STOCKS AND BONDS

DULLNESS RULES THE STOCK MARKET THE SESSION THROUGH.

Total Sales Come Under Ninety Thousand Shares, Tobacco Leading in Individual Volume, on a Selling Movement—War Situation Dominates and There is a Close Sticking to London's Level of Values—Bond Market Fairly Active—Governments Well Held—London Market Blank—Review of the Week.

New York, April 23.—Underlying dullness marked the dealings in stocks today from start to finish. The total shares sold fell several thousand under 100,000, and dealers and brokers found their occupation practically gone. Tobacco was the only stock dealt in to the extent of 10,000 shares, and that was a selling movement. In the railway list, outside the coals, the only stock which varied its price to the extent of a point was Burlington, and its net change was only one-half per cent. Such a market afforded no inducement except to the strictly professional element, and to them only for a few quick turns on an almost infinitesimally small margin. The whole market continued to be dominated by the war situation in Europe, and the opening adhered closely to the level already established for the day's trading in London. The indisposition to trade in stocks seemed to be based on the expectation that the Turks were sure to win success ultimately, and that Greek success only served to delay the ending of further hostilities, which would be the intervention of the powers in event of Turkish success. There was, in fact, a slight spurt of activity shown shortly after midday, when a rumor was circulated from a quite irresponsible source in the street that the Turks had captured the town of Larissa. The falsity of this report was quickly ascertained, and the momentary activity came to an end.

Stories of Turkish atrocities are current here. A Greek officer who says he was an eye witness of the affair, asserts that in the attack which the Turks made upon the Greek positions west of Arta, a number of captured Christian women were marched in front of the Turkish lines in expectation that the Greeks would refrain from returning the fire of the Turkish troops for fear of wounding the women.

WESTERN GREEK SQUADRON. Corfu, April 23.—The western Greek squadron of warships has suspended the bombardment of Preveza, the Turkish position north of the entrance of the Gulf of Arta, and left this morning for Santi Quaranta. On arrival there the warships began bombarding the Turkish blockhouses.

Corfu, April 23.—The western Greek squadron is bombarding the town of Santi Quaranta and doing great damage. All the government and private buildings have been destroyed with the exception of the Austrian agency. All the stores and merchandise in the quays have been burned.

Fifty refugees, who had embarked on ships, have been landed here. EPIRUS WON'T DO BET ON. London, April 23.—The Athens correspondent of the Times will say tomorrow: "Those in authority here regard the situation as highly critical, despite the favorable news from Epirus. Fighting continues at Mat. The crown prince, Constantine, has ordered his troops to maintain a strictly defensive attitude. A portion of the western squadron has been detached to bombard the fortress Farga, opposite Pax Island."

ARMY PUSHES FORWARD. London, April 23.—The Athens correspondent of the Daily Mail says that it is reported that the Greek army in Epirus has left a contingent to attack Pentepoli, while the main body has proceeded to Platka, where fighting is in progress.

VASSOS PERTINENT QUERY. London, April 23.—The Times correspondent at Cana says today the insurgents are attacking Fort Izedzin, which is occupied by the international troops in addition to the Turkish garrison. Three warships have left Suda and anchored opposite the fort. The admirals have gone to reconnoiter in a torpedo boat. He says that Colonel Vassos has written to the admirals to ask whether the powers are in alliance with Turkey. The object of this inquiry is obvious.

HAS ORDERS TO ATTACK. London, April 23.—A dispatch to the News from Cana says that Colonel Vassos has notified the admirals that he has been ordered to attack the Turks. The Times correspondent at Cana says it is reported that Colonel Vassos has received this order.

New York, April 23.—Five hundred and sixty-two Greek recruits will sail tomorrow on the French line steamship Le Campaigne for Havre. From there they will be transported, via Marseille, to the scene of the conflict. The recruits come from different cities, as follows: Chicago, 250; Birmingham, Ala., 15; Atlanta, Ga., 15; Minneapolis, 25; Boston, 25; Lowell, 8; Hartford, 6; Trenton, N. J., 6; Baltimore, 6; Indianapolis, 12, and about 200 from this city.

