J. R. Hallowell returned from Topeka last night. A. H. Frazier of Greensburg is at the Manhattan. F. H. Steward of Ottawa is stopping at the Manhattan.

Miss Mamie Meade came home from Topeka yesterday. Elmer Bennett of Coldwater is a guest of the Metropole. James Potter of Yoda, Col. is stopping at the Occidental.

R. W. Jones of Kansas City is registered at the Metropole. Mrs. Victor Murdock returned from Topeka last evening. John Moffitt is here from El Reno. He is stopping at the Carey.

W. J. Mendenhall of El Dorado did business here yesterday. M. E. Phillips of Winfield, Kan., was at the Manhattan last night. N. S. Cozad and wife of Caldwell were visitors in the city yesterday.

Frank Pemberton of Winfield was registered at the Carey yesterday. E. M. Wood of Anthony is a guest of Louis Wilber at the Metropole. Richard A. Haste of West Superior, Wis., is a guest at the Metropole.

C. W. Heady and wife of Finley were guests at the Occidental yesterday. J. P. Ferlin of Kingsbush did business in the Peerless Princess yesterday.

J. B. Campbell of Hennessey, O. T., is amongst the arrivals at the Metropole. Mrs. M. Smith of Mt. Hope was a visitor in the city last night, and stopped at the Occidental.

Miss May Byrne of Vinton, Ia., is visiting her aunt, Mrs. Scott, of 610 South Water street. N. J. Cuddy of Hennessey, O. T., was a visitor in the city yesterday, and registered at the Manhattan.

Mrs. M. A. Taylor left Thursday evening for Kansas City, Mo., to visit her sister and other relatives. The Misses May Hatfield and John Bright have returned from their holiday visit with friends in Sedgewick.

Mrs. A. H. Newton of Americus, Kan., is in the city staying with the Johnson children while their mother is away. Mrs. Connelman Leverage is quite sick with a bad case of la grippe. She has been laid up for two weeks.

Captain Edwards returned yesterday from Evansville, Ind., where he had been on a visit to Mrs. Edwards, who is spending the winter there. J. W. Collins, conductor on the Rock Island train south of Caldwell, was in the city yesterday, accompanied by his sister and Mrs. Easty of Caldwell.

The Salvation Army are now holding their quarterly services over the Golden Eagle clothing store, having given up their old headquarters to Steele & Walker. Will Penroe has returned to this city from a three months' sojourn in Texas. He says he will now settle down in Kansas and never again leave the sunny state.

There is a lull in weddings just at this time, but the next week or ten days will witness five or possibly six society weddings. There are some surprises in store for the society circles. Two Indian prisoners came in last night and were taken to the county jail, where they have taken permanent lodgings. They were brought up from the territory by a deputy United States marshal.

George W. Mayberry and Miss Mamie C. C. LaPorte both of Andale obtained the necessary documents from Judge Buckner yesterday, to shake off single blessedness and go through life together. The annual election of officers of the Kansas National bank will take place on the 12th inst., and it is said that Captain W. S. Corbett will succeed Colonel Lewis at the head of the institution as Mr. Lewis is desirous of retiring from active business. Collectors were out in force yesterday. The reporter ascertained a number while on their rounds to ascertain how collections were. The same answer came from each of these, which was this. They had never been better. They stated that there seems to be more money in the town than for years.

E. P. Phelps, James Deal, W. O. Woodring and George Robertson of Bentley, well known farmers and prominent business men of Eagle township, were here yesterday doing business at the court house. The gentlemen named report what prospects as excellent in Eagle township. Since the new year was ushered in there has been a scramble among young ladies to get up the first leap year party. The result has been that invitations are out for three already. These events all came off from a week to two weeks from now. Society young men are casting many shy glances around them these days.

Mr. John Schooner has returned to Wichita after an absence of six months. Last spring he left Kansas for Ohio, where he removed to reside. But he, like all others in his line, concluded that there is no place like sunny Kansas, and has removed to Wichita again. He will enter into a law partnership with Mr. Joseph Coates. R. A. Haste, Esq., a well known and prominent attorney of West Superior, Wis., is to the city on business. He was formerly a resident of Wichita, and states that he never saw the Peerless Princess with a brighter prospect and in a better condition than today. He is much impressed with the future greatness of the magical wonder. Miss Grace Carson gave a party last evening at her home 633 South Water street, it being her 18th birthday. A large number of friends were present all feeling that they had come to enjoy themselves. The evening was spent in music, games, and after which an elegant lunch was served. Leaving at a late hour the guests felt that they had not enjoyed themselves better for a long time.

NO MORE DIPHTHERIA. Diphtheria is a thing of the past and yesterday the last tag was taken down by Sanitary Officer Aspy. For some time there has been but one case in the city and that case was reported absolutely well yesterday. It is said that a new method will be adopted and that, therefore colored cards will be put up, for different forms of contagious diseases, should occasion ever require it. Children Cry for Pitcher's Castoria.

THE UNION STOCK YARDS.

The annual meeting of the board of directors and stockholders of the Wichita Union Stock Yards company, was held at the office of the company yesterday afternoon. No changes whatever were made and the same officers were re-elected. The board of directors as they now stand consists of the following well known gentlemen: J. O. Davidson, Talton Embry, W. R. Dulaney, C. Walker, and George L. Pratt. The officers of the company are: President, J. O. Davidson; vice president, Talton Embry; secretary, A. C. Runyon; superintendent and treasurer, W. R. Dulaney.

