This condition of things can not be longer tolerated.

CHICAGO, Ill., April 26.—The proposed conference today of the master carpenters with the citizens' committee, the new employers' association and the journeymen, did not result as anticipated. In his statement of the strike, the citizens' committee did not put in an appearance but published a card explaining that they did not feel called upon to act in the absence of encouragement from the masters' union. The master carpenters at an early meeting had announced their intention to refuse to treat with the journeymen as a union.

DERELICT MEMBERS.

The Speaker Counts a Quorum After Hours of Roll-Call.

WASHINGTON, April 26.—Mr. Allen, of Mississippi, rising to a question of personal privilege, read an extract from a Philadelphia newspaper criticising his remarks on the subject of denouncing it as indecent. He had had no intention to commence an attack upon Mr. Quay, but when Mr. Cannon, of Illinois, made the reference to denounce the speaker he (Allen) in the heat of debate could not refrain from hitting Mr. Quay's head, it was exposed so plainly.

NO STRIKE BY THE PACKERS. CHICAGO, Ill., April 26.—It is now stated that there will be no strike of the packing house employees at the stock yards, as was at one time feared—a strike, which would have involved about 15,000 men. There was a strong sentiment in favor of it, but the older and cooler heads counseled against it and their counsel prevailed.

CLARKSON'S WARNING.

The Insidious Growth of the Democratic Press.

PITTSBURGH, Pa., April 26.—At the fourth annual dinner of the Pennsylvania Republican club in commemoration of the eighty-eighth birthday of General U. S. Grant, which was given at the Seventh Avenue hotel in this city tonight, Hon. James S. Clarkson was asked to speak in answer to the toast: "The Republican Press."

CATTLE TARIFF REDUCED TO OMAHA.

CHICAGO, Ill., April 26.—The Burlington road announces that going into effect immediately it will apply the Kansas City cattle tariff to Omaha. In other words \$7.50 mileage per car will be taken off shipment and returned to the shipper. All other Missouri river lines have met the Burlington's reduction. There is no possibility of stopping the reduction short of St. Paul, Kansas City and St. Louis. All will be reduced as soon as they can be gotten out. The reduction is the most serious that has occurred in months. If its effect should be localized, as was the reduction at Kansas City, the consequence would not be serious, but the Omaha reduction means a decrease in revenue of \$7.35 a car in all cattle shipped east from west of the Missouri, nominally the gateway beyond.

SENATORS ON THE SILVER QUESTION.

WASHINGTON, April 26.—A caucus of Republican senators was held this morning to consider the silver situation. The committee which met the committee of the house on silver, reported the result of the work, whereupon a discussion ensued that was not completed when the hour for the opening of the senate arrived. A recess was then taken until 2 o'clock. It is said there was a great variety of views expressed by the senators but friends of the measure agreed upon by the two committees are confident that it will be adopted by the caucus.

Patt and Her Birds.

I have returned from a visit to Adeline Patt, in Wales. What a splendid place she has there! It only cost her \$4,000, and she has already spent \$27,000 upon it. I took her photograph with me. She posed in a magnificent conservatory, in which a large number of pet birds are allowed to fly about at liberty. At the moment of taking mine, Patt, who was reclining in a hammock, one of those birds alighted on her hand; the picture was exposed, and a charming extension picture is the result.—Cor. Fall Mail.