BARRY IS BANTAM CHAMPION. San Francisco, Cal., April 23.—Five thousand people saw Jimmy Barry and Jimmy Anthony, bantam weights, fight twenty rounds before the National Athletic club, the organization that conducted the Fitzsimmons-Sharkey fiasco. Although Anthony was still on his feet when the twentieth round closed, the referee announced that, as the contest was for points, Barry was clearly entitled to the decision and the purse, and was the champion bantam weight of the world.

San Francisco, April 23.—Bob Armstrong (colored) made Pruitt, the local colored heavy weight, quit in the first round. Armstrong hit his man four times on the face and when Pruitt saw blood he quit.

Weyler Lets John J. Kelly go. Washington, April 23.—Consul General Lee has cabled the state department that John J. Kelly of Philadelphia has been released and will leave the island. Nothing is known at the department of the conditions under which Kelly was arrested.

chased with haste, resulting in a marked recovery in prices during Tuesday and Wednesday. The exhaustion of the short interest in international stocks, however, caused a slackening of the movement toward the end of the latter day, which in a measure compensated for manipulation directed against the bears, the attractive stocks, New Jersey Central, in particular, gaining considerable ground. On Thursday, however, London's demand for Americans to cover shorts fell off entirely and the market there devoted itself to a rise in the Kafr mining shares. The absence of further foreign support, with the circulation of rumors that the area of disturbance in the Levant was spreading, had, of course, an effect on this market, and prices yielded toward the end of the week, there being also more or less renewed activity on the part of the bear traders. The proceedings throughout were purely professional, and it would seem that large interests generally held their ground, trading till a more settled set of conditions appears.

BRADSTREET'S FINANCIAL REVIEW. New York, April 23.—Bradstreet's financial review tomorrow will say: Saturday and Monday last were signalized by heavy selling and considerable declines on the part of the foreign exchange and by bearish manifestations by the local traders. The declaration of war between Turkey and Greece was the cause, and it was assumed that when the London and continental markets reopened on Tuesday, after the Easter vacation, they would be in a more or less panicky condition, and that American stocks would be thrown on New York in large quantities. The results, however, were a great disappointment to the bears. Both London and the continent took the news of war calmly and apparently concluded that the disturbance would be limited to the original combatants, or soon ended. Speculators in London who had sold our stocks on the opposite theory, of course made haste to cover their short contracts and the local bear contingent also pur-

IF SUNK IN THE SEA

GREECE AND TURKEY MIGHT MORE DISTURB MARKETS.

There was Only the Fear of a General War to Count as an Element of Confusion, and European Markets, Knowing More, Suffered Less, Having Already Discounted the Situation Largely—Uncertainty Remains, However, and Will Affect Money and Staples for a While—Bradstreet's Review.

New York, April 23.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say: If either Turkey or Greece had been wholly buried in the sea, markets might have been affected less than by the outbreak of war in Europe. Like fire in the heart of crowded city it raised the question whether a general conflagration may spring out of it. To this possibility and not to the direct influence of either Turkey or Greece upon the world's money or product markets, was due the excitement in grain and stocks. As the unknown is magnified, American markets were much more flighty than European, where the possibilities have been discussed and partly discounted for months. The uncertainty remains and will affect the movement of money and staples until it disappears, creating a larger demand for American products at higher prices, causing speculative selling of securities at times, but also more continuous buying by foreign investors.

PHILADELPHIA 12; NEW YORK 7. Philadelphia, April 23.—Philadelphia again defeated New York today in a game which had a most exciting finish. The score was 7 to 6 against the Phillies in the last inning. Gettig started the trouble by hitting Nash with a pitched ball. Geier was then sent in to bat in place of Orth and was given a base on balls. Cooley went out, Gettig to Beckley, moving up the two runners, Clemens batted in Hallman's place, and walked to first. Lajoie singled and Delehanty's grounder was fumbled by Beckley. Thompson followed with a three base hit. The inning netted six runs. Taylor pitched against New York in the ninth and retired them without a score. Attendance 5,300. Score:
