AMERICAN TELEGRAPH

WASHINGTON:

SATURDAY AFTERNOON, JUNE 21.

San Francisco 4 1/2. St. Louis 4 1/2. New York 4 1/2.

Pardon us, good, kind, gentle reader! This is the first apology we have ever had to make to you. We are to-day "put into circumscrispion and confinement." The cause you perceive and will not regret; we know you will not. There is between you and us already a bond of good feeling. We feel sure of this; it is palpable to us. We have a kind of certain consciousness that you would excuse even a little culpable negligence in us; that you will put up with our abridgment for a single day, when you perceive the cause is the bringing, right to our mill, we are morally certain. On any like occasion hereafter we shall issue a double sheet; but just now we are not quite ready for this. A complaint has been paid our unassuming journal; but that complaint has been intended for you. Political or partisan journals usually monopolize these favors, and often have no other substance; but you, the people of Washington, have adopted us, and one who loves you well has chosen to indicate his respect for you by this kind approval of your choice. Receive our apology, and expect us to make amends hereafter for the present curtailment of our fair proportions.

ST. JOSEPH'S FEMALE ACADEMY, 9th and F streets.—An attempt was made to rob this establishment at about ten o'clock last night; but the robber, finding from the movements in the house that his presence had been discovered, fled in haste, leaving his shoes upon the brick pavement of the yard, where he had no doubt left them on entering the premises. Captain Goddard was soon in pursuit, and it is hoped will succeed in making him captive. His shoes were warm from his feet when found; they are a good pair, and, like Cinderella's glass slipper, may identify him. We feel particularly anxious that the miscreant should be caught, because of his baseness in attacking the dwelling of a few timid and defenceless ladies. In the penitentiary, even, his fellow-prisoners will regard him with disdain and contempt for this mean and cowardly act.

THE PRESIDENT OF THE UNITED STATES left the seat of government this morning in the steamer Osceola for Piney Point, Fort Monroe, Norfolk, Portsmouth, Jamestown, &c. We understand that it was his intention to depart next Monday; but finding that the only steamer which plies between Washington and Norfolk would not, after to-day, leave again before Wednesday, he has anticipated that time. It is thought he will be absent only six or seven days. THE SECRETARY OF THE INTERIOR, with his lady, the lady of the Postmaster General, Mrs. Hall, and the Hungarian and Polish heroines, Miss Apolonia Jagello, accompany him. The lady and daughter of the President are now in Buffalo, but are expected to meet the President next week, on his return to this city.

CRIMINAL COURT.—Mary Lee, the colored woman of whom we yesterday spoke as being on her trial for petty larceny, was finally found guilty, and recommended to the mercy of the court, by whom she was forthwith sentenced to six hours' imprisonment, and one dollar fine. After a laborious trial and able arguments by counsel of both sides, (Fendall and Ratcliffe,) her case was given to the court at 11 o'clock yesterday, and the verdict was not rendered until 12 o'clock to-day.

The larceny charged was of the following articles: Silver money, \$4 50; copper ditto, 7 cents; a purse, worth 6 cents—total, \$4 63.

Adams, a free negro, was yesterday convicted of stealing Wm. Solters' brook, worth \$5. John Meyer, alias Jacob Major, previously convicted of a land-warrant forgery, was yesterday put on his trial for another offence of like character, and this morning found not guilty.

Yesterday, James W. Hamilton was found guilty of participating in a riot, as charged; defended by Ratcliffe.

John Rollins and Robert Slackford were pronounced not guilty of a like offence; Morgan for the defence.

Wm. Baker, Wm. Hines, and John Johnson, accused of the same offence, have been tried, but the jury had not returned with a verdict when our reporter left the court-room at one p. m. Morgan for the defence.

Richard H. Adamson was about to be arraigned. Ratcliffe and Morgan are his counsel.

