Memphis, Tenn., May 21.—"Omaha" day was not down on the program as originally prepared by the drill management, but the last day of the encampment cannot properly be called by any other name. Memphis saw her first crowd of 20,000 people today when fully that number passed the gates at Montgomery Park to witness the closing exercises of the interstate drill.

There was no surprise when the sergeant was sent to order the Thurston rifles of Omaha to report. The Omaha boys were given a rousing reception. The best of them, the Galveston company, together with the \$3,000 first prize in class A, was a popular decision.

Another popular victory was that of the Morton Cadets. The crowd had been with them from the start. The prizes were awarded as follows:

Class A Infantry, free for all—First prize \$5,000, won by the Thurston Rifles of Omaha, Captain A. H. Schaff, with a percentage of 95.85; second prize \$1,500, Morton cadets, Washington, percentage 86.86; third prize \$500, company B, as artillery, infantry branch, Galveston, Texas, percentage 86.54.

Gravesend Races. New York, May 21.—This was a miserable day at Gravesend and only 1,500 of the regulars were present.

The track was in the best of condition all during the racing. Only four horses started in the Parkway handicap, Bassett rushed off in the lead when the flag fell, and in the first half mile he had all but Sir Walter in difficulties.

First race—Five furlongs: Joe Rogers, 1 to 1, won; Dandy, 2 to 1, second; Arline, 4 to 1, third. Time 1:35.

Second—Mile: Bolmar, 6 to 5, won; Mirage, 3 to 1, second; Ingoldsby, 4 to 1, third. Time 1:47.

Louisville, Ky., May 21.—Interest centered in the first race at Churchill Downs today. China's great Lassak and Walbaum's Lamplighter were entered. Lassak, however, was scratched and the once invincible Lamplighter, owned by his owners to Lady Diamond, a fast filly, by the Emperor of Norfolk and owned by "Lucky" Baskin, captured the race.

ROUGH ON REBELS

JOSE MARTI SLAIN IN BATTLE WITH SPANISH TROOPS.

Colonel Sandoval Sends a Detachment of the Government Forces in Pursuit of an Insurgent Band Under Marti, Gomez and Other Revolutionary Leaders—Rebels are Found in a Strong Position but are Compelled to Retreat After an Hour's Fighting, Leaving the Body of their Proclaimed President.

Havana, May 21.—An engagement disastrous to the rebels was fought today in eastern Cuba, in which Jose Marti, who was proclaimed president of the revolutionary party, was killed and his body positively identified.

Colonel Sandoval received positive information that a band of insurgents under the command of the well known leaders, Jose Marti, Maximo Gomez, Maso and Barrero, had taken up a line of march to pass the River Neuto in the direction of Victoria de Las Tunas, with the design of marching upon Puerto Principe. Colonel Sandoval dispatched Colonel Sandoval with a detachment of troops to march in pursuit of the rebel band.

Colonel Sandoval found the enemy camped at a point between Pajas and Boca de Dos Rios on the right side of the Contramaestre river, a small tributary of the Caoto. The strip of land between the two rivers is high, thus making it a strong position.

Nevertheless Colonel Sandoval attacked the camp and found his troops harassed by a scattering fire of single shot from cover. The fight lasted an hour in this manner, at the end of which time the Spanish troops advanced and took the enemy's position, dividing the insurgent forces into two narrow strips of land by their advance and compelling the rebels to fly.

The Spanish troops hotly pursued, and came upon the body of Jose Marti, which was later positively identified.

Of the rebels, twenty were killed and many others were wounded and left in the hands of the Spaniards. The Spaniards took some correspondence of the rebel leaders along with them among which are some important papers. The arms and horses of the insurgents were also taken. The Spaniards lost five killed and seven wounded.

STORMS PASS AWAY

PRESBYTERIAN ASSEMBLY PASSES TO ROUTINE BUSINESS.

Questions Relating to Placing Union Seminary Men on the Board of Missions and Erecting a Mission Building in New York, Look Threatening for a Time but Nothing Serious Results—By a Standing Vote the Individual Communion Cup is Kept Out—Dr. Blackburn Treats the Negro Vote Seriously.

Pittsburg, May 21.—The "storm center" at New York made itself felt in the assembly of the Presbyterian general assembly at Pittsburg today. The winds of debate had only just cleared the ecclesiastical sky of the cloud of assembly control of seminaries, when another cloud from New York loomed up in sight.

Another matter which promised to bring out opinions of wide range was the question of the use of the individual cups at communion. By a standing vote with very few in the negative, the church decided not to make the change contemplated. The regulation of the Young People's Society of Christian Endeavor was relegated to the sessions of the individual churches.

THE HAT PROBLEM

How Two Sailors Tried to Solve the Question. Another effort to solve the question of dealing with unmanly women who insist on wearing large hats in theaters was made at the Academy of Music, New York, the other evening.

Two sailors from the United States ship Chicago bought seats in the gallery, and after the first act went to the manager. They demanded that he had paid to go the play, and that they could not because of the big hats of two women. They had asked the women to take their hats off, and they had refused.

One of the managers jokingly advised the sailors to take the hats off themselves if the women refused. The sailors had taken down to see the manager. The sailors had taken down to see the manager.

General Ruger's Transfer. Report That He Will Succeed General Schofield as Lieutenant General.

Not in many days have military circles been in such a flutter as they were over the transfer of General Ruger from Chicago to Washington. Army officers have been trying to find out what it means.

General Ruger's assignment to the preparation of new drill tactics is well in the nature of a compliment, anything else, and, as a matter of fact, he will have precious little to do between now and next September, when General Schofield is to retire.

The friends of General Miles are not willing to admit that the senior major general is to be thrust aside in favor of another. They are quite sure President Cleveland would not violate the proprieties of the case in this manner.
