SOMETHING NEW

We would be pleased to show lovers of novelties our Columbian Trousers, and at the same time our other styles.

Dr. J. J. Littlefield,

Dr. Boyd's Medical and Surgical Institute, 155 North Main street, Wichita, Kansas.

THE KANSAS STATE MEDICAL AND SURGICAL INSTITUTE AND SANITARIUM.

Incorporated and Chartered under and by virtue of the laws of the State of Kansas. Permanently established at Wichita, for the treatment of all Chronic, Nervous, Blood, Skin and Private Diseases, and performing all Surgical Operations.

Dr. J. H. Terrell, President of the Kansas State Medical and Surgical Institute and Sanitarium, is the most widely and favorably known specialist in the Southwest. His long and successful experience in the treatment of nervous, chronic and surgical diseases entitles him to the full confidence of the afflicted everywhere.

Dr. Terrell is the author of "The Catarrh of the Bladder and Prostate Gland," a book which has been translated into French, German, Spanish, Italian, and Russian. It is the only book on this subject that has been translated into so many languages.

RING GOSSIP.
PHILADELPHIA, April 20.—Bob Fitzsimmons will have a heavy night after his three boxing bouts with three men at the Academy of Music tomorrow night, especially if Matt Coughlin, the New York heavy-weight is one of the trio, and it is more probable that he will be Coughlin is the heavy-weight who distinguished himself in the academy at one of the recent amateur tournaments, and since then he has been persuaded to become one of the profession. He is an ambitious young man, weighing more than 250 pounds, and is fairly clever and a pupil of Dominick McAffrey. Besides Coughlin Fitzsimmons will meet Dan Galanough, the celebrated oarsman, Alexander Kilpatrick, who claims to be the Scotch heavy-weight, or else John Hackett, who has openly stated through the press that he is anxious to meet Fitzsimmons.

SHOT DEAD.
GREENFIELD, Mo., April 20.—In a quarrel here yesterday William McGuirk attacked Boya Miller with a pitchfork and was shot dead. Miller is a brother of the president of the Greenfield and Northern railroad.

SECRETARY CARLISLE EVIDENTLY OF THE OPINION THAT THE PRESENT POLICY MUST BE ABANDONED.

FINANCING BY WHICH UNCLE SAM GETS LEFT.

THE BANKS OF THE COUNTRY, ESPECIALLY OF THE WEST, ASKED TO COME TO THE AID OF THE TREASURY DEPARTMENT.

AN INTIMATION THAT MINISTER GRESHAM FAVORING THE REMOVAL OF THE AMERICAN FLAG AT HONOLULU—ONE OF THE CHILIAN REFUGEES CAPTURED BY THE SANTIAGO POLICE—THE CHARGES AGAINST THE CHIEF OF THE WEATHER BUREAU.

BABY'S SKIN AND SCALP.
Cleaned, purified, and beautified by CUTICURA Soap, greatest of skin purifiers and sweetest of toilet and nursery soaps. Only cure for pimples and blackheads, and the only remedy for itching, inflammation and clogging of the pores, the cause of most complicated local disfigurements. Sold every where.

WASHINGTON, April 20.—Secretary Carlisle tonight made the following statement regarding the financial situation:

"In the exercise of the discretionary power conferred upon the secretary of the treasury by the act of July 14, 1890, he has been paying gold for coin treasury notes issued for the purchase of silver bullion, and will continue to do so as long as he has gold legally available for the purpose. Under this process the government has been, and is now, paying gold for silver bullion and storing the same in its vaults, where it is as useless for any purpose of circulation or redemption as iron, lead or any other commodity. The government, in the first place, issues a coin treasury note in payment for silver bullion, and then the coin treasury note is presented at the treasury and gold is paid out for it; so that the effect is precisely the same as if gold were paid directly for silver in the first instance. About \$80,000 of the gold which was withdrawn from the sub-treasury on last Tuesday for shipment abroad was paid out on these coin treasury notes. No order has been made to stop the payment of gold upon these notes, nor has any one been authorized to say that such an order would be issued. The purpose of the government to preserve its own credit unimpaired and to maintain the parity of the two metals by legal means will not be abandoned under any circumstances.

