

IN FACETIOUS MOOD

Captain Admire Discusses Thompson's Boom

FOR NATIONAL DELEGATE

His Editorial in the Free Press Reproduced.

Kingfisher, O. T., April 14.—Captain Admire, in his paper, the Free Press, discusses Marshal Harry Thompson's candidacy for delegate to the national Republican convention.

It is again given out that the pressure of his friends is so powerful that United States Marshal Thompson finds it impossible to resist it. So the announcement is made that he will be a candidate for delegate to the Philadelphia convention. It is not often that a man's friends are so insistent and unreasonable. Really Mr. Thompson does not want the office, and he has been making frantic efforts to get away from it for several months.

NO PAIN, TRIFLING EXPENSE

A Simple, Harmless Remedy for the Cure of Piles.

A person contracts a cold, pneumonia, influenza and pleurisy from exposure; rheumatism and sciatica from damp errors and the causes of most diseases are easily traceable, but although piles and rectal troubles are as common as any of these, the cause is obscure.

Violent exertion as in lifting, sometimes produces them and a sedentary occupation is by some supposed to be a predisposing cause, but as a rule piles and rectal troubles appear without apparent provocation.

There are many life-savers and ointments which give temporary relief and when these fail, the patient, if he can afford the expense and is willing to take the risk, has recourse to a surgical operation. But there is one remedy which gives immediate relief and the regulation of which will bring about a permanent cure and that is the well known Pyramid Pile Cure.

In long-standing cases the Pyramid Pile Cure is the only cure except a dangerous and exceedingly painful surgical operation, and its advantages over any kind of operation are many, as it is painless, causes no interference with daily occupation, and being in the form of a suppository is always convenient and ready for use.

The Pyramid Pile Cure is an effective elimination of irritating and anti-septic agents. It contains no cocaine nor nerve destroying opiates and unlike most pile cures, contains no bichloride of mercury nor any poisonous, injurious drug of any kind.

A DAILY NUISANCE.

A Simple Remedy Which Will Instantly Cure Catarrh Sufferers.

In its early stages catarrh is more of a nuisance than a menace to the general health, but sooner or later the disease extends to the throat, bronchial tubes and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane of the local symptoms being a profuse discharge of mucus, straggle of the nostrils, irritation in throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

The usual treatment by local douches, snuffs, salines, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Sanguinaria, Hydrastin, Eucalyptol and similar cleansing antiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges, taken internally, allowing them to dissolve slowly in the mouth. In this way they reach the throat, fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use; but it is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble, without resorting to the inconvenience of a douche.

Dr. Peckham states "that the internal treatment of catarrh is really taking the place of the old plan of douching, and local application, and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet."

Druggists sell Stuart's Catarrh Tablets at fifty cents for full sized packages. Ask your druggist and if he is honest he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.

national affairs. There is no other locality in the country that offers so great inducements to those whose ambitions the state have failed to gratify. When all these serious matters are serious and we may well pause in our mad career!

For such reasons as stated, we are inclined to think that Mr. Thompson should be excluded from the scope and purpose of Mr. Dick's letter which was manifestly only intended to cover the case of small men like Powell Clayton, Cyrus Leland, Governor Barnes, Secretary Jenkins, and our Mr. French of Aixa.

Every desirable result is best with difficulty. No really great result can be obtained without overcoming great obstacles. This seems to be one of the invariable economic laws of the universe. Should a man kick at the moon, thoughtless, he will be in a predicament. He will stop to reflect that he would come much nearer upsetting the moon than he would come nearer upsetting the Man who is popularly supposed to inhabit that luminary, than those who refuse to try the experiment. There is only one serious drawback to Mr. Thompson's candidacy. Among the many great farmers of this State, the majority of them are alfalfa men. Noah Webster does to the English language. Upon all questions in relation to that magnificent forage he is the court of last resort. To use a plowman's "china word" on that subject. No alfalfa grower should be absent from his fields in June. That is the time of the year when the mowing machines, rakes and the plowboys should be in active operation under the intelligent eye of the master. Alfalfa requires great care in order to preserve its virgin purity, and suffer no loss in its protein matter. Once horse farmers are not equal to an emergency of this serious character. Thoughtless people who have pressed this Pulla-ditch business upon Mr. Thompson so stubbornly, do not realize what a great sacrifice they are asking him to make for the mere purpose of seeing that alfalfa men be made in the announcement of Oklahoma's vote. Great wisdom should be used in the settlement of this momentous question. It should not be settled in the manner of the fabled man who felt great relief when it is all over—says, "there's the rub! When it is all over—provided the country survives the shock!"