LOUDOUN COUNTY, VA.—We gather the following items from the Leesburg Chronicle of yesterday: In the town of Leesburg there are two hundred and eighty houses and lots, the annual rental of which is \$18,245; this is an increase of \$1,000 over the assessment of last year. There are four hundred and twenty-three tithables the present year. The tax on rents is 3 1/2 per cent., and that on each tithable is sixty cents. This is a reduction of 1 1/2 per cent. on rents, and fifteen cents on each tithable from the tax of last year. The finances of the corporation are in good condition.

A new Division of the Sons of Temperance has been opened at Bloomfield. A new bridge, at a cost of \$2,000, is to span Goose Creek at "Davis's mills." The county goes \$800.

The tax to raise the county and parish levy this year is \$1.68 per tithable. Last year it was \$2.22.

The waving grain is now becoming golden in the sun, and will soon begin to fall before the ringing cradle. In some places, in Loudoun, the farmers have commenced harvesting the Mediterranean wheat. The yield will be abundant, and the quality of the grain excellent, if no untoward accident should happen to blight the present prospect. We have been shown a fine specimen of the blue-stem wheat, raised on the farm of Col. John M. Minor, by the distilling process. The heads are large and well filled. Quite a number of hands have arrived from Fairfax and the adjacent region to assist our farmers in their labors.

HAPPY FELLOW.—A lady has sent the Philadelphia Sun man a bouquet, whereas he is in raptures. Unusual with him. Transports of that kind are daily occurrences with us. Col. Wallace has to brag of his beauty and attractions; the world seeks us out in our modest retirement, and the smiles of the fair are voluntary tributes. There is the difference!

There is to be a splendid FAIR at Apollo Hall, commencing on Tuesday next. It will be a place of attraction—we shall be there ourselves.

THE ENLARGEMENT OF THE CAPITOL.—The public are aware that the memorial to the President, published by us a few days since, requesting that the additions to the Capitol may not be made by means of the contract system, but by workmen employed directly by the Government, has been signed by a vast number of our fellow-citizens in all pursuits. The President was yesterday waited upon by Col. W. W. SEAZOR and JOHN T. TOWNS, esq., who presented this memorial, and explained clearly and fully the objects set forth in it.

THE PRESIDENT replied, expressing his earnest desire to have the workmanship executed in the most thorough and substantial manner possible. He said that he had already requested the architect, Mr. WALTER, to prepare a written report of the manner in which the whole of the business should be managed, and at once endorsed and forwarded to that gentleman for his consideration the memorial of the citizens of Washington.

We take pleasure in stating that, from intimations worthy serious consideration, we are convinced that the suggestions of this memorial are in consonance with the views of both the President and the architect; and we congratulate the workmen and the public upon the restoration of a plan so just and wise as this has ever proved.

ADDITION TO THE CAPITOL.—THE LAYING OF THE CORNER-STONE.—The following authoritative announcement appears in the National Intelligencer of this morning: "We understand that the corner-stone of the addition to the Capitol, authorized by the late act of Congress, will be laid by the PRESIDENT OF THE UNITED STATES on the 4th of July next, in the presence of such officers of the Government as may then be in the city, and of all citizens who may see fit to assemble to witness the ceremony; and that an Address on that occasion will be delivered by the SECRETARY OF STATE."

SALE OF CITY PROPERTY.—Lot No. 6, square 250, on H street north, between 13th and 14th, 44 feet and a fraction front, and 144 deep, was purchased yesterday by Mr. James Daley, at 1 1/2 cents a foot. Lots 23 and 24, square 448, on Seventeenth street west, between N and M, each 24 front by 105 deep, were purchased by Wm. Marshall at 1 1/2 cents a foot. Dyer & McGuire were the auctioneers.

NAVY YARD.—There was a large sale of old and damaged fire-arms belonging to the Government at the marine barracks, at 12 o'clock yesterday. The prices, considering the average quality of the articles, were low. 1,000 muskets averaged 45 cents each; cartridge boxes, \$2.25 per hundred; bayonets, 85 cents; stocks, \$2.75 per hundred; tents, \$1.50 each; brass per 100 pounds, \$11.75; swords, 45 cents each. The gardens were crowded with citizens of Washington and northern men. Speculators were intent on getting bargains. J. C. Green, for A. Green, auctioneer.

