

ALMOST DESERTED.

BUT ONE LOVE MEMBER AT THE CAPITOL YESTERDAY.

Nominations Confirmed and Rejected in the Ten Months' Session Just Closed.

An Important Omission Made in the Internal Revenue Schedule of the Tariff Bill as Enrolled and Signed.

The Error Can be Corrected by Supplemental Legislation at the Next Session—A Commission Appointed—National Capital News.

WASHINGTON, Oct. 2.—The capital this morning was almost deserted. A few sight-seers were in the corridors and in the rotunda a small army of scrappers was engaged in the task of effacing from the walls and steps the evidences of the year and a few of the ten months' session, and a few newspaper men wandered around hoping against hope that some scrap of news would repay them for their visit. But everything was dead. In the senate chamber not a senator appeared. Mr. Owen of Ohio was the only member in the house. He sat in a cloud of dust raised by the men sweeping the hall attending to his correspondence.

NOMINATIONS CONFIRMED AND REJECTED.

WASHINGTON, Oct. 2.—In the ten months of session that closed yesterday President Harrison got to the business of nominating, which all but twelve were confirmed. As many of the nominations contained names of more than one person they represented a preliminary appointment. Several hundred of these were postmasters at offices which became presidential through growth of business. They also include appointments in connection with the census, nearly all of which are temporary in their nature. In the first session of the forty-ninth congress which lasted eight months the president selected to the senate 2,096 nominations. The following are the nominees of the session just ended which failed of confirmation: William P. Brockton, clerk of the court at Hamilton, Canada; Horace Wetfall of Maine, consul at Bermuda; Major Lewis Morrill to be lieutenant colonel of cavalry from January 1, 1891; Alonzo L. Richardson, marshal for district of Idaho; Louis Desmaras, colonel of the militia at New Orleans; Rev. John S. Galvino of Ohio, post chaplain at Fort Snelling; John W. Jones, Indian agent in New Mexico; James H. Young, collector of customs at Wilmington, N. C. Also the following postmasters: James H. Young, collector of customs at Wilmington, N. C. Also the following postmasters: William R. Cole at Fortville, Pa.; Frank H. Butten at Correy, Pa., and Carl C. Cuppel at Eustis, Fla.

IMPORTANT TARIFF OMISSION.

WASHINGTON, Oct. 2.—It appears that an important omission was made in the tariff as enrolled and signed. Section 100 of the internal revenue schedule which was originally struck out by the senate and subsequently restored by the house, was omitted in the enrolled bill. The omission provided for the allowance of drawback on smoking and manufactured tobacco and snuff held in unbroken packages in the hands of the manufacturers at the date when the reductions go into effect. As this date is Jan. 1, next, however, there will be still ample opportunity for supplemental legislation to correct the error by supplemental legislation.

PROBABLY ON HIS WAY.

WASHINGTON, Oct. 2.—The department of state has received a dispatch from the United States legation at Buenos Ayres announcing that the president of the Argentine republic, General Roca, has accepted the plan for an inter-continental railway commission and has sent a message to congress asking for authority to appoint engineers to attend to the construction in Washington this month. This dispatch is dated the 23d of August, and it is believed that the Argentine minister commissioner has been appointed and is probably on his way.

DECREASE OF BONDED DEBT.

WASHINGTON, Oct. 2.—It is stated at the treasury department that the decrease in the bonded debt of the United States during the past month, viz: \$42,316,349, was greater than in any month since the resumption of resumption operations under Secretary Sherman. The nearest approach to it being \$7,368,830 in the month of October, 1888. The decrease in the bonded debt for the first nineteen months of the present administration has been \$200,474,410, an average monthly reduction of \$10,557,604. The foregoing figures relate exclusively to the bonded debt and not to the "debt less cash in the treasury" at the various dates specified.

A COMMISSION APPOINTED.

WASHINGTON, Oct. 2.—The president today appointed Messrs. Will Cumber, of Indiana, George P. Kneass, of Kentucky, and Charles C. Drake, of the District of Columbia, a commission to visit the Paganini Indian reservation in the state of Washington and investigate the same as prescribed by the act of congress approved August 19, 1890.

WILL THEY HEED?

The New York Central Forbids Employees Being Knights of Labor.

NEW YORK, Oct. 2.—The following circular has been issued from the office of the New York Central and Hudson River railroad: "The recent strike and acts of lawlessness committed in connection therewith, the published correspondence between the leader of the organization that ordered it, and the fact that many of our employees are members of the organization, have caused us to re-examine our policy in this respect. It is our policy to employ only those who are not members of the organization known as the Knights of Labor. We have therefore decided that membership in this organization is inconsistent with faithful and efficient service to the company, and we hereby advise you to prevent it from properly discharging its duty to the public. You will at once take such action as will bring this circular to the attention of the employees in your respective departments."

