Mrs. F. H. Robertson is at her old home in Hartford, Conn., for the summer. Frank Wilcox, a loan agent of McPherson, did business in town yesterday.

Hon. James Hamilton of Nashville spent last night in the city on business. Mrs. R. P. Murdock has gone to El Dorado for a few days visit with relatives.

N. R. Light of Winfield was in town yesterday. Mr. Light is a bicycle enthusiast. Chas. Collins of Hutchinson is in the city visiting Mrs. Jackson on East Central avenue.

Mr. D. J. Wallace of the Whitaker Packing Company has gone to Chicago for a few days. A large and merry crowd went to Riverside park last evening and had a jolly time picnicking.

Miss Mauda Stoner of Chicago, a niece of Conductor C. P. Elliott, is visiting her uncle at the Carey. The district court will convene this morning, after three or four days adjournment on the fourth.

Mrs. B. B. Waters of Coffeyville, is in the city visiting Mr. and Mrs. E. F. Dunn on West Third street. Fairmount should have been held to the original design of its founders—a school exclusively for girls.

Mrs. M. Sommers left for Wellington yesterday where she will spend several days visiting friends. Rev. Stewart of Eldorado, the Presbyterian minister of that city, was here yesterday on business and pleasure.

The Irish people of the city are contemplating giving a picnic somewhere near the city about the middle of August. Eugene McCoy came home from Denver in the fourth and spent a few days visiting his parents. He returned yesterday.

A little boy riding a bicycle had a narrow escape last night on North Main street from being run over by a team of horses. Mr. Quincy Brown of Augusta, and a student at Winfield in the Southwest Kansas college, is in the city visiting friends.

Fred Ackerman and a party of merry people went on a fishing excursion yesterday. They promised their friends a nice lot of fish. Miss Runetta L. Ross returned Saturday evening after four weeks' sojourn in Arkansas City, Oklahoma City and El Reno, O. T.

The little river is well up now and every night moonlight boating parties are a treat. The river is in splendid condition at present for boating. Mike O'Shea, the first city marshal of the city of New Kiowa, was in the city yesterday. Mike ran Kiowa during the six which tried men's nerves.

THE TOURNAMENT FINISHED

And the Wheelmen All Leaving With New Words For Wichita. The wheelmen's tournament ended at 6 o'clock last evening, and they are all satisfied with the result.

Yesterday's entertainment consisted of races exclusively, the balloon people having gone home to Canada. THE RACES. The following is the result of the races yesterday in brief:

First race—One mile ordinary, open. Entries, Canfield of St. Louis and Henley of Wichita. Won by Canfield in 3:13. Second race—One mile ordinary, open. Rule and Milford of St. Louis entered. Won by Milford in 3:19.

Third race—Five mile safety, open. Entries, Kenderdetter and Milford. Won by Milford. Time, 16:35. This was a pretty race. The men stayed tight together for the twenty laps and won only by two feet.

Fourth race—One-half mile safety, open. Entries, Kenderdetter and Henley. Kenderdetter won by five feet in 1:35. Fifth race—One mile safety, dismount every quarter. Entries, Millison of this city and Lipman of Fort Scott. Won by Mr. Millison in 3:59.

Sixth race—One-half mile safety handicap. Entries, Canfield fifty yards, Millison twenty five yards, Kenderdetter ten yards, Rule scratch man. This was a very hot race and provoked a good deal of excitement among the spectators as well as the wheelmen.

Seventh race—One-half mile safety. Entries, Ross Miller and Tom Cavanaugh. Miller won in 1:35. This is considered by the wheelmen to be very creditable time for a boy of his size and age. Eighth race—One mile ordinary, state championship. Entries, Henley of Wichita and Glenn of Topeka, Kansas.

Ninth race—One mile ordinary, state championship. Entries, Campbell and Kenderdetter. Campbell won by three feet in 3:15. A consolation bicycle race was run with three entries; distance one-half mile. K. Balling of Newton, Willie Lovsland and Dave Campbell of this city were the participants.