Pawnee's Weekly News Budget

Work on the ice plant is progressing so satisfactorily that an abundance of its product is promised by May 1.

The Craig was appointed by the county commissioners to fill the unexpired term of County Treasurer N. J. Green, deceased.

A commercial club is being organized, and will no doubt prove of great service to the town's best interests.

May 1 is the date for voting on the question of issuing bonds for waterworks and it is anticipated that there will be scarcely one dissenting vote.

An addition of forty acres was platted and placed on the market last week; at the rate lots are now being sold, Pawnee will soon be made for the third addition, this being the second to the original townsite.

Calabazas Temple No. 2, Rathbone Sisters, was instituted here last week with 24 charter members. The banquet of the Knights of Pythias lodge was one of the "swell" affairs of the season, and was very largely attended.

It is being rumored persistently that grading contracts have been awarded for forty miles more of railroad in a north-southward direction and contractors have been notified to have their respective contracts completed by the 25th of the present month.

It is almost an assured fact that another building to the new school house will be under contract very soon, cost \$10,000, as a petition is being circulated asking for a vote on the question, and the whetstone in the hands of the architect is being heated competition, and makes a beautiful appearance.

Mrs. Dohrer for Register of Deeds.

Guthrie, O. T., April 14.—Mrs. Dohrer has announced herself as a candidate before the Democratic convention of Woodward county for register of deeds.

TO BE END OF DIVISION

Enid's Ambition as to Blackwell-Enid Line.

TOWN PUTS UP THE COIN

Money for a Fine Depot Is Being Raised.

Enid, O. T., April 14.—On Wednesday of this week the directors of the Blackwell, Enid and Southern railroad met in Enid for the purpose of electing officers and to consider the proposition of the Commercial club of Enid relative to the construction of the road from Blackwell to Enid. The following directors were present at the meeting: Colonel C. J. Peckham, Ed. L. Peckham, Blackwell; W. S. Robinson, Winfield, Kansas; O. J. Fleming and C. E. Hunter, Enid. The following officers were elected: Ed. L. Peckham, president; O. J. Fleming, vice president; C. J. Peckham, secretary; W. S. Robinson, treasurer.

The proposition received from the Enid Commercial club some time since offering \$5,000, right-of-way and terminal facilities, was considered and accepted, and on behalf of the citizens of Enid President Frantz, of the Commercial club, turned over to Treasurer Robinson of the Blackwell, Enid and Southern the sum of \$2,000, which was deposited in escrow with the First National bank of Winfield, Kansas.

This now insures for Enid the construction of this road from Blackwell to this city, and the Blackwell-Enid road, in connection with the Peckham road, one of the best trunk lines in the country, and the road regarded by the farmers to be the best west-bound road in the country. The Blackwell-Enid road, under the management of Enid, are now completing the raising of an additional \$10,000 to be used in the construction of a magnificent brick depot for this road and to secure territorial facilities in this city. The citizens of Enid have every hope of this becoming the end of a division.

Enid is assured of another large flouring mill which will be in operation by the time our large wheat crop is harvested. C. E. Hunter, secretary of the Enid Commercial club, is in correspondence with parties who desire to erect a flouring factory. Mr. Hunter is also in communication with parties desiring to establish a vitrified brick plant in Enid.

DEMOCRATS 'OF WOODWARD

Indorse Patton for Delegate and are Strong for Bryan.