MISSOURI PROHIBITIONISTS.

KANSAS CITY, Mo., Oct. 2.—The state convention of the Missouri prohibition party met this morning. The attendance was small, only about forty delegates being present. D. Ward King called the convention to order. J. C. Hughes of Ray county, was elected chairman and R. K. Higgins of Kansas City, secretary. After appointment of the usual committees a recess was taken until afternoon. Upon reassembling the committee on resolutions submitted its report. It declares in favor of the usual prohibition principles, recommends woman suffrage, favors free coinage and arbitration of differences between employers and employees. A full ticket was nominated.

FIRST TEST OF THE LAW.

TOPEKA, Kan., Oct. 2.—Argument in the federal habeas corpus case, the first test of the Wilson original package law, has been concluded. The petitioner's attorney argued against the constitutional-ity of the new law and made the point that as the prohibitory law was not operative as far as dealers in original packages were concerned before the enactment of the Wilson bill it never was constitutional law, and the Wilson bill cannot make a state law effective in that class. Although no official opinion was expressed by either Judge or Judge Phillips, who listened to the arguments in the case, both practically admitted the tenability of the position of the petitioner, and it is concluded that if a court decides the new law to be constitutional it can't be effective until the legislature passes another prohibitory measure. The case is one of unusual interest.

GUTHRIE GOSSIP.

Great Hopes Entertained that President Harrison Will Visit Oklahoma.

SPECIAL DISPATCH TO THE DAILY EAGLE.
GUTHRIE, Ok., Oct. 2.—Some time since Governor Steele wrote Major Powell, commissioner of geological survey, requesting him to have a well sunk at different locations in Oklahoma to ascertain information regarding mineral deposits. The well was referred to a department of the interior. Secretary Noble's answer says: "I am giving it the attention you request and hope something may be done this year." The governor has written the president, cordially inviting him to visit Oklahoma when he makes his western tour, and entering great hopes of his coming. The Chickasaw Presbyterians met this afternoon with eleven members in attendance. Rev. W. L. Miller, of Oklahoma City, preached the opening sermon this evening. Advice has been received from Washington that the Sec and Fox Indians of Iowa have collected the Iowa delegation to prevent ratification of treaty with the Cherokee commission, alleging that they by conditions of the treaty will not receive allotment money belonging to them.

THE MINING ENGINEERS.

Second Day's Session of the Iron and Steel Institute.
NEW YORK, Oct. 2.—The second day's convention of the British Iron and Steel Institute, which opened this morning with a somewhat larger attendance of members but with fewer ladies than yesterday. Sir James Kitson again presided. He was heartily received. He presided at the institute at a meeting yesterday. He said that the paper of Mr. James Gaylor, of Bessemer, Pa., on the subject of "The effect of the iron and steel industry on the world's commerce," read at yesterday's meeting, created a great deal of interest and he was sorry the discussion upon it was cut short. Sir James Kitson presided at a meeting in England, said the English visitors would inspect the principal blast furnaces of America with much interest. Sir James Kitson announced that ex-Mayor Hewitt had so far recovered from his illness as to be able to attend the meeting and it would be appropriate to have him present. He said that the English visitors would inspect the principal blast furnaces of America with much interest.

HAVE BEEN "CALLED."

A Large Colony of Mormon Immigrants—Young Girl Proxies.
NEW YORK, Oct. 2.—The authorities at the large office this morning issued an immense amount of moral persuasion on the thirty-two young Mormons that arrived yesterday in the city. The girls were being taken to a room by themselves. The female missionaries from the Emigrant Girls' home went among them and tried to convince them of the error of their ways. They proposed to follow. It was a very hard undertaking. One of the girls, Karen Sylvestersen by name, who acted as spokeswoman for the party, finally yielded. She was to be one of seven or eight wives, and was fully aware of the principles of Mormonism. The girls were taken to a room by themselves. The female missionaries from the Emigrant Girls' home went among them and tried to convince them of the error of their ways. They proposed to follow. It was a very hard undertaking. One of the girls, Karen Sylvestersen by name, who acted as spokeswoman for the party, finally yielded. She was to be one of seven or eight wives, and was fully aware of the principles of Mormonism. The girls were taken to a room by themselves. The female missionaries from the Emigrant Girls' home went among them and tried to convince them of the error of their ways. They proposed to follow. It was a very hard undertaking. One of the girls, Karen Sylvestersen by name, who acted as spokeswoman for the party, finally yielded. She was to be one of seven or eight wives, and was fully aware of the principles of Mormonism.

