THE DAILY REGISTER,  
PUBLISHED DAILY BY  
MORAN & SUGGLES, PHILADELPHIA.

It is calculated extensively among the Merchants of that city, and travelers, that it is all the Hotels, Steamboats, and Railroad conveyances diverging from Philadelphia. It contains a correct list of the names of those persons arriving at the principal hotels daily, and consequently is the best means the Proprietors of Hotels in other cities can have for extending their business among the traveling public.

The New York and Liverpool United States Mail Steamers.

The ships comprising this line are—  
ATLANTIC, Capt. West.  
ADRIATIC, Capt. Griffin.

These ships, having been built expressly for Government service, every care has been taken in their construction, as also in their engines, to insure strength and speed, and their accommodations for passengers are unequalled for elegance and comfort.

Price of passage from New York to Liverpool, \$120; exclusive of extra state rates, \$225; from Liverpool to New York, \$120.

An experienced Surgeon will be attached to each ship. No berth can be secured until paid for.

The owners of these ships will not be accountable for gold, silver, jewelry, or valuables of any kind, unless insured by the company.

PARKVILLE HYDROPATHIC INSTITUTE.

A meeting of the Board of Managers of the Parkville Hydrothropic Institute, held fifth month 15th, 1850, Joseph A. Waring, President, presiding.

Resident Physician in the place of Dr. Dexter, resigned.

Having made various improvements, this institute is now prepared to receive an additional number of patients; and from Dr. Waring's skill and practical experience in Europe, (acquired under Vincent Prussnitz, the founder of the Hydrothropic system,) and for several years past in this country, he is qualified to attend to the Philadelphia, (where he has had 200 patients,) the Managers believe the afflicted will find him an able and an attentive physician.

The domestic department under the charge of a Steward and Matron, will enable the Doctor to devote to the patients whatever time may be necessary.

Application for admission to SAMUEL WEBB, Secretary.  
Office No. 58 South Fourth street, residence No. 10 Logan square, Philadelphia.

General Description of the Parkville Hydrothropic Institute.

The main building is three stories high, standing back from the street about one hundred feet, with a semicircular grass plot in front, and contains thirty to forty rooms.

The grounds around the house are tastefully laid out with walks and plantations, and are enclosed by a high fence.

The entrance to these grounds is a costly looking four rooms, used by male patients as a bathing house, with every convenience for the purpose.

On the right of the entrance, about two hundred feet distant, stands a similar cottage, used by the ladies for similar purposes.

In rear of the Institute, at the distance of one hundred feet, are three other cottages, some eighty feet apart. One of these is the laundry, with a hydrant at the door; the other two are used by the servants.

The hydrant water is introduced into all these cottages as well as into the main building, and all the waste water carried off by drains under ground.

Consist of a circular stone building, standing on the brow of a hill, surrounded by a large cedar grove containing five hundred barrels, brought from a never-failing spring of pure cold water in the side of the hill, by a hydraulic ram, a self-acting machine of cast iron, that is kept constantly going, night and day, by the descent of the water from the spring. The surplus water is carried from the reservoir to a fountain in the water-work yard, surrounded by weeping willows. In the first story of the water-works is a circular room, containing the douche bath, which is a stream falling from a height of about thirty feet, and can be varied from six to half an inch to one inch and a half in diameter. Adjoining the douche room is a dressing room, with marble tables, &c.; the rising douche (for the cure of rheumatism) is one of the most perfect contrivances of the kind, being entirely under the control of the patient using the same.

There are many other apparatus, which can be better understood by a personal examination. mar 24—17

To Persons out of Employment.

NEW PICTORIAL WORKS.

Just published by R. SEARS, and for sale at No. 128 Nassau street, New York.

AMERICAN GIFT BOOKS FOR 1851.—Agents are wanted to circulate the following new and beautiful works, published by R. SEARS, a new and complete PICTORIAL HISTORY OF CHINA AND INDIA;

with a descriptive account of those countries and their inhabitants, from the earliest period of authentic history to the present time. In which the editor has treated not only of the political, but also of the manners, customs, religion, literature, and domestic habits of the people of those immense empires.

The Chinese and Indian are now numbered, and of the first order, illustrating whatever is peculiar to the inhabitants, regarding their dress, domestic occupations, their mode of agriculture, commercial pursuits, arts, &c. They are accurate, and each one has been made expressly for this purpose.

The volume forms a large octavo, containing between five and six hundred pages, printed in the best style, and on good substantial white paper. It is furnished to agents, handsomely bound in muslin, gilt, or leather, as the purchaser may prefer, at a very liberal discount, when quantities of not less than twenty copies are ordered at one time.

THRILLING INCIDENTS OF THE WARS OF THE UNITED STATES;

comprising the most striking and remarkable events of the Revolution, the French war, the Tripolitan war, the Indian war, the second war with Great Britain, and the Mexican war; with three hundred engravings! Retail price, 50 cents per volume. Orders respectfully solicited.

SEARS' PICTORIAL FAMILY PUBLICATIONS

are decidedly the best books that agents can possibly employ their time in supplying to the people of the United States. They are valuable for the information which they possess by every family in this great republic. There is not a city or town in these United States, not even those of the smallest importance, but contains many citizens who these works are indispensable. They are adapted to the literary wants of the Christian, the patriot, the statesman, and the domestic circle, got up in a superior style of art and workmanship, and are not only such books as will sell, but are such as an agent of good principle will feel free to recommend, and willing to see the purchaser again and again have been bought.

