

MONARCHS TRY IT

PATCHEN AND JOHN B. GET THEIR NAMES IN PRINT.

Patchen Files Twice Around the Half-Mile Track at Medford, Mass., in 2:04 1-4. Lowering His August Record Over the Same Track a Second-Paced by the Running Horse Little Friend and Makes the Two Rounds Without a Break—John B. Gentry Goes in 2:03 1-2 on the Belmont Park Track.

Medford, Mass., Oct. 28.—Joe Patchen again proved his reputation as king of the half-mile track at Combination park today and lowered all previous marks made by himself by pacing a mile in 2:04 1-4, lowering the time of the mile made over this track last August by a full second. He was paced by the running horse Little Friend, and made the two rounds on the track without a break. Time by quarters: 30 1/4; half 1:04 1/4; three-quarters 1:52 1/4; mile 2:04 1/4.

JOHN B. DOES PRIZY WELL But His Record of 2:00 1-2 is Safe by Just Three Seconds.

Philadelphia, Pa., Oct. 28.—John B. Gentry, the king of pacers, at the Belmont track today again demonstrated his superiority in the world of horses by covering a mile in 2:00 1-2. This was done in the face of adverse circumstances, being late in the afternoon when a strong east wind was blowing full down the stretch. While falling to exceed his record of 2:00 1-2, Gentry succeeded in breaking his last attempt at the record, in Terre Haute, October 29, when he went in 2:04 1/4.

Previous to his effort of this trial W. J. Andrews of Buffalo, his driver, gave him three warm-up miles. The first was done in 2:04 1/4, the second in 2:03 1/4 and the third in 2:02 1/4. At all these the animal showed up his splendid form and much was expected of him.

When the moment came, the crowd, in its eagerness, swarmed the track and breathlessly watched the pacer as he flew by at the judges' signal at a most thrilling pace. At the quarter the judges announced his time as 30 1/4, and the pent up enthusiasm gave way to a burst of hurrahs that seemed to urge Gentry on for the remainder of his task. At the half the time was one minute and at a pace that never seemed to flag he paced the three-quarters in 1:32 and came down the stretch amid the cheers of the crowd and in a strong wind crossed under the wire in one of the greatest attempts of his life. Both the horse and his driver were immediately surrounded by an admiring throng, while the judges presented Andrews with a gold watch. It was the general impression that had the race been run early in the afternoon before the air became chill, and while the wind was light, he would have equalled or probably beaten his world's record.

Is that of dyspepsia. Few remedies do more than palliate this obstinate complaint. Try Hostetter's Stomachic. It is conquerable, along with its symptoms, heartburn, flatulence, nervousness, and loss of flesh and vigor. Bloatingness and constipation frequently accompany it. These, besides neural, rheumatic and kidney complaints, are also subduable with the Bitters.

America's Century Road Record. Buffalo, N. Y., Oct. 28.—L. H. George, the Brockport road rider, has broken the Century road record of America by cycling from Erie to Buffalo in 4:25:00, cutting the record made by A. B. Donnell of Rochester, over the same course, Oct. 25, 1895, which was 4:10:30.

Cycle Records at Nashville.

Nashville, Tenn., Oct. 28.—Three women's cycle records were smashed at Cumberland Park today. John S. Johnson, paced by a sextuplet, rode a quarter in 20 1/2 seconds, lowering the 22 1/2 record made by Carl Kiser at Covington Beach. The sextuplet was manned by Saunders, Crooks, Mertens, Wing, Lawson and Newhouse. Johnson, paced by Weineke, Dorris, Phillips and Stevenson and the sextuplet manned as above, rode a half in 47 1/2 seconds, lowering the record of 47 1/2 set by Earl Kiser at Covington. Judges made a mistake in placing the finishing tape and Johnson rode about sixty feet over the half in the new time. A. N. W. Walter, paced by Stover and Meyers, rode an unbroken mile, flying start, in 49 1/2, establishing a new world's record for the distance.

At the Coliseum tonight Johnson set the mile mark, paced, for an eight lap track, at 2:02 1/4, while McMichael set the ten mile record from 21:33 1/2 to 21:27 1/2.

The three-mile paced match race between Clarence Woodard of Nashville and John Lawson of Chicago was won by Lawson.

