Mr. Hale offered the reciprocity amendment of which he had give notice on the 19th of June and addressed the senate ween it.

upon it.

Mr. Allison made a long statement of the receipts and expenditures of the government and the probable effect of the tariff bill on the finances. He said the total of expenditures for the current fiscal year would be about \$411,000,000, and the total revenues for the year (including postal receipts and everything) would be \$460,000,000. Therefore, if there were no tariff bill passed and if the situation remained unchanged, there would be a surplus of revenue over expenditures for the current fiscal year of \$40,000,000. Mr. Gibson asked him whether he had included in the expenditures the amount that would the expenditures the amount that would be paid for silver. Mr. Allison—No. Mr. Gibson—Nor claims against the gov-

ernment?
Mr. Allison-Only those which have

passed congress.

He figured an increase of \$27,000,000 of revenue under the pending bill as against a decrease of \$60,500,000 from putting sugar and other articles on the free list. So that \$33,500,000 had to be taken off from the surplus of \$49,000,000, leaving some \$15,000,000 of surplus at the end of the year.

Carlisle-Paying nothing on the

Taking into account the balance now in Taking into account the balance now in the treasury, \$107,000,000, and this surplus, Mr. Allison calculated that the cecretary of the treasury would have \$78,000,000 on the 1st of July, 1891, unless in the mean-time he redeemed 4½ per cent bonds as he (Mr. Allison) hoped the secretary would proceed to do without delay. He declared that in his judgment it was a wise thing to take off the sugar duties. He had not the slightest fear that there would be any danger from it to the treasury, certainly danger from it to the treasury, certainly not within several years to come. He was also further in favor of reciprocal trade, but he hoped that in any such arrangement it would be seen to that the United

States had its just share of the bargain, Mr. Gibson offered an amendment to the sugar schedule by adding the words: Syrup of beet, sorghum or sugarcane. He made an argument against the sugar ty proposition and said it was a rable dwindling away from Mr. ne's broad and generous proposition

of full reciprocity. Mr. Sherman criticised the Hale amend-Mr. Sherman criticised the Hale amendment because it did not include Canada and Cuba in its scope. Also because it would allow free importation of wool, copper, zinc, gold, silver, lead ores, etc.

Mr. Hale informed him that his amendment had not been carefully drawn, but had been simply intended to oppose a principle of reciprocity. He had said to-day that be expected to modify it and he was willing to accept the amendment of the finance committee as reported by Mr. Aldrich. His own amendment had been fintended to apply to only three or four articles—sugar, coffee, rabber and nitrates.

ticles—sugar, coffee, rabber and nitrates.

He was reminded by Mr. Sherman that
Cuba produced no coffee, and no rubber,
so that the arrangement with Cuba could
only be as to the article of sugar.

Mr. Hale—If there is nothing to trade upon with advantage, then there will be no trade made. The plan which I sug-gested is comprehensive, but it is not de-finitive. If there is nothing to make a bargain upon, that settles the question Mr. Sberman—My friend from Maine is whittling down his magnificent theory until there is nothing of it left.

Mr. Spooner suggested an amendment ar. Special suggested an amendment to apply to Canada, putting a duty of 10 per cent ad valorem on green collee, 3 cents a pound and 10 per cent ad valorem on roast and ground coffee and 10 per cent on tens, these duties being imitated from the Canadian toriff

THE FINANCES FROM TWO VIEWS. Washington, Sept. 2.—In connection with the presentation of the conference report on the river and harbor appropriation bill in the house today, Chairman Cannon, of the committee on appropriations, made an exhaustive statement touching the expenditures authorized during the present session of congress. said that the sum of \$402,164,861 is properly chargeable against the probable revenues of the government for the fiscal year 1891 and when deducted from the latter shows a surplus of \$65,279,475.

Following Mr. Cannon, Representative Sayers, of Texas, presented a statement for his Democratic colleagues on the committee. It says: "If to the appropriations of the present congress we add the permanent and indefinite appropriations, as estimated by the secretary of the tressury, town, \$101. 628,453, we will have as an aggregate of appropriations for the fiscal year ending June 30, 1891, \$461,844,772, as against \$450. 414,337, the revenues including the postal receipts, as estimated by the secretary of the treasury, thus making the excess of appropriations over revenues \$11,530,442."

MANSUR GOING HOME.