"SUCKED THE CHILD'S BREATH."

CHICAGO, Ill., Oct. 2.—The coroner's jury in the case of a child which died in the city, brought in a verdict to the effect that the child's death resulted from having its "breath sucked" by a cat. A few friends gathered at the bedside. Mr. Shelly sat on the bedside and Mr. Hurley reclined on his pillows, being too weak to sit up. After the ceremony a wedding breakfast was served by the sisters in charge of the hospital. Mr. Hurley is a Fort Worth moneyed man. Mr. Hurley proposes remaining at the hospital until the complete recovery of the girl.

FURTHER REDUCTION EXPECTED.

DENVER, Col., Oct. 2.—The western trunk centering in Denver this morning began the work of reduction against the Missouri Pacific, for cutting rates. Friends are expected to Chicago and St. Louis. The Rock Island early in the day announced a round trip rate from Colorado points to Chicago and St. Louis. The rate followed by announcing a half fare rate to St. Louis. The Santa Fe went then one better and posted a round trip rate to Chicago and St. Louis. This has caused considerable excitement in railway circles and a further reduction is expected.

EXCURSION RATES EXTENDED.

KANSAS CITY, Mo., Oct. 2.—The Rock Island today announced an extension of its excursion rates as follows: Rate to Chicago will be one fare for the round trip tickets to be sold until October 16, and returning including October 30. The rate to St. Louis is the same, tickets being similarly limited. The Wahash today announced similar rate to Chicago and the Missouri Pacific to St. Louis.

THE OUTPUT OF FLOUR.

MINNEAPOLIS, Minn., Oct. 2.—The Northwestern Miller says: The mills improved a trifle on the output of flour last week. The aggregate output for the week ending Saturday was 170,250 barrels, against 164,540 barrels the week before, 151,300 barrels the corresponding time in 1889, and 178,100 barrels in 1888. There is very little left to the flour market and unless the demand soon improves, more or less shutting down will occur as the mills are about all caught up on orders. The sales the past week have been scattering, small lot kind and fall a good deal short of manufacture. Prices are generally lower and considerable effort is being made to sell. Parties who were 15 to 25 cents higher than lowest a week ago, have reduced nearly their quotations and many quotations close near being uniform time is often the case.

A HOPELESS EXPENSE.

BRUSSELS, Oct. 2.—The Independence Belegue says that the adoption of the McKinley tariff bill ensures the failure of the world's fair at Chicago, as it will be a needless and expensive measure for Europeans to send exhibitors there.

FRIENDLY TO RECIPROcity.

HALIFAX, N. S., Oct. 2.—A large gathering of friends of the cabinet ministers visiting in Halifax was held yesterday near Rockingham. One thousand five hundred persons were present. Speeches were made by Sir John A. Macdonald and F. E. Hanny, M. P. All announced themselves as favoring reciprocity with the United States and spoke of the efforts of the dominion government had made in that direction, particularly referring to the reciprocity bill now pending in the House of Commons. The speaker was authorized to negotiate reciprocity and a full settlement of the fishery dispute.

A STATE BANKRUPT LAW.

JACKSON, Miss., Oct. 2.—The most important piece of legislative business accomplished by the constitutional convention today was the adoption of a supplemental section to the legislative report providing for a state bankrupt law.

TILL DEATH PARTS.

FORT WORTH, Tex., Oct. 2.—At noon today George Lewis Hurley of Fort Worth and Miss Eva Pierce Shelly of Dallas were married at the Sisters' hospital in this city. Some ten days since Mrs. Shelly was sent out for this, which promised to be one of the sweetest weddings ever witnessed in Dallas. But the groom having been stricken down with typhoid fever and being still very low, it was decided to have the ceremony on the date intended regardless of the surroundings. A few friends gathered at the bedside. Mr. Shelly sat on the bedside and Mr. Hurley reclined on his pillows, being too weak to sit up. After the ceremony a wedding breakfast was served by the sisters in charge of the hospital. Mr. Hurley is a Fort Worth moneyed man. Mr. Hurley proposes remaining at the hospital until the complete recovery of the girl.

ALMOST A RIOT.

GREAT EXCITEMENT AT THE SEAT OF GOVERNMENT.

Speaker Daniels Signs the Capital Removal Bill "Under a Misapprehension."

A Veritable Mob in Pursuit of a Few of the Members of the Lower House.

