ANOTHER RECORD BROKEN.

Online Beats the Two-Year-Old Record of the World.

Pet Davis Makes an Excellent Record on the 2:30 Trot Class, Making a Mile in 2:19.

An Immense Amount of Money Put Up on the 2:45 Trot Today—Toler's Great Horse, Ashland Wilkes, Will Trot Saturday.

Yesterday was another great day on the Wichita race track. It was a day that will go down to posterity in the sporting annals of the Arkansas valley.

The fact that such good—such remarkable—good—races have occurred here is puzzling even the most expert horsemen.

The secret of it all is that the track this year is in excellent condition and, by a combination of circumstances, more good horses have come here than have appeared this year at any one place in the west.

It was thought at first that the fair would be a failure but the attendance yesterday settled the question and assured its success beyond any reasonable doubt.

There must have been from 12,000 to 15,000 people on the grounds and it was not set down for the big day either. Today has been reserved for the big day and every indication warrants the belief that the attendance will approach, if not exceed, 20,000.

From 4,000 to 5,000 Wichita school children alone will be present and, of course, they will be accompanied by their parents. It fact it will be family

day. Most of those from abroad who were here yesterday have remained in the city for the purpose of taking in today's races, for they could not possibly leave such sport after the taste they got of it yesterday.

There was not a city within a radius of one hundred miles that was not represented here yesterday, and every train that came in was loaded to its utmost capacity.

Yesterday's sport commenced with the pacing race for foals of 1890, for a purse of \$500. There were three entries in this—Online by Shadeland Onward, owned by J. W. Curry of Aurora, Neb.; Stella by Jerome Eddy, owned by John Griffin of Hornellville, N. Y.; and Ruby Elgin by Legal Elgin, owned by Tyson & Carter of Nortonville, Kan.

The race was for the best two in three heats. This was certainly very exciting when Online came in under the wire the second time in 2:19, which is the best race record in the world over a regulation track for a two-year-old. He won the two straight heats while Stella came in second both times showing fine speed also.

Of course Online was cheered to the echo by those who are up on horse records but a great majority of the people didn't seem to realize that a good record had been made. It is without question a remarkable record and will go down in the great horse papers of the country as such.

Renno, a horse-man of great racing knowledge, says it is one of the finest exhibitions of speed he ever saw, and characterized it as something phenomenal. If 2:14 is a great record for a 3-year-old, why should 2:19 be a still greater record for a 2-year-old? Mark the prediction that this race will be commented on all over the country.

The second race was a trot, 2:30 class for a purse of \$1,000. The entries were Elsie B. by Superior, and owned by DuBois Bros. of Denver; Eddie Hays, by Charles Coffey, owned by El Pyle of Nebraska; Elsie Sprague, by Rounds Sprague, owned by John M. Grant, of Oswego; Pet Davis, by Crit Davis, owned by R. N. Frye of Ollie, Iowa; P. H. Chap-

lain by Chapin's Egmont, owned by Frank Shielley of Kiowa; Bertie B. by Wilkomet owned by John R. Gregory of Sedalia, and Melbert by Fernis McGreor, owned by R. I. Lee of Topeka. This was a great race from every standpoint and was decidedly exciting. Pet Davis was the favorite from the start and if any horse was ever entitled to be the favorite she was. In every heat she was thrown behind a long distance in the first quarter from various causes, principally on account of getting off her feet, but in the second quarter she would show a gain while in the third quarter she would get up to second place and take first place in the home stretch. This occurred in every heat and every heat was won by her easily except on one occasion when McDuff gave her a close run. The following is the summary of this race:

Elsie B. (Favorite)..... 4 3 2
Eddie Hays (Pyle)..... 4 3 2
Elsie Sprague (Kobay)..... 4 3 2
Elsie B. (Favorite)..... 4 3 2
Elsie Sprague (Kobay)..... 4 3 2
P. H. Chaplain (Tinker)..... 4 3 2
Bertie B. (Ramey)..... 4 3 2
McDuff (Keele)..... 4 3 2

The third was a pacing race for a purse of \$1,000—2:18 class. The participants in this race were W. P. by Ben Lomont, owned by DuBois Bros., of Denver and Blue Sign by Easton, owned by J. Hoffmann of Leola, Ia. W. P. was no match for Blue Sign and the only interest taken in the race was on the effort of Blue Sign to beat his former record of 2:08 1/2. In the first heat he made 2:18 1/2, in the second heat 2:13 and in the third heat 2:10. The third heat was really an in 2:07 1/2 although the official time keepers caught

it at 2:10. Blue Sign is a magnificent horse and while he did not even reach his own best record, he went around the track with immense speed.

The fourth race was a trot in 2:33 class for a purse of \$500. The starters were Helen H. by Earle, owned by Henry Smith of David City, Neb.; Emolita, by Sealskin Wilkes, owned by E. A. Smith of Lawrence, Kan.; Pat, by Fortunatus, owned by J. F. Kinney of Oswego; Alcolyte, by Onward, owned by William E. Campbell of Kiowa, and Westbrook, by Patchen Wilkes, owned by D. M. Green of Peabody. Westbrook was the favorite but he did not sustain the confidence the people had in him for he fell behind in the very first heat. Alcolyte made an excellent race in the first heat and for awhile it looked as if he would

win it. The fact is Alcolyte was not in good condition and wasn't making a pull for anything but money. In the last heat Emolita came in third but notwithstanding this the people pursued their faith in her and she proved worthy of it for she won the next three straight heats. The summary of this race is as follows:

