

TO TRY A BOYCOTT

Country Township to Refuse to Trade at Augusta.

BECAUSE OF THE JOINTS

Resolution Read in the Meeting of Citizens to This Effect.

The little city of Augusta, just east of Wichita, is having all kinds of trouble over the prohibition question.

It was thought that all the tactics in the prohibition battle had long ago been exhausted, but it seems that an entirely new weapon has been devised.

The prohibition fight is being led by Will H. Cady of the Augusta Journal.

His last issue he heads an article "Will Boycott the Town," and then relates that the citizens of Spring township met and listened to a resolution which proposed that the people of that township boycott Augusta.

This is on the assumption that all the inhabitants of Spring township are on the prohibition side, which is not at all likely.

The article referred to in the Augusta Journal is as follows:

"Hearing that citizens of Spring township had met and decided to boycott Augusta, the editor wrote to a friend for particulars.

"The resolution was not put to a vote, but his heading 'Will Boycott the Town' is taken to mean that he has inside information that the township will not trade with Augusta until Augusta drives out the joints.

Mrs. Morris' Letter to EVERY WIFE AND MOTHER.

(LETTER TO MRS. PINEHAM NO. 14,674)

"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound with gratifying results. I had been married four years and had two children. I was all run down, had falling of womb with all its distressing symptoms. I had doctored with a good physician, but I derived very little good from his treatment.

"DEAR MRS. PINEHAM—When I commenced the use of your remedies I was very bad off. Every two weeks I was troubled with flowings which made me very weak. I had two of the best doctors, but they did not seem to help me.

"They said my trouble was caused from weakness and was nothing to worry about. I felt tired all the time; had no ambition. I was growing worse all the time until I began the use of Lydia E. Pinkham's Vegetable Compound. I am now able to help about the house, and am much improved in health."

FINE NINETY-DAY CORN Wichita Suburbs Produce Extra. Yesterday Mr. F. G. Haycraft of this city brought into this office three years of corn which were fine specimens of what this great Arkansas Valley can do in wet season. They were of the Early Golden Beauty variety and one of them had 12 rows of kernels to the ear and 53 grains to the row. They were taken at random from a three acre piece of ground on South Ida avenue, close to town, and the tract was cultivated four times this season and last year was grown to cane and produced a heavy crop, which always impoverishes the land for corn a following year. This ground was admitted by the owner to be not at all extra in quality, but nevertheless this year shows up a prodigious yield of corn of phenomenal growth. There will be about 50 bushels of this extra fine corn to the acre, and adjoining this tract is another piece of 30 acres which is also very fine. The three ears were taken in the business office of the Eagle as samples of the great corn year for Kansas.

The county commissioners have decided to offer \$20 reward for the arrest or information leading to the arrest of the owners of any threshing machine outfit which shall cross any county bridge with heavy material, without first planking the bridge. The commissioners say there has been a great deal of damage done to the bridges of the county this summer by threshing machine outfits, and the law pertaining to them, and the bridges has been wilfully violated. It is said that nearly all of the smaller bridges on the country roads have either been entirely ruined or damaged so as to need repair. The county commissioners say they propose to put a stop to the threshing outfits if they have to arrest some of the owners of them for missing the county bridges.

TRUSTED A TRAMP

And Now Mr. Stroff Is Short a Good Farm Team. Mr. Jacob Stroff, a farmer who lives three miles east on Central avenue, is minus a good farm team through a kindly act which he performed for a tramp last Saturday. Mr. Stroff came to town on some business, as he was returning home he saw a man loitering on a street corner. The man asked Mr. Stroff if he could ride a short distance with him in the wagon. Mr. Stroff allowed him to do so. When they got beyond the Chisholm Creek bridge a tire came off one of the wheels. Mr. Stroff requested the man to hold his team while he went back and looked for the tire. He was gone several minutes and when he returned the team and wagon was gone. Mr. Stroff did not suspect anything wrong and went after the team supposing that the fellow had driven on toward his home. When he got home the team was not there. He returned to the city on the hunt of it and succeeded in finding the wagon at the side of a road. He then knew the fellow had stolen his team and harness and he came on into the city and notified Sheriff Simmons, who immediately had cards printed and went on the search of the stolen team and harness. One of the animals is a horse ten years old and the other a bay mare 12 years old. The man is described as being about 5 feet 8 inches high, dark complexion, 35 or 40 years old and weighing about 150 pounds. A reward of \$50 is offered for the arrest of the thief and the return of the property.

MRS. CAIN ARRESTED Pat in Jail for Causing Disturbance at Children's Home. Mrs. Della Cain was arrested yesterday afternoon by Policeman Stewart for causing a disturbance at the Children's Home. Mrs. Cain was trying to get possession of her little girl by other means than the legal way and grew quite threatening and boisterous. It is said, toward the governor of the home. The little girl was given into the care and keeping of the Children's Home last month by an order of Judge Kirk of the county. It is the same little girl that Officer Fox picked up in the corner of an old house on English street when the child was nearly naked and in filth. The little girl had been almost abandoned to South Fourth avenue and had run from place to place getting something to eat and subsisting as best it could on what she could get. The attention of Major Burr and some good women was called to the child and they took it to the city court one day and asked Judge Kirk to send it to the Children's Home. Mrs. Cain was out of the city and had been gone for some time, leaving the child with its stepmother, who could not give it the attention it deserved. It is said that Mrs. Cain has deserted the child before and then came back and demanded it from its keepers. She was lodged in jail last night.