WASHINGTON, Sept. 2.—Representative Mansur, of Missouri, will leave for home Wednesday, to remain until the campaign closes. He is paired with Representative Peters, of Kansas, who has been absent several weeks, and during that time Mr. Mansur has not voted except upon such questions as Mr. Peters gave him permission. Mr. Peters telegraphs that he will not return this session, and Mr. Mansur will, therefore, go home and take part in the Missouri campaign.

AS TO NATIONAL BANKS.

Washington, Sept. 2.—A bill introduced by Senator Coke today provides that here-after no national bank shall issue circulat-ing notes and that within six months each national bank shall deposit with the United States treasurer for the redemption of its circultating notes. The bonds now deposited for this purpose shall be returned. HELPED BY RAINS. Condition of Late Planted Corn Bettered by Recent Falls.

CHICAGO, Ill., Sept. 2.—The Farmers' Review in this week's issue will say: The abundant rains which have recently fallen almost generally throughout the west, have had a good effect upon all late plant-ed corn. Pasture, too, have materially revived and now give promise of a fair revived and now give promise of a fair amount of feed for fall use. Fruit pros-pects are bad indeed with the exception of grapes, which promise an unusual yield. Missouri makes a good report on frait compared with the other states. Apples one a half crop, berries have yielded well and grapes about an average. From the reports of correspondents in

the different states, a summary as to the condition of corn and potatoes as compared with an average yield has been compiled. Compared with the last summary of crop conditions, the yield shows that Illinois corn has declined 1 per cent: Indiana 4 per cent: Minnesota 11 per cent, and Nebraska 11 per cent. The other states show an im-proved condition as follows: Wisconsin 5 per cent; Ohio 5 per cent; Missouri 13 per Iowa I per cent; Kansas 9 per cent,

A LONE DESPERADO. A Louisville & Nashville Express Robbed Near Mobile, Ala.

MOBILE, Ala., Sept. 2.—The Louisville & Nashville cannon ball train which left Mobile at 8 o'clock last night, was held up at Big Escambia bridge, half a mile north of Pensacola Junction, by a robber who entered the express car and compelled the messenger to give up the contents of his safe. It is not known just what the ex-tent of the loss is. Having secured the valuables, the robber jumped off and took o the woods.

Engineer Bob Sizer says that he was pulling out of Flomaton and just as his train, which is the through express from New Orleans, got under way he turned around and saw a man standing near him. Before he could ask a question or look twice, two big revolvers were in his face. He was told to run his train up to the Escambia river bridge, some miles distant, and stop on the bridge. There was nothing left for him to do but to obey and he did so. There the train stopped on the bridge. The engineer was told to get off his engine. He did so and then the robber directed Sizer to go to and then the robber directed Sizer to go to he express car and force an entrance. The obber put a heavy mallet in his band, sizer took it and burst open the car door. Sizer took it and burst open the car door. Express Messenger John was standing in his car with his pistol in his hand but seeing Sizer, he lowered it. The next minute he was covered and told to lay down his gun and he obeyed. Then the robber standing in the car door compelled the messenger to open his safe and hand him all the money. While this operation was going on the fellow was standing in the door cooliy looking at his standing in the door, coolly looking at his victim and firing to one side of the train and the other, to overawe the passengers and the train crew. When he got the money he told Sizer to follow him. The man showed the way to the engine, bade sizer to pull out and, with a parting shot and yell, dashed off in the bushes and was ost to sight.

A posse has left Flomaton and another has left Mobile in pursuit of the robber, it is said Rube Burrows was recently seen

pecial dispatch to the Dully Eagle. GUTHRIE, Ok., Sept. 2.—The atmosphere about the legislative halls is still of an ultra-marine tint. The Republicans continue to denounce what they consider a bolt of some of their members, and the calition resent in unparliamentary langnage the attacks of the opposition. Rum ors well founded lead to the belief that the Republican councilmen will become obstructionists by refusing to serve on any committees. Defeated in their joint vote, they will continue their Fabian policy. The factions resort to every artifice to either regain lost ground or to hold the fort. Oklahoma City is making a desperate fight to get the capital, while Guthrie is leaving no stone unturned to out-general the opposition, relying, as a last resort, upon the governor interposing in their behalf. Ok-lahoma City declares openly that rather than have the capital remain in Guthrie she will vote for Kingfisher. It is not improbable that an influence can be brought to bear which will throw Canadian county's vote to Kingfisher.

The independents are fully realizing the importance of their vote just at this time and as yet are in favor of the coalition notwithstanding Payne county citizens are entering a violent protest against the ac-

tion of their representatives.

