

MUNICIPAL MATTERS.

CLAIMS ALLOWED FOR A CONTRACTOR'S WORK ON AN 'AVENUE.'

No Action Taken in Regard to Apportioning Additional Water Rates Collectors—Street Work.

At its session yesterday the City Board of Trustees granted permission to Mrs. M. C. Scott to raise her case at 1117 Fifth street, and place beneath it a brick foundation five feet high. It was decided that the fire limit ordinance would not be violated by such work.

IS AN 'AVENUE' A STREET?

A demand from A. L. Rosa for \$420 against the city, as one-fourth of the cost of improving the alley between Fifth and Sixth, J and K streets, was objected to by the Mayor, who said that, in his opinion, the 'avenue' was not a street.

The roll was called, and Trustees McLaughlin and Wolf voted to pay the bill, holding that the so-called avenue from Fifth to Eighth street, between J and K, should be classed as a street, as it was 20 feet wider than the ordinary alleys.

WORK ON STREETS AND ALLEYS.

The contract for paving the alley between Front and Second, J and K streets, was awarded to Silva & Rosa.

Resolutions were passed ordering Eleventh street, from L and N streets, from Twenty-ninth to Thirtieth, graded and graveled.

Trustee Wolf reported that the sidewalks in front of lot 8, in the block bounded by Fifteenth and Sixteenth, D and E streets, and also in front of lot 8, in the block on the west side, were in bad condition. The matter was referred to the Street Commissioner.

POOR SPRINKLING SERVICE.

The Mayor reported that the street sprinkling for the past week had not been done properly, and Trustee McLaughlin said he would look into the matter.

A FURNACE SUBJECT.

Trustee McLaughlin brought up the matter of appointing a new furnace for the Water Works, and asked for the Mayor's views.

The latter said that he would oppose any such additional help being given. The collections this year up to date were more than last year's receipts for the same time, and he thought the present force was doing very well.

Trustee Wolf said he believed additional help was necessary, and favored Mr. McLaughlin's resolution.

The Mayor favored the idea of appointing one extra man and imposing upon him and the present deputy the duties of inspecting as Water Inspector and Collector. No action was taken, however.

VISIT FROM AN OLD OFFICIAL.

Judge Demas Strong, the first President of the first Common Council of Sacramento, who, upon the death of Mayor Bigelow, became acting Mayor of the city, paid a visit to the Board during its session.

The members of the Board had a pleasant chat with Mr. Strong, who related several incidents that happened when he was an official of the city, and commented upon the growth of the town since his absence.

PREPARING FOR THE DEMONSTRATION.

Senator Stanford Will Be Given a Rousing Reception.

A large number of mechanics from the railroad shops and citizens gathered at the old Pavilion for the purpose of making preparations for the proposed popular demonstration in honor of Senator Stanford, Thursday evening.

Tom Scott called the assemblage to order and, after briefly stating the object of the meeting, announced that the first business in order would be the selection of a permanent Chairman and a Secretary.

Thomas Warnaby was the unanimous choice of the meeting, and Mr. Van Gilder was elected Secretary.

Mr. Warnaby, upon taking the chair, said he felt highly honored at being selected to preside over a meeting that had in view such a worthy object. He said everybody—Democrats, Republicans and alike—honored and esteemed Mr. Stanford, and it was understood that this demonstration would be a non-partisan one in the strictest sense of the word. He felt certain that there would be an immense turnout from the shops.

The Chairman then called for suggestions as to how to proceed with the arrangements, what sort of a parade should be had, etc.

Several plans were suggested, but the one that was greeted with universal favor was that of a parade in the afternoon, with a committee selected to be appointed from each department of the shops, and a committee of citizens to be appointed to meet with the committee of the shops, and to arrange for the parade.

A motion to the effect that this should be the plan of procedure was carried.

The Chairman then appointed a committee as follows: Machine shop No. 1, H. Bay; machine shop No. 2, L. H. Fratt; boiler shop, John B. Rogers and Charles James Plannagan; John Welch; car machine shop, John B. Rogers and Charles Frickard; car coach shop, John B. Rogers, rolling mill, P. Sullivan; foundry, James Douglas; wheel foundry, John Hillhouse; repair shop, Charles Lewis; and John Dixon; paint shop, W. B. O'Brien; copper shop, W. Paul; round house, George Wood; pipe shop, James Moore; spring shop, William Smith; tin shop, Peter Thompson; brass foundry, J. Handlin; jaws, Herbert Becker; car shop shipping, George E. Kuchler; freight car shop, John B. Rogers; James Mandeville; car at large, George Blue, J. Cunningham and J. B. Brissell.