Tenth race—One mile ordinary, state championship. Entries, Henley of Wichita and Glenn of Topeka, Kansas. Glenn set the pace for a half mile and was passed by Henley with a magnificent spurt. Henley won the race in 3:22. Hurrah for Henley! The ninth race of yesterday was the eighth race of the day before, one mile safety. Campbell and Kenderdetter were the entries. Campbell won by three feet in 3:15.

A consolation bicycle race was run with three entries; distance one-half mile. K. Balling of Newton, Willie Lovsland and Dave Campbell of this city were the participants. Balling came in first, Lovsland second and Campbell third, each one getting a prize. Time, 1:43. Notes. Mrs. Kenderdetter and a horse. Henley rode a mile against P. H. Chapin, Shelly's racer. The wheelmen relieved each other at the end of the half mile. The horse won in 2:38; the wheelmen's time being 2:41.

The last race was the most exciting and interesting one of the day. It was a mile race between wheelmen and a horse. The wheelmen were Millison and Rule, the one receiving the other at the end of the half mile. When the race ended, Rule and the horse, Shelly's P. H. Chapin, came home almost together, Rule leading by a few feet. Millison made the first half mile in 1:40; Rule made the other half mile in 1:45, while the horse made the mile in 3:38. It was a great race.

The cigars given as prizes in Tuesday's races were donated by the Cigarmakers union of this city. The prizes were awarded last night at Thomas Shaw's. Many of the visiting wheelmen left for home last night and the remainder will leave this morning.

The ladies band of Humboldt made many friends individually while here. The bicycle track at the fair grounds will be kept up by the association and will be used hereafter for pony races and etc. LEWIS ACADEMY. To the Editor of the Eagle: The board of trustees of this institution have made arrangements to fill the vacancies which occurred in the faculty and have added the names of Mrs. Julia F. Dunn in the department of music, Miss Jekyl in art. These ladies are well known in Wichita as artists and need no words of commendation to the citizens, either as to qualification or worth.

Professor Barber is elected to fill the chair of mathematics. He comes to us highly recommended as one competent and well fitted for work in this department. The catalogues are now in the hands of the printers and will soon be ready for distribution. Professor Barber is looking forward to a successful year's work. While at Winfield recently he secured several new students. He is ready at all times to give information regarding the school, as to course of study, etc.

The work of this school speaks for itself. While it is only in its infancy, being but six years old, those who have gone out from its walls have done well in their classes in the leading institutions of this country. Several of the former graduates have recently returned home to spend their vacation, and are glad, as well as proud, to testify to this fact. Lewis academy being the first, the oldest and best school of the city of Wichita, will not doubt, have the largest patronage in the coming year. It is so centrally located as to be very convenient to pupils in all parts of the city as the car lines are convenient, bringing pupils within one or two squares of the building. The present prospect of the crops also insure a liberal patronage from the surrounding country and neighboring towns with abundant harvest and better times a large attendance is confidently expected at Lewis academy in the coming September. ACADEMY REPORTER.

SAM SMALL'S LECTURE. The lecture which Sam Small is to deliver in the First M. E. church Friday evening of this week has been characterized far and wide, by both the secular and the religious press, as a most eloquent and thrilling lecture. It shows Sam at his best, and when at his best he has no superior, it indeed, any equal. This excellent opportunity to hear one who has stirred the souls of thousands with his wonderful words, and his vivid descriptions, should not be lost by persons enjoying a high grade of public oratory. No one will go away from Sam's lecture without feeling that he has been in the presence of a great personality. Tickets, with reserve seat coupons, can be had at Hyde & Humble's book store.

A party of picnickers will go out to Linwood park today. After a pleasant day they will return by moonlight. The party comprises eighteen young people. There will be an important meeting of the directors of the board of health at 6 o'clock this afternoon. A full attendance of the members is earnestly requested. F. A. DAVIS, CHAS. E. POTTS, Secretary, President.

FOR WHOLESALE STEALING.

Harry Appleby, a bad man from Texas and the Indian Territory, is behind the bars in the city prison. He was arrested yesterday by Chief of Police Burrows and Officer Ben Reynolds in a second-hand store while trying to dispose of the goods he had stolen.

