

LARNED GETS LEFT

SWIFT MAN IN TENNIS RUNS AFOUL OF A SWIFTEE.

He Plays Tremendously at the Outset. While Wrenn Has no Opportunity to Even Test His Offshoots - Wrenn Watches His Chances and Rattles His Opponent. Who Has Thereafter Nothing Left in Him But Games, for Which no Championships are Offered - Yacht Race at Cleveland Declared Off.

Newport, R. I., Aug. 24.—William A. Larned of Summit, N. J., the acknowledged leading exponent of tennis in America, with a three months finishing practice in England, beat himself in the finals for the national championship today.

R. D. Wrenn, ex-champion, was his opponent, and had only to wait for two sets and a half until Larned played himself to a standstill. It must be acknowledged that the 2,500 spectators saw some fine tennis this morning as the first two sets. Larned's playing was something marvelous, and Wrenn could do nothing with his cross-court drives or his smashers from the net. Wrenn's jobs were handled in a masterly manner, and after a few ineffectual attempts at this game Wrenn gave it up as a bad job. At the end of the second set, with two sets in Larned's favor, every one thought the match as good as settled. The play in the third set was even for our games. After that, however, Larned fell off a trifle and Wrenn seeing the opportunity for which he had been waiting during the whole game, jumped in and snatched three games in rapid succession. This beat Larned, for he lost his nerve, and after that was not responsible for his returns. The two remaining sets went to Wrenn, who only had to return the ball and wait for Larned to make a court or to hit the net with a uniformity that was heart-breaking to his supporters.

They came out for the deciding set amid almost breathless excitement. Wrenn's magnificent work and determination being evident. Wrenn took the first, a live game, and followed it by two more, Larned beating himself by bad balls. In the fourth game, Larned and Wrenn, but his errors in the fifth game Wrenn another victory. With the score of games 4-1, Wrenn served four but Larned won by fine playing. The seventh added another to Larned's score and he was applauded. Wrenn rallied then and by great work took the next two games, winning the set, a match and a championship.

Points: Wrenn—4-4; 4-4; 1-5; 4; 2-1; 3-3; 2-6; 4-3; 1. Total 25, three games.

Final score—Wrenn beat Larned 4-6; 5-6; 6-4.

A Wonderful Phenomenon. The man who should pass through life without experiencing a twinge of indigestion might be fitly regarded as a wonderful phenomenon. We doubt if such a privileged mortal has ever existed. If so, we have never seen him. But thousands are known to be daily relieved of dyspepsia by Hostetter's Stomach Bitters, the popular remedy for that truly national complaint, as well as for fever and ague, debility, constipation, rheumatism and kidney troubles.

Yacht Races Declared Off. Toledo, O., Aug. 24.—After sailing over the first leg and a little more than half of the second leg of the international yacht race course today, the judges declared the race off, as it was evident that neither boat could sail the 24-knot course within the time limit of five and one-half hours. It was little more than a drift all the while the race was on.

The only things demonstrated by the contest were that Canada can outgait Vencedor in a light wind and that the Canada sailors can outlast the crew of Vencedor.

Canada took the lead after crossing the line from the start. Vencedor turned the first stake boat nearly 27 minutes behind her rival. Canada's time on the first leg was 2 hours and 14 minutes. As there was no improvement in the breeze while the boats were sailing on the second leg, it became apparent to the judges that it would be necessary to postpone the contest and they therefore called the race off.

When the race was called there were nearly a hundred boats at the feet of pleasure craft lined up to the leeward of the course, with instructions to keep out of the way of the racing yachts.

The first few minutes of a fire is the critical time; a quarter of a minute is worth saving. Millions may be lost in that time. When anyone is sick every instant is precious, particularly at the beginning before disease gets any headway.

When you first begin to feel "below the mark"; when you are not getting all the strength you need out of your food, when you are languid and indispensed, it is time to try the toning, strengthening effect of Dr. Pierce's Golden Medical Discovery. It "extinguishes" disease by making rich, healthy blood, full of the life-giving red corpuscles which drive out disease and flood the vital organs with fresh vitality.

