

DONE IN ONE-FIFTY

NOT MUCH LEFT OF THE WORLD'S MILE BICYCLE RECORD.

Otto Zeigler Makes it Even Seconds in a Marvelously Exciting Race—Does First Half in 53 3/5—Beautiful Pick-up of the Pacemakers, Delmar and Hamilton.

SACRAMENTO, Oct. 16.—On the 28th of September John S. Johnson caused a sensation in bicycle circles the world over by riding a mile at Waltham, Mass., in the phenomenal time of 1:50.35.

This wonderful feat was eclipsed in this city today when Otto Zeigler, of San Jose, covered the mile in 1:50, clipping nearly a full second off the world's record. As a matter of fact, he did ride the mile in a fraction over 1:50, but as one of the several watches made 1:50 flat the judges placed the official time at that figure.

This mile of young Zeigler's is the fastest ever run on a bicycle. It was made with a flying start and he was paced by tandem teams, one taking him to three-eighths, another to the five-eighths and the third pacing him to the outcome.

It was a typical Sacramento autumn day. The sky was without a cloud and the temperature just warm enough to enable the racer to put forth his best energies. There was a light breeze from the southwest and this, it was feared, would not allow of record breaking but Zeigler was in fine form and determined to make the effort.

The riding was done under the supervision of the Sacramento Athletic Club of Wheelmen, under the rules of the League of American Wheelmen, which makes it the official record. Judges were H. A. Moore, A. W. Williams and H. E. McCrea. The timers were C. Patton, R. H. Blair, and George Kneier. S. R. Brown, H. A. Hubbard, Starter J. S. Upon. The pacemakers were Wells and Hall, Smith and Olsen, and Delmar and Hamilton.

The start was a fine one and the quarter was passed in 26.35 seconds. The half mile post was made in 53.35 seconds, leaving Zeigler a full minute to make the last half in order to beat the record. Around the turn the wheelmen were kept tight and the three orange colored balls rolling behind the inside line.

Near the three-quarter pole Delmar and Hamilton were away and when they were at their full speed. There was a perfect pickup and the wheelmen at the score were fairly trembling with excitement and enthusiasm as the watches ticked off 1:50.

Zeigler still had 27.35 seconds in which to equal Johnson's record and there was no reason to fear that he would not. The fresh tandem riders were bringing him down the course at a tremendous rate of speed. Within about sixty yards of the wire Zeigler, who was riding a wheel with top of his fresh and speedy pacemakers, could wait no longer, and shooting out to one side he flew past them and passed the wire in the already stated, in a fraction under 1:50.

There is no doubt that he could have lowered his record fully two seconds more had the pacemakers been able to lead him.

Twenty-four Run Lowered.

CLEVELAND, O., Oct. 16.—Luis Gimn, a member of the Cleveland Wheel club, succeeded at 5 o'clock this afternoon in making the world's record for a twenty-four hour run, covering 385 1/2 miles and 29 fairs, or 290 fairs less than 284 miles. The best previous record was 374 miles and was made by Ed. S. Spooner. Gimn rested but 7 1/2 minutes during the twenty-four hours run. The last mile was made in 2:54.

Got It From Brooklyn.

NEW YORK, Oct. 16.—A Eastern Park football team defeated Philadelphia by a score of 18 goals to 1.

Boston Beats New York.

NEW YORK, Oct. 16.—The professional football players from Boston made their appearance in this city today at the Polo grounds in a championship game with New York. Score: Boston, 3; New York, 2.

Baltimore Defeats Washington.

WASHINGTON, Oct. 16.—Baltimore won from Washington in the professional football game here today by a score of 10 goals to 1.

Budd Bagged the Birds.

DES MOINES, Ia., Oct. 16.—In the annual tournament of the Highland Gun club of this city today, C. W. Budd won a purse of \$400 in a shoot with W. C. Carver, at 100 yard birds. Score 2 to 0.

Two-Year-Old Record Broken.