A WARM FRIEND.—A good-looking little man, with rosy cheeks and a radiation of cunning wrinkles about his eyes, stopped us this morning, and, seizing our hands in his, remarked: "I don't know whether you are Connolly, Wimer or McGill; but this I do know, you have a jolly newspaper, and I'm going to insist on it that it shall be taken and read in my little hundred by everybody and his wife! So there now!" And the little gentleman gathered up his market-basket and butter-kettle again, and away he toddled, while we smiled our thanks, but pondered seriously on the warmth of his generous feelings and the strength of his grip!

MUSIC AT THE PRESIDENT'S GARDENS.—This is the afternoon, and the scene is inviting. We think these promenade occasions are the most delightful we ever experience in this city. Let all go who can enjoy the music and the scene, and observe the strictest decorum and propriety.

CONGRESSIONAL NOMINATION AT NEW ORLEANS.—The Republic of this morning says: "We observe allusions in many of our exchange papers, North and South, to the fact that a nomination of Whigs has tendered a congressional nomination in the New Orleans district of Louisiana to our late associate, Mr. Alexander C. Bullitt."

FUNNY.—The Providence (R. I.) Mirror informs us that the State treasury is cumbered with about \$5,000 more than can be accounted for by the books. All the late treasurer can say is, that it is there, but he does not know where it belongs. The auditing committee have entirely failed to discover any record of the surplus funds. How easy it would be to make them column balance, and without any help from auditing committees. The Yankees are becoming verdant. Take a treasurer from "Yerk State," or along there, and you will have no more trouble of that sort!

THE GRAND JURY yesterday found a presentment of "wilful murder" against John Day for shooting his wife on the 12th ult. His trial, we understand, will take place early in July.

A FACT AS PALPABLE AS AN EGYPTIAN PYRAMID.—Sagacious, enterprising business men are two well aware of all the aids to be employed for their success, to neglect the chief, which is advertising. And no purchasers are so blind as not to see that those men who are most enterprising are continually and systematically advertising, and are the best men to deal with.

NEWSPAPER REGISTER.—The first number of a quarterly publication under this title, by Mr. C. Pierce, a general advertising newspaper agent of Philadelphia, is received, and contains the names of all the papers published in the United States, with their location. It will be found valuable to business men.

NEW COUNTERFEITS AT CUMBERLAND, MD.—The Civilian says that a new counterfeit has within the past week made its appearance. It is on the Cumberland Savings' Bank, denomination five dollars, letter A, dated October 1st, 1850, and no other date that we have heard of. The signatures of the president, J. R. Annan, and cashier, R. Bruce, are tolerably well executed, but can only deceive the unwary. The paper is of inferior quality, and the engraving is of that muddy character that generally distinguishes counterfeiters. The note is nearly an eighth of an inch longer, and somewhat wider than the genuine. We do not know whether it will hold good in all cases, but in those where we have seen there is this difference between the genuine and the counterfeit. In the genuine there is a jewel distinctly seen in the ear of the Indian woman at the top of the note; in the counterfeit this is not visible. It is supposed that these notes were manufactured in Allegany county.

GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, June 21.—12 m. Yesterday afternoon, while a small boy was playing near one of the canal locks, he fell in. He was rescued by W. R. Trueman, and one of the hands on Mr. O'Neill's scow.

As the packet schooner Bounty was coming up the river a few nights ago, just off Indian Head, she ran into a large schooner bound down, loaded with coal, which was anchored in the channel. The Bounty was considerably injured about her bow, and the captain informed me that the coal schooner's upper works about her bow were stove in; he could not learn her name.

The Board of Aldermen was not in session last night, and the Common Council transacted no business, except the reception of a number of reports and memorials, all of which were laid over for future action.

Dresses' Rates.—2 1/2 head of beef extra; 90 head sold to the Washington and Georgetown butchers at \$3@33.50 per hundred lbs. gross; a full supply of lambs at \$1.50@2 her head; old sheep \$2@4.