Every disease which has its seat in the blood is cured by this marvelous "Discovery" after all other remedies have failed. Its effects show little short of miraculous in curing obstinate, chronic throat and bronchial difficulties and even consumption.

"Run-down" people, delicate women, pale and puny children gain flesh, strength, color and nerve force by using this marvelous "Discovery." It does not make flabby fat like so many "tonics," but hard, healthy, muscular tissues. At all medicine stores.

Corbett Talks Big to Sharkey. Baltimore, Md., Aug. 24.—James J. Corbett tonight made the following answer to their proposition telegraphed from San Francisco today to the effect that if he would release him Sharkey could get a "go" with Fitzsimmons previous to the Corbett-Sharkey fight: "I positively refuse to consider any such proposition. Until I meet Sharkey, no one else shall. If Fitzsimmons wants to fight, he can meet him in three to four weeks. After he has met me he can get on all the bouts he wants with the San Francisco man."

TRAIN CAUGHT ON THE ILL

Peoria, Ill., Aug. 24.—A wreck on the Peoria and Western railroad at Valenciana, twenty-two miles west of here, at noon today, resulted in the destruction of three passenger coaches, eighteen freight cars and the injury of twenty-five passengers, five of whom will probably die.

The names of those seriously injured and who may die are: Mrs. W. B. Marsh, Talmage, Ohio, fatal bone injury internally. John Curry, Pleasantville, Pa., jaw broken and body badly mangled. Mrs. J. W. Morse, Leola, Ohio, collar bone fractured; injured internally. Masad Bennett, Allegheny, skull fractured.

Mary J. L. Smith, Verona, Pa., skull fractured. The following were badly injured but will recover: Mary Bennett, Allegheny; Walter Smith, Akron, O.; Mrs. E. M. Cramer, Jennie Cramer and Belle Cramer, Apollo, Pa.; Garrett Culbert, Allegheny; D. B. Shantz, Harmony, Pa.; D. B. Houston, New Castle, Pa.; E. J. Smith, Beavertown, Pa.; H. Weaver, New York; P. J. Smith and W. L. Gray, Allegheny; O. W. Crooks, Carnegie, Pa.; A. Vaught, Buffalo, N. Y.; William Muhler, Allegheny; A. L. Jones, Carnegie, Pa.; Dr. J. Y. Toney and K. H. Kerr, Allegheny; Mrs. C. W. Hill, Evans City, Pa.

The injured were all brought to the Allegheny general hospital, where every attention possible was given them. The serious cases are still there, while the others were either removed to their homes in Allegheny or continued on their journey.

The wreck was a peculiar one and one that involved three trains—local freight No. 37, through freight No. 25 and east-bound passenger No. 4, from Chicago. The local was standing at Valenciana station unloading freight, when the through freight came to the top of the grade just out of Valenciana. The engineer, who was on the local, put on the air brakes but they refused to work and his train went crashing into the local. Just at the time the two freights collided, the passenger came along on the east bound track and was struck by the freight cars which were derailed at that moment. The engine and baggage car of the passenger train got through safely and broke away from the balance of the train. The first passenger coach, in which were a great many ladies, was crushed by a car load of oil well tubing. The tubing was thrown with terrific force in every direction, causing most of the wounds received by the passengers. The freight was piled twenty-five or thirty feet high in places.

DEATH RATHER THAN CAPTURE

Burglar in Chicago Committed Suicide as the Police Close in on Him.

Chicago, Aug. 24.—Finding himself shut out from means of escape, a burglar, whose identity is as yet unknown, shot and instantly killed himself near the corner of Twelfth and Lawrence avenues tonight. At the time he was being pursued by several police officers and they had a far shout upon him that he would soon have been in custody. The fugitive became desperate when he realized this and turned to face his pursuers, at the same time drawing a revolver. He fired one shot at the officers before turning the weapon upon himself but the bullet flew wide. He then shot and killed himself.