Major Houghton, commander of the Markham Brigade, called to the meeting that it was the intention to give the shop men and citizens the right of the line. They would lead the Markham Brigade, with their own Marshal and aids, and a band would be furnished them. Immediately behind them would be the Markham Brigade, with their own Marshal and aids, and a band would be furnished them. Immediately behind them would be the Markham Brigade, with their own Marshal and aids, and a band would be furnished them.

This plan seemed to give general satisfaction. It was decided to place all of the arrangements in the hands of the committee appointed by the Chairman, with the understanding that the committee should act as Marshal of his respective department, and that the committee should elect a Grand Marshal.

After some further discussion the meeting adjourned.

Subsequently the committee appointed by the Chair held a meeting, at which Thomas Warnaby was Grand Marshal. The committee decided that the men should not carry torches, but instead a number of locomotive headlights, mounted on wagons, would be used.

PASTORS' UNION.

Clergymen Outline Their Plan of Campaign—Women and Saloons.

The pastors of the city met in regular session yesterday morning in the Y. M. C. A. Hall. Present, Rev. A. C. Herrick, President; Rev. A. C. Bane, Secretary, and Revs. Needham, Silcox, Willis, Beechgood, Tyndall, Hutchins, Hoskinson and Bovey.

Rev. W. S. Corwin, and Rev. C. J. Thompson were present as visitors. They adopted the following as the plan of conducting the meeting: First Monday, a personal consecration service; second Monday, study and discussion of social problems; third Monday, reports of church work and discussion of methods of work; fourth Monday, a review of some book, or paper upon some general question, followed by a general discussion.

Rev. G. P. Tyndall was elected Vice-President.

A resolution of sympathy was introduced in behalf of Mr. Tyndall, whose wife had recently died, and a committee consisting of Revs. Wm. Needham and Silcox were appointed to draft suitable resolutions to be spread on the minutes.

Next Monday the pastors will discuss the growing habit of women frequenting drinking saloons.

CAULLEN'S 'ARREST.'

John Caulen, a junk peddler, called at the District Attorney's office yesterday and told an interesting story of how he had been robbed on the road leading to Smith's

OVERWORKED PUPILS.

COMPLAINTS THAT TOO MUCH IS REQUIRED OF THEM.

The City Board of Education held its Regular Meeting and Discussed Various Matters.

The City Board of Education held its regular monthly session last evening, all the members being present.

Director Tufts, from the Committee on Supplies, reported the purchase of various articles for the use of the various schools.

Director Davis, from the Committee on Buildings and Repairs, reported the making of certain repairs.

The Superintendent called on the Committee on Salaries, presented a communication from Mrs. M. L. Bassett and Miss Sarah Jones, requesting that their salaries be raised \$5 each per month.

On motion of Director Sherburn, the communication was laid on the table.

Superintendent Hart reported that he had divided the low eight grade series into two groups, and had a new class, which he had placed in charge of Miss Crofton.

The Board decided to confirm the action of the Superintendent, and Miss Crofton was permanently elected to the position.

The Superintendent called on the Committee on the Board of the matter of the bad condition of the blackboards in several of the schools.

The one at the Twenty-fourth and N street school was ordered placed in good condition.

On motion of Director Hoyle, the matter of laying a walk in the yard at the Grammar School was left to the judgment of the Building and Repairs Committee.

Director Davis reported that hoodlum boys had been committing depredations on school property—smashing gates, fences, etc.

The Superintendent was instructed to call on the police and have the boys found trespassing in the school yards after school hours be arrested. The Board expressed a determination to press the matter, and have all boys arrested and punished who are caught defacing school property.

The Superintendent was directed to call the attention of each teacher in the department to the necessity of exercising economy in the use of school supplies.

At the request of a parent, the Board took up and discussed the subject of teaching the pupils to leave the school-room, to the injury of the children's health. It was expressed as the sentiment of the Board that teachers should not accept such requests from pupils except in cases in which they know, absolutely, that the pupil is not sincere in his demand—a rare occurrence.

Director Erelweine said there was much complaint because of the large amount of work required of pupils in the Grammar School, and all the members expressed themselves as decidedly opposed to such a thing. Too much work was imposed on pupils at times that should be devoted to rest, recreation and home pleasures—all of which rest the brain.

The subject was left to the Superintendent to inquire into and report to the Board.

The following bills were allowed: H. S. Crocker & Co., \$407.10; John Barry, \$9; L. J. Johnson, \$25; J. W. Day, \$10; John Laracy, \$80; S. W. Butler, \$35; A. Hart, \$36; Protestant Orphan Asylum, \$25; J. J. Johnson, \$25; J. W. Day, \$10; Terry, \$15; H. Coates, \$75; S. H. Davis, \$10; S. G. Holbrook, \$4.50; L. L. Leary & Co., \$33.50; M. S. Hamer, \$20; C. J. Noack, \$17.50; B. F. Co., \$30; 70; Capital Gas Company, \$16.15; labor (shopping fund), \$257.13; M. L. Hamer, \$5; W. S. Steinmeyer, \$7; J. James McKay (wood), \$240.

