SENATOR DICK BLUE.

He Talks About the State Politics and Makes Some Predictions.

Senator R. W. Blue of Pleasanton, Lin county, was in the city yesterday several hours on his way to Cheney, where he spoke last evening. Senator Blue was seen by an EAGLE reporter before starting for Cheney, and in a short conversation he outlined the Republican campaign and spoke upon the probable outcome of the November election. The senator is now canvassing the state for the state central committee and has been as far west as Osborne county and Kinsley. He will speak at Belle Plaine, in Sumner county, today, and then go to Marion county.

Senator Dick Blue, as he is familiarly known, has been a conspicuous figure in state politics for years. He is an able lawyer and has served his district in the state senate for eight years, being the predecessor of Senator Moody, the poet laureate of the Kansas state senate. Mr. Blue is a pleasant gentleman to meet, and is a very entertaining conversationalist, his tongue not ending the names of people and the history of every important event which they were ever associated in this state. In answer to the reporter's query what he thought of the political situation this year he replied emphatically that there would be a Republican landslide. The senator is a very conservative man and seldom makes assertions which he is not able to prove pretty correctly. He has been in every portion of the state within the past few months. The sentiment of the people is wonderfully changed from what it was two years ago. During that campaign it was impossible to get the Alliance people out to Republican speaking. They held their weekly meetings where they allowed none but members of the order. Here they instructed their members upon the political issues and admonished every one, under no circumstances, to attend any Republican meetings. Then it was impossible to get near enough to them to argue and to get an opportunity to get a respectful hearing of the principles of Republicanism was not presented. This year things have changed. The meetings are fewer and not so well attended. Where there were twenty working for the Alliance last year, there is now one. This will be a campaign of education and the Republican principles, honestly and clearly presented, cannot fail to bring about the desired result.

As to fusion Senator Blue believes that the two parties will vote together solidly for the electoral ticket, although he asserts that there are enough Republican voters in the state to defeat the Alliance electors. Honest and conscientious Democrats, who have the interests of the state at heart, will not be obliged to vote with the People's party any further than the electoral ticket. He puts the Republican majority upon which the state ticket will be elected, at from ten to twenty thousand. The men, Republicans, who are defeated this year are simply those who cannot carry their own party vote. He believes that Harris, the ex-confederate will run for the United States ticket. The old soldiers will not accept Harris. In every school district in the state can be pointed out several men who have deserted the calamity party and have returned to the sound principles of Republicanism. The Republican party is better organized than it ever was, and there is a disposition and determination among Republicans every where to fight the ticket. The state central committee is effecting a thorough organization all over the state. The senator had been informed of the joint debates held here, and he believed that joint debates, properly conducted, would do much good.

LIST OF TEACHERS. The assignment for the various schools was made by Dr. Richardson. Yesterday Dr. Richardson, the new superintendent of public instruction made the assignment of teachers for the various schools of the city for the school year commencing Sept. 13, 1902. It will be read with interest by the pupils who are desirous of knowing who are to be their teachers for nine long months of school work. The list is as follows: Sophomore—Miss Skinner. Penmanship—Miss Ryder. Music—Miss Clarke. High school—Mr. Shull, Mr. South, Miss Gray, Miss Helecock, Miss Hildreth, Miss Campbell, Mr. Knight, Mr. Allen, Mrs. Davis, Mrs. Dwyer. WHERE WERE THEY. Mr. W. R. Dulaney and Captain Josh Billings have returned from their southern trip. They visited the Paul's valley country and vow that they never saw a prettier country. The corn crop there is very good and it has developed that it is an excellent country for raising hogs. Wichita will therefore get her share of the hogs from that country. The boys, who claim to know something about it, assert that Messrs. Dulaney and Billings took in the big fish at New Orleans, but Superintendent Dulaney emphatically denies the accusation. One feature about the whole thing is not very plain to the boys, however. This is that the gentleman went down to the territory with the express purpose of going on a hunt, but singularly neither of them took either their guns or their dogs along. The matter has not yet been settled to the satisfaction of all parties.

IN LUCK. The comrades who are going to Washington by the Santa Fe and Chesapeake and Ohio received a dispatch last evening that sleep accommodations in the new barracks had been secured for fifty persons, who will leave here on next Friday, the 16th, and arrive in Washington on the following Sunday evening.

HARVEST HOME AT FIRST BAPTIST.

SUNDAY. Sunday will be harvest home day at the First Baptist church. This is a day looked forward to by this church and congregation with glad interest.

The Ladies Aid of the church will have in charge the decorations. They have justly earned the reputation of getting up the most beautiful, elaborate and artistic decorations. They will be busy all day today, placing the decorations, and expect if possible, to go ahead of former years. All those having vegetables, fruit or grains to contribute will bring them to the Y. M. C. A. auditorium today. The ladies will have charge of the Sunday evening services. The public, generally, are invited to both Sabbath services.