RUSSIAN FOUGHT LI HUNG CHANG

Wants Engaged to go Home With Russia and Gobble Chickens.

London, Eng., Aug. 24.—The Daily Mail today publishes an interview with an anonymous Russian statesman in which the latter is quoted as suggesting that Great Britain co-operate with Russia to force the Chinese government to take the benefits accruing in the northern half, and Great Britain in the southern half, by means of a great nucleus of a future government as in the case of India. The statesman interviewed says he regards the Franco-Russian alliance as the love for it all on the world, he adds, would much prefer England as an ally in the east.

He speaks of Li Hung Chang's tour as the endeavor of China to escape from her Russian creditor, and pictures Europe at "viewing in severity toward Li Hung Chang, who is a swarthy and position, he asserts, are not those of a statesman, but of a palace domestic.

NOT MERELY EAST AND WEST

But American Debtor and English Creditor are Arrived.

London, Aug. 24.—The Westminster Gazette this afternoon publishes a long article calling attention to the political campaign in the United States as being not only a matter of the east and west but between the American debtor and his British creditors and advising Englishmen desiring the defeat of free silver, to restrain their shouting for McKinley.

MONON GIVES IT UP

Nearly Five Hundred Thousand Dollars to Pay.

Receiver Appointed in the United States Circuit Court at Indianapolis for the Louisville, New Albany and Chicago—Proceedings Formal, and Everything Allowed According to the Will of the Parties—Road Insolvent and Nothing on Hand for Next Interest Day—Ancillary Bill Filed in Court in Chicago.

Indianapolis, Ind., Aug. 24.—Today in the United States circuit court, John J. Mills of New York, through his attorney, Henry Crawford, filed a complaint against the Louisville, New Albany and Chicago Railroad company, demanding judgment to the amount of \$500,000 alleged to be due because of the non-payment of promissory notes issued by the company to him. E. C. Field, general solicitor of the road, admitted the claims. Judge Woods then granted judgment for \$494,911.55, the net aggregate of the notes. The execution was served on the local manager, the latter making the return "nothing found." Mr. Crawford next presented a petition for a receiver, alleging the insolvency of the road, to which the court assented. Judge Woods appointing William McDoel of Chicago, the present general manager of the road, whose bond was placed at \$100,000.

Mr. Field in his complaint alleges the non-payment of five promissory notes as follows: March 15, \$23,117.57; April 15, \$30,000; April 30, \$121,635.53; June 1, \$30,000; June 30, \$38,094.

The notes were all issued during the present year. Further, it is averred that demand for payment has been made and refused. The proceedings of the court were formal, the action of each side having been arranged beforehand. Mr. Field for the company had proposed a receiver to be appointed, which the justice of the claims was admitted.

PROCEEDINGS FORMAL.

After a description of the company's property, the complaint alleges the capital stock of the company to be \$15,000,000, of which \$7,000,000 is paid in the payment of its dividends. The funded debt is stated to be \$5,000,000, nearly all of which is a 6 per cent bond secured by mortgages on the road and its equipment, and the fixed charges for interest on payment of taxes and taxes, amounting to \$1,200,000, involve a monthly charge of \$100,000.

Further, it is charged that the road, relying on expected business, has gone to an enormous expense in improving the property, and that its business has made it impossible to realize on the investment. The poor wheat market alone caused a loss of \$50,000 a month in traffic. The road offered no exception to an auditor, being appointed, Judge Woods instructs the receiver to take immediate charge and exclusive possession of all property of the company.

ANCILLARY BILL.

Chicago, Aug. 24.—The filing of a receivership bill for the Louisville, New Albany and Chicago railroad at Indianapolis, at noon today, was followed at 6 o'clock this evening by the filing of an ancillary bill in the United States circuit court at Chicago. The bill, confirming the appointment of M. H. McDoel, as receiver in the court for Indiana, was signed by Judge Woods, who made the original appointment.