There is no news in the flour market, and no change in prices. There has been several sales of grain: one of 2,000 bushels of prime white wheat, to be delivered, at 95 cents; one delivered of 1,200 do., inferior red, at 70 cents; one of 1,200 bushels, prime white corn, at 58 cents. All to the Columbia mills.

The packet sch. Arlington is below, bound up, to F. & A. H. Dodge. Arrivals.—Packet sch. Bounty, N. Y., via Norfolk, Parker, to P. Berry. Canal Trade.—Arrive William Albert, Cumberland, coal; Ohio Baker, do.; Rambler, 42 miles, bark, oats, &c.; Isaac Moton, Cumberland, do.; D. J. McCoy, do.; Oregon, 77 miles, coal; J. C. Chesapeake, 62 miles, limestone; Caroline, Cumberland, coal; Col. Young, do.; Virginia, do.; Charles Perry, do.; Gen. Washington, 31 miles, wheat and corn; Neptune, 31 miles, flour, &c.; H. G. Phelps, Cumberland, coal.

Departed.—El Dorado, Rainbow, Pacific, Tonoloway, Eagle, M. L. Rawdon. ELECTRO. THE BROKEN LEG.—The foreign news, some weeks ago, informed us that Queen Cristina of Spain had met with this serious mishap. The New York Sun recurs to it and says: "The Queen was at Arranjuez, near Madrid, the country seat of the Spanish Court, when, on the afternoon of May 6th, in the act of alighting from her carriage, she fell to the ground and broke her leg. The accident caused great consternation among her attendants and the people generally, and all the Spanish papers have teemed with dolorous accounts of the royal accident. The Queen Mother is rapidly recovering, and showers of congratulatory letters are being sent to her and Queen Isabel, from the nobility and eminent persons. It seems strange that such a personage as a queen could have met with such an accident, for it is generally believed that royalty is always handed to and from carriages by attendants. The occurrence may serve as a warning to some of our American queens, to be careful how they step from their coaches."

They will take care, Mr. Sun. Cristina had a long skirt to her dress, and it caused her to fall. Our queens will wear a more appropriate style of dress and avoid such dangers—our real queens. The imitators of the unfortunate "fat old lady" will perhaps continue to wear long dresses for a while.

SUPPOSED TO HAVE BEEN STOLEN.—The Baltimore American of this morning says that several articles of jewelry have been deposited at the Central Police Office for identification. They were taken from boys who were offering them for sale, and who are supposed to have stolen them.

CHOLERA.—On the steamer James M. Niles that arrived at St. Louis on the 9th inst., from New Orleans, seventeen deaths occurred from cholera and ship fever. The boat had upwards of 250 emigrant passengers that were taken from a ship at New Orleans. The deaths, with but one exception, all occurred on deck among the emigrants.

ST. LOUIS.—The fire on the 12th instant, heretofore noted under the telegraph head, destroyed property to the value of \$160,000. Among the property burnt was the steamer Sultana, which, with her cargo, was valued at \$75,000.

EFFERVESCENT.—The St. Louis Republican states that not less than two thousand five hundred bottles of soda-water are daily manufactured in that city by four extensive wholesale establishments.

A correspondent of the Leicester Mercury has heard that a prize has been offered for a rhyme to the word month, and hopes the following may be adjudged successful: A sleeping girl sat on her father's knee, And trying to rhyme the little word month; And she laugh'd as she said, 'Till you die I can try it again, for I've had it woe."

"The seventy-sixth anniversary of the Battle of Bunker Hill was celebrated with great enthusiasm in Charlestown, Massachusetts. Besides the usual parade of the military, there was a splendid display of fireworks from the Monument, at the expense of the citizens of the city."

There was a splendid display of fireworks at San Francisco lately, at the expense of the people of that city.

In England they talk of electing Macready to Parliament in the Tower Hamlets, on account of the long absence of G. Thompson in this country.