Woodward, O. T., April 14.—The Democratic county convention met here at 2 p. m. today and chose as delegates to the territorial convention at El Reno, Temple Houston, R. E. Davis, C. D. Farmer and J. E. Love. The delegates were instructed to use all honorable means to secure the selection of Hon. D. H. Patton of Woodward as one of the delegates to national convention at Kansas City, July 4. The sentiment of the convention was overwhelmingly for Bryan, and hence the selection of Temple Houston is regarded as singular, as he is known to be opposed to Bryan and his re-affirmation of the Chicago platform, and is more over an avowed imperialist.

WALKER TO BE COMMISSIONER

In Kingfisher County, in Place of Albaugh, Deceased.

Guthrie, O. T., April 14.—Governor Barnes today appointed John A. Walker commissioner of the Third district of Kingfisher county, in place of the late Albaugh, deceased. Walker was indorsed by a majority of the Republicans of the district. A number of the leading Republicans, including ex-Governor A. J. Seny, Oil Inspector Amos A. Ewing, Captain J. V. Admire and Counselor F. L. Winkler indorsed the candidacy of Colonel Walker. Walker was a resident of the district, Dean owns a homestead in the Third district, but is engaged in business in Kingfisher.

DOESN'T CONTROL IN POLITICS

Senator Havens Points Out to Dewey What Naval Knowledge Won't Do.

Guthrie, O. T., April 14.—Of Dewey's candidacy for the presidency, Senator Havens of New York has never been suspected of being a Democrat. Although he has never had occasion to express his views on many public questions, on the issue growing out of the war he has been in entire accord with McKinley, and he has been understood to be a Republican. There is nothing in his record to commend him to the Bryan Democrats. And his candidacy will be a failure, and greatly mar his fame and popularity as a naval hero. It is unfortunate that he should have exhibited such a weakness. That he should have descended from the high place he occupied in the hearts of all the people because of his success as a naval officer, to become the tool of a political faction in greatly to be regretted; and his own life will be embittered by it when he comes to realize, as he soon will, the wreckage which he has made. Admiral Dewey's life has largely been spent at sea and in the study of strictly naval affairs. His associations have been confined to the limits which his duties as a naval officer have made necessary. He has had little contact with the world generally or with general affairs, and the unexpected fame which came to him near the close of his career found him without the practical knowledge or experience necessary to understand the meaning of the praises and flattery showered upon him. He knew nothing of politics or practical affairs, and never cast a vote in his life. The enthusiastic demonstrations in his honor were to him sufficient evidence that the people were ready at his bidding to cast aside their trusted leaders and follow him. He is learning now that the ability to sail a ship and sink a fleet are not the controlling factors in political conventions.

MASTERTON IN WASHINGTON

Requisition Issued by Gov. Barnes for the Alleged Rapist.

Guthrie, O. T., April 14.—Governor Barnes this afternoon issued a requisition for S. C. Masterton, who is wanted at Stillwater for rape. Masterton is under arrest at Everett, Wash. Masterton was once a prominent politician and politician of Payne county and was at one time a deputy sheriff. He is alleged to have committed his crime about a year ago and skipped out. He was arrested in Iowa, where he instituted habeas corpus proceedings which were carried to the supreme court, pending which he broke jail.

THE MASHONA HELD AT DURBAN

Cape Town, April 14.—The admiral in charge of the British fleet has refused to permit the British steamer Mashona, Captain Johnston, to proceed beyond Durban. The agents of the vessel announce that the cargo destined for Delagoa Bay will be landed at Durban.

THE BRITISH GUNBOAT PARTRIDGE, DECEMBER 8, CAPTURED THE STEAMER MASHONA, WHICH WAS ENROUTE FROM NEW YORK TO DURBAN, VIA ST. VINCENT, NOVEMBER 18, FOR ALGOA BAY, LADEN WITH FLOUR FOR THE TRANSVAAL. THE VESSEL AND HER CARGO WERE RELEASED UNDER BOND AND THE PRICE COURT, MARCH 13, RENDERED A DECREE THAT PORTIONS OF THE CARGO WERE CONDEMNED, BUT THAT THE STEAMER WAS FORMALLY RELEASED. THE MASHONA ARRIVED AT ALGOA BAY APRIL 4 FROM CAPE TOWN, AND WAS TO PROCEED FOR DURBAN AND OTHER PORTS.