Helen H. (Chandler)..... 2 2 4
Emolita (Hornell)..... 2 2 4
Alcolyte (Hornell)..... 2 2 4
Pat (Hornell)..... 2 2 4
Westbrook (Hornell)..... 2 2 4

The three mile race between Miss Williams of Kansas and Miss McKinney of California was exciting as all such races are. In the first mile Miss Williams led in the second Miss McKinney led and in the third also she led. Miss McKinney changed horses at the end of every mile and Miss Williams intended to but the horse she was to mount at the end of the second mile broke loose from his groom and Miss Williams was compelled to ride the tired horse. Of course by reason of not having to dismount and mount she gained an advantage of nearly 300 yards over Miss McKinney but the latter fresh horse soon made that up and passed Miss Williams' steed at the last quarter and came under the wire forty feet in the lead. The time of this race was 6:09.

The following is the program of the races today, and, unless all signs fail, they will be record breakers. The 2:45 race will be exceptionally good, or at least that is the expectation, for there is a barrel of money up on it. Maxey B. is also expected to make an exciting race. Belle Acton, the famous yearling, will also go on the track for the special benefit of the children.

NOTES. Today is Children's day at the fair and all the school children will be welcome upon the grounds. The entertainment for the little folks has been specially prepared and will no doubt be of an interesting nature. The awarding of the premium for the finest baby will be made at the Shaw music pavilion. The boys and girls will

ride for the Danbur premium saddles, and at 11 o'clock the Butler combination will appear in their celebrated "Ben Hur" chariot races, with four horses abreast to each chariot, and driven by ladies.

Summer county wheat got the blue ribbon in the awarding of the premiums. It weighed sixty-four pounds to the bushel. Harper county was represented by some excellent hard wheat that weighed sixty-three pounds.

B. W. Key, manager of the York-Draper Mercantile company, at Kiowa, was at the races yesterday and seemed to be enjoying himself immensely; for a good horse race has always a charm for a son of the sunny south. Mr. Key is one of the best and shrewdest business men in the southwest.

The speed program of today promises to be as exciting as those of the earlier days of the fair. The foals of 1890 trotting. The 2:30 pace and 2:45 trot are all bound to be of the liveliest character. During the afternoon the great yearling Belle Acton, with the world's record of 2:22 1/2 will attempt to beat her own record, and thus establish another record for the Wichita track. Mr. Chandler, her trainer and driver, is confident she can beat the record, and as this is children's day at the fair he is willing to show his baby pacer to the little folks.

Don't fail to attend the fair today. Every day this week some record, either state or world, has been broken and the program for today and tomorrow is equally good.

THEY GOT THE PREMIUM. Captain Cape Williamson of the Panhandle was at the fair grounds yesterday and was a prominent figure in the quarter stretch and in the pool rooms. Cape has been for twenty-five years the uncrowned king of the Panhandle, being the most popular man in northern Texas. Like all the Texas cattlemen he is an intense lover of good horse flesh, and came all the way from Mobeetie to see the Wichita races. He is glad he did.

"Dick" Howard, one of the editors and proprietors of that excellent paper, the Arkansas City Daily Traveler, was one of the visiting newspaper men at the fair grounds yesterday. The Eagle was also honored by a fraternal call from him. Mr. Howard is one of the hardest worked

newspaper men in the state, and it is unnecessary to say he relished the few hours he was away from the labor and cares of daily journalism yesterday.

W. P. Hardwick of Amarillo, Texas, is here attending the races and enjoying himself in the most happy manner. He is one of the substantial business men of the Panhandle and was for a number of years the proprietor of the Hardwick house at Kiowa.

Crate Justice of Kiowa is one of the representatives of that city at the races. Crate will go over a hundred miles at any time to see a good horse race or anything else that there is good sport in.

The "wheel man" made two barrels of money at the fair grounds yesterday. "A land office business" would not describe it. Somebody sent out a dispatch to Kansas City yesterday, contradicting the statement of the Associated Press correspondent at this place, as follows:

WICHITA, Sept. 29. The statement telegraphed from here last night that John R. Gregory 3-year-old pacer record, appears to have been a mistake. Gregory went a mile in 1:14 while record is 2:11.

The fact is, the 2:11 record was never made in a race. It is what horsemen call a tin cup record. The statements that "Gregory's" time to be the best race record in the world is absolutely correct and cannot be successfully denied.

One of the most genial horsemen at the fair is Will L. Tucker, correspondent for the Chicago Horseman and agent for W. M. Flynn's programs. Mr. Tucker is a walking encyclopedia on horse matters. Some of his assistants have been accused of smart-alekism, but Mr. Tucker is by no means responsible for it, as he tries his best to treat everybody generously. He should not be blamed for the faults of others.

It has been reported around town that the fair association people have decided to charge the children admission to the fair grounds today. Such is far from being the case. On the contrary all school children will be admitted free, regardless of size, age or color.

Thorne Truss tickets are very popular this year on the Wichita track. The Butler combination lost one of their best horses yesterday by an attack of pneumonia, caused by taking cold.

The merry-go-round man did an immense business yesterday, so did the cheap jewelry fakir. Colonel Sam Wordson of Caldwell was an interested spectator at the fair grounds yesterday and liked the races so well that he will come back today again.

It is strange, but a fact nevertheless, that the fellows who are winning all the money at the races are those who know nothing about horse-flesh, while those who are losing are the fellows that do. Moral: Don't always bet on the best horse.
