

SUPREME
Colonel Toler Demonstrates His Leadership.
HAD LEEDY IN TOW
Men Who Proscribed the Colonel in Back Seats.

It was a proud day for H. G. Toler. Yesterday proved his title to the spurs of Boss of the Fusion forces in Sedgwick county.
It proved that Colonel Toler is dominant; that no attack, no insurgent malcontents, no proscriptor can rattle his personality, or can weaken Governor Leedy's recognition of him as the head and front of the fusion forces in Sedgwick county.

- 1. Colonel Toler escorted Leedy to the city.
2. Colonel Toler walked with him to the hotel.
3. Colonel Toler guarded him at the hotel.
4. Colonel Toler rode with him to the park.
5. Colonel Toler did not on the platform.
6. Colonel Toler sat on a front seat.

It was not only a personal, political triumph for Colonel Toler, Mr. Butterfield, Captain Shields and all the Toler following, the following that from this day forth is the dominant factor in the fusion forces were jubilant. It was not to Judge Sankey, Flavius Green and the rest that the knife had fallen and all that was expected of them in the future was submission.
It settled forever "letters to Topeka." The followers of Toler congratulated

Sedgwick County Conceded

"Which one of the candidates for governor do you think will carry Sedgwick county?" a reporter for the Eagle asked I. P. Campbell.

"Mr. Stanley. I do not agree with the Populist leaders who say that Mr. Stanley will not carry his own county. I think when the returns come in on election night you will find that Mr. Stanley has carried Sedgwick county by 250 votes, and probably more than that. The men who make the statement that Leedy will carry this county have under-estimated Mr. Stanley's standing with his neighbors and the genuine respect that all classes of citizens in this county, who have known Mr. Stanley for years, have for him."

"Mr. Campbell, will you vote for Stanley?"
"I will say that I do not consider that it would be disloyal of a Populist or Democrat, nor any reflection upon his party fealty, to vote for Mr. Stanley—a neighbor, a friend, whom I know to be a man of ability and a good citizen."

CARELESSNESS

Often Causes No End of Suffering.

Probably half the people who see this article suffer from Piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur during surgical treatment, often causing death. Piles are simple in the beginning and easily cured. They can be cured even in the worst stages without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

Rheumatism Gone

Complication of Diseases After Having the Grip

Better in Every Way Since Taking Hood's Sarsaparilla.

The grip and other forms of serious illness often leave the system in a thoroughly deranged condition. In such cases Hood's Sarsaparilla is just what is needed. Read this.

"The grip left me with a complication of diseases. I was constipated, grew very thin and became discouraged. My wife procured a bottle of Hood's Sarsaparilla and I began taking it. After taking several bottles I gained in weight and felt 50 per cent better. The rheumatism with which I had been troubled left me and Hood's Sarsaparilla gave me strength. I have great faith in its curative power."

Hood's Sarsaparilla

Is the best in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills act easily, promptly and effectively. 25 cents.

But where was Toler? In a minute he came out of the car, smiling like a meadow full of daisies. The crowd had an inclination to cheer when they saw Toler, but restrained themselves.

Then they went to the hotel and there Governor Leedy had long conferences with Colonel Toler. Occasionally he would pass by Judge Sankey with a smile that fairly made Judge Sankey's backbone telescope.

The hour for the meeting at Griswold park came. The hack was waiting. In it climbed Governor Leedy, in it climbed Ex-Governor Lewelling and in it climbed Colonel H. G. Toler.

As the park they emerged in response and order. Into the state they climbed, and down in a front seat sat Colonel Toler. Several of the insurgents in the audience turned pale and ducked their heads.

There have been many exciting things in Wichita, but there was nothing ever quite so dramatic as Colonel Toler's vindication to the fusion crowd, by Governor Leedy yesterday.

LOST TRACK OF

F. M. ANTHONY LOST IN THE ARMY.

His Father Seeking Some Trace of the Boy.

T. J. Anthony, living two miles and a half south of the Friends' university, was in the city yesterday trying to find means to locate his son, a soldier in the United States army.

Mr. Anthony is greatly worried in regard to his son. Some time last spring he was surprised to receive from his son word that he had enlisted in the Third

JONES FOR STANLEY

Voted for Leedy, But Is Now for the Wichita Man.

ONCE COUNTY ATTORNEY

He Is for Wichita Against the World.

