

HOW THEY VOTED

STREET CAR MEN WANT A VALUATION SET ON PROPERTY.

If the Property Realizes Six Per Cent on the Investment the Car Company Agree to Divide Equally All Over That Amount—Council Will Have to Pass an Ordinance—The Committee Meeting was Held to Get a Consensus of Opinion—No End of Comment Croaked Over the Proposition.

The special executive session of the city council which was published exclusively in the Eagle, created no end of comment on the streets yesterday. The vote taken as to the sentiment of the council concerning the proposition submitted by the street car officials resulted as follows: Yeas—Minnick, Allen, Reese, Smith, Gribb, Handley, Young and Sutton. Messrs. McClain, Daniels and Miller casting a negative vote. Mr. Schell was not present at the meeting. The above result was told a reporter by one of the councilmen present.

Another clause in the proposition submitted by the officials, according to the councilman, was that after the road had been put in first-class order and thoroughly equipped for service they would appoint a man, the council one and the two to choose the third, who would set the valuation on the property. When the valuation had been given if the road realized 6 per cent on the investment they would divide equally all over that amount with the city.

The council merely took the vote to satisfy the street car people as to what they could expect. The council will have to make an ordinance allowing them to enter into contract with the company. Messrs. Eschelder, Abbott, Currier and Kenney left for their homes in Keene, N. H., yesterday morning. If the council agreed to their terms which have already been published they will have the road in good condition and ready for first-class service by January 1.

TRIED TO FIND THE TREMONT

Messrs. Wood and Speed of the Kellogg Company Make a Visit.

Mr. F. C. Wood, president of the A. N. Kellogg Printing company, and Mr. H. E. Speed, secretary of the company, were in the city yesterday inspecting their local plant, which is under the management of Mr. Gerald Volk. Mr. Wood lives in St. Louis, while Mr. Speed resides in Chicago. They came down from Kansas City yesterday morning and left at noon for Little Rock, Ark., when they will go to Nashville to attend the exposition. It was the first time the gentlemen had ever seen the Wichita plant, but they were so well pleased with the business being conducted in the manner in which it is transacted that after a few hours' ride about the city they decided to leave. Many years ago Mr. Woods was here, when Wichita was a small town, and he could not realize that Wichita had in so few years assumed metropolitan airs and was a bustling, bustling city. When he was here the Tremont hotel was the best hotel in the city. It was located on North Main street, nearly opposite the court house. It was then known as the Empire hotel. He tried to find the location and when it was pointed out he was amazed at the business blocks that occupy the old hotel site. They were both of the opinion that business was reviving and thought with the harvesting of the bountiful crop which Kansas is expected to yield that money would be plentiful.

KIES TAKEN AN APPEAL

Case of Alexander Steel and Son vs. R. E. Kies, et al. in Appellate Court.

In the appellate court R. E. Kies, J. M. Moore, E. R. Powell, J. N. Richardson, R. A. Sankey and W. C. Webster as plaintiffs in error filed a suit yesterday against G. T. Steel, surviving partner of the firm of Alexander Steel and Son, and Sarah Steel, administratrix of the estate of Alexander Steel, deceased. Complaint is made that defendants in error in September, 1896, recovered judgment for \$209 in the district court of Sedgewick county and allege following errors: Trial court erred in admitting testimony on objection. Second, trial court erred in overruling the objection of the plaintiffs in error to the introduction of evidence on the ground that the petition did not state facts sufficient to constitute a cause of action. Fifth, court erred in deciding that this action could be maintained by Geo. T. Steel as surviving partner though evidence showed that said Geo. T. Steel refused to administer partnership estate as surviving partner. Sixth, court erred in deciding that this action could be maintained without being revived in the name of the administratrix of the estate of Alexander Steel.

DEATH OF MRS. STEARNS

Final Tribute to Her Memory by an Appreciative Friend.

Mrs. Elizabeth Stearns died at the residence of her daughter, Mrs. John Herrig, at 139 Broadway, after a lingering illness of two months. She had been sick for more than a year and had been very low for about six weeks past. She was born in Nashville, Washington county, Ill., March 1st, 1830, and was married in Green county, Mo., to Mr. Alfred Stearns in 1850, and became the mother of ten children. Seven are now living, and all present except Mr. C. C. Stearns of Denver, who visited his mother in April last. The funeral will be conducted by her pastor, Elder Wareham, and will be held at the residence of Mrs. Herrig, 139 S. Emporia avenue, at 2:30 p. m. today. In her, the children do not only lose a kind and loving mother, but the entire community a cherished friend, for but to know her was to love her. Amid her intense suffering she would smile and ask when would she die, and she was patient and willing to die, being thoroughly prepared to pass the dark river and enter into eternal light. Mrs. Stearns was a member of the Baptist church, and had been since childhood. A FRIEND.