Woman is never in so great and so real danger as she is when she neglects to take proper care of herself and take the right precautions during the period preceding motherhood. If she is suffering from weakness and disease of the organs distinctly feminine, and neglects to take the timely remedy, she is running the risk of great suffering, the loss of her baby, and possibly the loss of her own life. This is a great and unnecessary risk to run. By taking the proper precautions during the expected period, she may avoid the usual discomforts and make it certain that the coming of baby will be safe and easy without danger either to the mother or child. The best of all medicines at this critical time is Dr. Pierce's Favorite Prescription. It cures all forms of weakness and disease peculiar to women. It does away with the troubles of the period preceding motherhood. It makes parturition easy, painless, and free from danger. You can get it at the drug store. If you want to know more about it, write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription. Mrs. Emma Crowder of Anthon, Henderson Co., Ky., writes: "I was once a sufferer from the same troubles. Have been using your medicine for it and have been almost entirely cured. I can truthfully say that one bottle of your Favorite Prescription did me more good than any other physician did in six months. It attended me through weakness and disease of the organs of the body, and following your advice, it has now made me a healthy woman. I have been several years ago if I had taken your medicine sooner."

To further enlarge the good merits of your medicine I will say that before taking your medicine I had miscarried twice, and since taking it have given birth to two healthy boys who are a pride of the household. Besides this my monthly periods are regular and free from all pain and cramps, and your medicine cured that.

New Haven, Conn., Oct. 28.—Though the score of this afternoon's game with the Elizabeth Athletic club eleven, was 12 to 6 for Yale, no one who saw the game doubted for one moment that Yale was outplayed, every point, the great weakness being on the ends. WOMEN IN THE CAMPAIGN. Major McKinley Expresses His Sense of Obligation to Women. Canton, O., Oct. 28.—A party of strong women from Wellsville, O., arriving on the regular train this morning. Owing to rain they were taken direct to the Tabernacle, where they were introduced to Major McKinley by Dr. B. R. Parks.

Major McKinley, in response to the address of Dr. Parks, said in part: "No greater strength can come to our cause than that of the support of loyal women of the United States. The government of the American people is like the government of the American republic: it is one of mutual interest, right, and reciprocal obligations and duties. The American home lies at the very foundation of our history, and is the pure and virtuous, American citizenship which will be pure and virtuous, and with that character of American citizenship our government must be of the best. The women of the United States in every crisis of our history have been our great civil war. They upheld the soldiers who were fighting at the front, with their prayers, sympathy and work at home. This year it is a good woman to find them deeply concerned in the questions of the present national contest. You have quite as much interest in good government, wise laws and good public officials as the men can have; for you are just as much affected by wise or unwise laws as the men themselves, and any support you give is always sure to be on the right side. Among the many evidences of encouragement I have received of a great cause, the support of the women of this country, there has been nothing that has given me more inspiration or higher hope for the future."

THIS WILL DISCOURAGE IT. Way Found to Make Money Out of the Russian Thistle. Chamberlain, S. D., Oct. 28.—As the result of experiments last winter, the mill at Cassella will again this winter use the Russian thistle as fuel in place of coal. The proprietor of the mill offers farmers \$1.50 per ton for all the thistle they bring in. Thus the farmers in that section will receive an income from what has heretofore been one of their greatest enemies, the thistle growing in such profusion in some localities that small grain has been completely crowded out.

GROVER'S FOOTMAN IS SIMBLE. He Jumps Down and Prevents a Possibly Fatal Accident. Washington, Oct. 28.—The horses attached to the president's victoria, which contained Mrs. Cleveland and a friend, became frightened this afternoon at the farm from getting in front of the treasury building. The bay horse reared back, while the chestnut started forward and fell. The alertness of the footman, who jumped from the seat and quickly jerked the fallen animal to its feet, kept the other animal from treading on its fallen mate. As soon as the chestnut had regained its footing the team dashed around the corner into F street. Coachman Heckert quickly checked the runaway before any serious damage happened.

The Republican party assumes the responsibility which has been assigned it, and congratulates itself that this year, carrying the flag of our country, carrying the standard that represents the best things in government, that around such banner will rally not only Republicans, but Democrats from every section of our common country. Men born beneath our flag and men born beneath another flag, men belonging to other political parties are with us this year with heart and purpose to save the nation from disaster. We are all interested in the prosperity of our country. We have suffered now for three years and a half from business depression and a half from business depression and a half from business depression and a half from business depression.

ROBERT AT LONG BRANCH Begins at the Beginning of Four Years More of Groves, Ending at 16 to 1. New York, Oct. 28.—Vice Presidential Candidate Hobart and Governor Griggs were given a rousing reception at Long Branch, N. J., tonight. Special trains from the different roads, bringing people from all parts of the country. In the Ocean theatre 3,000 people found seating and standing room to hear Mr. Hobart and Governor Griggs speak. Three times that number wanted to get into the theatre and an overflow meeting was held.

Mr. Hobart reviewed the history of the country under the last Republican administration and compared its prosperity with the present administration of President Cleveland and the handling over of the two houses of congress to the Democrats. He scored the free coinage of silver at 16 to 1 and denounced it as a fallacy calculated to work immeasurable injury to the country. He spoke of the workmen. He asked Monmouth county, as his birth county, to vote for better times and honest money.

Governor Griggs spoke at length. He spoke of the free coinage of silver at 16 to 1 and denounced it as a fallacy calculated to work immeasurable injury to the country. He spoke of the workmen. He asked Monmouth county, as his birth county, to vote for better times and honest money.

THEY HOWL COERCION WHILE THEY ARE LYING POLITICAL ASSESSMENTS. Washington, Oct. 28.—There are a score or more cases of complaints of political assessments on employees on file at candidates. They will be elected by a commission. Most of the charges affect offices in the west, though there is a relatively large number in the east. More recent charges have come from the counties of Allegheny, Westmoreland, Pa. At the latter place the complaint alleges threatening circulars were forwarded to letter carriers and other employees in Allegheny county by Chairman German of the Democratic county committee. The Democratic county chairman Hawley of Pittsburgh. In these cases will be considered by the commission together as soon as possible and a test case for the vindication of the civil service law vigorously prosecuted. In many cases it has been difficult to secure proof and the commission has been acting with great caution.

THIS IS TOO, TOO MUCH. Democrats Have the Nerve to Claim Pennsylvania as Possibly Doubtful. Chicago, Oct. 28.—Mr. D. J. Campau, chairman of the Democratic executive committee, received the following additional reports in regard to the various states: "Alabama.—Democratic electoral ticket will receive not less than 50,000 majority. The nine Democratic congressmen will receive the electoral vote of the state. New York.—Letters from farming sections of New York state and from workmen in the metropolis, afford ample evidence of the support of Bryan. Farmers are offering lands and crops to our silver party committee. O'Brien Democracy holds 200 meetings this week. McKinley's parade and men are mere election devices. People not with them. Pennsylvania.—Pennsylvania is making a great battle and is not surely Republican. Great silver gains are reported from all the agricultural counties and our mining counties are for Bryan."

LYNN AND CALLAHAN AT NEWARK. Both Parties Held Parades and Hear Their Respective Candidates. Newark, O., Oct. 28.—This has been one of the biggest days of the campaign. Dennis Flynn was billed to speak here at 4 o'clock, and people poured in from all the surrounding country. Mr. Callahan had also been billed for 4 o'clock, so multitudes of people of all parties were in town to the number of about 1,500. The Callahan and Flynn people paraded at 4 o'clock and the voters in the Flynn parade outnumbered the voters in the Callahan parade 3 to 1. There was a disposition toward fairness and Populists and Democrats expressed a desire to hear both candidates and give their support to the man whom they believed would help their cause most.

Many Republicans were in the large audience that listened to Callahan for one hour. He devoted part of his remarks to the free homes question, but, however, repeating his statements so often made before that Flynn's bill was pigeon-holed at Washington. His remarks on Flynn's free homes record were very tame and showed very little of the real state of the case. Several of his statements were direct misrepresentations, due either to Callahan's ignorance or a desire not to fair with his opponent.

The Populists had engaged the Newark Military band before Flynn's meeting was held, so the managers engaged the Gutherie Military band, which headed the magnificent parade in honor of Mr. Flynn. He was most enthusiastically received by the thousands of people who gathered together in the

Chicago, Oct. 28.—Senator Tillman recently offered to make a speech in Chicago for the Democratic party, but his services were in turn declined by the national, state and county committees. He was at last engaged by a state senator, however, and will address a meeting at the stock yards tomorrow night.

Brussels, Oct. 28.—The breach of promise suit for \$10,000 brought by Miss Van Hook against Major Loubaire, the Congo Free State official, was adjourned today for a week.

If the gold standard is good why is it that those who advocate it resort to deception? Do you have to resort to deception when you are selling something which you know is better than anything else? Do you have to resort to deception when you are selling something which has merit? Not at all. You present the merits of that thing, if it has merits, and when you see a man resorting to deception it is in confession that the thing which he is advocating has not the merit to go upon its own strength. NOT EVEN A HOUSE AND LOT Bryan Will Get Absolutely Nothing Out of the Campaign But Cheers and Applause. Chicago, Oct. 28.—W. M. Hoyt, of the firm of W. M. Hoyt & Co., importers and wholesale grocers, presented to Mr. Bryan today a house and lot in Lincoln, Neb., in lieu of a cash contribution to the campaign fund. In his letter Mr. Hoyt scored the gold standard and declared that although he is rich in real estate he is poor in cash. Mr. Bryan turned the deed over to Chairman Jones, who will set it and put the proceeds into the Democratic campaign fund. The property is worth about \$18,000.

