FACE IS FAMILIAR. Most Extensively Advertised and Widely Known Music Dealer. Thos. Shaw, Wichita's popular music man, is one of the most widely known business men in Wichita or the west, and has, without doubt, the most extensive acquaintance of any wholesale and retail music dealer in the United States. He is known throughout the entire west.

There are a great many people in Wichita who have but little knowledge of the intricacies of the largest music house in Kansas, or the entire southwest. It is an undisputed fact that Mr. Shaw carries by far the largest stock of musical merchandise and does a greater volume of business than any concern in the state or southwest. He has two large sample rooms completely filled with pianos and organs, besides the large wall showcases and other showcases are filled with small goods—mandolins, guitars, violins, banjos and hand instruments, and has a large warehouse filled.

Mr. Shaw has been in the music business for the past thirty-three years, sixteen years in business in Wichita. He is a firm believer in printer's ink, judiciously used, and for the past sixteen years his name and address has been bearing a prominent part in the newspapers until every reader, old and young, are familiar with Thos. Shaw's photograph, and it is so true to life that strangers recognize him and introduce themselves, stating that they have become acquainted with him by seeing his picture and reading his ads. He is one among the very few advertisers who use the capital I, always accompanied by his photograph, which makes the ad read like a talk.

While Mr. Shaw has the largest stock and trade of any western music man he is without doubt the best known and most popular retail music dealer in the United States. He organizes and equips "Shaw's Orchestra" for years has been the best and most popular musical organization in the west, composed of sixteen thorough musicians under the management of Thos. Shaw, who has ever been the leading promoter and leader of high class musical talent. Shaw's orchestra and Shaw's music store have both been great advertisements for Wichita and would be a credit to any city.

Mr. Shaw imports all European goods direct from the factories and supplies dealers at Chicago and New York prices. He also buys all pianos, organs, small instruments, sewing machines and bicycles from the factories.

He buys and ships pianos in car loads, which give him an advantage over eastern jobbers and department stores. In answer to the reporter's inquiry regarding the competition of large eastern department stores, Mr. Shaw replied that he duplicated the prices of department stores on same class of goods.

Mr. Shaw has built up a reputation for reliability and square dealing and is proud of his lines of goods. In pianos he carries the celebrated Shaw, Ivers & Pond, Kimball, Pease, Story & Clark, Kingsbury, Harvard, with mandolin and guitar attachment. Apollo self-playing piano and in organs he handles the Story & Clark, Chicago Cottage, Farant & Voltry, Kimball and the celebrated Orpheus Grand self-playing organ, and a number of other makes in cheaper pianos and organs, and handles the Domestic, Wheeler & Wilson and White sewing machines.
