

THAT DRAINAGE CANAL.

THE SUPERVISORS LISTEN TO SOME LEGAL OPINIONS. Money for the Work Can Only be Taken From the General Road Fund.

Another conference between the Supervisors and Trustees was held yesterday morning at the Hall of Records, on the subject of the mooted drainage canal.

The Supervisors were all on hand, but the Trustees were not. Attorney Grove L. Johnson explained the matter, and he had been requested by the Trustees to tell the Board that, inasmuch as the only business that was to be attended to was the hearing of legal opinions as to the Supervisors' powers in the premises, they did not see the necessity of their attendance.

Business was then proceeded with. District Attorney Bruner, to whom, in conjunction with Mr. Johnson, had been referred the matter, stated to the Board that Mr. Johnson had prepared a written report on the subject, which report contained the views of both.

HOW IT MAY BE DONE. Mr. Johnson then took the floor and read the report, which was as follows: To the Honorable the Board of Supervisors of the County of Sacramento, I have the honor to reply to your query as to the power of the Board to use money for the benefit of the people through which lands in the Sacramento drainage canal pass, we have to say: Section 260 of the Political Code provides as follows:

The Board of Supervisors may annually set apart from the property taxes and other moneys of the county, a sum not exceeding thirty per cent of the aggregate of the county taxes and moneys, to be known as the general road fund, and the county, from which such sum set apart they may direct such moneys to be used as may be found necessary for such general county road purposes in which the inhabitants of all the districts within the county are more or less interested, or to assist weak or impoverished districts in keeping their roads in repair, or to be applied as the said Board may order or direct; provided, that the Board shall have no power to create a debt on any road district in excess of the estimated amount of receipts from said district for the current year.

This authority, as will be seen, is very general. It authorizes the Board of Supervisors to pay from the general road fund any sum that may be found necessary for such general county road purposes, in which the inhabitants of all the districts in the county are more or less interested, or to assist weak or impoverished districts in keeping their roads in repair, or to be applied as the said Board may order or direct.

THE OTHER SIDE. When Mr. Johnson had concluded, Judge Solon Hill addressed the Board. He said that at the instance of a number of tax-payers he had examined into the matter, and had given particular attention to the powers of the Supervisors to appropriate the general revenues of the county for any special purpose. He explained, however, that he had not a very clear idea as to what the present position of the Supervisors was—what steps they had taken in the past, or what they intended to do. His impression was that the Board had proposed improving the drainage canal, but he inferred from the opinion read by Mr. Johnson that it was not the canal, but the roads that were under discussion.

Mr. Johnson, by way of enlightening Judge Hill, said it was his understanding that the Board was seeking to protect the county roads in the vicinity of the drainage canal. The drainage canal, in its condition, being under water part of the year. This water had no outlet, save through the canal, and in the event of a high water stage, the water would be in the vicinity of the canal, doing much damage to the roads. The question that the Board wanted settled, said Mr. Johnson, was how the Board could protect these roads. The work was necessary, and the road districts were not financially able to do it.

Supervisor Tabbets added that, inasmuch as the city of Sacramento would be benefited by the enlarging and dredging of the canal, the City Trustees had agreed to pay its proportion of the cost of dredging. Judge Hill thanked the gentlemen for the information, and asked the Supervisors if it was their bona fide intention to appropriate the money for this work only from the general road fund, if it was, he said, his argument would be on a different line from that which he had mapped out.

Mr. Tabbets replied that the Board had done nothing at all, as yet. It wanted all the light possible thrown on the subject before it took any action.

POWERS OF THE SUPERVISORS. Judge Hill then proceeded to give his views at length on the powers of the Supervisors. The question was, he said, what the Board could do with the general road fund—for what purposes it could be devoted. He was satisfied after reading the law that it was not within the power of the Board and the Supervisors to make any improvements for the protection of county roads, but he was not sure that they had the power to go ahead and do so. But this was not the question he had anticipated having to meet. He had supposed that the Board intended to appropriate from the general fund of the county to improve the drainage canal. He had not heard of any such appropriation, and Mr. Johnson asked the Judge if he was sure that money could not be taken from the general fund for that purpose.

Mr. Hill's reply was that it could not—not for road purposes, for the reason that a special fund was already provided by law for those purposes.