JIM BROWN'S BODY.

The Remains of the Dead Turfman Passed Through Wichita Last Night. The remains of Colonel Jim Brown of Texas, who was killed Wednesday at Chicago, passed through the city last night en route to Fort Worth, Tex., his oil home.

It was 9 o'clock when the train arrived here, having waited at Kansas City for Brown's body and the party of friends that accompanied it. The train did not tarry long here, but while it did stay the curious who stood around the depot had their curiosity gratified, for in the baggage car a casket containing the remains of the now famous turfman. No funeral car ever passed through Wichita so elaborately decorated in the interior as this was. The box that contained the casket was a very rich one, being made of polished hard wood with rich and trimmings including handles. The casket within could not be seen, but it was said by the messenger to be as fine as money could buy.

On one side of the box stood a very handsome monument made exclusively of flowers. It was the gift of his friends and had a handsome representation of an inscription. Another very handsome design was a floral representation of a sulky with one fellow and one spoke missing, showing that one of the members of that little circle known as the Garfield Park club was also missing. Another very handsome design was a floral horse-shoe, presented by the employees of Garfield park. To enumerate all the floral designs would be almost impossible. Nearly the entire car was filled with them. The train had a special Pullman attached to it, which contained a delegation of sportsmen, including several of the members of Garfield Park club, who were accompanying the remains to Fort Worth for burial. Brown was reported to be a millionaire and he probably was, as the car which contained the remains, and everything about it, indicated that he must have been a very rich man.

Brown was born in Kansas over fifty years ago, and was well known both in Wichita, Caldwell and Dodge City. In the early days, as he made money in the points from Texas with cattle. If all that is said of him is true is no surprise at all that he did with his boots on.

FAIRMOUNT INSTITUTE.

Professor Tunnell Speaks About the Plans and Purposes of the Future. Professor Tunnell, principal of the Fairmount college, in a letter to the EAGLE outlines his plans and purposes as follows: The undersigned having entered upon the duties of principal of the Fairmount college, in a letter to the EAGLE, takes this method of addressing the friends of Christian education in Kansas and New England, the permanence and prosperity of the institution, and the wishes of the friends of the college, and the undersigned will be glad to receive any suggestions and will be glad to receive any suggestions and will be glad to receive any suggestions.

It will be the aim of the principal to make the character of the instructors and the moral and religious character of the students his chief concern. Endeavor will be made to govern through the reason, the conscience, the affections, the will, the intellect, and the emotions, and the incorrigible and indolent will be disciplined.

The course of study will comprise a classical department in which it is expected to prepare students for admission to the best colleges or to fit them to enter upon the study of a learned profession; an English scientific department, which will differ from the classical in the substitution of the study of modern scientific languages, and in a more extended and thorough study of the sciences and of the English language and literature than will be given to students in the classical department; and it will be the aim to teach and train in the science and art of teaching, the department of music and department of drawing and painting.

The requirements for admission will be the same as for the Fairmount high school of Wichita, but students not less than twelve years of age may be admitted to a preparatory course. A student who has completed four years of three terms school, and who cannot complete a full course may be admitted to take such elective studies, as in the judgment of the principal, they can profitably pursue.

Miss Harriet R. Pease formerly preceptress of Monson Academy, Massachusetts, has accepted the appointment of preceptress and is expected to arrive in a few days. Miss Pease is a classical teacher and a trained teacher of experience. She comes with the best testimonials from educators in New England.

Miss Mattie Mackie, whose reputation as a teacher in Wichita is excellent is expected to be the preceptress of the French language. She will, in few days, return from Paris, where she has spent some time perfecting herself in languages and is ready to take up work in the institute.

Other teachers are ready to begin labor as soon as their services shall be required. The principal will be glad to add to the staff at his office in the institute building, R. M. TUNNELL, Principal, Wichita, Sept. 9th, 1902.

AN ELOPEMENT.

Handsome Rachel Arnold Runs Away With a Bachelor—Her Father in Hot Pursuit.

"Are you a policeman?" These were the words addressed to an EAGLE reporter at 10 o'clock last night near the police station. The speaker was an old man, a stranger in the city and about as excited an individual as ever struck the town. He was answered in the negative and directed to the police station to which he made a hasty line.