The Present Status of the Situation Indicates that Guthrie May Yet be the Future Capital—Full Report of Yesterday's Proceedings.

SPECIAL DISPATCH TO THE DAILY EAGLE.
GUTHRIE, Ok., Oct. 2.—The council chamber was crowded this morning with an excited crowd anxious to see what the council would do with the ingeniously amended bill locating the capital. Every one seemed to expect something to "drop," but no one seemed quite certain what that something would be. But the Guthrie people felt that the things were secure unless some very unexpected news should be exploded. President Gardenhire called Judge Foster of Logan to the chair, which was a verification of the rumor that Gardenhire would withdraw his support from Oklahoma. The location of the agricultural college, and accordingly a thrill of hope swept through the hearts of the Guthrie people. This hope was strengthened when Oklahoma Brown arose in the deathlike stillness with a most solemn visage and announced in measured tones that he had decided the council was broken, and that the Guthrie people were correspondingly jubilant. But it being necessary to dispose of this bill in some manner in order to bring it before the council he would move that the council be adjourned until the next day.

Mr. Brown of Logan, said that the most expeditious way of disposing of it, and in such a manner that its ghost would not in the future haunt the legislature, moved an indefinite postponement, and explained the motion in such a manner as to call out the full fractional vote in its support. The thunderbolt fell to the utter and complete confusion of every one save the "old" ones, who were not so much surprised as they were when they recalled that not five minutes before he assured them that he remained steadfast in his old position, and members rushed to his desk to explain the purpose of the voting, but he sat obdurate and never opened his head save to vote with Oklahoma City, which he made no secret of, everything was over, and Oklahoma City had gained her object. The "new" combine carried a motion to adjourn as soon as the capital question was disposed of, so that no one could think that they had earned a little respite.

To say that Gritter was a cynosure for every eye expressed no exaggeration. He sat there in a dignified manner, and when he rose to speak he was greeted with a cheer which he returned with a smile. He said that he had been somewhat dispersed, when he silently walked out. He is boldly asserted by leading Republicans here that Governor Steele cannot sign the bill passed under such circumstances, for it would disrupt the Republican party and make the hour of their triumph a day of mourning. They claim that the Republican party outside of Oklahoma City, which is the Democratic stronghold, is virtually broken. The roll was called and the house went out from under the call. The communication from the council in order. Mr. Waggoner—It seems to me that the question before the house is an appeal from the chair under the decision that any business is in order.

Call of the roll.
Mr. Clark—I am late. Don't know what you are working at. Don't believe the speaker rules correctly and vote not to sustain.
Motion lost—13 to 13. Chair sustained. Communication from the council reciting that council had concurred in the house amendment to council bill No. 7 as amended.
Mr. Merten—I understood the chair decided that the chair is sustained. The question was lost and the chair not sustained. I demand the vote.
Mr. Mathews—The gentleman knows the chair is sustained.
Mr. Trotter—The chair is sustained.
Mr. Merten—Does the tie vote carry the question?
Chair—The chair has so decided.
Mr. Merten—I appeal from the decision of the chair. I wish no one man power. The chair decided that the chair was not sustained.
Mr. Barker—The vote sustained the chair, did it not? I asked that all willing to sustain the decision of the chair should vote aye, and those contrary nay. The chair was not sustained. I challenge contradiction.
Mr. Mathews—I voted to vote to sustain the chair.
Mr. Barker—Did you vote affirmatively or negatively?
Mr. Mathews—I voted to sustain the chair.
Mr. Neal—I ask the gentleman to tell this house if it does not take a majority vote to sustain.
Mr. Trotter—The question was, shall the chair be sustained? I voted no. The motion was lost.
Mr. Clark—I voted no. Where there was a tie vote it certainly did not sustain the chair.
Mr. Wimbrey—Point of order. Mathews moved that we adjourn.
Mr. Merten—A motion is pending before the house which a motion is pending we cannot adjourn.
Mr. Daniels—Point of order. Motion to adjourn is always in order unless when we are balloting or a member is speaking. A vote was taken on adjournment. Lost—14 to 11.
Mr. Trotter—Is this house in session and can I move to reconsider in order?
Chair—I wish to be understood regarding my position. The motion was to appeal from the chair. It carried and I will call.

Mr. Trotter—Should not the question be put, shall the chair be sustained?
Mr. Barker—The chair entitled to a vote in an appeal from the chair.
Mr. Trotter—Are we still under the call of the house?
Chair—The house is not under call.
Mr. Campbell—Have we suspended proceedings under call of the house?
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.

Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.

Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.

Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.
Mr. Trotter—The chair has ruled that the house was in session and the reading of the communication of the council is in order.
Mr. Campbell—If we have gone from under the call we take up the business which we left off when we went under the call.

ALMOST A RIOT.

GREAT EXCITEMENT AT THE SEAT OF GOVERNMENT.

Speaker Daniels Signs the Capital Removal Bill "Under a Misapprehension."

A Veritable Mob in Pursuit of a Few of the Members of the Lower House.

The Present Status of the Situation Indicates that Guthrie May Yet be the Future Capital—Full Report of Yesterday's Proceedings.

SPECIAL DISPATCH TO THE DAILY EAGLE.
GUTHRIE, Ok., Oct. 2.—The council chamber was crowded this morning with an excited crowd anxious to see what the council would do with the ingeniously amended bill locating the capital. Every one seemed to expect something to "drop," but no one seemed quite certain what that something would be. But the Guthrie people felt that the things were secure unless some very unexpected news should be exploded. President Gardenhire called Judge Foster of Logan to the chair, which was a verification of the rumor that Gardenhire would withdraw his support from Oklahoma. The location of the agricultural college, and accordingly a thrill of hope swept through the hearts of the Guthrie people. This hope was strengthened when Oklahoma Brown arose in the deathlike stillness with a most solemn visage and announced in measured tones that he had decided the council was broken, and that the Guthrie people were correspondingly jubilant. But it being necessary to dispose of this bill in some manner in order to bring it before the council he would move that the council be adjourned until the next day.

Mr. Brown of Logan, said that the most expeditious way of disposing of it, and in such a manner that its ghost would not in the future haunt the legislature, moved an indefinite postponement, and explained the motion in such a manner as to call out the full fractional vote in its support. The thunderbolt fell to the utter and complete confusion of every one save the "old" ones, who were not so much surprised as they were when they recalled that not five minutes before he assured them that he remained steadfast in his old position, and members rushed to his desk to explain the purpose of the voting, but he sat obdurate and never opened his head save to vote with Oklahoma City, which he made no secret of, everything was over, and Oklahoma City had gained her object. The "new" combine carried a motion to adjourn as soon as the capital question was disposed of, so that no one could think that they had earned a little respite.

To say that Gritter was a cynosure for every eye expressed no exaggeration. He sat there in a dignified manner, and when he rose to speak he was greeted with a cheer which he returned with a smile. He said that he had been somewhat dispersed, when he silently walked out. He is boldly asserted by leading Republicans here that Governor Steele cannot sign the bill passed under such circumstances, for it would disrupt the Republican party and make the hour of their triumph a day of mourning. They claim that the Republican party outside of Oklahoma City, which is the Democratic stronghold, is virtually broken. The roll was called and the house went out from under the call. The communication from the council in order. Mr. Waggoner—It seems to me that the question before the house is an appeal from the chair under the decision that any business is in order.

Call of the roll.
Mr. Clark—I am late. Don't know what you are working at. Don't believe the speaker rules correctly and vote not to sustain.
Motion lost—13 to 13. Chair sustained. Communication from the council reciting that council had concurred in the house amendment to council bill No. 7 as amended.
Mr. Merten—I understood the chair decided that the chair is sustained. The question was lost and the chair not sustained. I demand the vote.
Mr. Mathews—The gentleman knows the chair is sustained.
Mr. Trotter—The chair is sustained.
Mr. Merten—Does the tie vote carry the question?
Chair—The chair has so decided.
Mr. Merten—I appeal from the decision of the chair. I wish no one man power. The chair decided that the chair was not sustained.
Mr. Barker—The vote sustained the chair, did it not? I asked that all willing to sustain the decision of the chair should vote aye, and those contrary nay. The chair was not sustained. I challenge contradiction.
Mr. Mathews—I voted to vote to sustain the chair.
Mr. Barker—Did you vote affirmatively or negatively?
Mr. Mathews—I voted to sustain the chair.
Mr. Neal—I ask the gentleman to tell this house if it does not take a majority vote to sustain.
Mr. Trotter—The question was, shall the chair be sustained? I voted no. The motion was lost.
Mr. Clark—I voted no. Where there was a tie vote it certainly did not sustain the chair.
Mr. Wimbrey—Point of order. Mathews moved that we adjourn.
Mr. Merten—A motion is pending before the house which a motion is pending we cannot adjourn.
Mr. Daniels—Point of order. Motion to adjourn is always in order unless when we are balloting or a member is speaking. A vote was taken on adjournment. Lost—14 to 11.
Mr. Trotter—Is this house in session and can I