ORNAMENTAL BRICKS.—A style of ornamental bricks has recently been introduced into England, and patented by Messrs. Bowers, Challengers and Woodcraft, of the Staffordshire potteries. These bricks, or rather they are a kind of pottery-ware, are made, the Scientific American says, from a mixture of clay and other ingredients, calculated to vitrify with the clay. They can be painted and grained with the utmost facility, so as to imitate any kind of oak, rose, satin, or other woods, or sculptures in stone, or be grided without injuring the brilliancy of the gold-leaf. They may supply the place of wood-carving in architectural decoration, and, from their fire-proof nature, add to the safety of the buildings.

Arrivals at the Principal Hotels, Up to 12 o'clock, to-day. United States.—Wm. Haughton, James J. G. Morrison, New York; A. H. Hemphill and friends, Washington; J. Sturgis, Master S. A. Sturgis, and Maria F. H. Sturgis, Ga.; A. R. Boteler, Virginia; Hon. A. W. Yenabe, North Carolina; M. G. Reeves and L. W. Reeves, Tennessee; J. T. Hicks, North Carolina; Mrs. C. Madan, N. York.

LATEST NEWS BY THE MAILS.

PHILADELPHIA, June 20. The brig Delphi, from Trinidad de Cuba for Philadelphia, with a cargo of molasses, which was ashore on Fenwick's Island, and gotten off again, was driven ashore on Tuesday in a heavy gale and is so much damaged that she will be a total loss. Most of the cargo is on the beach.

DESTRUCTIVE FIRE. PITTSBURG, June 20. A fire occurred last night destroying R. & J. B. Hill's planing-machine shop and lumber yard, Negley and Brohans' shovel factory, and two dwellings owned by Ellis & Young. Hill loses \$2,400; Negley & Brohans, \$2,000; and Ellis \$800, upon which there was no insurance. Young was fully insured.

WITHDRAWAL OF A CLERGYMAN. INDIANAPOLIS, June 20. The Rev. P. B. Aydelotte, of this city, a distinguished clergyman of the Episcopal church, in a long letter to Bishop Melville, formally withdrew from the church. He states that the church needs reformation, and believing that reform cannot be effected, he is obliged to withdraw, as he cannot give his influence to that which he believes fundamentally wrong. His objections are based upon the Romish tendency of the church. It is believed Mr. A. intends connecting himself with the Presbyterians.

FIRE-FORGERY. ROCHESTER, June 19. A fire broke out last night in the drug store of Messrs. Lynde & Osborne, situated at the corner of Maine and St. Paul's streets. It bid fair to consume the whole block, known as "Blossom Block." The damage, however, is insured.

It is stated that L. B. Stoddard, of the firm of Freeman, Stoddard & Co., has been committing large forgeries on respectable men; by sending to the amount of \$60,000. It is reported that Mr. S. left for South America.

Jenny Lind Concert.—Burned to Death. BOSTON, June 20.—10 p. m. The Lind concert at the Tremont Temple to-night is attended by a most brilliant audience.

At North Groton, Mass., on the 18th, Mrs. Armable and her two daughters were burnt to death by the ignition of some varnish which was upset.

NEW ORLEANS MARKETS. NEW ORLEANS, June 20. Sales to-day of 1,000 bales of cotton. The Niagara's news has been received and produced no effect of moment. Cotton is somewhat firmer. The sales of the week were 7,500 bales, which is the smallest for many months.

A number of our merchants are heavy losers by the San Francisco fire. Business generally is dull. Ohio flour, \$3.40. ACCIDENT. NEW YORK, June 20. John Scully was accidentally shot dead by a pawbroker this morning. He had offered a pistol for pawn, one barrel of which was loaded. While in the hands of the pawbroker, it was accidentally discharged, the contents of which entered Scully, killing him instantly.

Pond & Co.'s oil factory, at Brooklyn, was destroyed by fire this morning. The loss is heavy but covered by insurance. Secretary Corwin. DUNKIRK, June 20. Secretary Corwin arrived here last night and left at 12 o'clock in the boat for Cleveland.

ROBBERY. BUFFALO, June 20. Morris, of the firm of Durham & Co., was examined and committed to jail to-day, on the charge of robbing Bellow & Co.'s express of \$6,000. The evidence against him is very strong.