The allegations of the ancillary bill are the same as in the original John T. Mills, Jr., of New York, is the complainant and he asserts that he is the holder of a judgment against the railroad to the amount of \$494,911.55 and that he files the bill for the benefit of all creditors.

The allegation upon which the demand for a receiver chiefly rests is that the road is insolvent and will default at its next interest day in the payment of interest on general and equipment mortgages.

ST. PAUL GRAND ARMY TICKETS

Buling Made Against Missouri River Points.

Chicago, Aug. 24.—The chairman of the Western Passenger association has made a ruling regarding the selling of tickets to the Grand Army encampment at St. Paul from points on the Missouri river, Kansas City and Atchison. Several of the roads have made repeated requests that the selling dates for tickets from these places should be made the same as the dates in trans-Missouri territory. The chairman has ruled in the negative, holding that the association agreement provides that these points are in the territory of the eastern committee of the association, and that they must sell tickets on the date set by the roads in the territory.

CHESAPEAKE AND OHIO REPORT

Road Comes Up With a Good Time Showing in a Hard Time Year.

Washington, D. C., Aug. 24.—The report of Chesapeake and Ohio railroad for the year ending June 30, 1936, which has been submitted by President

Advertisement for Stuffed Eggs and Gladness Comes. Includes an illustration of a woman's face and text describing the benefits of the product.

M. E. Ingalls, is a most favorable showing, considering the disadvantages under which railroads in all sections of the country have labored for the past year. First of all, the report shows that the gross earnings have reached the large aggregate of \$2,211,111, a sum which has not been exceeded since 1925, when the world's fair was in progress at Chicago, and even in that year the excess was only about \$100,000. The careful management which has marked the feature of the road is shown in the fact that while the receipts are thus increased, the percentage of operating expenses is only 1 per cent greater than for the last two years, and 7 per cent less than for the year 1935. The net earnings were the largest in the history of the company.

In physical condition the property has been fully maintained and improved. The account during the year in the operating department and the policy heretofore established of charging all additions and betterment to operating expenses, has been continued. The company laid 1,000 tons of new rails, at a cost of \$129,223.

WAY BEHIND ON THAT DEAL

How an Oklahoma Horse Thief Lost the Horse He Ate and Had.

Mulhall, O. T., Aug. 24.—(Special).—Last Friday a young man named Childress was picking castor beans for a Mr. Lowe, one mile south of Mulhall, a man who had been working in the vicinity for some time and had Childress' assistance in raising a new buggy which was on Mr. Lowe's premises and which the supposed Mr. Lowe owned. He also proposed stealing some horses owned by Mr. Lowe. These he stated, together with the buggy, to the crew and sold. To this plan Childress agreed and fixed the hour of 10 o'clock Friday night as the time to carry out this plot. Childress owned the buggy and one of the horses and the other thief, returned. Professor F. M. Blasgow, John Hron, Phil Lemon and Chas. Eberhardt accompanied him. The thief appeared promptly on the scene. Five men accompanied him, and they exchanged. Charlie Eberhardt was shot through the thigh, receiving a severe wound, though the bone was not broken. The man, whose name is Johnson, escaped though it took a long time to be wounded. He left a fine horse and saddle, which is in possession of the marshal. At about the same hour a span of roan colored horses were stolen at Perkins. Mr. Eberhardt is suffering a great deal from his wound.

TROUBLE AMONG THE CHOUTAUS

Governor McCurtain Reported Killed by an Attack Made on His House.

Fort Smith, Ark., Aug. 24.—Trouble which has been brewing for three weeks in the Chautauk region, as a result of the election of Green McCurtain as governor bids fair to end in warfare. McCurtain's residence, sixty-five miles southwest of Fort Smith, is now guarded by forty men against threatened attack by about the same number of men, members of the Buzzard party, composed largely of old-time full bloods and many negroes. This party comprise many followers of McCurtain's opponents in the recent election. An unconfirmed report reaches here by passengers northbound that McCurtain has been killed.