Appleby, it seems, came to Kansas for the benefit of his health and to work for a man named Haycraft, who resides near Derby. He was hired for a month, at the end of which time he was to get an \$85 pay. Day before yesterday he got tired while his employer was in the city and concluded to take the pony, which he did. On the road some distance from the farm he met his employer's son, who was washing on horseback in a good saddle, which immediately attracted the eye of the Texan. He made the boy dismount, removed the saddle to the back of the pony, and bid the youth a fond farewell and departed. When night overtook him he went into the premises of another farmer along the road and stole there a suit and a set of harness. Both victims notified Chief Burrows with the result above stated. The property is of sufficient value to send the man from the Lone Star state to the Kansas penitentiary for a term of years, and, as the evidence against him is positive, there is no doubt but what he will go over the road.

A MIGHTY GOOD RECIPE. The following recipe read by Mrs. D. S. Hersey before Hyattia last week may prove of inestimable value to the ladies who were denied the privilege of listening to the excellent advice contained therein. It is as follows: "In buying your husband do not be guided by the silvery appearance, as to buying mackerel, nor by the golden tint, as if you wanted salmon. Be sure and select him yourself. Do not buy a mackerel to market for him, as the best are always brought to your door. It is far better to have none unless you will patiently learn how to cook him. A preserving kettle of the finest porcelain is best, but if you have nothing but an earthenware pickin, it will do with care. See that the linen in which you wrap him is not washed with alkali, with the required number of buttons and strings neatly sewn on. Tie him in the kettle by a strong cord called comfort, as the one called duty is apt to be weak. They are apt to fly out of the kettle and be burned and crushed on the edges, since, like crabs and lobsters, you have to cook them while alive. Cook a clear, steady fire out of love, neatness and cheerfulness. Set him as near this as seems to agree with him. If he sputters and crizes, do not be nervous. His bubbles do this until they are quite down. Add a little sugar in the form of what confectioners call kisses, but no vinegar or pepper on any account. Put on a very sharp instrument into him to see if he is becoming tender. Stir him gently; watch the while lest he lie too flat and close to the kettle, and become useless. You cannot fail to know when he is done. If thus treated you will find him very digestible, agreeing nicely with you and the children, and he will keep as long as you want, less you become careless and set him in too cold a place."

INSTALLATION OF OFFICERS. Last evening the officers of Elizabeth Lodge No. 20, I. O. O. F., were installed for the present term. After the installation exercises which were quite impressive to numerous visitors, an excellent literary program was rendered as follows: Recitation—Miss Lottie Parsons. Vocal Solo—Mr. E. B. Walden. Recitation—Miss Mary Hueston. Vocal selection entitled, "Throw Out the Life Light" by Mr. J. G. Donahall with the audience joining enthusiastically in the chorus.

The solo by Mr. Walden was pronounced excellent, and he was heartily cheered to which he responded to the entire gratification of the audience. All enjoyed the dainty refreshments of ice cream and cake. The officers were installed as follows: My Denton, N. G.; Annie M. Applegate, V. G.; Sarah L. Shaw, recording secretary; Frank Dunkin, permanent secretary; Mary A. Mills, treasurer; Elizabeth Parsons, warden; R. L. Denton, conductor; M. A. McMullen, R. S. to F. G.; Ellen Ward, L. S. to N. G.; Della C. Clark, R. S. to V. G.; Lydia Sieppner, L. S. to V. G.; Millie Woodcock, chaplain.

NO COMPARISON. Mr. Nat Houston yesterday returned to this city after a month's absence. In that time he has traveled extensively and visited eleven states and territories. He states that Indiana, next to Kansas, has the best fields of wheat. The wheat crop is particularly poor in western Iowa and eastern Nebraska, and the average, he said, anywhere, was poor. The wheat in Kansas looked fairly well in Iowa and Nebraska, but none of it can compare with the corn of Southern Kansas. The products of every kind are better in Kansas today than in any other state.