Mr. G. W. C. Jones, ex-county attorney, a lawyer of ability and an old citizen of this city, said yesterday that he would vote for Hon. W. E. Stanley.

"Mr. Jones, what are your politics?" "I am a Silver Republican."

"Who will you vote for for governor?" "Mr. Stanley."

"Do you care if I publish your statement in the Eagle?"

"No, sir. I will be glad if you do so, if it will do Mr. Stanley any good."

"Did you vote for Mr. Leedy two years ago?"

"Yes, sir."

"Do you mind telling me why you are going to support Mr. Stanley this year?"

"Not in the least. I live beside Mr. Stanley. I have been his neighbor for seven years. During that time I have seen him at home. I have seen the way he has raised his children. I have seen him go away out of his road to help some neighbor that needed help. He never dreamed that he was doing an act that would be helpful to him during this life. He did it because he is a wholehearted, merciful, Christian gentleman. I could not possibly vote against Mr. Stanley, knowing him as I do. Everyone knows that he is a capable man and will do honor to the state. No one can deny this. But above all I am for Mr. Stanley because he is a Wichita man. I am for Wichita against the world. He is the first Republican to be nominated for governor. I say let all patriotic townsmen vote for him."

"What will be Mr. Stanley's majority in the state?"

"The day he was nominated I put it at 25,000 and I have no reason to change it now. It may be more."

"Will he carry the county?"

"Well, I should say so. By six hundred at least."

CANDIDATE FOR GOVERNOR

Caleb Lipscomb, Socialist Spoke at Library Hall.

Caleb Lipscomb had A. A. Carraban, candidates for governor and associate justice of the Socialist-Labor ticket, spoke at Library Hall last night to about 400 people. Mr. Lipscomb spoke for the Socialist-Labor ticket. He said that economical evolution had outrun political evolution in this country, but politics controlled all; that all political parties except his were destructive, and his constructive; that the Demo-Pop aggregation had a mixed philosophy and would end in the destruction of the country. He said Bryan favored the destruction of all trusts. Socialism encouraged monopoly to the point of supreme monopoly and nationalism. He said the maximum rate bill was wrong in principle in that it opposed combines and was to be controlled by an all powerful commission.

WILL PROTECT THEMSELVES

Kansas Grain Dealers to Have an Organization in Kansas City.

The Kansas Grain Dealers' Association, representing 600 firms which ship to the Kansas City market, will be reorganized here after November 1 by a manager and secretary and a corps of nineteen checkmen, who will be stationed at the elevators and checkmen. It was composed of M. L. Cartwright, Muscotah; H. L. Stronach, Coffeyville; E. J. Smiley, Concordia; M. B. Blatt, Willis, and G. S. Carkener and B. C. Christopher of Kansas City.

M. G. Conley of Wichita, was chosen for manager of the Kansas City bureau. The candidates for positions as checkmen were required to qualify with two years' experience in the elevator business. Five selected yesterday were J. A. Miller, Wichita; G. A. Strall, Muscotah; Victor Farris, Concordia; F. A. Jones, Holton, and W. L. Thompson, Wichita.

The purpose of the bureau is to prevent discrepancies between the shippers' statements and the elevator reports, and, where they occur, to detect the cause and locate the responsibility where it belongs, with the shipper, the railroad or the elevator, as the case may be. In no way assumes the work of the state inspector or weighmaster.

The bureau will have the co-operation of Inspector W. W. Culver and the approval and assistance of all the elevator and commission men of Kansas City. A record of each shipment will be forwarded to Manager Conley by the shipper. He will furnish the proper checkman with a transcript. When the grain is weighed out the checkman will receive a hand and any discrepancy can be noted and an investigation made before the grain has gone into the elevator and lost its identity. It will avoid much of the trouble which invariably attends the handling of grain in a large city where the cars pass through several hands before reaching their destination.

The expenses of the bureau will be borne by a tax on the members of 25 cents per car sold on the Kansas City market. As a result of correspondence with the Nebraska and Oklahoma associations it is probable they will patronize the Kansas bureau when it is in working order.

The Kansas Grain Dealers' Association was organized less than two years ago largely through the efforts of Secretary E. J. Smiley, of Concordia. Sixty-one new members have been added in the last thirty days. The next annual meeting will be held the first week in January at Topeka.

Mr. H. G. Ruggles returned Wednesday evening from Eureka Springs, after a three and a-half months' visit, having so completely recovered his health. Mr. Ruggles is very enthusiastic over the virtues of the Ozarks.