NASHVILLE, Tenn., Oct. 16.—Fair racing was at the park today and the attendance was good. Six events gave plenty of good sport, two of them being unfinished races from yesterday and the regular card. Weather perfect and track fast. Only one record was broken and that in the two-year-old trotting class. Summaries: In the 2:20 class, 2-year-olds, (finished from Monday) Ventur, won second, third and fifth heats. Time, 2:14 1/2; 2:14 1/2; 2:14 1/2. Angle D. won fourth heat. Time, 2:14 1/2. In the 2:15 class, 2-year-olds, (finished from Monday) Ventur, won second, third and fifth heats. Time, 2:10 1/2; 2:10 1/2; 2:10 1/2. In the 2:15 class, 2-year-olds, (finished from Monday) Ventur, won second, third and fifth heats. Time, 2:10 1/2; 2:10 1/2; 2:10 1/2.

STOPPED THE BABY'S CRY.

A Bachelor Brings His Knowledge of Human Nature Into Play. A bachelor is not usually accredited with much knowledge about the proper treatment of children, but sometimes they step in where angels fear to tread. A well-known man about town, who is very fond of children, and not very fond of their mothers, stopped to see a married sister the other day and found her trying to amuse her little boy, aged five years. Not long after he arrived she stepped out of the room to attend to some household matter or other, leaving him alone with the child. The latter eyed him dubiously for some minutes. He was a spoiled child if ever there was one, and had no idea of making promiscuous acquaintances. The bachelor tried to make the little laugh, but all he got for his antics was a sour look. Finally, without any warning, the child burst out crying. Here was a quandary, to be sure. He didn't dare to pick the boy up and soothe him. His attempts in a verbal line were dismal failures. What should he do? Finally a thought struck him. He looked at the crying youngster and the crying youngster looked at him through his tears. He was evidently much pleased with the impression he was making.

Bird Surprised Them.

KANSAS CITY, Oct. 16.—More good races were at the Exposition track today. Three of the four hand races were won by the public. In the second race, Bird Dub-

Looking Better

feeling better—better in every way. There's more consolation in that than well people stop to ponder. To get back flesh and vigor is every thing.

Scott's Emulsion

of pure Cod Liver Oil with Hypophosphites is prescribed by leading physicians everywhere for ailments that are causing rapid loss of flesh and vital strength.

Scott's Emulsion will do more than to stop a lingering cough—it fortifies the system against coughs and colds.

A REGULAR FIGHTER.

The Mackinaw Trout Tests the Fisherman's Line and Skill.

If the Mackinaw trout could be fished for with a light rod and tackle, as salmon anglers do, a New Yorker who has been trying those game Lake Michigan fish, the title of the salmon as king of game fish would fall at once. The Mackinaw trout is stronger than the salmon, of greater average weight, equally as tactical, and as fierce a fighter as that Goliath of freshwater fish the muskallonge. A bout with one of these trout at the end of a hundred feet of line on a supple split bamboo rod would give the sturdiest salmon fisherman enough of hand and exciting work to satisfy him for the day. Eighteen, twenty, and even twenty-five pounders are by no means uncommon, and thirty-pounders are more than ordinary comment.

But the Mackinaw trout, like the salmon trout of the New York lakes, isn't built for fine tackle, and if you want him you must work the oars of a boat faithfully and trail your whirling troll at the end of two or three hundred feet of heavy line. In from fifty to one hundred feet of water. Sometimes the fishermen tie his line to his leg as he rows his boat, but the usual style is to hold it in his mouth—that is, if he is fishing for trout anywhere on the lake but Traverse bay.

From time out of mind Mackinaw trout have been fished for in Lake Michigan with a slender, minnow-shaped troll, so made that it will whirl rapidly when drawn through the water, and fastened to a starting white flag as big around as a lead pencil. A good many fishermen had held for years this trolling line, and as a detriment to fishing, as it acted as a menace to the trout, which are shy and wary, and that with a line less in evidence in the clear waters of the lake greater success would attend the success of Mackinaw trout fishing. But no one seemed courageous enough to try any other kind of a line until two years ago, when a citizen of Traverse City, who was not a fisherman, made up his mind that he knew how more than a bigger troll could be caught, and he went fishing one day with the copper wire for his line instead of the starting white twine of the fathers. This wire was absolutely invisible in the water and when let out with the troll carried no suspicion to the Mackinaw trout's watchful eye. The result was that this citizen came ashore with a boat-load of the biggest Mackinaw trout anyone had ever seen in one lot from Traverse bay. Since then the fishermen in that part have adopted the copper wire for a trolling line, but elsewhere on the lake the hide-bound old sportsmen stick to tradition and white twine.