Mr. Houston says that Kansas is the greatest and best agricultural state in the Union, and all that is needed to make the best cattle raising state is for farmers to sow some grasses. In states where timothy and clover grow as our wild grasses do here, the cost of fattening cattle is just one half of what it costs here. He thinks that an organized and systematic movement should be made on this line by the farmers of Kansas.

LIGHT INFANTRY INSPECTION. The semi-annual inspection and drill of the Kansas National Guards of this city took place last night. Colonel J. H. Ricksecker of Sterling and Captain Heisington of Newton were the inspection officers and found things in a fairly good condition. The great trouble with the light infantry boys is that they have lost interest in the business. The militia was treated as a far and when it lost its run, it was dropped the same as all fads are. The light infantry were at one time the pride of Wichita and as Adjutant Roberts said, the state. Why they thus should retrograde is hard to comprehend. If every one will help to revive the company and infuse a little more life into it, it can be brought back to its former standard and next year attend the world's fair, a credit to the state.

OVER THE COUNTY. Mayor J. B. Carey and Mr. F. E. Parmenter have returned from a sixty mile drive into the country. They drove out to the west part of the county and then circled north and east covering over sixty miles. They say that words can not sufficiently describe the general scenery they saw. The wheat is in good condition, as fifteen miles west of the city. After that about three fourths of the wheat crop has been taken in. They saw two large fields of oats which had been harvested. The acreage of oats is much greater than last year, in fact, it is greater than was ever seen in this county. The quality of the oats is also very fine. They saw several fields where corn is in tassels and describe the work in growing terms. They say a drive over the country will do any man good, and a stranger will pronounce it the best country in the union.

BOARD OF TRADE. There will be an important meeting of the directors of the board of trade at 6 o'clock this afternoon. A full attendance of the members is earnestly requested. F. A. DAVIS, CHAS. E. POTTS, Secretary, President.

THAT JAIL DELIVERY.

The Birds Still at Large With a Sheriff's Possess Searching for Them. Pete Snyder and John Bly, the two men who made their escape from the county jail last night, are being sought by Sheriff Ault and a number of deputies are scouring the country for them, but as yet they have not found any important clue to their whereabouts or the direction they have taken. Deputy Sheriff Jim Williams looked wise last night, but had nothing to say, all of which indicated that he might be able to give some important information if he thought it judicious. It is generally thought at the jail that Bly will be captured, but only Jailor Duncan and a few more have any idea that Snyder will allow himself to fall into the hands of the law again. At the jail it is rumored as a smart, shrewd fellow, who has sensed enough to keep out of the way of the officers, Charlie Duncan religiously believes that Snyder will be captured, and his faith may be said to be based on a species of superstition. About half an hour before the escape he and Snyder had a talk together in which Snyder said that his days were about numbered and that he would not be long in jail. There was something peculiar about the way he made this statement which made Mr. Duncan take interest in him. He surveyed him from head to foot and made a mental portrait of everything about him. He did not do this on purpose but he found the desire to do so irresistible. It was this survey that enabled him to give Sheriff Ault a description of Snyder so accurately that no one who sees a man can fail to recognize him. Charlie thinks there is something about the name in which he got this description that forbids the capture of Snyder. The whole thing, thought Sheriff Snyder and Bly escaped was made by the cutting of a single iron bar. It is six and a half inches wide by fifteen inches long and it is really a mystery how two men could go through it. The head of a man who wears a 7 1/2 hat could not possibly go through it to say nothing of the body. The supposition is that the pair were helped to escape by friends on the outside as well as by friends on the inside. Several gentlemen made a test yesterday and it was found impossible for even the smallest of them to go through unless he was pulled from the outside and pushed from the inside. The officers have their suspicions about both the friends on the outside and on the inside. Snyder left on precisely the first anniversary of the day he was arrested in California. Cards containing the description of the man were sent out yesterday by every officer in southern Kansas and Oklahoma.

AMONG THE BUSINESS MEN. A large new sign is going up over the door of the dry goods house of Innis & Ross. Tom Fitch and James T. Dorsey are at Topeka attending the Democratic convention. A. W. Biting was one of the most interested spectators of the bicycle racing during the tournament. The undertakers of the city are having no business at all this week. They say there is nothing dead about their places this week.