HAD BETTER GOT A DIVORCE

Old Man Arrested for Murdering and Cremating His Wife.

Pleasanton, Kan., Aug. 24.—Thomas Kay, aged 76, postmaster at Kratzer, thirteen miles west, and a negro were arrested today on suspicion of having set fire to his house last Friday and the additional charge of murder may be made against the two. The corpse of Mrs. Kay was secured from the fire with difficulty. It was at first thought she had been burned to death, but a dent in the skull indicated murder. At the inquest, Kay testified in a wretched manner and directed suspicion against himself. The couple had lived unhappily.

PACKHORSE FALLS ON HIM

Auditor McKibben of the Santa Fe at the Point of Death.

Denver, Colo., Aug. 24.—A special to the Republican from New Castle, Colo., says: J. F. H. McKibben, auditor of the Santa Fe railway company, Dr. M. B. Wild and son, and High Cole, all of Topeka, Kansas, left here today on what was to have been a three week's hunting trip. They were about three miles out of town when the load on one of the pack animals became disarranged and the horse became frightened. Mr. McKibben dismounted to fix it, but while trying to quiet the horse, it slipped and fell on him with its heavy load of camp supplies. He was picked up unconscious. Aid was summoned and the injured man brought to town where he is now at the home of W. E. Damon under the care of Drs. Ward and Hotop. Investigation showed that Mr. McKibben had sustained complete paralysis below the neck and was to be immobilized now, though Dr. Ward does not anticipate a favorable termination of the case. Mrs. McKibben is now enroute by special train from Topeka and will arrive tomorrow night.

A BOAST FOR PRESIDENTIAL

E. H. Snow Calls His Party Chief a Liar, Traitor and a Defamer.

Topeka, Kan., Aug. 24.—Ex-State Senator Snow and his right-hand man, Walter Costigan, are being good threats they made at the Populist state convention to fight John Breidenthal if he was re-elected chairman of the Populist state committee. In this issue of the Okla. Journal, E. H. Snow's paper, a column is devoted to a review of Breidenthal's misdeeds, after which the state committee is touched up as follows:

"Never before in the history of parties has a man been elected chairman after such an indictment as was made against Breidenthal. But a majority of the committee are Breidenthal's pets, and would have elected him had he been elected by the state. It is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is one remedy which promotes internal cleanliness without debilitating the organs which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists. If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction."

done all this, still it has not the power to stifle the indignation of true Populism against the infamous and cowardly deed. Of this fact, Mr. Breidenthal will be soon quite fully aware. The complaints will be continued to the quarter of the state. They will come from every quarter, and will continue till the traitor is driven from power."

CLIGGETT AND WAYDE SIX

Fusion Electoral Candidate and Another Man Call Each Other Names.

Pittsburg, Kan., Aug. 24.—Not a little gossip has been started in political circles in this city by Morris Cliggett, candidate for presidential election on the Fusion state ticket, and J. M. Wayde, candidate for county attorney on the Republican ticket in this county, getting tangled up in a political argument on the streets a few days ago. It started over a statement that Wayde is said to have made a day or two previous. When Cliggett accused him of making the statement Wayde denied the allegation and Cliggett disputed the denial. Two or three times when Wayde is said, called him a liar. About that time friends interferred and stopped the quarrel. Neither one will talk on the subject, therefore the whole question is open to gossip and speculation more because of the prominence of both in political circles and also of their having been bosom friends up to the time of this disagreement.

SILVER FORCES DRAW NIGH

Populists, Bryan Democrats and Silver Republicans Herding in Wyoming.

Bay City, Mich., Aug. 24.—Fusion, or combination under a union silver party heading, is the only thing talked of at Democratic headquarters in Silver headquarters tonight. There is very little opposition to this plan manifested anywhere, the middle of the road Populists evidently waiting to show their hands in the convention tomorrow. There is scarcely a gold Democrat in sight, the absence of Don M. Dickenson, E. G. Stevenson and other party leaders from Democratic headquarters being very noticeable. The Democratic state committee will hold a short meeting this evening, at which Charles S. Hampton of Potosi was chosen to act as temporary chairman of the convention.

