We give Electrical Baths, with Massage Treatment and Swedish Movement. Mrs. M. R. Baldwin, who is an expert, has charge of the Ladies' Department.

Our book on chronic diseases contains leading authorities of the State of Kansas and the Southwest. A copy will be sent free on application. Send for Question blank. 155 NORTH MAIN STREET, WICHITA, KANSAS.

OKLAHOMA NEWS.

THE GOVERNOR ISSUES A NOTICE TO OFFICESEKERS.

Applications for Places in the Strip Counties Not to be Considered Until the Country is Open.

The New Governor Denies the Washington Story of His Alleged Connection With the Klu Klux Klan.

General John W. Noble and ex-Governor Eay Address the Grand Army Men at El Reno—The Encampment a Great Success—A Chickasha Water Power Scheme. A Coal Find Reported—General Notes.

Special Dispatch to the Daily Eagle.

GUTHRIE, O. T., May 12.—Governor Renfro today issued the following notice to those seeking appointments in the Cherokee strip:

"Owing to the large number of applications for positions in the new counties in the Cherokee strip, I deem it advisable to state to the public what my policy will be in the appointment of officers for that territory. I will say first, however, that the Cherokee strip is not yet opened to settlement, and I am not able to say at this time when it will be opened. I am a firm believer in the doctrine of homesteads, not only for the territory of Oklahoma, but for every county and township in it, and will appoint none but homestead residents of the new counties to positions therein. There will be no appointments made and no applications considered until after the new counties are actually settled. I deem this statement necessary in justice to applicants for office, and that I may have more time to devote to matters of greater importance to the people of Oklahoma than the consideration of applications for offices not yet in existence."

THE EL RENO ENCAMPMENT.

Special Dispatch to the Daily Eagle.

EL RENO, O. T., May 12.—The Cherokee train rolled in from the east this morning, there stepped from the platform many visitors, who came to be present at the Grand Army encampment, of which this is the second day. Amongst the most distinguished to arrive this morning were Hon. John W. Noble, ex-secretary of the interior; Hon. A. J. Searcy, ex-governor of the territory; Congressman Dennis T. Flynn, Captain J. C. Delaney, receiver of the Oklahoma City land office; Hon. C. M. Barnes, receiver of the Guthrie land office, and wife and their charming daughter, Miss Besse, and many other notable persons. The encampment, which was held at the depot, and which, headed by the band, proceeded to and along the principal thoroughfares of the city, which were profusely decorated with banners, bunting and the national flag.

THE MONEY MARKETS.

LONDON, May 12.—The completion of the account absorbed the attention of jobbers and brokers at the stock exchange today. In the course of the settlement seven small brokers failed. A better feeling prevailed in the market for American securities.

THE CHICAGO MARKETS.

CHICAGO, May 12.—Wheat advanced 1 cent per bushel, chiefly on buying to get back into the market. Corn was unchanged, but active, and closed at last night's prices. Oats also were very quiet. Provisions were firm, and lower on heavier receipts of hogs.

THE CLEARINGS.

NEW YORK, May 12.—The clearings for the week ended May 11, as compiled by Bradstreet's: Kansas City, \$11,894,721, an increase of 23.3 per cent; St. Joseph, \$2,280,000, an increase of 8.3 per cent; Topeka, \$14,427, an increase of 9 per cent; Hutchinson, \$12,515 (no comparison); Emporia, \$20,000 (no comparison). For the week the United States was \$3,520,100, an increase of 11 per cent.

THE LAKEPORT GREVAISE.

GREENVILLE, May 12.—Nothing could be heard from the grevaise at Lakeport, Ark., today, except that it had expanded. It is thought that the break will reach a width of 400 feet before the ends are tied. The flow of water is not so great as it was estimated to be, and the local proportion of the water, thus saving many plantations from overflow and reducing the damage considerably from the first estimate.

SKIPPED TO CANADA.

