## BITTING BROS.

When You Get an Opportunity such as our Clay Worsteds Suits afford you, don't lose it. Chances like this come seldom and make short calls. This one happens to be by a large majority the best one we ever offered. There isn't any necessity for using complicated terms about it. Simple language and simple purposes go very well together and the simple facts of this case are that the buyer's side of the transaction is the winning side. You will in a moment realize the truth of what we say if you come and look at these suits in round and square sacks, cutaway and Prince Alberts. When you come, be prepared for the unexpected—unexpected lower prices than you could anticipate.

BITTING BROS.,  
One-Price Clothiers, Hatters, Furnishers  
126 & 128 - Douglas Ave.

## THE IRON SCALE SIGNED.

PITTSBURG, Aug. 10.—The differences between the iron manufacturers and the Amalgamated association have been amicably settled by mutual consent, and the threatened strike of the iron workers of this city and the west has been averted. Fifteen mills will resume at once, and other plants will start up as soon as the necessary repairs have been made. This is the result of a conference of the joint committee of the iron manufacturers and the members of the Amalgamated association today. By the terms of agreement, the basis of pricing remains at \$5.50 per ton, but the wages of the men in the finishing department have been reduced ten per cent. There are a few minor concessions in the other departments, but just what they are cannot be determined. There was a hard fight on the pricing scale, but the manufacturers finally consented to pay the old scale upon the workmen's demand for the Amalgamated association. Work will now be resumed here as soon as it is possible to get the mills in operation. While the settlement directly affects 25,000 or 30,000 skilled workmen in the Amalgamated association, fully 100,000 others are interested. The news of the signing of the scale was received in the city with great interest. The settlement only affects the Pittsburg district, but it is thought that the manufacturers of the entire country, including Mahoning valleys and the west will fall in line and sign the scale. The settlement does not affect the Homestead district in any way. The Carnegie Steel company has steadily refused to join with the other manufacturers in their efforts to reach an agreement without a strike.

## THE KANSAS RAIN.

TOPEKA, Kan., Aug. 10.—Dispatches from points on the Santa Fe system report heavy rains during the night and early morning over eastern and central Kansas, and at some points in western Kansas, viz. Dodge, Sterling and Great Bend. The portions of southeast Kansas about Girard and Cedarvale had no rain. At Wellington, Arkansas City and Chanute there were light rains. In the northwestern counties the rain was sufficient to save the corn crop. KANSAS CITY, Aug. 10.—The rain which fell last night and early this morning has done incalculable good to the corn crop. The reports would indicate that rain fell generally over the entire state. Heavy rains are reported at Abilene, Emporia, Strong City, Webber, Hutchinson, Peabody, Junction City, White City, Humboldt, Kinsley, Hamilton, Moline, City Center, Manhattan, Neosho Falls, Madison, Iola and Scandia. ARKANSAS CITY, Kan., Aug. 10.—This evening one of the heaviest rains of the season fell in this city. It came down solidly for two hours without a let-up. The rain was needed here, as it was getting very dry. However, no damage had yet been done to the corn.

## THE WYOMING STOCKMEN.

CHEYENNE, Wyo., Aug. 10.—Judge Scott today decided to accept bail from the stockmen, for the reason that Sheriff Kelly has absolutely refused to issue or guard them any longer. Consequently Judge Scott decided that they should be bailed in the sum of \$20,000 each for their appearance on Aug. 22, the day set for the trial. There were forty-two prisoners thus released.

## St. John's Military School, Salina, Kans.

Only boy's school in the state. Good table, beautiful surroundings. It came down here today. The People's party is a separate and distinct organization from the Alliance, the men placed in charge of it not being members of the Farmers' Alliance; hence the necessity of an auxiliary organization within the Alliance. The officers of the state grange and the Farmers' Mutual Benefit association also took part in the election. The policy agreed upon by the People's party is to have a separate organization. The sub-Alliance is to be organized in the People's party central committee are carried out a large part of the political work. The sub-Alliance is to be organized in the People's party central committee are carried out a large part of the political work.

## All Hallows Academy.

WICHITA, KAN. This institution, situated in a beautiful locality, is the only one of its kind in the city and furnished with all modern improvements, is under the supervision of the Sisters of Charity, B. V. M.