There is no mistaking the strike of a Mackinaw trout on the troll, and the instant he makes it all other business must be subsordinated to that of getting him safe into the boat. In the expressive and comprehensive parlance of the Lake Michigan fisherman, you've got to keep a Mackinaw trout agoin'. It's no easy matter to keep a fifteen or twenty-pound Mackinaw trout agoin', and the inexperienced angler will find that the first thing he knows the trout will be 'keepin' him agoin'.

If the big fish gets the least bit of slack line, he will tug and dash away, sometimes actually pulling the boat around, if not towing it. Once headed away from the fisherman, this game and lusty fish rarely fails to break the hold of the hook. The angler who can keep his trout agoin' as he hauls in the line hand over hand, may get his prize alongside or within the opening of the boat in the course of fifteen or twenty minutes.

"The Mackinaw trout fisherman never take the risk even of gaffing a big trout. Indeed, some carry rollers of large caliber, and when the trout is hauled alongside the boat or within safe range they shoot it in the head, and put the fight beyond all question. Others spear their catches with long-handled, sharp-tined gaffs.

ST. LOUIS.

St. Louis, Oct. 16.—Cotton, quiet; middling, 7 1/2; low, 5 1/2; extra, 5 1/2; receipts, 8,000; shipments, 8,000; stocks, 129,500.

HOOGS A DIME LOWER.

CHICAGO, Oct. 16.—The situation in cattle was unimproved. Common to fair grades comprised almost the entire supply and prices for such therefore remained weak. Of the 8,500 head received about 5,000 were rangers, leaving 3,500 as the supply of natives. Sales of the former were generally at \$2.50 to \$3.40 and the prices below \$5.50 took most of the natives. Some good cows sold around \$1.25 and extra quality 1.50 to 1.60 pound steers were received at high as \$2.25. The offering of well finished cattle were few and were firmly held. The common kinds were received in considerable quantities and are bringing good prices, quoted at \$2.65 to \$3.50.

Another 10 cents was paid off the price of the hog market today, nothing selling above \$5.25, the bulk of the business being done below \$5.25. Receipts continue to show a large increase in the recent average, which fact taken in connection with the depression in hogs products is thought sufficient to account for the shrinkage in the value of live stock. Since Saturday the arrivals have been cut down from 45,000 to 35,000, and for the same time last week, and in the meantime, prices have declined 20 to 25 cents per hundred pounds. The quality is not as good as usual, the average being many young pigs and a large percent of common mixed lots. Sales were from \$2 to \$4.35 for culis to \$5.25 to \$5.30 for prime heavy.

Choice sheep and lambs sold well. They were only a small part of the supply and demand being principally centered in the grade, selling at 75 cents in the open close out quick and at strong prices. Poor to fair sorts were in no demand and are weak as before. Sheep were quoted at 75 cents for 30 lbs and lambs at \$1.50 to \$1.35. A lot of fancy Shropshire lambs brought \$4.50, but they were finer than anything else on the market. Receipts were 1,100 and the prevailing prices for lambs were \$2.65.

Receipts—4,710; calves 500; hogs 26,000; sheep 18,000.

WICHITA MARKET.

WICHITA, Oct. 16.—Hogs—The market—19 cents lower in sympathy with Chicago. Receipts in three weeks wheat fed hogs coming in now; good corn fed hogs have preference.

Hogs would be much improved if they were fed on a mixture of corn and wheat for a few weeks more. They would have a more finished appearance and undoubtedly sell better.

WICHITA MARKET.

WICHITA, Oct. 16.—Hogs—The market—19 cents lower in sympathy with Chicago. Receipts in three weeks wheat fed hogs coming in now; good corn fed hogs have preference.