GENERAL PALMER TRUNDERS 'NO' Whoever Says He Ever Was a Populist Seeker or for Free Coinage, Lies. Creighton, Ia., Oct. 28.—Amid artillery salutes and the cheering of thousands, the special train bearing General Palmer to the Baltic opened out at 4 o'clock, shortly after noon today. An escort of several hundred G. A. R. men and citizens accompanied the party to the opera house, already packed with an audience of 1,000 people. The cheering greeted the National Democratic candidates as they reached the stage. General Palmer spoke for thirty-five minutes, discussing the money question with keenness and force. An effort on the part of a coterie of free coinage men to make a noise was hissed down and the general was not a second time molested. General Palmer made a short address, directing his remarks to the old soldiers. As he was about to close, a Populist in the audience called out, "You are a Populist to the stage and handed General Palmer a paper on which was written two questions: "Is it not a fact that in 1892 you made a speech in favor of free coinage?" was one of them. It brought forth an impatient "No" from the general, who then called the echo. In the second the general was asked if he had not sought the Populist nomination for the presidency in 1892. To this he pronounced the "No" with even greater emphasis and followed it up with: "The man who says that either of those propositions is true is a liar." The meeting closed with great cheering for Palmer and Buckner.

Ottumwa, Ia., Oct. 28.—One of the most enthusiastic meetings of the present campaign marked the arrival of Ottumwa tonight of the nominees of the National Democracy, General Palmer and General Buckner. The special train bearing the distinguished leaders and their party reached the depot at seven o'clock from Creighton. Short stops were made at Osceola, Chariton and Albia, where great crowds greeted them at each place. Two hundred and fifty members of the Ottumwa Sound Music club met the visitors at the depot. A large parade was held this evening and the streets were packed with people. Two meetings were held tonight, one at the Grand and the other at the Turner opera house. Both houses were crowded to their utmost capacity. 3,000 people assembled for the two places and many being unable to gain admittance. At each house the reception given the standard bearers amounted to an ovation.

COLONEL FELLOWS FALLS ILL. Nervous Prostration Causes the Cancelling of All His Remaining Dates. Louisville, Ky., Oct. 28.—Colonel John R. Fellows of New York City is quite ill in this city and has been forced to cancel his remaining dates for speeches in Kentucky. The doctor has feared that he would be seriously sick, but his condition was much improved today. Colonel Fellows is under the charge of a physician at the home of Mr. George M. Edgerton, chairman of the Kentucky gold Democratic committee, and no visitors are allowed to see him.

Senator Lindsay, whose time is now filled for the rest of the campaign, consented to lead today and at Henderson on the 31st.

Colonel Fellows has been making a very vigorous campaign and is suffering from nervous prostration.

LITTLE TOO HOT FOR ADLAI. Vice President Forced to Leave the Bryan Meeting at Tattersall's. Chicago, Oct. 28.—While sitting on the platform at the Bryan political meeting held at Tattersall's, Vice-President Steiwer was overcome somewhat by heat and was compelled to leave the stage. Fearful that he might faint from the effects of the excitement, the vice-president had his cab called and went at once to the Palmer House where he remained, leaving the stage door at the place of his removal. Steiwer asked the assistance of a policeman who was on duty in that section of the house and the latter saw him safely away in his cab.

Arriving at the hotel the vice-president still felt the effects of his experience, but he was able to go to his apartments without further assistance, and he did not think it necessary to call a physician. He was, however, quite nervous and shaky, and has been on the point of prostration. No serious results are anticipated.

county. The farmers and townspeople listened intently to him for two hours, although the weather was threatening. Mr. Flynn made a straightforward presentation of his work in the free homes cause and the situation of the bill in congress now. He proved every utterance from the records and effectively refuted the many false statements now being circulated by the opposition. It was a great day for the free homes cause and many voters who had been doubting or supporting Mr. Callahan came out squarely for Flynn after the meeting.

This meeting conclusively shows that the size of Mr. Flynn's majority depends on the number of people who get hold of the facts of the free homes question as Mr. Flynn gives them.