OUR SPECIAL VALUES

We want to make things hum in the Millinery department, even if the weather is cool. So on Saturday we will put on sale 25 hats, every one a creation of beauty specially designed at \$4.70 your choice.

This is your special opportunity. New shapes for ladies and children.

Today and Tomorrow

Four Ply All Linen Collars 10c Each

Four Ply All Linen Cuffs 15c Each

THE HAWAIIAN ISLANDS.

WASHINGTON, April 20.—A private letter from a United States official in Hawaii came to hand last night. In reference to the report that Commissioner Blount had directed the governing of the United States flag about Honolulu, Hawaii, the official says that the report is entirely untrue. The Hawaiian flag is not to be used in Honolulu, the writer states that Mr. Blount had a conversation with Minister Stevens on the subject, and that he does not see how the inference to be drawn from the letter is that Mr. Stevens intended to prohibit the Hawaiian flag in Honolulu. The report that the Japanese flag is to be used in Honolulu, the official says, is also untrue.

GOLD FOR SILVER.

FINANCING BY WHICH UNCLE SAM GETS LEFT.

The report that the Japanese flag is to be used in Honolulu, the official says, is also untrue.

force to American domination of the islands is contraicted by the writer, who states that the Japanese and, in fact, all the people of the islands are presently ill-equipped, and do not anticipate trouble.

CAPITAL NOTES.

WASHINGTON, April 20.—The Duke of Veragua and suite will arrive in Washington on Saturday next. The program for their entertainment will include a reception by the president and Mrs. Cleveland. The duke will return to New York to witness the naval review.

General Schofield today received a telegram from Captain Galtier, at Aiters, I. K., stating that quiet prevailed there and that the trouble with the Indians is about ended. The Locke men and the Jones party are negotiating for peace.

THE WEATHER BUREAU SCANDAL.

WASHINGTON, April 20.—Assistant Attorney General Coffey today forwarded to Professor Mark Harrington, chief of the weather bureau, the formulated charges against him and other officials of the bureau for alleged malfeasance in office. The charges include misrepresentation of facts, the shielding of unworthy employes, the evasion or violation of the civil service law, and inefficiency of the bureau and improper diversion of public funds.

A NICARAGUA CANAL ROW.

NEW YORK, April 20.—There was an exciting time at the meeting of the stockholders of the Nicaragua Canal company, called for today by George C. Knight, an ex-employe of the company, who claims to represent a vast amount of English capital, and who earnestly desires the removal of Mr. Wagner Miller as president of the company and to have the project entirely reorganized. About a score of gentlemen were in attendance, whom Mr. Knight introduced to the meeting as stockholders or representatives of stockholders.

Mr. Knight opened the meeting by reading a long attack upon President Miller and the management of the company in general. He proposed Mr. Weed as the successor to Mr. Miller. Mr. Weed, he intimated, would be peculiarly acceptable to his party because of the pecuniary happy connection Mr. Weed had with the present administration at Washington.

Mr. Knight read a scheme for an entirely new canal company, to be organized both under English and American charters, which would complete the canal. Under the plan of this company both the British and American governments would have the joint use for naval purposes of the canal.

Mr. Smith M. Weed rose at the conclusion of Mr. Knight's speech and said that he came to the meeting to protest against the use of his name in any way in the management of the company. He said that he was unwilling, turning to Mr. Knight, he said: "Your statements in reference to the company and its management are very singular, and I am sure, Mr. Knight, Mr. Weed thought, did not understand the American people. His whole movement, he believed, had been organized to injure the canal company. He closed by saying that the American people would never allow the English government to have a joint interest in the canal.

No action was taken.

DEATH OF MRS. HANCOCK.

NEW YORK, April 20.—After a lingering illness of many months, Mrs. Almira Hancock, widow of Major General Winfield S. Hancock, died this afternoon at the residence of the late general's niece, Mrs. Eugene Griffin, 1 Gramercy park.