NEW YORK, May 12.—An evening paper says that Francis H. Weeks, lawyer, and ex-president, ex-secretary and ex-treasurer of the Land and River Improvement company of West Superior, Wis., and ex-treasurer of the West Superior Iron and Steel company, is a fugitive from justice. The paper says that his flight to Canada before the news of his assignment was made public. His house at Cold Spring Harbor, L. I., is closed and the servant in charge says that the family has gone away for a year. An investigation into Weeks' affairs shows that he was co-trustee in a number of estates and had charge of a large amount of other people's money. Much of this has disappeared. He is supposed to have lost large sums in Wall street, as several Wall street brokers are creditors to large amounts. Weeks' property has been attached. He has also been removed by the superior court from the position of trustee of the Jacob Astor trust estate. It is also alleged that Weeks has embezzled from other estates of which he is trustee.

A TRAIN HOLD-UP.

CAIRO, Ill., May 12.—At 10:30 o'clock last night, as the north-bound passenger train on the Mobile and Ohio railroad stopped at Laketon, Ky., to take water, two masked men approached the engine. Covering the engineer and fireman with revolvers, they compelled them to get off the engine and to hand them the express messenger, then opened the express messenger to open the door. This messenger refused to do, and began hiding the contents of the safe and other valuables. The messenger was informed that if he did not open the car it would be blown open with dynamite. He again refused, and a charge of dynamite went off, blowing a hole in the side of the car. One of the robbers put his gun in the hole and demanded that the doors be opened. The messenger then opened the door. The robbers secured everything that was left in the safe, and then left. The amount stolen is not over \$1,000. None of the passengers was wounded.

THE WOMAN'S PRESS CLUB.

WASHINGTON, May 12.—The national Woman's Press Association met tonight and elected Mrs. Emily Tilton, Chicago, and Mrs. M. D. Lincoln of Washington, D. C., and Mrs. Hodges of Brooklyn, delegates to the federation of clubs, which meets at Chicago. Mrs. Carroll H. Cobb was elected a delegate to the international press convention at St. Paul.

RENFROW'S DENIAL.

GUTHRIE, O. T., May 12.—Governor Renfro was interviewed today regarding the Ku-Klux Klan charges published recently against him. He denied them every one. He said that he never was in Alabama or Mississippi, and, indeed, was too young for such business. He said, further, that he was never summoned to Washington. If he had been he would have gone. He showed a dispatch from Secretary Hoke Smith, instructing him to take the oath of office, and which stated that his commission was signed and on its way to Oklahoma.

FAILURES.

CINCINNATI, May 12.—The private bank of Dwiggins, Starbuck & Co. of Williamsburg, O., assigned last night, in compliance with instructions from Mr. Dwiggins of Chicago. The assets are estimated at \$50,000 and the liabilities at \$30,000. It was one of the branches of the Columbia National Bank of Chicago. An expert accountant who had been employed at the bank has been arrested. The charge seems to be based on the suspicion that he was employed to conceal some of the funds of the bank.

DUNKIRK, Ind., May 12.—The Dunkirk bank closed its doors last night, suspending payment to depositors. A crowd of several hundred excited people surrounded the bank this morning. The concern was owned by Dwiggins, Starbuck & Co. of Chicago, and has gone down for about \$70,000. It is assumed that the failure is the result of the collapse of the Columbia National Bank of Chicago, which Dwiggins was president.

ROKOMO, Ind., May 12.—The Commercial State Bank of Russville and the Farmers bank at Green town, both under one management, closed their doors this morning, with deposits of \$60,000. They were caught in the Columbia bank failure of Chicago. The Commercial bank is one of about twenty banks in Indiana that are thought to be connected with the Columbia National Bank of Chicago. Perhaps as many private banks were also related to the Chicago concern to some extent.

EDWARDSBURG, Mich., May 12.—The Citizens bank suspended this morning. Dwiggins, Starbuck & Co. of the Columbia National Bank of Chicago held the large share of the stock in the Citizens bank. Citizens of this place are interested to the extent of \$25,000. The township and school funds also are involved.

OTTAWA, Ills., May 12.—Richard J. Hornick, banker, merchant and speculator, assigned this morning. The cause of the assignment given as a run on the bank, caused by the financial entanglement of his brother and banker, John Hornick, of Sioux City, Ia.

