Feb 20-WAS10 7th street, opp. Exchange Bank.

**BE WISE IN TIME!**  
DR. BROTHERS' Remedy for Cholera, or Cholera-Morbus, puts all competition at defiance, as being altogether the most effectual remedy to be found for the terrible disease, and where it is administered in time, according to the directions, it rarely fails to arrest the disease. In all cases a physician should be called as soon as possible; but, as frequently occurs, some persons are so situated before he can arrive, and the sad experience of 1832 is a warning to every family to have some efficacious and active remedy on hand, in case of the cholera, the best and most certain until his arrival. As the majority of cases are preceded by Diarrhoea, more or less violent, which, if properly checked, will prevent the cholera, the best and most certain until his arrival. As the majority of cases are preceded by Diarrhoea, more or less violent, which, if properly checked, will prevent the cholera, the best and most certain until his arrival.

**Splendid Lotteries**

**NEWS BY TELEGRAPH.**  
Further News by the America, &c.  
Boston April 17-23 p. m.  
One day's later accounts in private letters by the steamer America state that flour had advanced six pence, and had not declined, as before reported.  
At Paris, on Tuesday evening, the Senate voted for a donation of twelve millions of francs for the President unconditionally.  
Baring quotes American stocks as firm.  
A letter from Turin mentions the death of Marshal Radetzky. There is also a report on information, in a private letter, of the sudden death of Charles Kean, whilst playing on the stage at Hanover; but this is not credited.  
The Democrats have elected Americus V. Potter to the assembly by ninety votes over all others, in Providence, Rhode Island. He is the first Democrat ever elected in that city.  
It is officially stated in Boston to-day that the Suffolk Bank lost two hundred and fourteen thousand dollars by the late defalcation.  
Preparations are making for Kossuth's reception.

**THE WORLD NEVER BEFORE GIVEN TO ANY OTHER MEDICINE.**  
**Hampton's Vegetable Tincture!**  
THE GREAT DISCOVERY OF THE AGE!  
READ! READ! READ!  
Joy to the World!—Hope for the Afflicted!—More Testimony from Home!

BALTIMORE, Sept. 11, 1851.  
Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture for a length of time, and to state that it has produced muscular power, and great ability of the nervous system, accompanied with palpitation and fluttering of the heart. I had such success in curing my case, that I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, Esq., an old and highly respectable citizen of Baltimore, who called on Dr. Hampton, and after an interview of some minutes, I was fully satisfied of the medicinal virtues of the Tincture, and the evidence of its efficacy, which I had seen who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth immediately commenced. The time I took to get well, and I can truly say, as I have said, as active as I was twenty years ago. I have derived great benefit from the Tincture, in the digestive organs, which, when diseased, the whole system is in a state of suffering.  
I do assert it is no humbug, but, in reality, what it is represented to be by Dr. Hampton.  
WM. A. SCHAEFER,  
Corner of Lombard and Sharp streets.  
At present in Washington, D. C.

**Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture!**  
This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is extensively known, and whose name is well known to the public.  
"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula (his father was afflicted with it), which was the cause of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrid and disgusting ulcers, which were the cause of his blindness. He was, in fact, a true child, that I felt resigned to see die as a result from suffering, has been restored to health under the treatment of Hampton's Tincture."  
"W. P. THOMASSON."  
"LOUISVILLE, March 20, 1851."

REV. VERNON SKERDOD, U. S. N.  
Greater weight of Testimony cannot be given.  
Mr. J. B. Boush—Dear Sir, I have the honor to acknowledge the receipt of your kind letter, and to state that I have had great confidence in the virtues of Hampton's Vegetable Tincture. For several months I have been afflicted with the Scrofula, and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I have no hesitation in recommending it to the afflicted as a safe and efficient remedy.  
I am, respectfully, yours,  
VERNON SKERDOD,  
Chaplain United States Navy.

**DR. VALENTINE MOTT,**  
The celebrated Professor of Surgery in the Medical College, New York, &c., &c., &c.  
"It gives me pleasure to certify the value and efficacy of Ayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."  
"Cures of severe diseases upon the Lungs have been effected by CHERRY PECTORAL in such extreme cases as warranted the belief that a remedy has at length been found that would cure the disease, and that it was a true and reliable remedy, which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it."  
Prepared by J. C. AYER, Chemist, Lowell, Mass.  
Sold by Dr. M. H. PARKER, in possession of the PATENT, in Washington, and by all druggists everywhere.

**FARM NEAR WASHINGTON FOR SALE.**  
The subscriber offers for sale his Farm, situated about five miles from Washington, D. C., in Prince George's county, Md. It contains 17 1/2 acres, more than 30 of which is a fine alluvial meadow, producing a ton and a half of hay to the acre, and is well adapted for improved cultivation would produce at least two tons. Hay sells in the Washington market at from \$14 to \$20 per ton. About four acres of the place is a marsh, covered with several feet in thickness of blue clay, the result of decayed vegetation, which, if properly removed, is a source from which the upland may be enriched at a reasonable cost. About 60 acres of the farm is woodland—growth principally oak and chestnut. The land, except the meadow, is undulating, and affords many beautiful sites for building. There are many springs of excellent water on the place, and it is noted for its healthfulness. The soil of the greater part of the upland is a sandy loam, underlaid by clay—in some places, clay predominate. About 75 acres could be divided into small gardening farms, giving nearly an acre of wood to every acre of land. There is an orchard of 150 peach trees and 60 apple trees on the place, and bearing; also, about two hundred apple trees, ready for grafting. It is well fenced. The buildings are—a log house of four rooms, with a frame addition of three rooms, a mud-house, a corn-house, a stable, a kitchen separate from the dwelling, a corn-house, a stable, carriage-house, &c. There is a stream of water running through the place, with sufficient water and fall for a small mill. Price, \$40 per acre. Terms—one-third cash; a long credit for the residue, if desired; or, it would be exchanged for real estate in the city of Washington.  
At Buel & Blanchard's Printing Office, March 4.  
CITY EXPRESS.  
The subscriber takes this method of informing the public that he will commence from this day to run his Express to Georgetown, in the best manner—consisting of packages in every part of Georgetown at moderate charges. Orders left at Clagett & Dodson's, Washington, and Messrs. English's and Littlejohn's, Georgetown, will receive the strict attention.  
mar 23-4 JAMES ARTHUR O'CONNOR.

**Effects of the America's News.**  
NEW ORLEANS, April 16.  
The America's news is less unfavorable than expected, and has given cotton an impulse. Sales up to noon of 7,000 bales at full rates. Sterling Exchange, 8 1/2 @ 8 3/4.

**Ohio for Scott.**  
CINCINNATI, April 16.  
The district conventions in this State, as far as heard from, have elected Scott delegates to the Whig National Convention.

**The Markets.**  
NEW YORK, April 16.  
Sales to-day of 2,000 bales of cotton at 8 1/2c for middling Uplands, and 8 1/4c for Orleans. Better grades have advanced 1/4c. Sales of 10,500 bales flour at \$4.12 1/2 @ \$4.25 for State, and \$4.25 for Southern. Sales of 18,000 bushels mixed corn at 65 1/2 @ 67c, and 2,500 bushels rye at 75c.

**Georgetown.**  
GEORGETOWN, April 17-12 m.  
Our canal is now navigable over the entire length of the line, and trade upon it continues brisk. Since our last report forty boats, with about 9,000 barrels of flour and 2,000 tons of coal, besides large quantities of grain, wood, &c., have arrived, and thirty have departed. Hopes are beginning to be entertained that our Corporation will raise the canal bridges in our town. It has been ascertained that it can be done at a cost not exceeding \$10,000. We feel confident that our Corporation will not act so suicidal as to suffer a large amount of trade to be lost to our merchants when they can prevent it by so small an outlay, with the assurance, too, that the money will be refunded. We moreover have it from a reliable source that some of the leading coal dealers in New York have their eye upon a spot in this place, and are only waiting for the bridges to be raised to open upon it immediately an extensive coal depot.

**Still another Witness for "Hampton's Vegetable Tincture!"**  
This certificate is from one of our largest and most experienced farmers—the owner of those splendid oxen exhibited in the late Agricultural Fair, and who, after ploughing, with the same team, took the premium. We mention this, as before Mr. H. took the Tincture, his condition was such as to despair of ever visiting the Fair, and he was taking such a course of medicine as to exhaust the strength of those who had seen his state a short time before.  
BALTIMORE, Feb. 9, 1852.  
Messrs. Mortimer & Mowbray—Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, with no success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I then tried Hampton's Vegetable Tincture, which gave me intense pain.  
When in this condition, Mr. Scott, Conductor on the Susquehanna, recommended me to try Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort, and, to my surprise, my sufferings were relieved, and I was enabled to walk, and to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do therefore cheerfully bear testimony in favor of this Tincture, and I wish you to send me a dozen bottles, which I may always have at hand. Yours, respectfully,  
MONCKTON MILLS, Baltimore county.

**THE ORIGINAL INKS** manufactured for more than 20 years by Mr. B. H. RAND, of Philadelphia, and now made by M. T. **Stronger—Still Stronger!**  
Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great and curative powers of Hampton's Vegetable Tincture than give below? The writer is one of our most highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time afflicted with the Scrofula, and his appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also one of the oldest and most respectable of our citizens, and is well known to most of the oldest inhabitants of this city.  
BALTIMORE, Feb. 9, 1852.  
Messrs. Mortimer & Mowbray—Gentlemen: It is with real pleasure that I am able to attest to the general health and curative powers of Dr. Hampton's Vegetable Tincture. Some years ago I was afflicted with the Scrofula, and my appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also one of the oldest and most respectable of our citizens, and is well known to most of the oldest inhabitants of this city.