## Sisters of Charity, B. V. M.

The Curriculum is so arranged as to supply a complete education. Classics, Mathematics, Modern Languages and Science. Telegraphy and Stenography receive particular attention. Those desirous of pursuing a course in Art or Music only, may graduate in either with full honors. Board and tuition per session of five months \$75.00. For further particulars apply to Sister Superior.

## COLLEGE REPUBLICANS.

NEW YORK, Aug. 10.—President Burke of the College League of Republican clubs today issued an address in behalf of the league. The address says that the Republican College League has already made considerable progress in those states where it is organized, as well as to the regular Republican party organization; that active participation by college men in politics is the cause of the rapid growth of the party and the elevation of the standard of citizenship, and that the organization may become permanent and powerful. President Clark of the National League of Republican clubs has extended to college Republicans an invitation to participate in the national convention of the Republican League of the United States, at Buffalo on September 1 and 2. A session of the convention will be devoted to college men, and every young man in college, or eligible to membership, is earnestly urged to be present.

## AN INELIGIBLE CANDIDATE.

OMAHA, Aug. 10.—The State Republican committee will be called upon to fill a

## vacancy caused by the ineligibility of Rev. J. G. Tate, the Republican nominee of the state committee to be elected to the Legislature and the Legislature to take out naturalization papers within the time prescribed by law.

## THE IOWA THIRD PARTY.

DES MOINES, Ia., Aug. 10.—The People's party state convention meets here tomorrow. The main subject discussed seems to be fusion with the Democratic party. There is no unanimity of sentiment among the delegates on the question, but it is thought that they will not be averse to fusion.

## FUSION IN NEBRASKA.

PORTLAND, Ore., Aug. 10.—Speaking about the political outlook in his state, Governor Boyd of Nebraska, who is making a tour of the west, today said: "Cleveland will lose Nebraska. We shall not support him; he will vote for Weaver for the purpose of beating Harrison. I shall support Weaver, but I will not support Weaver, as there is no hope of straight Democratic success."

## GEORGIA DEMOCRATS.

ATLANTA, Ga., Aug. 10.—The Georgia state Democratic convention assembled here today at 12 o'clock and was called to order by W. Y. Atkinson, chairman of the state Democratic executive committee, who said that there was no opposition to W. J. Northen for re-nomination for governor, and he was nominated by acclamation.

## CROP CONDITIONS.

WASHINGTON, Aug. 10.—The crop reports of the department of agriculture show a slight improvement in the condition of corn, raising the monthly average of 81.1 in July to 82.5 in August. In only four years since the initiation of the crop reports has there been a lower August condition. In the case of the corn culture (1887) it was 78, declining to 66 in October. In 1890 it was 73.5, in August, 1888, it was 86.7, and in 1887 it was 80.5. A slight improvement is indicated in the states north of the Ohio river and a greater advance in the states west of the Mississippi river, except in Kansas, Missouri, and Nebraska. The condition is high in nearly all the southern states, nearly the same as in July in the broad west of the Mississippi river, and higher in the lower states of the Atlantic coast. A small decline is seen in the middle states. The following averages of the principal states are given: New York, 80; Pennsylvania, 86; a fair average of 80.9 to 87.3. The reduction is from 90 to 80 in Wisconsin, 82 to 87 in Minnesota and 90 to 85 in North Dakota. There has been a slight advance in South Dakota and Nebraska.

## THE CARNegie MILLS.

HOMESTEAD, Pa., Aug. 10.—Honors are easy in the struggle here this morning. The firm secured thirty-five new men to take the places of those who deserted the day before, and two or three additional men were secured to be operating smoothly in a number of departments, although the locked-out men claim that they have irrefragable evidence that the product is very costly and poor in quality. This, of course, the firm ridicules, and states that for several orders which were filled lately the product was of the highest quality. The firm is now operating at full capacity, and the product is of the highest quality. The firm is now operating at full capacity, and the product is of the highest quality.