President Potts of the Board of Trade, who lived for a number of years in Cincinnati, says he never saw anything there to excel the trades display made here July 4th. Davis & Foults have supplied the show window of their store with a number of incandescent lamps which, when lighted every night, gives the place a very brilliant and attractive appearance. Henry McKay who has been Dorsey's clerk for the past three or four years, is now counting eggs, measuring potatoes, etc., at George Knoors.

Miss Mollie O'Brien, stenographer for Robert Williams, the broker, is visiting a sister in Illinois for a couple of weeks. The busiest place in town this week is in the farm implement quarter of the city. The trade now is principally on binding twine and twine twines. It is now, at any hour of the day waiting to get loaded with twine.

COURT NOTES. The probate judge hasn't had a candidate for matrimony since last Saturday. This is the longest "let up" in the marriage licence traffic of the year. Register Barrett says the list of property transfers is steadily increasing for the past month. Professor D. S. Pence desires it understood that his name was not placed before the recent Republican convention at all. The colored boy who stole the Murdock excursion tickets from Fred Riclit has been sentenced to thirty days in jail by Justice Jones.

The local court judges say that business in their line, of a criminal nature, has not been so quiet for some time, and it is now. The county commissioners are in regular session and the boys will soon draw their salaries. The case of the state vs. Rutherford will come up in Judge Muesler's court this afternoon. Rutherford is charged with stealing \$10 at the Riverside hotel some weeks ago from a guest.

RAILROAD ITEMS. The Santa Fe company took down an immense force of men to Chilocco, Sunday, and pulled up the track that led to Bushyhead on Sunday night. They did this work on Sunday night because they found a special delight in breaking the Sabbath, but in order to avoid having an injunction served on them. This move on the part of the Santa Fe kills Bushyhead's querrying interests and will have considerable bearing on the controversy between the executive of the Santa Fe and his right to use the land for any purpose except that of an Indian outfit.

George McCabe of Springfield, Mo., an employee of the Frisco at that point, was in the city yesterday. Trainmaster C. B. Strom of the southern division of the Santa Fe, will spend his vacation in New York this summer, while Trainmaster George Hawks will go to Colorado. Colonel E. J. Tally, the Santa Fe dispatcher, who started for Ireland some two or three weeks ago, was a passenger on the steamer that got partially wrecked in the west coast of Kerry. He escaped all right.

INSTITUTIONS MUST PAY. Internum Revenue Collector Robert McCashe of this city has received instructions from the internal revenue commissioner at Washington to compel institutes for the cure of the liquor habit to take out a retail liquor license for the future. The commissioner acts on information that in the treatment liquor is given to patients and vice versa. He said that if a man is brought to the institute to be treated, he is given a license to sell liquor. He has been here often and has great faith in the valley.

L. Smyser of Ketchikan township is in town yesterday. He reports a large amount of wheat in shock in his township. The harvest is a splendid one and the yield will be a very large one. The corn is simply blowing out of the ground.

BACK FROM OMAHA. County Commissioner Hayden arrived home from Omaha yesterday where he was attending the populist convention which opened last night. He said that it was difficult in getting into the convention hall experienced by Kansas men as they had been extended every privilege on the record made by them two years ago. He has been here often and has great faith in the valley.

E. P. Thompson of Ketchikan township, a prominent farmer was here yesterday on business. Mr. Thompson is enjoying a visit from his nephew, a well known business man of Topeka. The latter gentleman is well pleased with the country. He has been here often and has great faith in the valley.

The Ladies' Missionary society of the Lawrence Avenue Christian church will meet with Mrs. J. M. Moore 1327 South Lawrence avenue, this afternoon at 2:30. A very cordial invitation is extended to all to be present.

THE PITTSBURGH RIOTS CAUSED AN UNUSUAL amount of interest in this city last evening. Probably fifty inquiries with reference to the situation there came in over the EAGLE telephone wire, between 8 and 10 o'clock last night. The sympathies of the inquirers seemed to be unanimous against the Pinkertons.

