THE DOUGLAS AVENUE PAVING BONDS.

The city council in adjourned session last evening presented the fact that Spitzer & Co. had sent \$50,000 bonds and was ready with the money as soon as the council could return the bonds for the Douglas avenue paving and some of the council members were not ready to accept any money on bonds for that work, thinking that the city should not pay for it.

The clerk read records on approving estimates for Douglas paving. The first estimate \$25,000, approved on motion of Glaze; second estimate \$13,000 and third estimate \$24,000 both approved on motion of Martin.

Johnson said he approved if the company made the pavement good the council would be compelled to pay for the pavement. Glaze inquired if it would be possible to rescind the action approving estimates, when the city attorney thought it would not have legal effect.

Col. Jocelyn was then called upon and inquired what information Spitzer & Co. had given in relation to cross street paving bonds. The letter was read, when Col. Jocelyn said he had understood Judge Wood claimed a separate ordinance and bond for each street.

Johnson said that at the time the estimates were accepted it was a "nice, straight street," and all right. The city engineer said he had been ordered to bring in estimates, and he had done so, holding back 10 per cent.

Col. Jocelyn expressed the opinion that if the work had been done according to plans and specifications the city would be compelled to pay for it. He did not vote for the Douglas avenue experiment.

The city engineer said the pavement had been put down according to specifications. Most of the trouble due to the cement work being done in the hot weather. The pavement was not so clean and bright as it should be.

Johnson said he was not authorized to buy a sweeper and would report at the next meeting. Glaze said he wanted to make a correction by stating that he was incorrect in stating at the last meeting that Throckmorton had surrendered the check of Spitzer & Co.

Col. Jocelyn said that between bricks was of no value but would be put in between the brick, all that work would be done at one time. Caswell moved to issue the bonds to Jocelyn on estimates as submitted. The motion prevailed unanimously.

AN EYE ON BUSINESS. Mr. Frank Jacobs, who lives on Lawrence near Oak Street, has been quite sick for some time, with pneumonia, and yesterday morning kept insisting that he must leave on the St. Louis train over the Missouri Pacific at 2 p. m.

THE GOULD LECTURE. It is a subject of great comment that this is only Mr. Gould's third season on the platform, but no man today more nearly approaches the talented and eloquent John B. Gould.

Mr. Ora J. Gould was born in southern Illinois, and after leaving school went west and became a traveling man, and has been almost constantly on the road for ten years. He is fascinating in descriptive work, thrilling in narrative, snobbling in thought and powerful in oratory.

THE FLOOR IS TOO SMOOTH FOR JUDGE BUCKNER. This is the only objection he has to his office in the new court house. Yesterday he was seated in an accommodation bottom chair. A young man and lady came in to get a marriage license.

PROUD POLICEMEN. A handsome set of men that the Wichita policemen as they stood erect in line dressed in their new uniforms before the police commissioners yesterday evening, could not have been found in the state.

THE QUESTION OF ACCEPTING THE WORK CAME UP. The city attorney said the estimates had been accepted, which was accepting the work. Caswell and Moshbacher said they did not understand they had been accepting the work.

MULVANE & KEPLER ALLOWED \$2,000 ON MAIN STREET PAVING. Johnson submitted ordinance to regulate speed of electric cars in the business portion of the city. The ordinance requires a full stop before crossing any street.

JOHNSON SAID THERE WAS NO POLICE FORCE TO STOP THE CARS AND SEE TO IT THAT THE OLD ORDINANCE WAS ENFORCED. Caswell thought that the new ordinance was a little severe.

COFFIN SUGGESTED THAT THE ORDINANCE BE REFERRED TO THE RAILROAD COMMITTEE. Johnson said the cars were racing every day and liable to kill some one.

THE COFFIN MOTION PREVAILED. The slip ordinance, under the head of "health," was read, allowing transportation of garbage after 4 p. m. until 5 morning.

CARSON MOVED TO PLACE ORDINANCE ON ITS PASSAGE WHICH PREVAILED AND THE ORDINANCE WAS PASSED UNANIMOUSLY. The mayor announced Col. Jocelyn present who wanted to say something about paving bonds.

THE CLERK READ RECORDS ON APPROVING ESTIMATES FOR DOUGLAS PAVING. The first estimate \$25,000, approved on motion of Glaze; second estimate \$13,000 and third estimate \$24,000 both approved on motion of Martin.

JOHNSON SAID HE APPROVED IF THE COMPANY MADE THE PAVEMENT GOOD THE COUNCIL WOULD BE COMPELLED TO PAY FOR THE PAVEMENT. Glaze inquired if it would be possible to rescind the action approving estimates.

COL. JOCELYN WAS THEN CALLED UPON AND INQUIRED WHAT INFORMATION SPITZER & CO. HAD GIVEN IN RELATION TO CROSS STREET PAVING BONDS. The letter was read, when Col. Jocelyn said he had understood Judge Wood claimed a separate ordinance and bond for each street.

JOHNSON SAID THAT AT THE TIME THE ESTIMATES WERE ACCEPTED IT WAS A "NICE, STRAIGHT STREET," AND ALL RIGHT. The city engineer said he had been ordered to bring in estimates, and he had done so, holding back 10 per cent.

When all the shoes with snow were gray, And all the earth with snow was white, I wandered down a still wood way, And there I met my heart's delight.

Where pheasants' feet and rabbits' feet Had marked the snow with tracks small, I saw the footprints of my sweet, The sweetest woodland thing of all.

Empty the woods are where we met— They will be empty in the spring; The robin and the violet, Will die without her gathering, But I dare dream one radiant day, Red rose wreathed she will pass this way.

Some Beliefs of the Armenians. The fact is that the Armenians are the oldest of the Christian people of today. They even claim that they have the holiest lands of the Bible. Those are in Asia Minor, south of the Black sea, and between it and Persia.

Matrimony Measured. In 1888 19 per cent of all the men married in Pennsylvania married women older than themselves. Eighty per cent married those younger than themselves, and the remaining 7 per cent took wives their own ages.

Ringling Noises

In the ears, sometimes a roaring, hissing sound, or whistling, like the report of a rifle, is caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also results from catarrh. Hood's Sarsaparilla, the great blood purifier, is a particularly successful remedy for catarrh, which is cured by eradicating from the blood the impurity which causes and promotes this disease. Try

Catarrh

I had Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noise in my ears, and pain in the back of my head. The effect to clear my head is similar to the effect of the medicine in the case of my wife. Hood's Sarsaparilla gave me relief immediately, while in time I was cured. I can never speak without the medicine in my house as I think it is worth its weight in gold. Mrs. G. B. Gipe, 125 English Street, N. W. Washington, D. C.