## DELUCED COLONISTS.

WORCESTER, Mass., Aug. 10.—William A. Morrow of Pennsylvania returned yesterday from Costa Rica, with Gertrude Alwood, 11 years old, of Worcester, they being part of a colony which was taken there some three months ago by the Central American Land Colonization and Mining company of Hornellville, N. Y., and Hornellville, Costa Rica. The colony, they say, had to cut their way through a wilderness to the site of the proposed city of Hornellville. When "the city" was reached, the process of clearing was retarded by rain, and after a few weeks of exposure, the colonists were stricken with malaria, fever and cholera. Their food consisted mostly of cereals, and the only water fit to drink was rain collected in barrels. The site of the city was a swampy place, and the colonists were forced to live in a tent. The father died of the fever two weeks ago and was buried the same night. Mr. Morrow, whose health is badly shattered, brought the girl to her former home. She had been badly stung by insects and is under a physician's care. The other colonists, he says, are prevented from returning by lack of funds, and their condition, it is stated, is pitiable.

## OPIMUM SMUGGLERS.

WASHINGTON, Aug. 10.—Senator Hepburn today instructed the United States district attorney at Portland, Ore., to libel the British steamer Wilmington and to prosecute with vigor such of her officers as were concerned in the recent attempt to smuggle opium into the United States. According to the reports this vessel has been engaged for some time in smuggling opium into the United States from Victoria, B. C., where there are large establishments devoted to it, it is said, in the preparation of the drug for market.

## THE KING CASE.

### POSTON'S MURDERER TAKEN TO THE PENITENTIARY.

The People of Memphis Excited by the Commutation of the Sentence by the Governor. A Meeting of the Citizens Held at the Chief Executive of the State Burned in Effigy. The Assassin Hurried Out of the City by the Authorities to Prevent Mob Violence—The Press on Governor Buchanan's Action—A Crazy Mother Murders Two of Her Children—Other Criminal Notes.

MEMPHIS, Tenn., Aug. 10.—This city was thrown into a state of intense excitement when the announcement appeared in the morning papers that Governor Buchanan had commuted the sentence of H. Clay King, who was to have been hanged on Friday for the murder of David Poston. The Appeal-Avalanche, in discussing the subject, said: "The governor's power in the matter is absolute and exclusive. He is not required to give reasons. He may yield to any past caprice; to an appeal to his sympathies; to the influence of his party; to any other better motive, but his authority remains undeposited and supreme. If his determination of the King case is to be taken as a precedent, then we see no reason why any other better motive should ever be changed in Tennessee. King, in shot blood, after careful deliberation, stood down David H. Poston, unarmed and unsuspecting. It was a deliberate assassination, in which the victim was given no chance to defend himself. There could not have been a murmur more heinous. When the trial was held the murderer himself, with the most extraordinary assurance, protested against the introduction of the insanity plea. With a stroke of his pen the governor has given hope to every murderer in the jails of Tennessee. He has rebuked the jury and made light of the state's highest tribunal of justice. It was infinitely better that the money and the trial cost had been King's fee. It were even better if the governor had granted an absolute pardon. He has acted without the support of the trial judge, jury or prosecutor—usually essential requisites in gubernatorial clemency. And it now remains for King, at the close of his freedom."

## THE ASSASSIN HURRIED OUT OF THE CITY BY THE AUTHORITIES TO PREVENT MOB VIOLENCE—THE PRESS ON GOVERNOR BUCHANAN'S ACTION—A CRAZY MOTHER MURDERS TWO OF HER CHILDREN—OTHER CRIMINAL NOTES.

MEMPHIS, Tenn., Aug. 10.—The Evening Scimitar denounces the commutation of the sentence of H. Clay King, who was to have been hanged on Friday for the murder of David Poston. ## THE DENVER CONCLAVE.

DENVER, Aug. 10.—The principal event of the day outside the grand encampment of the Knights Templars was an exhibition drill given by St. Bernard commandery of Chicago and California commandery No. 1. The drill was witnessed by 5,000 people, and everybody was well pleased with the exhibition. At today's session of the grand encampment reports from the grand officers of the different states and territories under the jurisdiction of the encampment were presented and adopted. They show the order of the Knights Templars of America to be in an excellent attitude. The total membership of the grand encampment is 92,791, while the net cash resources amount to \$2,320.
