

BITTING BROS.

You cannot always have the luxury of a dip in the deep, deep blue sea just when you want it, but it isn't necessary to put your head under a pump to keep cool. Try one of our \$5.00 French Flannel coats and vests. At the beginning of the season you could not have bought them under \$7.00. We have knocked the props from under the old prices because it is cheaper to sell at a reduction now than to store them away until another summer comes along. The same reductions apply to our straw hats, summer underwear. We have some very fine imported French and English underwear that must go. Night shirts for men and boys; trunks, valises, collars, cuffs, neckwear. A manufacturers line of fine suspenders at one-third off.

Agent for Harrison's Strictly Pure Ready Mixed Paints at \$1.75 per gal. These paints are the cheapest, go farther and do better work than any other Paint made. We also have lower priced mixed Paints for temporary jobs. Agents for Carter's Strictly Pure White Lead, made at Omaha. We buy in car load lots and divide the saving with our customers. 12 1/2 lb kegs 90c 25 lb kegs \$1.75; 50 lb kegs \$3.50; 100 lb keg \$7.00. Discount to the trade in 500 to 2000 lb lots.

I have a list which I will gladly show you, of over Eighty adulterated brands of SO-CALLED WHITE LEAD, some of which do not have a particle White Lead in them, as shown by Actual Chemical Analysis, and the best of them contain not more than 20 per cent of Actual White Lead.

Here is a simple test for Strictly Pure White Lead: Place a little of the suspected article on a piece of charcoal in a cup shaped cavity; take an alcohol or a gasoline flame and turn on a blow pipe flame from this, and if the lead is strictly pure you will burn away the oil and melt the metallic lead out of the sample, but if adulterated even to the amount of 5 per cent, you will get no metallic lead.

This is the blow pipe test, and the CARTER, OMAHA, STRICTLY PURE, will stand this test. I have often melted lead out of it with a match.

The CARTER is not in the "Trust," that's why I can sell it so cheap. In Varnishes, Stains, House and Carriage Colors, I carry the largest and best selected stock in Kansas.

Call and we will give you much valuable information on Paints and Varnishes that cannot be included in a newspaper ad nor a common circular. And while you are here look at our