WANTS BIG DAMAGE

MRS. GODFREY BRINGS CLAIM FOR TEN THOUSAND DOLLARS.

For Injuries She Received in September, 1896, at the Corner of Seneca and Chicago Avenue on the West Side—Was Sick Six Months and Out a Two Hundred Dollar Doctor Bill, Besides Serious Permanent Injuries—Suits to Follow Amounting in All to \$25,000—Special Venue of Jurors Summoned.

IT'S A GREAT SIGN

Rock Island Road Put in an Artistic Sign on Their New Platform.

The Rock Island Railway company have had men at work for the past ten days putting in a fine vitrified brick platform all around their passenger house and extending to the freight house which is about half a block south of the passenger depot.

Just as you walk on to the platform a monster big sign attracts your eye. It is a very clever piece of work. It is round in shape and is sunk into the platform and is traversed like the lines in a geographic, representing the different zones. On the first line, in moderate-sized letters appears "The" coming on down toward the center the letters are enlarged. They read: "The Great Rock Island Route." Many people were attracted by the artistic work yesterday, and all commented on it most favorably.

TWO DELEGATES ELECTED

Misses Lulu Sheppard and Jessie Brown to Go to Toronto.

Miss Lulu Sheppard and Jessie Brown were elected at the First M. E. church last night to represent the Wichita Chapter Epworth League at the international conference of leagues to be held in Toronto, Canada, July 15 to 17.

This biennial convention is reckoned among the great gatherings of the world, being a meeting of the representatives of nearly 8,000,000 young people. The Wichita chapter is the largest in the state of Kansas.

SEL DIXON QUITS POLITICS

Says He Will Go Full Length in Helping Take Care of the Best Wheat Crop.

Syl Dixon, who got up the big corn train and went with it to the St. Louis convention, passed through Wichita yesterday on his way to Kansas City. After election Syl wanted to be internal revenue collector for the district of Kansas (they didn't do a thing to him yet, and with this in view made a trip to Washington, where he hobnobbed with McKinley, Mark Hanna and Lucien Baker. He remained in that city for some time, but has now returned to his home in Sumner county, and will devote himself most assiduously to the grain business, helping handle the finest wheat crop ever raised in his section of Kansas. He will keep his weather eye on politics.

IS A BEAUTIFUL SPECIMEN

Mr. Levy Sends Some Sphyrinite to Mr. Kos Harris.

Mr. Kos Harris received three specimens yesterday from Mr. M. W. Levy, who now resides in Grappler Creek, Col. The specimens are called sphyrinite which is a mineral of a steel gray color and has considerable gold mixed up in its composition. Two of the specimens were from a mine owned by Mr. Levy and the other was from the 500 foot lead of the Portland mine owned by Mr. Stratton. The piece which came from the Portland had been burnt and small particles of gold had come to the surface, giving it a beautiful effect. The mine at one time is said to have yielded \$1,930 to the ton. The specimen taken from Mr. Levy's property is as good as the specimen taken from the Portland.

LOCAL MOUNTAIN CLUB ENTERTAIN

Ward McAllister's Ideas Not Without Recognition in Wichita.

A few months ago the young colored men organized what is known as the Locas Mountain club for social enjoyment. They gave their first entertainment last evening at their rooms just opposite the court house, over 335 North Main street. Their rooms were tastefully decorated with oil paintings, pictures of all kinds and mottoes and flowers. The Locas Mountain Mandolin club rendered some of the latest and most popular selections of music. After a few introductory remarks by J. T. Chinneth, president of the club, the guests were escorted into the dining room where an ice spread of luxuries awaited them. All enjoyed themselves nicely until the "waa sora hora" and "waa sora hora" as one of them expressed it, "with their minds full of sweet thoughts and sagged suppositions, and wishing the club continued success." The boys deserve congratulations.

DEATH

Follows almost immediately after an application of our "S. & M." brand of Improved Insect Powder. When you use this brand you are using an article as good as the best—every grain is a certainty—there's no guess-work in it. It kills flies, fleas, bed-bugs and the like—doesn't merely stupefy for the time-being, but kills. The price is the same as others; but the quality reduces the cost to a mere nothing in comparison. Which kind would you prefer?

SHOEMAKER & MILLER DRUGGISTS, 248 N. Main St.