OUR PLAN.—The plan the publisher has so successfully carried out for several years, is the obtaining responsible men as agents, who are well known in their own counties, towns, and villages, and have energy and disposition to circulate good and instructive books among their neighbors and friends. Any person wishing to embark in the enterprise, will be supplied with a copy of the works, and will receive an assortment as he may direct, at the whole sale cash price.

Enterprising and active men of respectability and good address, who will to engage in the sale of the above volumes; and all postmasters, clerks, book peddlars, and newspaper agents, are respectfully requested to act as agents. A handsome remuneration allowed to those who engage in their sale. For particular address, post paid, ROBERT SEARS, 128 Nassau street, N. Y.

To publishers of newspapers throughout the United States: Newspapers copying, the advertisement entire, without any insertion or alteration, (including this notice,) and giving it a few additional insertions, shall receive a copy of any of our 25 or 30 books, subject to their order, by sending the name of the publisher. mar 24—17

The Baltimore and Philadelphia Steamboat

(ERISSON LINE)

Have resumed their operations for the year with increased means of accommodation, and in a more regular and expeditious manner, and at their former reduced rates, being, on dry goods, hardware, &c., only 10 cents per 100 pounds, and at half the price charged by other lines.

The above first-class steamers are built of the best materials, and commanded by experienced navigators.

Due regard has been paid to select models for speed, with comfort for passengers.

Persons wishing to purchase passage for their friends can obtain certificates which will be good for eight months.

Those who wish to remit money can be accommodated with drafts for 21 sterling and upwards, at sight, without discount.

Goods for the continent will be forwarded free of expense of commission, if addressed to James McHenry, No. 15, Temple Place, Liverpool.

IRISH EMIGRANT SOCIETY.

Office, No. 1, Reade Street, New York.

IN consequence of the great number of complaints of frauds  
committed upon them in the sending of money to their  
relatives in Ireland, and to aid and protect the Emigrant,  
the Irish Emigrant Society established a fund, which is  
in the Bank of Ireland, upon which they draw drafts,  
payable at sight, at any of the branches of the Bank.

Persons residing out of the city, by enclosing in a letter  
the sum they wish to send, and a written order, addressed  
to whom and where it is to be paid, will have the same  
remitted.

There is a great advantage in purchasing the Society's  
drafts, as the Bank has a branch in each of the principal  
towns in Ireland, and thus the losses by discount, and  
otherwise, are avoided.

The Society keeps an office at No. 22 Spruce street,  
to which Emigrants can apply to obtain instructions for which  
they are fitted.

Orders from employers in the country, stating the  
service required, the wages, and the cheapest mode of  
conveyance, and giving a respectable reference, will meet with  
prompt attention.

The Society will be thankful for all circumstantial  
and early information of any fraud, imposition, or outrage  
committed on Emigrants, and will endeavor speedily to  
apply a remedy.

J. H. HAVENS, W. MYER, & Co.,  
Inventors and Manufacturers of the Ethiopian and Fire  
proof Paint, Wilmington, Clinton Co., Ohio.

W. MYERS, No. 319 Main street, near 8th, Cincinnati,  
Ohio, to whom orders should be addressed.

The superiority of this paint over all other, for carriage,  
house, and ship painting, will be seen in its rapid sale.  
It is not over four months since this paint has been introduced  
into the market, and our agent has been able to order  
one hundred tons. The paint is ground in oil, and put  
up ready for use, from the finest black and any shade  
of color.

Also, inventors and manufacturers of Turner's Blacking.  
This article is so universally appreciated by all who  
use it, that it scarcely needs commendation. It  
will give to the feet, and to the hands, a soft, white  
we would say that Z. C. Lyon, foreman to A. M. Taylor & Co.,  
Cincinnati, Ohio, has authorized us to use his  
name as a recommendation to farmers in general. To all  
who know Mr. Z. C. Lyon this would be sufficient; but all  
traders in the city and country, who have used it, have  
given it this privilege. If it were necessary we could  
fill a newspaper with testimonials, but where all who use  
are pleased we deem it needless for.

The Turners' Blacking is put up in kegs containing six  
gallons, ready for use, and is sent by rail, or by  
canal, railroad, or river, at fifty cents per gallon.  
All orders should be addressed, post paid,  
to HAVENS & MYER, 221  
Wilmington, Clinton Co., Ohio; or  
J. H. HAVENS, Cincinnati.

Also, inventors and manufacturers of a Water-proof  
Blacking for the feet, which will reduce the cost 50 per  
cent., and will soon be in market. mar 24—17

AMERICAN TELEGRAPH

For the American Telegraph.

TO A YOUNG POETESS.

BY T. C. DONOHUE.

Through many summers I walked the way,  
Which opens now so beautiful to thee;  
And still my onward heart is proud and gay,  
And still I slight not visions whisp'ring me,  
That even to the last such joy shall be;  
For poetry is all a path of flowers,  
Brighter and brighter, to the angel bowers!

And thou, fair maiden
