

FRANCHISE

With Modifications Was Renewed Last Night

MORE BINDING THAN EVER

Work Must Begin Within Thirty Days.

The city council met last night in adjourned session to consider the new street car franchise. The same franchise was given Mr. Church as was given him several months ago, with a few modifications wherein the city got the better of the deal.

Mr. Church is to deposit \$30,000 in cash this morning before 10 o'clock with City Treasurer Kernan, and work is to commence within thirty days and the road is to be built and in operation by March 1, 1899 or the franchise will be void.

Mr. McLain moved that the mayor and city clerk be authorized to sign the contract. The motion carried.

Someone said that it might be necessary for Mr. Church to get a new charter. Mr. Church had not consulted with his attorney on this matter, and in order that he would be given sufficient time to get a new charter if it was found necessary, the council adjourned until next Thursday night, when the final details will be consummated.

The new ordinance is as follows: This contract, made and entered into this 9th day of August, 1898, by and between the City of Wichita, Kansas, of the first part, and the Wichita Railway, Light and Power Company and Herbert B. Church, parties of the second part, witnesseth that,

Whereas, The city of Wichita has heretofore granted a franchise to the Wichita Railway, Light and Power company for the purpose of constructing a street railway and light plant in the city of Wichita, and

Whereas, The time specified in said franchise in which said light plant and street railway company was to be completed has expired; and

Whereas, The said street railway company now desires further time in which to complete said street railway and light plant; and

Whereas, Said city of Wichita, by and through its mayor and council, is willing to grant an extension of the franchise heretofore granted to said Wichita Railway, Light and Power company, so as to give said street railway and light plant company until the first day of March, 1899, in which to complete and fully equip a street railway and light plant, now it is hereby agreed that work on said street railway and light plant is to commence within thirty days from the date of the granting or renewal of the franchise. The franchise to be granted by said city to said second parties to be the same as ordinance No. 144, except certain changes as herein specified:

That the words in the latter part of section two, to-wit: "South from Thirteenth street," be omitted therefrom; that all rails laid on paved streets shall be at least sixty pounds per yard in weight; That the ends of all rails shall be connected with fish-plate joints or other connections equally as good.

It is further agreed and understood by and between the parties hereto that, for the purpose of insuring the completion of the contract by said city to said second parties to be the same as ordinance No. 144, hereafter mentioned by the time therein mentioned, in accordance with the terms of the franchise about to be granted to said company, or to such persons as they may designate, that said second parties hereby agree to deposit with S. H. Kernan, city treasurer of the city of Wichita, the sum of Ten Thousand (\$10,000) Dollars, the same to be deposited with the present city depository of the city of Wichita and to be held by him in such depository until said second parties or the parties to whom said franchise may be granted shall complete and fully equip said street railway and light plant in accordance with the franchise about to be granted, and the contract this day entered into between said parties.

And it is further provided that the said sum of Ten Thousand (\$10,000) Dollars to be so deposited shall be treated and considered as liquidated damages and not as a penalty, in case said second parties shall fail to carry out their contract in building said light plant and street railway. Said Ten Thousand (\$10,000) Dollars to be deposited before 10 o'clock a. m. on August 10, 1898.

And it is further provided that in case said second parties or the persons to whom said renewal franchise may be granted shall fail to build either the street railway, as herein contracted, or the light plant, as mentioned in the franchise about to be granted by the time and in the manner specified in said franchise and contract heretofore mentioned, then the said second parties shall forfeit and pay to the city of Wichita the sum of Ten Thousand (\$10,000) Dollars as deposited with the city treasurer, as aforesaid.

And it is further provided and agreed that in case the said parties of the second part or the persons to whom the renewal franchise may be granted shall complete and fully equip said street railway within the time and in the manner expressed and contemplated by said franchise and shall build and equip the light plant as provided for in said franchise, within the time mentioned in this contract, then the said city of Wichita shall return to said

second parties the said sum of Ten Thousand (\$10,000) Dollars so deposited to insure the faithful compliance with this contract and renewal franchise about to be granted.

And it is further provided that the renewal franchise which is about to be granted shall provide that the rates charged by private individuals for the use of arc and incandescent lights shall not be in excess of that charged to the city under the franchise and contract about to be entered into between the city and the said second parties or persons to whom said franchise shall be granted.

And it is further provided and expressly agreed that the said second parties of the persons to whom said renewal franchise may be granted shall purchase and procure from the Wichita Railway and Light company all rights that said company or its assigns may have in and to the street railway property now occupying the streets of the city of Wichita.