EGHTY-THREE PENSION BILLS

About All the Senate's Day's Work—Other Matters Going Over.

Washington, April 14.—Beyond the passage of eighty-three private pension bills, about all the general business of minor importance, the senate transacted little business today. The Alaskan civil code was under consideration for some time, but finally went over until Monday, when an effort will be made to get a vote upon it. At the beginning of today's session of the senate Mr. Morgan (Ala.) offered and secured the adoption of a resolution requiring the attorney general to transmit to the senate all papers filed in the Union Pacific railroad case and to inform the senate why the Union Pacific received in settlement of the case \$150,000 and the United States only about \$20,000. Mr. Morgan's motion was before the senate at the instance of Mr. Chandler but laid aside until Monday. Then the senior senator from South Dakota resumed his speech on the history of the Boer war, advocating the adoption of Mr. Mason's resolution, expressive of sympathy for the Boers in their fight against Great Britain. The senator anatomized England in every portion of her government and declared that her colonies were cursed by her control. "I hope the day will come—and I hope the Transvaal war will furnish the opportunity—when Ireland will rise and sweep every British soldier and every British landlord into the sea."

INDIANA'S WAR GOVERNOR

Enlightened in the House—Private Pension Bills Passed.

Washington, April 14.—After an hour of routine business the house today devoted its session to hearing evidence on the late Governor Oliver P. Morton of Indiana, in connection with the erection of his statue, which has been placed in Statuary Hall, at the capital, by the state which he served. The speakers included Messrs. Sibley, Miller, Crumacker, Overstreet, Griffith, Hemenway, Brick Alexander, Paris and Watson of Indiana, Grosvenor of Ohio, and Cannon of Illinois. Previous to this order of business fifty-three private pension bills were passed and notice was given that the naval appropriation bill would be called up Monday.

BANK PRESIDENT COLE CHARGES GUILTY.

Boston, April 14.—Charles H. Cole, former president of the Globe National bank, under indictment for embezzlement and misapplication of the funds of the bank, pleaded guilty today in the United States district court. Sentence will be pronounced later. Mr. Cole's bail was increased from \$5,000 to \$10,000.

Catarrhal Debility Cured. Mattie B. Curtis, Secretary Legion of Loyal Women, writes from Hotel Salem, Boston, Mass., as follows: "I suffered for over a year with general weakness and debility, manifested especially in severe backache and headache. My physician prescribed different medicines, none of which seemed to help me any until a club associate advised me to try Peruna, as it cured her of constitutional headache and stomach troubles. I at once ordered a bottle and before it was used felt greatly improved. I have taken four bottles and for two months have been entirely free from these maladies. Several of my friends are using Peruna with beneficial results, especially in cases of trouble with the kidneys and other pelvic organs, together with weakness peculiar to women."

Catarrhal Weakness Cured. Mrs. Jane Baxter, President Grand Army Relief Corps, Fremont, Wash., writes: "Last spring I had occasion to observe the beneficial results of Peruna when a prominent member of our Relief Corps, who had suffered torture with kidney and other troubles of the pelvic organs, was completely restored through the persistent use of it, while no physician seemed able to cure her."

"I tried it for a severe and continued backache and found Peruna the only remedy so far tried that could ever cure me. I am well and strong now, and although four months have passed since my recovery, I have not had a moment's pain since." HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that rest easily controlled in earlier life begin to affect the constitution. These diseases are Scrophulous, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, renews the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or any poisonous waste material is accumulative.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrophulous, Cancer, Rheumatism, Eczema, Tetter, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste material to accumulative.

If you have an old running sore or an abscess which refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these evils. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happier, healthier old age.

A case of Mrs. E. D. Decker of Savannah, Va., of a case of Mrs. D. H. Johnson of Blacksville, Ga., who was severely afflicted with a severe form of rheumatism, and had used every remedy known and recommended to her without receiving any benefit. S. S. S. promptly relieved her of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge. Book on Blood and Skin Diseases sent to any doctor. Address Swift Specific Co., Atlanta, Ga.

S. S. S. IS THE IDEAL TONIC AND BLOOD PURIFIER FOR OLD PEOPLE.
