A SURE SIGN. The business of the Postoffice last year showed a big gain over 1890. The street and best sign of an increase in the business of the city is the increase of the business of the postoffice.

There is one suggestion that might be offered in this connection, and that is that the only positively safe way to send money through the mails is in the shape of a money order. It gives the postoffice officials more trouble, but in the case of the Wichita office, no one need abstain from that practice for the reason stated, as Mr. Jewett would much prefer to endure the extra work in order to insure absolute safety.

BASE BALL PLAYERS. W. R. Jenkinson is in the city with a view of leaving Wichita after the Kansas-Oklahoma league of base ball clubs.

The league meeting takes place at Arkansas City, March 3, and there is no doubt that the meeting will be well attended. The present intention is to form a six-club league as follows: Wichita, Winfield, Arkansas City, Wellington, Guthrie and Oklahoma City.

The plan is a feasible one and recommends itself for its avoidance of objectionable features, such as large salary lists for players, the fact that the local men are the only salaried men will be a better and an extra pitcher, a strong salary limit will be enforced while uniform good games can be depended upon.

"CAPTAIN KARL". The Grand opera house opened its doors on Saturday night to standing room only. The fact is significant because the attraction was Charles A. Gardner, who has met with success on the road for several seasons but who has never played at this house.

Gardner is by all means an actor who is considered a strong attraction. His German dialect work has been of exceptional good success and his singing has won for him the praise of audiences and the applause of thousands.

HOOD'S SARSAPARILLA. I have had it for a number of years, and for the past year or so my legs, from the knee down, have been broken out very badly. I took Hood's for a long time with no good result, and was at one time obliged to walk with crutches. I finally concluded to try Hood's SARSAPARILLA, and before I had taken one bottle the improvement was so marked that I continued until I had taken three bottles, and am now better than I have been in years. The improvement has all left my leg and it is entirely healed. I have had such benefit from