WILMINGTON, Del., May 12.—The liabilities of R. R. Robinson & Co., an assigned banking firm, are placed at \$250,000 and the assets at \$100,000. Scamblin J. Willey, supreme master of the exchequer of the Knights of Pythias, says that he had a large amount of the order's funds in the bank, but that it is fully covered by collateral. He does not say what the amount is, but it is placed as high as \$70,000. Mr. Willey is mayor of the city.

MINNEAPOLIS, May 12.—The Lappan Furniture company was taken possession of by the sheriff today on executions aggregating over \$50,000, in the collapse of the Columbia National bank and Landaure & Co. The Plankington bank this afternoon filed an execution against Lappan & Co. for \$25,000.

For some months Mr. Lappan has been borrowing money to advertise in the newspapers extensively. The notes, as the ex-ecutors are placed at \$180,000 and the assets at \$50,000. The creditors, at a meeting tonight, decided to allow the firm to re-sume business.

MADISON, Wis., May 12.—The Bank of Oregon, established a year ago by Dwiggins, Starbuck & Co. of Chicago, assigned today. The assets are \$50,000 and the liabilities \$30,000.

SALEM, May 12.—James Dungan, one of the largest leather manufacturers of Salem, has assigned for the benefit of his creditors. There was no statement today. The assets are \$50,000 and the liabilities \$30,000.

THRENTON, N. J., May 12.—The Hyman Co. company this afternoon filed an execution against the National Cigar company for \$25,000. The debts and assets are said to reach \$125,000.

NEW YORK, May 12.—United States Circuit Judge Wallace today issued an order of replevin to William Deering & Co., the Chicago harvester firm, to recover \$250,000 worth of wheat on which the National Cigar company had a lien.

RECEIVERS TODAY APPOINTED FOR THE STANDARD CIGARETTE COMPANY, AND DAY CIGARETTE COMPANY, AND THE CHESAPEAKE CIGARETTE COMPANY.

LAWTON, Mich., May 12.—This village is greatly excited over the failure of the local bank to open this morning. The Standard Cigar Company, the National Cigar Company and the Chesapeake Cigarette Company, in Massachusetts, all of which are branches of the National Cigarette Company.

DUNN'S REVIEW.

NEW YORK, May 12.—R. G. Dunn & Co.'s Weekly Review of Trade says:

"The crash in industrial stocks a week ago has caused a general reaction in the National Cigarette Company, and the largest decline in stocks known in any week since 1873, have been followed by surprisingly little disturbance. Business has shown remarkable soundness and strength under such a strain. The bank failures at Chicago and Indianapolis, and rumors of others, reflect large losses on Chicago through speculation in real estate and grain, and at Indianapolis through the failure of the Imperial Steel company, but commercial credits are not yet materially affected. The money markets are growing tighter and more cautious, but no such stringency is yet seen as to check general trade, which appears to have improved."

"The weekly iron output on May 12, 1903, was 270,000 tons, an increase for the month, while the annual production for the first three months of this year is 7,500,000 tons, an increase of 10 per cent over the corresponding months of last year. Large supplies have decreased to 250,000 tons and lead to 450,000 tons. The iron trade is usually quiet for the opening of summer. Cotton goods are accumulating, and in the wool trade there is much anxiety about the prices. The cotton market has lifted wheat 2 cents, though the crop report is less gloomy than expected. Corn has slightly advanced and pork products largely. London is unshaken, except in April having been \$5,000,000 less in value and \$2,000,000 pounds less in quantity than last year. Oil is 1 1/2 cents lower. Sugar is also quiet. All exports from New York have been 420,000 less for the past two weeks than last year, while imports show an increase of \$2,000,000 for one week of May."

"The failures for the week were 240 in number, against 175 last year. There were only seven failures over \$50,000, from \$250,000 to \$500,000. There were one from \$50,000 to \$100,000, one from \$100,000 to \$200,000, and two falling over \$200,000. Considering the extraordinary pressure in the stock and money markets, the report indicates greater soundness than could have been expected."