And it is further provided that if said second parties or the persons to whom said renewal franchise shall be granted shall complete, build and fully equip said street railway and light plant according to the terms of this contract and franchise about to be granted, then the said Wichita Railway, Light and Power company and its surety, The City Trust and Safe Deposit company, of Philadelphia, shall be released upon their bond of Ten Thousand (\$10,000) Dollars heretofore given to said city of Wichita to insure compliance with the light contract heretofore made by said city of Wichita with said Wichita Railway, Light and Power company.

It is provided that said second parties shall pay to the said city of Wichita the difference of the cost of lights provided in the contract made by the said city of Wichita with the Wichita Railway, Light and Power company and that actually paid to other companies to furnish said light, from any amount due to the time said new company shall be ready to furnish light under the contract herein made.

ONLY TWO PETITIONS Filed in Wichita Under the New Bankruptcy Law.

Only two in this district have taken advantage of the new national bankruptcy law. In both cases they voluntarily filed their petitions and asked relief. There are two provisions in the law for declaring persons bankrupt known as voluntary and involuntary.

Should a person conceal or transfer any of his property with the intent to defraud his creditors, or should he by any acts or omissions prefer any creditor, he could be involuntarily declared a bankrupt. Should he make a general assignment of all his property, or admit in writing his inability to pay his creditors, then he would follow the provisions for a voluntary bankrupt.

The proceedings in either case are begun by the filing of a verified petition giving a schedule of his property, the value and location of it, a list of creditors, with residences if known, the amount due each, the security held by them, and a claim for lawful exemptions. These petitions are to be executed in triplicate—one for the creditors, one for the court and one for the trustee and clerk. When the petition is filed a fee of \$30 for the referee and \$5 for the trustee must be paid. The clerk then issues subpoenas to resident creditors or bankrupt, as the case may be, and publishes a notice of the proceedings. Within ten days after return day the case will be heard by the judge or referee and the petition dismissed or an adjudication of bankruptcy rendered. At the expiration of one month and within twelve months after the hearing, the bankrupt may file an application for a discharge. This application is given a hearing and if granted the bankrupt may begin life anew, freed from all debts and obligations. If it appears at any time within a year thereafter that the bankrupt committed any fraud, the discharge can be revoked. During the hearing of the applications the case is still pending in the court. All the creditors are called together, and at their meeting they select some person to act as trustee. The bankrupt's property is turned over to him and he acts in accordance with the orders of the court. The creditors and everyone interested are given a hearing and every detail inquired into. The result of this hearing determines the bankrupt's fate. Should it be decreed that he has acted fraudulently in any particular the relief prayed for will be refused. On the other hand, if every act has been fair and square and the bankrupt made an honest application, he will get relief.

The closing of the case consists of a selling of the bankrupt's property and a disposition of the proceeds in the court may direct, usually to be made pro rata among the creditors. Of course, if the bankrupt has no property the creditors get nothing but the satisfaction, if it is any, of knowing their debtor is free.

LOST ANOTHER PULPIT Rev. L. W. Hall is Summarily Deposed.

The following dispatch from Ashtabula, O., in the Cleveland Plain Dealer refers to Rev. Hall, who was pastor of the First Baptist church here prior to Rev. Wareham:

"A sensation has been brewing in the First Baptist church of this city for some time past, which came to a sudden climax Monday evening, when by an almost unanimous vote the church decided to dismiss its pastor, Rev. L. W. Hall.

Rev. Mr. Hall came here from Chicago last spring and after a trial was engaged to preach until September 1. The minister was well liked at first, but stories of conduct unbecoming a minister were soon circulated and later they became most serious matters. Members of the congregation began to quarrel with the reverend gentleman, but he defended his course.

Saturday last the trustees of the church served notice upon him that he would not be allowed to use the pulpit Sunday. He insisted that the trustees had no right to discharge him and opened his church Sunday morning, but there was no audience and he made no attempt to preach. A special church meeting Monday evening resulted in his dismissal and refusal to pay his salary, which he demands to September 1, and says if it is not forthcoming he will commence suit to collect.

The affair has caused a profound shock to church circles, and the end is anxiously awaited.

DID THE WISE THING Opinion of the Selection of A. C. Jones as Santa Fe Director.

Intelligence News: The selection of A. C. Jones of Wichita as one of the Kansas directors of the Santa Fe railroad will be appreciated by the people of the state, and especially those who live west of the Missouri river and their suburbs. Mr. Jones will be able to tell the other directors a few things about what Kansas needs of the Santa Fe and what the Santa Fe needs of Kansas. He is a splendid man himself, and the Santa Fe did the wise as well as the right thing.

Colonel H. G. Toler yesterday received a letter from Hon. F. D. Colburn, secretary of the state board of agriculture, inquiring that the premium recently issued by the Wichita State Fair was the finest and most complete one ever issued by any similar organization.

