DIVISION HEADQUARTERS MOVED.

The Office of the Santa Fe Southern Division is moved to Wellington.

It is stated on good authority that the headquarters of Mr. Parsons, superintendent of the southern division of the Santa Fe will be moved from Wellington to Wichita within a few days.

The southern division which will have headquarters here embraces about 1,000 miles of road going to Parcell on the Galveston line and taking in the lines in the southwest. It is thought, however, that within a short time the division will be cut down to about 700 miles which will more nearly conform to the ability of one man to handle successfully.

A VERY ACTIVE CUSTOMER.

John Conly had quite an experience with a customer last evening. He was so badly frightened that very soon he went home and fell in bed. He admitted in a whisper last night that he had not been scared so bad since the war.

Everything was quiet just before the after-snapper trade. A well dressed woman of apparently 25 years, brunette to a finish, and with a special of nervous troubles were in great demand. The plodding Tobias was also in the same little boat. He also went home and alternated hot bricks and cold cakes at the foot of the bed.

THE CHRISTIAN CHURCH FAIR.

The ladies of the South Lawrence Christian church opened their fair in the Sedgwick block last evening. Although the weather was somewhat inclement, the attendance was very good for the first night.

The displays are very beautiful and attractive, especially the designs in crocheting and fancy needle work. The display contains many articles appropriate for Christmas presents, such as tidies, quilts, sofa pillows, dolls, embroideries, etc.

A silver cup is to be voted to the most popular councilman of the city, voting to be continued until the close when the votes will be counted and the award made. A fine top buggy is to be drawn on Thursday evening and chances are sold at 50 cents each.

FIGURING ON SEWER RIGHT OF WAY.

The sewer committee of council held a meeting yesterday morning and considered some right of way matters. There is yet about seven hundred feet of right of way to be secured. It is the "tough links." The property owners concerned would rather the straight lines go around them.

Some are afraid of the sewer and some want money to ally their fears, while others are not prepared to take money and run chances of having by day and night a constant reminder of a bad trade. The sewer committee, however, is figuring quite lively under the inspiration of a reminder from the council Monday night.

The members of the council not on the committee claim they are pounced upon daily by property owners who want the sewer completed or at least the objectionable features increasing to be removed. They not being on the committee could insist on the work being rushed along. The sewer contractors also claim to have an interest in the matter. They represent that they could have gone ahead and had the job completed many months ago had the council furnished the right of way. They have been somewhat disturbed over the delay and in due time may apply for damages.

WANTS SOME LEGISLATION.

Wichita division H. O. R. T. is taking the initiative steps toward having a law passed making the telegraphic profession subject to certificates issued by a state board of examiners showing thorough proficiency in the profession, under the same principle that dentists and pharmacists now are compelled to do. They take the position that while an incompetent pharmacist might kill one or two persons in making a mistake, an incompetent tele-

graph operator might kill a hundred the one he makes, and, therefore, that profession has much greater need of a state regulation than any other.

The order held a meeting last night which was attended by quite a number from surrounding towns. It was decided to go before the next legislature and ask for a law in the direction mentioned.

CARONADO DIRECTORY MEETING.

Cured the patient and got left on pay. Was mad when he left the house. Attempted to vent his feelings on his horse, when the animal objected and gave him a runaway of a mile. By that time the aforesaid physician was not so mad. After breakfast he thought the matter over and concluded to get mad again and remain in that condition for one week.

Having lived here a number of years he feels very much at home here and possibly he would never have left for the cattle ranch in Arizona had he known Wichita was likely to grow so rapidly.

HE TOOK IT HARD.

A Midnight Visitor Who Was Decidedly Down on His Luck. My room in a Virginia hotel was a large one, and the bed stood in the middle of it. As I lay on my right side I faced two windows opening out on a veranda. At 1 o'clock in the morning a sudden draught of air woke me up from a sound sleep. It was bright moonlight, and a man had just entered one of the windows. I carefully lifted my hand and clutched the revolver under my pillow, and then I waited to see what the intruder would do. He kept perfectly quiet for five minutes, and then tipped over and took up my trousers. There was bright moonlight, and a man had just entered one of the windows. I carefully lifted my hand and clutched the revolver under my pillow, and then I waited to see what the intruder would do.
