THE CITY NORMAL

A Normal to be Opened in Connection With the City Schools in the Y. M. C. A. Building.

This is a new department organized by the board of education in connection with the public schools of the city.

As cities grow in the extent of their school systems, the people become more earnest in their demands for better qualified teachers.

But it is found that some professional knowledge beyond the ordinary courses of study is necessary to prepare a person for teaching.

The Southern Kansas Fair this season promises to be one of the most successful ever held in this part of the state.

The grounds have been entirely rearranged and placed in the best possible shape for the accommodation of exhibitors.

The grand entrance has been changed to the northeast corner of the grounds to conform to the rearrangement of the building and grounds inside.

The premiums are large and varied enough to make it an object to compete for some of the premiums.

Wichita offers everything in the shape of railroad facilities, hotel accommodations with such conveniences and attractions as is found in a city with 90,000 inhabitants to insure its success.

The citizens of this city and the farmers of this county have, in their power, by the interest they take in the fair, shown their ability to make the coming fair a grand success and lay the foundation for future fairs that will not only be a credit to the great state of Kansas, but command the attention of other states.

The citizens of this city, as well as every citizen of every other city, and every farmer of every county of southern Kansas, should get one of the premium lists, study it carefully and prepare to compete for some of the premiums.

SHOOTING MATCH FOR A PURSE

The shooting match at base ball park yesterday afternoon drew a much larger crowd than was expected on account of the high winds and rather poor street car service.

The wind today was very strong, which was decidedly against the boys and especially Stubbs, as he is small and rather frail.

Then young Hill took a shot gun and broke 13 balls out of 15 at forty foot rise, then breaking 13 balls out of 15 with a Winchester, standing fifteen feet back.

He then took a 32-calibre Winchester and put a bullet through a 50-cent piece thrown in the air, following it up by hitting a silver quarter thrown in the air.

The clever brats of yesterday had little sympathy for hats, and the fellows with large sizes were made quite nervous. It was suggested that the year had jumped a few cogs and had struck a March.

Mr. James Carson, of north Emporia, reports an increase in his family to the extent of a bouncing boy. He was congratulated by Mr. H. Bain, of Watts avenue, who in turn was congratulated on the arrival of a bouncing girl.

Mr. Gus V. Wells leaves tomorrow for the north part of the state to see if any one would be reckless enough to buy shoes. He is just closing up a six weeks vacation and will resume the Kansas route with renewed energy.

Councilman Caswell, of the Eagle Colonies works, leaves tomorrow for Oklahoma City to look after some business interests. The firm has done considerable business in the Oklahoma country and the building boom seems to show no signs of a decrease.

Dr. Jordan, of Oklahoma City, and Mr. Ladd, of Edmond, who are witnesses in the United States court, made the Eagle a pleasant call yesterday. Mr. J. told of a case of amnesia which occurred near Oklahoma City last Tuesday. A young man by the name of Johnson who had been active in some contest cases, was, while at the house of a young lady friend, shot through the chin and neck by some party or parties on the toilet. He died from the effects of the wound, but lived long enough to name his assassin who are probably under arrest ere this.