THEY GOBBLE ALL

Fred Bentley Will Vote For W. E. Stanley.

IS DEAD AGAINST FUSION

Because Pops Have No Object But Office.

Fred W. Bentley says the interview attributed to him in the Kansas City Times of Sunday is hardly a square deal. Mr. Bentley gives the Eagle his reasons why a Kansas Democrat should vote the Republican ticket, and why he means to support Mr. Stanley for governor:

"I do not care to be interviewed," said Mr. Bentley, "but in regard to the statements already imputed to me, I will say, in justice to myself and to Mr. Stanley, that Stanley is a great lawyer, the leader of our bar. I was taught never to buy, as a matter of politics, to never put a man down. If anyone above me is in my way, I would like to get him up, to push him up, not pull him down. I don't think any member of the Wichita bar will vote for Stanley simply to retire him from the practice. Dave Leahy saying I will vote for Stanley to get part of his practice is one of his jokes.

"As a Democrat, I believe the straight Populist ticket should be beaten until their organization is destroyed, and every one of that party who believes in the principles of Hamilton becomes a Republican aristocrat, and everyone who believes in the principles of Jefferson becomes a Democratic commoner. I was in the first fusion with the Populists. I was drawing large crowds. He is a man of national reputation. He has led some of the principal pulpits of the Methodist Episcopal church (South) as pastor. He is now an evangelist, sent out by that church, holding the same relation as Rev. Sam Jones. He is a member of the conference of the First Methodist church of St. Louis. He is a high and noble pastor, and if which he was at one time pastor himself. Dr. Caridine preaches against communism. He is loyal for the church and a wonderful expositor of the doctrine of Christian holiness. His reputation as a preacher is world-wide.

About twenty-five preachers of all denominations are in attendance. There are several conversions at every service. Rev. Lowther, presiding elder of Winfield district, is superintending the meeting.

About 100 people are tenting on the grounds. Services held each day at 10:30 a. m. and 8 p. m. Rev. Caridine is making the light and power company.

There are good hotel accommodations on the camp ground.

The camp meeting board of managers are to be congratulated on the success of this meeting.

SPANISH SPY WAS SHOT Another Wichita Boy's Letter From Fort McPherson.

Wichita has another boy in the army. The latest is Jo Patterson. Recently he went to St. Louis. The next thing his mother hears from him is in the regular army and as lively a patriot as there is in the army. His mother received the following letter from him yesterday:

Camp McPherson, Aug. 4, 1898. Dear Mother—I suppose you will be surprised when you receive this, but I hope you will not be displeased with what I have done. I have decided to keep you in ignorance of my whereabouts or intentions. I have been so busy since I last wrote that I have put off writing until now. I decided not to go back to the ranch after taking the cattle to St. Louis. I didn't like the life very well. I expected to get a position in St. Louis, but did not get it and so went to Chicago and enlisted in the regular army. I was sent to Fort McPherson, where I am residing, where I now am. I decided rather suddenly to enlist after arriving in Chicago as I heard the Fifth regiment was soon to leave for the front and I joined them. I hope you will not be dissatisfied in any way with my course, as I did what I thought best, which I believe I have done.

There ain't so much danger of getting killed in the service now, as the war is possibly over, and I have been sent to Porto Rico or Cuba, so for garrison duty, as we are regulars, and more is expected of them than of volunteers, but we get larger salaries. I will have a chance to work up to be an officer and will be entitled to a pension if I am disabled in after life. Although these things are for my good my motive for enlisting was patriotism, and I know you are patriotic, and I know you would not refuse to sacrifice at least one of your boys when our country asks for them. I enjoyed the trip very much. We were at Chattanooga a while and I saw the battlefield of Atlanta. Our camp here is a large, beautiful place. We have all the conveniences possible for a camp. We have a large number of Spanish prisoners here. One, a spy, tried to poison our water supply, which is pumped into a tank up the hill. He was discovered by a guard and he was shot while climbing up to the tank. Well, I think I will close for this time. Hoping to hear from you soon, and learn that you are well. So good by. From your devoted son,

JOSEPH W. PATTERSON, Fort McPherson, Ga., Fifth regiment.

MUSIC AND DRAMA WICHITA LYCEUM COURSE.

William H. Rieger, tenor, in Helphard Grand Concert company. In the ranks of America's singers no name stands forth with more distinguished prominence and favor than that of the tenor, William H. Rieger. As an artist of superb voice, rare musical intelligence, abundant feeling and dramatic power, Mr. Rieger was, from the very day of his debut, respected and widely acknowledged as a leading tenor of his period in concert and oratorio. The quality of Mr. Rieger's voice is silvery and vibrant. The range is unusually wide and the quality throughout absolutely pure and even. He is exactly the singer of whom the public stands in need, rich

voiced, commanding a large repertoire and always reliable. During his visit to Europe a few years ago very attractive offers for opera were made Mr. Rieger, and recently a proposition by Aobey, Schoffel & Grau, but he decided to adhere to his old plan, oratorio, concert and recitals—musical Courier.