AMUSEMENTS.

Lively Developments Expected at the Goldsmith Examination.

Chief Frank Rider has returned from Oregon with the young man Goldsmith, whom an Oakland woman charged with having robbed her here some months ago of upward of \$450 worth of jewelry.

One of the diamond rings alleged to have been stolen by him was recovered in San Francisco, and another ring and watch were found in his possession.

Goldsmith declared that when he left the city it was not to escape the clutches of the law, but to the aid of his father, who was accused of the robbery of the watch and ring. He climbed through the transom of her room door and robbed her. She was to have arrived here last night to testify against Goldsmith.

BRIEF NOTES.

The pay-car switched off at Davisville on Sunday evening and did not come here, as was expected. It was probably in the railroad yard this morning, however.

The Chief Engineer of the Water Works reported to the Trustees yesterday that during the past week 31,750 gallons of water were pumped. The Holly pump was in operation 804 hours and the Stevens 873 hours.

Yesterday the ferrero Solano was hauled off her pier between Benicia and Port Costa for repairs. The ferryboat Transit was put on in her stead, but the change was not made until the arrival of the last night's train from San Francisco.

A Victorious Canine.

There was a great commotion at Seventh and J streets last night. An intoxicated individual strolled into Barrett & Burke's restaurant, accompanied by a bulldog belonging to McKay, the harness-maker, doing his reputation on being a vicious animal, and Mr. Berkeley told the man to leave the place with the dog. Upon the man's refusal Mr. Berkeley took hold of the dog and put him out. While this was going on the bulldog espied a little pet canine belonging to Mr. Berkeley and immediately sprang upon it, and, with a few snarls, beaten with clubs, drenched with water and handled roughly generally, but could not be made to get out of the place. Berkeley, however, was not to be thus humiliated, and, having a long and powerful jaw, he was not to be thus humiliated, and, having a long and powerful jaw, he was not to be thus humiliated.

Robert A. Fisher, Democratic candidate for the Assembly in the Eighteenth District, spoke at Fifth and J streets last evening. His evening speech will speak on Ninth street, between I and J.

BASEBALL TOPICS.

Borchers Will Probably Be Given Another Opportunity to Pitch.

Borchers it is thought, will not be released from the Sacramento club until he has been given another trial. He will not be allowed to pitch in a game, however, until he can control the ball, and he will never be able to do this unless he does not practice to pitch. Last week he did not practice work at all, and then went down to San Francisco and tried to throw the

THE CURIOUS CLAIM IS MADE THAT RE-

publicans must vote their ticket straight, no matter how bad the man nominated are, because a United States Senator is to be elected. This innovation is of no principle as to the county ticket, and it is bad in principle anyway.

Suppose that a well-known gambler openly and brazenly practicing his calling, had been nominated for a county office, must every Republican support him for fear of hurting the United States Senator?

Suppose a man who only escaped, presently by the dismissal of a grand jury, had been nominated against the known protest of the people for an important office, must he be sustained for fear the Senatorial chase will be impeded?

No! No! Bad nominations, unfit candidates, corrupt office-seekers, unprincipled tools of wicked bosses must be beaten. The trouble, if that may result will have been caused by the shameful nomination of the notorious and unprincipled man who has been nominated against public protest responsible for the defeat, and not the self-respecting voters who refused to be intimidated by corrupt men crammed down their throats.

COLONEL HENRY STARR.

CITIZEN'S candidates for City Justice, should receive the earnest support of all law-abiding honest government. In our day of political trickery and thievish we want for city officials men of stern integrity, sound business principles, and a high regard for the public interest.

Colonel Starr was born in Nova Scotia in 1819, and spent his early years in the mercantile business, and then spent some years in the practice of law. He was a member of the Legislature of Nova Scotia. At the age of 20 years he came to the United States, and in 1841 he held the office of County Judge in Illinois. In 1852 he resigned the Judgeship and came to California, locating in Sacramento, where he has resided continuously for thirty-eight years. He held the office of Justice of the Peace for two years in 1856, was elected to the Legislature in 1859 and was District Attorney of the county in 1872 and 1873, and in 1874 he was elected to the office of Sheriff of the county, where he has resided continuously, whether he be Democrat or Republican, and he has been successful in his political career. He is a man of high character, and his integrity was never questioned. He has ever enjoyed the respect and admiration of all who were in his acquaintance, and he has been a successful business man, and a successful politician, and a successful citizen, and he has been a successful man in every respect, and he has been a successful man in every respect, and he has been a successful man in every respect.
