there was nothing more to be said or done in the matter. The strikers left rather crestfallen.

Three Dead Bodies Found. DECATUR (Ga.), September 11th.—Last evening Matt Wagner, Nick Steinmiz and Peter Mass left this city for the purpose of seeking work at Menomonee. This morning their dead bodies were found about four miles down the track. The supposition is that they were struck by a train that left last evening. They were under the influence of liquor when they started on their fatal journey.

The Presidential Party. CRESSON SPRINGS, September 11th.—Owing to the inclement weather to-day the Presidential party remained indoors. Tonight an excursion party which had come up from Philadelphia were so anxious to see the President that he and family evening dress was in progress. Mrs. Harrison and Mrs. McKee have practically recovered from their illness.

St. Louis (Mo.), September 11th.—Chion & Morgan, owners of the Kentucky stable of thoroughbred racers, have brought suit in the Circuit Court here against the Washburn Railroad for \$54,000 for death and damage to several of their horses by a collision of trains at Warrenton, Mo., last June, while they were en route from Kansas City to St. Louis.

The Grant Monument. NEW YORK, September 11th.—A special to the Press from Boston says: Democrats generally, and Mugwumps in particular, are in a flutter over the rumors that ex-President Cleveland has decided to abandon New York as a place of residence and seek a home in Massachusetts, where the Democratic party is with him solidly.

A Double Tragedy. CINCINNATI, September 11th.—During a quarrel to-night, Gen. Chase (colored) fatally stabbed his mistress, Ida Farrel (colored). He then plunged a knife into his breast, leaped from a third-story window, and was instantly killed.

Two Negroes Hanged. AMOY (Miss.), September 11th.—Steve Champ and George Bowler (colored) were to-day convicted of criminal assault. On the way to the jail a mob took them from the Sheriff and swung them from the limb of a tree.

World's Record Broken. PROBIA (Ill.), September 11th.—W. W. Windum, of the Berkeley Athletic Club, of New York, this afternoon rode a half-mile in 1:04, breaking the all-world's record for that distance. He made the quarter in 36 2/5.

Jealousy the Cause. NEW YORK, September 11th.—Carrie Long was shot and mortally wounded this evening by her supposed husband, one Rosenberg, who then shot and killed himself. Jealousy was the cause.

A Famous Racer Sold. BUFFALO, September 11th.—Charles F. Dunbar, who has been trying to buy the Johnstone (2:06 1/4) of E. C. Long of St. Paul for \$8,000, Johnston has the fastest mile record of any trotter or pacer in the world.