Mr. William H. Rieger is without a doubt the finest tenor heard here during the festival, both as to quality of voice and his faultless methods. His mezzo-voice is absolutely perfect and his singing most artistic; he was received with great enthusiasm and after several recalls responded with a charming song—Cleveland Plain Dealer.

AUDITORIUM TONIGHT. The Edison Greater War Vitoscope company will produce for the first time in this city the thrilling engagement of the famous New York under way, firing broadly at Calahan Spanish fort, victoriously returning the fire. This one scene alone is worth ten times the price of admission charged. The other colored war scenes exhibited are marvels of Mr. Edison's great invention, and should be seen to be appreciated. Auditorium tonight.

L. H. DADISMAN DEAD Haysville Merchant Died Yesterday Morning.

Lewis H. Doddsman, a prominent merchant at Haysville, died yesterday forenoon. Mr. Doddsman is a brother of Dr. Charles Simmons and the oldest son of Mr. George Doddsman, who is well known in this country. He was a member of the Woodmen of America, a fraternal organization just organized at Haysville. The funeral will occur at 11 o'clock today at Haysville.

Mr. Charlis is a wealthy cattleman and comes here to be near his ranch and at the same time enjoy life in a city.

WON SECOND GAME

Wichita Knocked Pap Eyer Out of the Box.

GREAT BIG SCORE

Topeka Played Like a Lot of Ham Actors Yesterday.

Wichita won yesterday's game from Topeka without trying. The Topeka players played like a lot of ham and eggs. It was simply awful the way "Old Pap Eyer" was pounded. In the first place he couldn't get the ball within a mile of the plate, and when he did by accident get it over, one of the boys would strike him with a bat and he would fall. He didn't have to, and he concluded to save his arm for something that would test his strength and cunning. Topeka wasn't in it for a moment. Wichita was taking revenge for the way Mr. McGrevey served them on the opening day.

There was two features to the game. The first was the number of runs Wichita obtained, the second was the way Eyer was hit, and the third was the number of changes Topeka made in the box. If there was one more man in town last night it was "Kid" Eyer. He always plays a game of his life depended on winning the game, and when the Topeka boys went up as high as Pike's Peak he threw up the sponge and went to center field. He could not get even then, but kept on talking and trying to encourage his men, even when defeat was written all over the sky. "Kid" Eyer is a kicker, but he is also a ball player, and it hurts him more to lose than anybody.

There was no sensational play yesterday. The game was long drawn out and was more or less tiresome. Rebesman and McCloskey both got some runs, after the fourth inning Calahan settled down and did not let Topeka play a score. From the very beginning it was apparent that Wichita had the game cinched. Topeka boys will pitch for Wichita and McGrevey, who was such a stumbling block on Monday will do the twirling for the Capital. Both teams did a game and today will be the rubber. Topeka is very sore over yesterday's defeat and will do their utmost to retrieve themselves. It ought to be a hot one today.

The official score is as follows: A. B. R. H. S. H. P. O. A. E. Wichita, 5 1 1 0 2 4 0 0 Hoover, C. 4 2 3 0 0 0 0 Montgomery, 2 0 4 1 0 0 1 0 McCloskey, 1b. 4 3 1 0 11 0 0 Hall, 2b. 4 4 2 0 1 4 0 Spencer, 3c. 4 2 1 2 3 3 1 Wooliver, rf. 4 3 3 0 1 1 1 Mayer, lf. 5 2 2 1 2 0 0 Calahan, p. 4 1 0 1 0 0 1 2

The two teams play the last game of the series today. Bevis and McGrevey will be in the points.

WHITMAN FAMILY WILL LEAVE Final Service to Be Held in Garfield Hall Today.

The Whitman family will leave tomorrow morning for Savannah, Ga. This is their last day in Wichita for this visit. A general mothers' meeting, in charge of Mrs. Whitman, will be held at Garfield hall this afternoon at 2 o'clock. An unusual interest in right and sensible Christian living has been aroused by Mrs. Whitman among the women of this city. She is a woman of remarkable energy, cultured, vivacious, earnest. She has organized a movement that will make hundreds of mothers bless her trip to the city. The famous Whitman sisters will sing at both services, and they always delight a Wichita audience. While there will be no admission fee to the hall, every one who appreciates active, earnest work and the progress of the religion of culture will be expected to leave a silver offering at the door.