The Alliance and Union Labor party feel that this is their opportunity. Political intrigue and caucusing is wearing on the country contingent, the novice at law making. Many a solon is finding Guthrie ice water of an inferior quality and, weary and worn with lagging footsteps, seek the legislative hall.

MAKING IT PERMANENT. The Single Tax Club Complete Their Organization.

NEW YORK, Sept. 2.—The delegates to the single tax convention met again this morning. The principle business of the morning. The principle business of the day was the appointment of the various committees and the perfecting of the permanent organization which was begun yesterday. The committee on platform and resolutions of which Henry George was chairman, went into session at 9 o'clock. They will not, however, it is said, report until tomorrow's meeting.

When Chairman Lewis F Post called the meeting to order one of the secretaries read the resolutions on which the principles of the permanent organization were

At the afternoon session a plan of organization was adopted which consists of an executive committee of five, and a national committee composed of one member from each state. H. Martin Williams was selected as Missouri's representative on the latter committee. The executive committee is composed as follows: W.T. Cross-dale, Louis F. Post, August Lewis, Read Gordon and G. St. John Leurens.

The convention then adjourned until tomorrow.

list of state senators and representatives. Twenty cities and towns, including Burlington, gave Page, Republican, for governor 3.57; Brigham, Democrat, 2.64; Allen, Prohibition, 113. In 1888 these towns gave Dillingbam, Republican, 3.686; Shurtle, Democrat, 2.486; all others, 116. The returns thus far received indicate not only that the Republican vote is very light, but that the ticket has been cut. The decrease in the Democratic vote is not marly as large correspondingly this year as that of the Republicans. The Prohibition vote remains about the same.

One hundred and thirty-five towns give Page, Republican, 22.345; Brigham, Democrat, 13.362; Allen 862; scattering, all for Lieutenant Governor Woodhury, 19. The same town in 1888 gave. Dillingham 22.298; Shurtliff Democrat, 12.831; all others 367. In these towns the Republican vote has fallen off 2.866; the Democrate have gained 441, while the prohibitionists has fallen off but little. If the vote in the remaining towns is relaxively the same as those heard from the Republican majority will heard from the Republican majority be only about 15,000 in the whole state be only about 15,000 in the whole state.

An unexpectedly large number of high license Republicans have been elected.

The returns now in from 100 towns show a Republican net loss as compared with the vote in 1800 of 7,704 and a Deno-

THE CHICKASAW LEGISLATURE.

GAINESVILLE, Tex., Sept. 2.—The Chickasaw legislature convened in the tribal capital in Tishomingo, every member of the body being a representative elected by the National or anti-Progressive party. Heretofore the Progressive party has been fairly represented in the tribal legislature, but in the national election held on the 18th of last month for national officers and all the members of both houses of the legislature, this party falled to elect a single candidate. Senator Sam Paul, the late candidate for governor on the Progressive tickee, stated while here, that the anti-Progressive or Boyd party, as he calls it, won the election by fraud and latinsidation, and that he and a number of the leaders of the Progressive party are preparing to contest. Arkansas Democrats Succeed in Getting Blg Majorities.

LITTLE ROCK, Ark., Sept. 2.—Returns from two-thirds of the counties maintain the large increase in the Democratic majority over last year already mentioned. The increase is especially large in the white counties, while opposition majorities in the negro counties except Jefferson, show a decrease. The majority for Governor Eagle and the Democratic state ticket will not fall below 20,000 and a still larger figure is claimed, owing to the almost uniform gains. The legislature will be overwhelmingly Democratic, thus insuring the election of James K. Jones as United States senator, he having no Democratic opponents. There are no reports of disturcances at poils from anywhere in the state, ances at polls from anywhere in the state.

LEAVENWORTH DEMOCRATS. LEAVENWORTH Kan Sept 3: The Leavenworth county Democrats held a convention in this city yesterday and elected four-teen delegates to the state convention at Wichita and eighteen to the congressional convention at Holton. To a reporter this afternoon be said that strenuous efforts are being made to influence the president to extend the time set for the evaluation of the strip by the cattlement two months or until December 1. He said. "If the presidents order goes into effect October 1, it will necessitate during the next twenty seven days the rushing of fully 250,000 head of our cattle onto the market which will virtually have the effect of running the price of cattle down a great deal lower than the market has been for years. It will simply paralyon the cattle business for a considerable length of time. Every representative in Kansas, besides the senators, have eigned a memorial to President Harrison asking for an extension of the time. Federary Break has also intercoded in our lessal."