Mrs. Hancock's strength had been slowly wasting away under the subtle influence of a succession of nervous attacks. She died her naturally cheerful disposition and withdrew her from society during the later years of her life. Her only daughter, Ada Elizabeth, died on the 18th of March, 1892, at the age of 18. Her mother, Mrs. Almira Hancock, died on the 21st of April, 1885. Her only son, Russell, died on the 30th of December, 1884. These bereavements were followed by the death of her husband at the battle of Gettysburg on the 3rd of February, 1863. Thus, one after another, the immediate members of her family passed away, like dissolving views, from her dead home.

In the summer of 1891 Mrs. Hancock went to Europe, where the change of air and scenes soon wrought a marked improvement in her health. During this sojourn in foreign lands, something of the vicarious charm of her younger youth came back to her nose, and she, for a time, over-exertion in Europe, and particularly her preparations for her return home, had developed a serious form of nervous prostration, which grew so acute that death resulted from complete exhaustion of the vital forces.

On Hancock was a descendant on her mother's side of one of the oldest Huguenot families of New York. Her maternal grandfather, Oliver DeLancey, removed from New York to Ohio, and then to St. Louis, which latter place became his home for many years, and after the death of her husband, Mrs. Hancock was born in St. Louis. Her remains will be taken there for burial.

WORLD'S FAIR RATES.

CHICAGO, April 20.—All work done by the Western Passenger association during the last six weeks went by the board today. All the members of the association threw up their hands and gave up the hope of an immediate adjustment of world's fair rates. The cause of the breakdown was the announcement by Passenger Traffic Manager White of the Atlantic road that his company would, in thirty days, withdraw from the world's fair rates, which had been agreed upon by the Atlantic and Pacific roads. Mr. White declared that he had drawn because he could not secure protection in the matter of world's fair rates west of the Missouri river. He said that the Atlantic does the largest business. The Atlantic declares that it has withdrawn from the association, not with any intention of making war, but simply to protect its interests.

MEXICAN OUTLAWS.

EL PASO, TEXAS, April 20.—Simon Amalia, for the past two years a fugitive from justice because of murders while job politician of the district of Guerrero, in the province of Chihuahua, Mexico, recently returned, and was gathered in the mountains a large force of men, and was accompanied by a large number of outlaws and Aztec Indians. They had captured the town of Tomashua, and sacked it. Three hundred militiamen joined his forces and the outlaws were engaged the town of Guerrero, the village on duty there surrendering without fighting. Federal troops were rushed to the scene and drove the bandits to Tomashua. There the outlaws rallied, ambushed the soldiers and killed and wounded 30 of them. The federal army completely routed them. More troops are being rushed to the scene, and no mercy will be shown to the outlaws.

EL PASO, TEXAS, April 20.—Chihuahua agents to the Times say that a pack train of bullion from the Santa Maria district, bound for Chihuahua, was seized by robbers early this week, and every dollar of the properly confiscated. The value of the bullion is estimated at \$40,000.

KANSAS EDITORS.

TOLSON, Kan., April 20.—At the meeting here yesterday of the state association of editors an endeavor will be made to elect all state newspapers throughout the state, with the object of having the entire strength of the state united in one organization.

THE KANSAS VETERANS.

HITCHESSON, Kan., April 20.—Bernard Kelly, department commander of the Kansas Grand Army of the Republic, and his staff visited this city today to perfect the arrangements for the annual state reunion to be held here. The date of the reunion was fixed for Aug. 25 to 30, inclusive. A camp fire is in progress this evening.

THE CHICAGO BOARD.

CHICAGO, April 20.—May wheat broke 3 cents today and July, for the first time, is no longer the under dog. Armour, as a seller, caused the whirligig, and though he bought 1,000,000 bushels of May wheat, the famous near-by month was at 1 cent decline from July at the close of the market, leaving off strong for July at about 1 cent gain, while May was firm at 1 cent below yesterday's close. Provisions were strong and closed with gains of 2 1/2 to 30 cents to pork, 30 to 15 cents in lard and 12 1/2 to 15 cents in ribs.