The business of the company has increased the past year and now pays to its owners a semi-annual dividend of 1 1/2 per cent. There never was a time when the shippers and cattlemen realized the fact that in the Wichita market they have truly a home market, at which prices are at all times such that they will compare favorably with Kansas City prices. Farmers have learned that it does not pay as a rule to send their stock to an eastern market when they have a good, live and active market so near home.

The opening of the year 1891 augured badly for a good business, as corn was not very plentiful in the state at that time, the corn crop the previous year having been a partial failure. But the year closed all right, and for the last three or four months an immense business has been transacted at the Wichita yards. 3,500 hogs per day was not an uncommon occurrence within the past few months, and with two good packing houses, both running at a good capacity, there was no trouble, whatever, in finding sale for all the hogs that came in.

The receipts of this year compare favorably with the previous year. 3,950 is the number of cars of stock brought into the yards the past year. The receipts for 1891 were: Native cattle..... 27,489 Hange cattle..... 68,513 Total..... 96,002 Hogs..... 275,943 Horses and Mules..... 1,730 Sheep..... 1,400

COX-BASON. A pleasant wedding took place at the residence of Mr. W. H. Rison, on the West Side, on Wednesday evening, at which event the life and destinies of two worthy young people were linked in the holy bonds of wedlock. Rev. Miller of Anderson officiated, and pronounced the solemn words which made Mr. Alexander B. Cox and Miss Orilla Rison husband and wife. Among the guests at the wedding were Mr. and Mrs. J. C. Kennedy and daughter, Mr. and Mrs. V. Stiles and daughter, Mr. Miller, Miss Nannie Baker, Miss Etta Newell, Miss Otto Retou, Mr. and Mrs. Williams and Miss Williams, Mr. Toren Miller, Dr. Burton, all of Anderson; Mr. and Mrs. Shank, Misses Jennie and Ollie Trapplet, Miss Etta Brown, Howard and Ellis Brown, Mrs. Warner, and Miss Bonnets of Burton. The happy couple received many handsome presents.

IT WASN'T ATTEMPTED SUICIDE. It was reported around town yesterday morning that John Bamberger, "mine host" of the French Kitchen on North Main street, had committed suicide, but upon investigation the report was found to be unfounded. Mr. Bamberger took violently sick during the night and a doctor was sent for who investigated and found no traces of poison whatever. He was much improved last night and will probably be well again in a few days. Mr. Bamberger's friends "popo" the idea that John would try to commit suicide at this time when there is such a good future in store for the business men of Wichita.

WILL LOCATE HERE. H. P. Hagerman of Stafford county, sold his farm a few days ago and has very wisely concluded to put the \$3,800 he received for it into a stock of groceries which he will open up in this city on the 29th inst. Mr. Hagerman has lived five years in Stafford county and found farming profitable, but he was engaged in business all his life before going to farming, at Fort Wayne, Ind., and he thinks business life will be more congenial to his taste. He finds it difficult to find a suitable building to do business in and will very likely buy out a business already established.

Mr. Talton Embry of Cincinnati, who has been in the city the past few weeks on his annual visit, returns to his home this morning. Mr. Embry is one of the wealthiest young men at his home, and is engaged in the commission business at Cincinnati, Louisville and Covington, Ky. He was formerly of this city and is well known in the city. He reports a pleasant visit and says that he has more confidence in Wichita at this time than ever before. Wichita, he says, is a great city and time will prove it. While here this time, Mr. Embry added to his already large investments here.

Theodore Wise, a rustling merchant from Bentley, was in town yesterday on business with our wholesale people. Mr. Wise is a magistrate in Eagle township and the present postmaster at Bentley.

Declined the Passes. The presentation by Sir Edwin Arnold and the manuscript of a meritorious and intrinsically valuable poem to the Lotus club recalls an incident that marked the visit of Henry Irving to this city in 1889. Like Sir Edwin, Mr. Irving had been an honored guest at a Lotus club banquet. The enthusiasm of the lotus eaters is boundless and their hospitality is proverbial. Sir Edwin, in the enthusiasm of the moment, presented the club with the manuscript of a poem for which he had been offered a large sum of money. Mr. Irving, after enjoying the hospitality of the club, insisted on presenting each member with an annual pass to the Lyceum theater, in London. The limitless possibilities of such a presentation impressed certain members of the club to such an extent that they undertook the task of prevailing upon each member to send a note declining the proffered favor. Mr. Irving's impulsive generosity was thereby saved from very expensive consequences.—New York Times.

The Length of Your Talk. The latest achievement of the pedometer is to measure the amount of space the chin travels over in the course of a day. It was reported that a New York woman recently tied a pedometer to her chin and found to her great surprise that she had talked twenty-five miles between breakfast and lunch. She was so embarrassed over the result of the reading of the pedometer that she would not tell what she had been talking about. It might have been the children, it might have been the servants, but more than likely it was a talk with some dear friend on what to wear this season.—New York Advertiser.

Long Needed. Papa (reading)—A new kind of cash register has been invented which logs off the fingers of those who meddle with it. Small Son—What's a cash register? Mamma (quietly)—It's a contrivance for putting in sugar bowls.—Good News.

Cores of carbon are now being used in castings. They are made similar to electric arc carbons, but are softer and more porous. They are said to be very durable, do not lose strength or shape, and the work from them finishes up better than that from sand molds.