CABINET POSITION FOR EAIT

Tillman Goes Angling for a Vice Presidential Withdrawal.

Atlanta, Ga., Aug. 24.—The Journal this afternoon printed a story which it says comes from a source of undoubted authenticity to the effect that the purpose of Senator Tillman's recent mysterious visit to Thomas E. Watson at the latter's home in Thompson was to see if Mr. Watson could not be induced to retire from the vice-presidential race on the promise of a place in the Bryan cabinet. The Journal's informant, who is a Democrat, but a warm friend and supporter of Watson, says there is no doubt that a tentative offer of such a proposition was made, by whose authority it is not known, and very promptly declined.

Mr. Watson declared that inasmuch as by organization, he could not surrender in change for any other office whatsoever. It is said that a similar offer is to be made to Mr. Sewall. In this connection it is noted as significant that Mr. Watson has been declaring with confidence of late that he would be on the Democratic ticket inside of two weeks.

WATSON TO TAKE THE STUMP

He Will Speak in Southern, Western and North-Western States.

Washington, Aug. 24.—Chairman Butler of the Populist national committee announced today that Tom Watson, the Populist candidate for vice president, would begin his speaking tour at Dallas, Tex., on Saturday, September 6, and that from that time forward would be on the stump until election day. From Dallas, Mr. Watson will go through the northwest as far as Nebraska, returning by way of Missouri and Arkansas, and thence to Georgia, where he will remain until Georgia's early election. After that occurs, Mr. Watson will again enter the northwest, going as far as Idaho and Washington. He will come east in time to give some attention to eastern states, the exact list of western dates will be announced tomorrow.

Mr. Butler says that his advice from Idaho today indicate that there are hopes of an adjustment by a proper recognition of the Silver Republicans, so that the silver elements will work together. He thinks the adjustment will be along the lines of fusion adopted in Minnesota, Washington and South Dakota.

The executive committee of the Silver party has been called to meet here tomorrow evening. It will be the first meeting of the committee since the St. Louis convention, and is regarded as an important one, the subject being to arrange plans for the campaign. Chairman Lane of the national committee will not be here.

Senator Butler, chairman of the Populist executive committee, said tonight that he had in mind a series of addresses, the alleged attempt of Senator Tillman to induce Mr. Watson to withdraw on the promise of a cabinet position. He does not believe such a suggestion was made or that it would be entertained if made.

AFRAID DYCHE WILL BEAT HIM

Peary Risks Everything in His Eagerness to Get to the Pole.

St. Johns, N. F., Aug. 24.—News reaches this city today from Turnavick, Labrador, that the steamer Hope, now enroute for the Arctic ocean, commanded by Lieutenant Peary, reached there July 20, after a quick run from Sydney. The members of the expedition landed and after making a series of scientific observations, sailed again for the north. Lieutenant Peary reported a large amount of ice and numerous icebergs prevalent along the coast. He is certain to find the condition of affairs even worse farther north. Many people here believe that the expedition will experience considerable trouble in passing Baffin Bay from this cause.

EMPEROR WILLIAM IS WEAKENING

Yields to the Pressure in Favor of Military Procedure Reform.

London, Aug. 25.—The Berlin correspondent of the Times says: The danger of a cabinet crisis and the resignation of Chancellor Hohenlohe seems to have been averted by the statement of the Reichsminister, that Emperor William desires a bill to be drawn up and submitted to the Bundesrat, relative to reform in the criminal procedure of the army. This acceptance of a measure of this nature in the recent speeches of Prince Hohenlohe indicates that the steady pressure of public sentiment has resulted in the defeat of the irresponsible military courts whose gross injustices have been exposed by the statements of the Reichsminister, that Emperor William desires a bill to be drawn up and submitted to the Bundesrat, relative to reform in the criminal procedure of the army.
