GOES FOR SEATON

Prohibition Gibraltar of Topeka For Atchison Man.

TWENTY-FIVE DELEGATES

Are Added to Stanley's Vote in Montgomery and Wilson

A special fro the Eagle from Topeka last night says: In the Shawnee county primaries held heretofore, John Seaton carried every ward in the city of Topeka and Potwin.

The latter is the prohibition Gibraltar of Shawnee county, but Seaton's victory was comparatively easy, probably more on account of the close organization of Seaton's forces and the long and industrious campaign Seaton has made than anything else.

This Store Must Satisfy Everybody

—and it will satisfy everybody but us. If we thought it perfect, we should stop trying, and stopping means to go backward, or to get ready for it.

But the store satisfies you because it makes every transaction satisfactory. It is too much to hope that we shall run this business without an occasional blunder. But blunders are fewer and fewer as the days go by, and at no time in the past has the store been so perfectly equipped for the vast business that surges here during the early Summer months.

We expected large business this May—planned for it—gathered stocks a third greater than we ever had and made greater economies in the gathering. Today's news and each day's news tells of opportunity for wise saving in supplying personal and household needs. Only satisfactory goods can be counted cheap.

Along the Dress Goods counters these bargains stand out: Light Weight Striped Crepons for Skirts; serviceable goods, splendid styles.

Black Figured Brilliantines only 39c. Novelty Dress Patterns, cut from the best fabrics, no two alike, full patterns, upward along these figures, \$2.73, \$2.98, \$3.43, \$3.47.

You will want Linens. Then look at our plain and fancy designs.

On the third floor, in the ready made garment stock, we have opened an exceptionally attractive line of Wash Skirts, White Figue Skirts, 98c; White Duck Skirts 95c, and Linen Skirts in all styles upward from 95c.

Cream and Black Laces tell a cut price story at the Lace counter. They are new here and can't stay long.

SUMMER CORSETS

At no time in the year does a lady's comfort depend so much on her Corset as during the Summer months. It follows, then, that any kind of Corset won't do. It must fit, it must be firm, yet not too rigid, it must be cool and light weight. More than this, even, ladies have learned that the less material in a Corset the better—that is, less length in the bust and over the hips. Just such a one is our leading Summer Corset.

The Kabo Empire style in fancy colorings. The Zephyr, the best Summer Corset in Wichita for 25c, and our "Ice-ice Corset," an exceptionally cool and comfortable Corset at 50c.

A few hundred yards of those Summer styles in Cotton Eatinies remaining. Continued as a special Monday only at 3 3-4c.

Travel the west over and you can't get better Bunting than ours. Four designs of red, white and blue, neatly woven in Crepe Effects, 5c yd. Get it early tomorrow. Don't fail to decorate in honor of the day.

The Millinery department have offerings for you Monday morning and Tuesday in Trimmed Hats.

Carpet and Drapery departments are over run with business. Customers say our prices are "away lower than others." Can't help it; cash buying and selling proves the 20 per cent. saving here quicker than in any other department. Price our Carpets and consider such values as these: A real Nottingham Curtain, 108x50 inches, corded and overlapped edges, splendid designs, \$1.75 values at \$1.15 Monday.