The cause of all his flurry and excitement was no more or less than the loss of a handsome daughter who had fled from Conway Springs yesterday with a tonsorial artist from Kansas City named Charles Blake. The gentleman's name was Arnold and his daughters name was Rachel. The other is a wealthy farmer of Cass county, Missouri, and was out at Conway Springs adding to his land possessions. He had Rachel with him for, no doubt, he was afraid to leave her at home for fear the barber might be his son-in-law when he would return. While the father was "trailing for land at Conway Springs," the fair life was corresponding with Blake and yesterday he turned up at Conway Springs and with Rachel he came to this city. It was about 6 o'clock when they called at the probate court to be married but Judge Buckner was not in and subsequently arrangements were made to meet at his office at 10 o'clock when he would be ready to tie the nuptial knot. In the meantime Chief of Police Burrows received a telegram from the father to arrest the pair and hold them until his arrival. He did so, but held them not exactly as prisoners, for he gave them the liberty of his own office on the second floor. There was no charge against them and they did not hold the particularly when Rachel was ready and willing to swear that she was nearly 19 years old. The pair, however, didn't know the law till long after the hour set for the wedding.

About 10 o'clock they spotted a rope in the chief's room, and the gay barber immediately conceived the idea of performing a romantic escape. He tied the rope around his fair one and assisted her gently through the window to the ground beneath, while he jumped after her himself. They departed in time, for they could not have been gone five minutes when the enraged sire went thundering up the stairs to the chief's room with Officer Reynolds in tow. He was in charge, imagining the surprise of both of them when they found the window open and the birds flown. It was thought barely possible that they might have climbed up to the tower of the city building to hide from the enraged father, and both he and the officer climbed up, the old gentleman making a few corrections along the way. After a vigorous search it was concluded that they made their escape through the window and the old man started out after them in hopes of intercepting them before the matrimonial knot was tied.

The daughter said to Chief Burrows in the early days, as he made money in the points from Texas with cattle. If all that is said of him is true is no surprise at all that he did with his boots on.

AT HYDE PARK. The east end had more than his share of amusements last night. "Peanut George" threw back the flies of his old-time circus to admit the crowds that flocked to see the monstrosities therein and to behold the daring feats of the agile equestrienne who performs the dangerous trick of riding her horses at the same time, and Hyde park resounded with the creaking of the turnstiles that whirled around and around as the ubiquitous small boy rushed in and out and his much-less-numerous father and mother strove in to watch the great acrobat Ed O'Bryan in riding bareback the dizzy and dangerous trick of riding the Lark exaltation Pegasus, one foot resting anything but steadily on the back of the low burro, the other almost even with his head, against the shoulders of the obstinate Alliance steed. The Hyde park attraction failed to draw the usual large number of small boys, (although there were enough on hand, the Douglas street and the moral and religious character of the students his chief concern. Endeavor will be made to govern through the reason, the conscience, the affections, the will, the intellect, and the emotions, and the incorrigible and indolent will be disciplined.

Official School Board Proceedings. The board of education met in adjourned session on Friday, Sept. 9, 1902, at 4 o'clock p. m., with President Van Noy in the chair. The members present were Messrs. Ward, Stanley, Van Wierden, Cox, Campbell, Van Noy, Fazel, Powell, Allison, De Davis and E. A. Davis. Mr. Cole coming in shortly after roll call.

The president stated that this was an adjourned meeting for whatever business might come before the board. The committee on teachers and salaries presented the following report: To the Honorable Board of Education: Part I. Your committee on teachers and salary take pleasure in recommending for your consideration Professor J. W. Ward for teacher of music at a salary of \$80 per annum for this school year.

Mr. Allison moved, seconded by Mr. Campbell, to amend the report by substituting the name of Miss Jessie L. Clark for that of Mr. Ward. Mr. Fazel moved to amend Mr. Allison's motion by substituting the name of Mr. C. G. Peirrepoint. Mr. Fazel's motion receiving no second, Major Powell withdrew his report and the secretary read the applications of the following: Professor J. W. Ward, J. M. Townsend, C. G. Peirrepoint, Jessie L. Clark, Mina Sicker, B. M. Whitney and S. E. Griswold.

The motion of Major Powell the salary of the music teacher for the ensuing year was fixed at \$75 per month for nine months. A ballot was then taken which resulted as follows: Ward, 2; Clark, 3; Peirrepoint, 1; Townsend, 3. There being no choice, a second ballot was taken as follows: Clark, 1; Townsend, 3. Mr. Clark having received a majority of the votes cast was duly declared elected teacher of music for the ensuing year.

Mr. Ward asked to be excused from voting, not because Mr. Ward was not his brother nor any relative whatever, but because he didn't want to vote and was excused.

The committee on teachers further reported: Second. Your committee would further recommend that owing to the crowded condition of the high school no foreign students be admitted for this year.

Mr. Stanley moved and Mr. E. A. Davis seconded, that the report be adopted. After a lengthy discussion, the motion was put and declared lost.

It was decided by a vote of the board that the principal of the High school and the principal of the Normal school collect the tuition from non-resident pupils and turn same over to the treasurer, taking his receipt for the money turned over to him.