THE TOWER.—Parker's Journal says: "The toilet of a woman is an altar, erected by self-love to vanity." It is oftener a wily deceiver by love to hope. Women are apparently, and indeed, really absorbed in dress, because they are taught from childhood that it is the shortest and surest way to please those they desire the good opinion of. Who ever saw a dowdy child, and a well-dressed one together in a room full of company, without remarking how many more caresses and praises are bestowed upon the latter than upon the former? We sow the seed in the child's heart, and wonder the plant should grow so strong as to overshadow the woman. [City Item.]

WATER IN LOWELL.—Water is being introduced in Lowell by means of a large reservoir located about one mile from the city. It is forced that distance from the Merrimack by the power of seven mills. It will be a great convenience to the citizens. The pipes are nearly all laid.

A FISH STORY.—It is said that a fish was found in some milk purchased of a milkman in Columbus, Ohio, lately.

From the Union of this morning. WILLIAM S. BROWN. We deem it but an act of justice and fairness to this individual, who resides at Cairo, Illinois, and has heretofore, as we believe, sustained a fair reputation as a man, and good standing in his profession, to correct some of the erroneous statements concerning his case which have been circulated through the country in the form of telegraphic despatches. It has gone forth that he is charged with forging land-warrants, and held to bail in the sum of \$20,000. This, as we are advised, is wholly incorrect. The charge against him is for presenting, as the agent and attorney of one Captain Hicks, of Illinois, a claim against the Government, sustained (as alleged) by false affidavits. THE LAMB IS THE LIGHT THEREOF.

BY THE REV. H. B. SEAR. That time is not like this dull time of ours, All is its brightness there; A sweeter influence breathes around its towers, And a glad music fills the air; No calm before the storm, no calm above, No region here is like that realm of love; Earth's softest spring ne'er shed so soft a light, Earth's brightest summer never shone so bright.

That sky is not like this sad sky of ours, Tinged with earth's change and care; No overshadowing dim, and no rain-cloud lowers, No broken sunshine there; No shadowing street of weary hours, No stainless splendor or those sinless shores; For these Jehovah shines with heavenly ray, These Jesus reigns, and presides in endless day.

The dwellers there are not like those of earth, No mortal stain they bear; And yet they seem of kindred blood and birth— Wide are, and low came they there: Earth was their native soil; from sin and shame, Through tribulation they to glory came; From darkness they were rescued by the hand of God, Brands plucked from the burning, and those robes of earth Those robes of theirs are not like those below— No angel's hair so bright!

When came that beauty, whence that living glow? Whence came that radiant radiance white? Wash'd in the blood of the atoning Lamb; Fair as the light those robes of theirs became; And now, all tears wiped off from every eye, They wander where the freshest pastures lie, Through all the nightless day of that unending sky.

AT THE ODEON. THE GREATEST LIVING CURIOSITY IN THE WORLD! For three days only! Monday, Tuesday and Wednesday, June 22, 23, and 24, at 7 o'clock. Mr. ALMON, who has visited many of the principal southern cities, has been pronounced by all scientific and medical gentlemen, who have seen him, the greatest curiosity, the most remarkable *living nature*, of which they have had any knowledge.

Some of the peculiarities of Mr. ALMON's physical formation are, that one hand resembles the other, and the other resembles the claw of a crab. He has parts of seven toes, with some portion of the fifth with only three toes in all. The remaining part of his body is in good form, and he enjoys excellent health.

It is worth the while of any person, anxious to see a most remarkable freak of nature in the formation of Mr. ALMON's limbs, to pay him a visit. He was born in the county of Rowan, in North Carolina, where his parents still reside. He is now 22 years of age, and remarkably active and vigorous.

Mr. ALMON will be exhibited at the ODEON, corner of 4 1/2 street and Pennsylvania avenue, between 10 o'clock a. m. and 1 o'clock p. m., and from 3 to 5 p. m., and at night, from 7 to 10 o'clock. Admittance Free 25 cents. June 21—3ts.