THEY TAKE SUGAR

LARGE PORTION OF DEALINGS FURNISHED BY THAT STOCK

Activity and Upward Movement in Sugar Stock Credited to Inside Manipulation—St. Paul Stock Next in Activity—Light Touch on Grains—Gold Export Cuts no Figure

NEW YORK, Oct. 16.—Nearly one-half of the business done on the stock exchange today was in the shares of the American Sugar Refining Company. Good business was developed in the stock in the early dealings, which was credited to a prominent insider. The board traders followed the lead thus given and without any important reaction, an advance of 2 1/2 per cent was recorded, the last being the highest price of the day. Reports were put in circulation that the sugar trade was improving and that the refineries of the trust would soon again be put in operation. It is not to be said, however, that these reports had any special influence upon the course of the prices in stock, the upward movement being purely the result of manipulation. St. Paul was second in point of activity and during the morning was sold by London and the traders, with the result of a decline of 3/4 per cent, which was later recovered, the final sale, however, being 1/2 per cent below yesterday's.

The grangers were but lightly dealt in and finished with a loss of 1/2 per cent. Burlington gained 1/4 per cent and Rock Island 3/4 per cent and Northwest standing unchanged on the day. There was Irish selling of General Electric in the open market, which was attracted to an insider and which broke the stock 1 per cent, the full decline being recovered before the close. The report was that the intention of the company to shortly reduce its capital stock. During the afternoon the shares reacted 1/4 per cent and closed 1/2 per cent at the close, leaving a net loss of 1/4 per cent. Chicago Gas opened 1/2 per cent lower but quickly moved up 3/4 per cent, subsequently reacting 1/2 per cent and closing 1/4 per cent on the day. Western Union was in better tone today than on yesterday and closed 1/4 per cent higher on a strong business, closing at the highest point touched. Manhattan recovered somewhat from yesterday's depression and some of the best selling was done today. The tendency of the market was downward during the greater part of the day. The gold export cuts had little if any influence on the market and in the final dealing, although the trading was intensely dull, a net profit of 1/4 per cent was realized on the day. The more important declines on the day not already noted are: 1 1/2 per cent in Delaware and Hudson and Cordage preferred, 1 1/2 per cent in Norfolk and Western preferred, 1 1/2 per cent in Baltimore and Ohio, and East Tennessee second preferred, 1 1/2 per cent in Wheeling and Lake Erie preferred, 1 1/2 per cent in Central and 1 per cent in New Jersey Central and Pittsburg, Cincinnati, Ohio and St. Louis, Distilling, Atchison, Missouri Pacific and North Carolina preferred closed at yesterday's figures.

A general easier tone prevailed in the bond market during the early session. As a rule, however, the market was more pronounced, particularly for General Electric debenture 5s, which sold down 3/4 per cent to 85 1/2 per cent and finally closed at 85 1/2 per cent. A fall in the price of the debenture was traced, the sales amounting to \$25,000. The more important changes are: Declines: Union Pacific gold 6 1/4 per cent; Atchison, Colorado and Pacific 1 1/2; Cleveland and Canton 1 1/2; 1 1/2 per cent; Tennessee coal and iron 1 1/2; 1 1/2 per cent; Erie 3c; consol trust receipts, 1 1/2 per cent; Atlantic and Pacific 4 1/4; 1 1/4 per cent and Kansas Pacific consols, maturing in 1900, 1 1/2 per cent. Lake Shore and Western 1 1/2; Oregon Improvement consol 5c; Richmond and Danville equipment 6c, and Colorado 1 1/2 per cent. Advances: Oswego and Rome seconds 2 per cent; Wash second 1 1/2 per cent and 1 1/2 per cent; and Toledo, Ann Arbor firsts, 1 per cent.

DRY GOODS MARKET.

NEW YORK, Oct. 16.—Outside of auction sales the market for dry goods was as usual on the day there are no sales of importance to work upon. There was some business done for spring in dress goods, but the market was not so active as the result of forwardings on previous orders that are taking many goods. Printing cloths did 2 1/2 per cent for contracts to January and small sales.

CHEAPER TO SHIP GOLD.

BOSTON, Oct. 16.—Kilmer, Peabody & Co say that their shipment today of a half million of gold was a purely business transaction, that the exchange was very scarce and it was actually cheaper to ship gold. There was no speculative feature in the transaction and the house repudiates the idea that it would be in such business.