The committee on supplies reported as follows: Your committee on supplies would recommend the purchase of the following supplies for the department of drawing: Five hundred packages of white drawing paper. Nine hundred 1-foot metric system rulers. Ten pounds rubber erasers. One pound of red ink. Eighteen large compasses. Casts for high school. Five hundred sheets of Watman's drawing paper. Colored paper according to books. Respectfully, JOHN H. FAZEL, Chairman.

Mr. Allison moved, seconded, that the report be adopted by adding 500 pairs of compasses and 500 compasses. The amendment carried, and the report thus amended was adopted on motion of Mr. Allison.

The following report from the chairman of the board of city examiners was read, and on motion ordered placed on file: To the Honorable Board of Examiners: GENTLEMEN—Your board of examiners of applicants for licenses to teach in our city public schools has leave to submit to you the following report of examinations held on the 5th and 6th inst. Fifteen persons presented themselves for examination. Of this number three were found to be eligible to receive licenses for a term of three months, four for two years and one for twelve months. Seven failed to pass in one or more branches. The members of your board are impressed with the fact that the number who fail in the examinations are larger than they were a year or two ago, and that the applicants are those who pass the examinations there are some persons of fine attainments, the average of scholarship is increasing. We would advise you to require that all first grade licenses and those of specialists should be secured without examinations in all the branches of study pursued in our schools. Respectfully submitted, DAVID WESTER, Chairman Board of Examiners.

MUSIC RECITAL. The following program was carried out by Miss L. E. Benner's music pupils at her home, 123 N. Estelle avenue, Wichita, Sept. 7, 1892 at 3 o'clock: Song—Work for the Night is Coming—L. Mason. Miss Lela Seal. Auld Lang Syne (various) Bellack. Miss Inez Goode. Song—Wonderful Words of Life—P. P. Bliss. Misses Inez and Miss Shupper. Georgian Nuptial—Miss Richards. Miss Inez Goode. Feather March—A. H. Rosewig. Swiftly O'er the Tides—Geo. F. Root. Miss May Goode. Waltz—Miss Inez Goode. Song—Why Do You Wait—Geo. F. Root. Misses Inez, May and Rena Goode. Duett—Thop Sticks Waltz—De Zulli. Misses Inez and Miss Shupper. Rock Beside the Sea (various)—Chas. Grobe. Miss L. E. Benner. Prince Imperial—Miss Inez Goode. Coote. Miss Inez Goode.

The "festive watermel" played an important part in the closing exercises. The pupils all showed marked advancement in their musical studies, and their friends were much pleased with selections given. Several songs sang by Councilman Grode's daughters and instrumental music were highly appreciated by the assembled crowd.

A special effort is being made by the Y. M. C. A. to present the gospel to the large numbers of men who do not frequent church services. The meeting tomorrow afternoon will be held in the large tent, corner of Market and Williams streets, at 4 o'clock. Rev. David Whiters will deliver the address and Rev. B. E. Watson will sing. Will all interested in this special work aid by announcing and working for this meeting?

Mr. Thomas C. Fitch returned from a business visit to Chicago yesterday. Mr. Fitch strenuously denies any and all rumors of his having been at New Orleans or near there within the last month, although some of the boys will have it otherwise. Mr. Fitch says that he was coming home from Chicago, and was asleep in the Pullman when the porter rushed in at 11 o'clock and awoke him to tell him the news of the fight. He says the excitement in the west was intense.

Colonel H. L. Millard of Sterling was in the city yesterday on business. Mr. Millard, as state agent of the Fidelity Fire Insurance company, visits nearly every portion of the state, and after carefully looking things over, asserts that the entire Republican state ticket will be elected. He is positive that Jerry Simpson is now defeated by 4,000 majority. The change of sentiment all over the state is something wonderful.

John P. Kirwin left yesterday afternoon for Kansas City, where he expects to spend the winter. He is well known to many in Wichita, having been in the employ of the Street Railway company for four years, and was always considered one of the road's best men. His run was on the North Tolupe line, and he was always a very accommodating and careful motor-car.

Mr. George R. Cooley left for his home in New Haven, Conn., last evening after spending a few weeks here looking after his interests. Mr. Cooley before leaving stated to a reporter that he was well pleased with the prospects and is satisfied that his investments and interests here will prove profitable to him.

At the city examination held Monday and Tuesday Messrs. Amp. Brad, Laura Phillips and Stella Davis received first grade certificates. Messrs. Jennie E. Ferns, Ella J. Taft, Sadie Caldwell and Ollie Triplett received second grades, and Mrs. Mary Come received a third grade. There were seven who failed.

Additional street cars will run out to the stock yards tonight for the accommodation of those who will attend the ball at the stock yards Ketchum hotel.