SMALLPOX.

STOCKHOLM, May 12.—Smallpox is epidemic in Göteborg.

A SUNDAY STRAIDLE.

THE PUBLIC TO BE ADMITTED TO THE GROUNDS AT HALF PRICE BUT THE BUILDINGS TO BE CLOSED.

AN ATTEMPT OF THE MANAGERS TO DIVERT THE SHEKELS GATHERED BY THE SIDE SHOWS TO THEIR OWN COFFERS.

THE FRIENDS OF THEODORE THOMAS SUCCEEDED IN STAVING OFF FINAL ACTION UPON THE REPORT RECOMMENDING HIS DISMISSAL AS MUSICAL DIRECTOR.

THE WHEELMEN TO BE GIVEN A DAY AT THE GROUNDS—GENERAL NOTES.

CHICAGO, May 12.—The vexed question of Sunday opening for the world's fair is settled. The local board of directors this evening decided to open the gates to the public on that day. Last Sunday morning crowds began to move on to Jackson park, thinking perhaps that the gates of the grounds would be opened, but they were disappointed. The gatekeepers were turned away from the gates of the fair proper, and spent their money with the side-shows surrounding the grounds—a fact which the fair authorities were not slow to grasp. As a result, at the regular monthly meeting of the local directors of the fair, it was decided to open the gates of Jackson park to the public for half the sum of the regular admission to the fair during the week, viz. 25 cents.

This action has nothing to do with the opening of the buildings. The latter will remain closed, as required under the law passed by congress and as agreed to when the sum of \$1,500,000 was accepted from the Fifty-second congress. The gatekeepers will be permitted to enter the grounds every one paying 25 cents. They can examine the buildings on the outside—see everything there is to be seen, but they cannot enter the buildings. The action of the board will go into effect one week from next Sunday, or on the 23rd inst.

The vote by which the resolution passed was 27 to 7. Under the resolution the Midway pleasure also will be shown open. Edward Walker, attorney for the board, submitted an opinion on the question, and on the strength of this opinion the board acted. No provision was made for the return of any part of the \$3,000,000 given to the fair under the act of congress, but there was vague, tentative talk of refunding the money somehow sometime in the uncertain future, and that the \$3,000,000 was given to the directors revealed, by no means showed the real convictions of each member. Many voted in the affirmative, but the act of opening the grounds is a distinct and separate action from the act of opening the gates, and was carried without a dissenting vote.

Briefly, Mr. Walker decided that the resolution was one thing, and that the opening of the grounds is a distinct and separate act. On this the local directors stand accordingly.

The first session of the national world's fair commission today was spent in reviewing the report of the Theodore Thomas investigating committee. This morning the board had been making a test of the matter, and voted to accept the report of the committee, viz. the adoption of a report which passed upon the question of the propriety of the board's action on the strength of this opinion the board acted. No provision was made for the return of any part of the \$3,000,000 given to the fair under the act of congress, but there was vague, tentative talk of refunding the money somehow sometime in the uncertain future, and that the \$3,000,000 was given to the directors revealed, by no means showed the real convictions of each member. Many voted in the affirmative, but the act of opening the grounds is a distinct and separate action from the act of opening the gates, and was carried without a dissenting vote.

Mr. Burton of Kansas proposed that when the commission takes a recess to narrow it to until May 31. Owing to the fact that the commission cannot do any business in the absence of a quorum, and that the gates will be opened on May 13, the report was carried without a dissenting vote.

THE MUSCATINE EXPLOSIONS.
MUSCATINE, Ia., May 12.—At a mass meeting of the citizens this morning the sum of \$7,000 was subscribed, to be offered for the capture of the parties who blew up with dynamite the residences of Editor Mopin and others yesterday. Resolutions were adopted, urging the mayor to close all the saloons and houses of ill fame, it being the general belief that these resorts were responsible for the outrage. Editor Mopin having attacked them vigorously in his paper. If the perpetrators of the outrage are caught, the people of the town will handle them roughly.