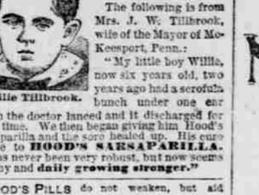

There is a man in Wichita who claims the distinction of sleeping under the same blanket with General Weaver, the People's party candidate for president, and he has the papers, so to speak, to prove his claim. Secretary McNair of the Southern Kansas Fair association says that prospects were never better for a good fair than they are at present. A field of horses will be here that has never been excelled in any state west of the Mississippi.

Jim Doyle, formerly of the Panhandle but now of the Pacific slope, was in the city yesterday on his return from a visit to friends in Ohio. Jim was present when Bar Masterson killed his first man, and gives an entirely new version of the affair. Men who have been through Illinois and Iowa recently say that the corn crop is very backward there compared with Kansas. He says there is finer corn at the foot of Water street than anything he has seen in his travels.

Miss Marion Shull of Pittsburg, Crawford county, is visiting friend in North Wichita. Mr. and Mrs. Heiserman contemplate moving out to Riverside in a few days where they will gain go to housekeeping. D. R. Rose, a prominent Alliance reformer of Sumner county, Bluff township, is a visitor in the city. J. E. Dean, an old Wichita boy, but for several years a resident of Caldwell, returned to the Border Queen yesterday after a visit, since Sunday last, with friends. The Grand Army folks are preparing for the reunion with promptness and expect to have an immense crowd of people here.

Miss Mary Edwards of Kansas City, Kansas, who has been visiting Miss Fowler here for some time yesterday afternoon. Col. E. L. J. Quinn and John L. Lee of Clark county were visitors in the city last night. They are prominent Democrats of that county. Several returning pilgrims from the Omaha convention were in the city yesterday. Among the number was Gilbert Forney of Ilielle Plaine. Thomas Moore was up before Judge Muesler yesterday for stealing a coat and vest. It has been stated that he bears no relation to the Irish poet.

Scrofula In the Neck.

The following is from Mrs. J. W. Tillbrook, wife of the Mayor of McKeesport, Penn.: "My little boy Willis, now six years old, two years ago had a scrofula, which the doctor lanced and it discharged for some time. We then began giving him Hood's Sarsaparilla, and his cure is due to HOOD'S SARSAPARILLA. He has never been very robust, but now seems healthy and daily growing stronger."

HOOD'S PILLS do not weaken, but add strength and tone to the stomach. Try them. 50c.

ODDS AND ENDS. Miss Hubbard of Denver, Col., is visiting Miss Hattie Noyes at her home on North Water street. Will Collier of Purcell, I. T., is visiting friends in the city.

Ex-County Attorney McBride of Sumner county, and his wife, were in the city yesterday the guests of Mrs. Josie Thompson. The populists will meet tonight to arrange a ratification of the Omaha candidates.

In his address at the banquet night before last Mr. Harris of Fort Scott said that he is personally going to labor with the next legislature to the end that something might be done for the improvement of roads in the eastern part of the state.

Several Democrats were in the city last night en route to Great Bend, where the congressional committee will meet today to decide on a time and place to hold a congressional convention.

The Pittsburg riots caused an unusual amount of interest in this city last evening. Probably fifty inquiries with reference to the situation there came in over the EAGLE telephone wire, between 8 and 10 o'clock last night. The fire alarm bell rang last night at 7 o'clock, and in two minutes company No. 2 was at the fire, which was located at 419 North Emporia avenue. They instantly put it out, with but very little damage done. The fire was caused by the explosion of a gasolene stove.

Mr. S. W. Hess of Hermosa and Hues left yesterday for New York to purchase an extra large stock for the coming fall trade. He was accompanied by his sister, Mrs. D. B. Hermosa and her daughter, Marian, and Mrs. L. Smith, who will spend the best part of the summer at the pleasure resorts of the Blue Ridge.

A fire was discovered early yesterday morning in the out-house at Colonel Weitzel's home. The fire department responded but these eight buildings were consumed in less than 20 minutes. The fire cannot be accounted for on any other theory than that of a smoldering fire cracker. The loss was not very great although some clothes stored in one of the sheds were damaged.