"Could not a drainage canal fund be established?" asked Mr. Johnson.

"No, sir," replied Mr. Hill. "In the first place the Supervisors have no power over that canal. It belongs to the city of Sacramento."

OF THE SKELETON ORDER.

THE DEMOCRATS PUT UP A PARTIAL COUNTY TICKET. W. C. Van Fleet and A. P. Cattin Indorsed for Superior Judges—Work for the Central Committee.

The Democratic County Convention met in this city yesterday, pursuant to call, to nominate candidates for county offices. The hour named for the 200 delegates to assemble was 12 o'clock noon, but it was half-past 1 o'clock before they were ready for business. The roll-call presented a somewhat novel appearance, from the number of proxies showing opposite the names of some of the delegates, J. M. Sullivan alone representing no less than eleven delegates beside himself, while others held all the way from one to a half-dozen.

Out of the 200 delegates on the roll, less than one-half that number showed up on the benches when the Convention opened. The Convention was called to order by R. O. Cravens, Chairman of the County Central Committee. He made a few remarks explaining the objects of the Convention and spoke enthusiastically of the prospects of the State ticket. He hoped the Convention would be as careful in the selection of candidates for county offices as was the State Convention, in naming the State candidates. All private considerations should be laid aside, and only fitness considered.

R. H. Singleton moved that a committee of five be appointed on order of business. Carried.

The Chairman named as such committee R. H. Singleton, Add. C. Hinson, T. W. Caples, W. H. Robinson and Dr. G. W. Caples.

On motion of J. W. Hughes a recess of ten minutes was taken to allow the committee to prepare its report.

ORDER OF BUSINESS. When the Convention was again called to order the committee submitted its report, as follows: First—Nomination of 23 Assembliesmen, one each from the Eighteenth, Nineteenth and Twentieth Districts by the delegates from the respective districts.

Second—Two Superior Judges. Third—Sheriff. Fourth—Assessor. Fifth—Clerk.

Sixth—Auditor and Recorder. Seventh—District Attorney. Eighth—Treasurer. Ninth—Superintendent of Schools. Tenth—Public Administrator. Eleventh—Coroner. Twelfth—Surrey.

Thirteenth—Supervisor from the First District. Fourteenth—Supervisor from the Fifth District. City Officers—Nomination of Police Judge, two City Justices of the Peace, one Township Justice and two City Constables.

Your committee recommends, that if there are any officers the nominees of whom no Democrats present themselves before this Convention, the matter of making such nominations be referred to the County Central Committee.

REPUBLICAN CANDIDATES INDORSED. Add. C. Hinson, on behalf of the County Central Committee, offered the following resolution, which was not incorporated into the report. He moved its adoption as an amendment to the report.

Your Committee on Order of Business submit the following resolution, which they recommend be adopted by this Convention: Whereas, it is one of the principles of the Democratic party that, so far as possible, the judiciary should be kept out of politics, and whereas, we recognize Hon. W. C. Van Fleet and Hon. A. P. Cattin as being worthy citizens, honest and in every respect capable and competent to discharge the respective duties of Judges of the Superior Court of this county, therefore,

Resolved, That we indorse these two gentlemen for said positions.

A bombshell dropped into the midst of a group of soldiers, who were gathered in the following resolution, which was not incorporated into the report. He moved its adoption as an amendment to the report.

THE WEATHER. Cool and Cloudy, With Frequent Indications of Rain. The Signal Service temperature at 5 A. M. yesterday was 58° and 78°, with light and variable winds and a partly cloudy sky. The highest and lowest temperature was 80° and 57°, against 89° and 50° on the same date last year.

"OVER-PARTICULAR."

The bulk of Boys' Clothing runs a scrub race. The goal is to make what will sell at the highest price and cost the least to produce.

In our business we learn of some curious things about boys' clothing, and the slipshod manner in which it is sometimes put together.

The fact is, few dealers anywhere pay as much attention to the quality of materials and the kind of work put in goods of this kind as we do.

Our standard of excellence is now so high that only the very best manufacturers—and they are not many—are able to supply goods which we will accept. Many makers have told us that we are over-particular. If we are, it is a virtue rather than a fault. It is this being "over-particular," where other merchants are "not particular," that has centered here such a great trade.
