

IT IS AN OUTRAGE

Wichita Worked Up Over an Advertisement.

KANSAS WHEAT SLANDERED

By Pillsbury, the Big Flour Man of Minneapolis.

The hottest men in seventeen states yesterday were in Wichita and they were the retail grocers, the wholesalers, the jobbers and the millers. They say that the Pillsbury concern of Minneapolis will hear from Wichita, Kansas and Oklahoma in no uncertain terms.

Here is the outrage on this section of the country. It is published in the Northwestern Miller and takes up a full page:

NO KANSAS WHEAT

The Pillsbury-Washburn Flour Mills Co., Limited, Minneapolis, U. S. A.

IS NOT USING KANSAS WHEAT Does Not Intend to Use Kansas Wheat

The facilities possessed by this company for securing ample quantities and the finest qualities of strictly pure northwestern grown spring wheat are such as to enable it to absolutely guarantee its flour to be made exclusively from spring wheat, no Kansas wheat whatever being used by it.

Henry L. Little being duly sworn, deposes and says he is the manager of the Pillsbury-Washburn Flour Mills, Ltd., and that this company does not use and does not intend to use Kansas wheat in the manufacture of its flour.

HENRY L. LITTLE Subscribed and sworn to before me this 8th day of August, 1900

FRANK H. SMITH, Notary Public, Member Anti-Adulteration League.

The Pillsbury concern makes various products of which Wichita, southern Kansas and Oklahoma are consumers. The jobbers of Wichita had recently ordered a large amount of their products and they say they will be countermanded today. Many dealers that no more goods will be purchased here of the Pillsbury company. Kansas and Oklahoma, it is thought, will follow suit. The Detrick Grocery company of Wichita has some of the Pillsbury product on its hands and it is practically giving it away. Mr. James Tapp says that he will have no more of Pillsbury's flour.

Mr. A. Hoag, of the Wichita Wholesale Grocery, said last evening: "The jobbers I think will take action tomorrow. I have seen the advertisement."

It seems that it is a case where the wicked dog howls, for Mr. J. Howard said last evening: "What all Pillsbury is that we are cutting into his territory. The Kansas millers are slicing his eastern trade away from him. That is what is pinching him."

Kansas wheat is the best in the world. It makes the best flour. The people in the east have been warning their stomachs out of shape by the use of the Minnesota hardy bread, have found how superior the Kansas grade is and will have no other.

And moreover, the Kansas trade is growing. No attempt to belittle its quality or slur its product before the world will be effective.

Pryor's Band and Orchestra will arrive Friday morning. The Auditorium stage has been widened and lengthened to more than twice its usual size, so a full view may be gotten from any seat in the house.

FIFTY-TWO THIS MONTH

In the Record for Men Enlisting for Foreign Service.

Fifty-two men have been recruited at the station on North Main street already this month for service in the Philippines.

The station has only been located here since the 6th of July, under the charge of Sergeant Belts, but since that time there has been 12 men sent to California to prepare for the foreign service. A number of the men sent away from here during July have already seen actual service in the Philippines and have participated in battles.

Fifteen recruits were sent to California right before last and as soon as arriving at their destination will be assigned to the different regiments for service.

Captain Ulme of Kansas City, was in the city to swear the men in and expressed himself as highly pleased with the work of the station. For the length of time, he stated that the recruiting of the Wichita station was far ahead of that in many of the other cities.

The names of the men leaving for California are: Henry H. Ludwig, Marshall, Mo.; Thomas W. Moody, Lowell, Ark.; Joe Goodrich, Ohio; John E. Payne, Tennessee; Ira Blasdale, Greensburg, Ind.; Walter T. Loring, Missouri; S. D. Warner, Howard, Kan.; Arthur Lane, Oregon; Samuel W. Farnum, El Dorado, Kan.; William Coleman, Illinois; James D. Taylor, Illinois; Henry L. Hillan, Springfield, Mo.; Charles M. Robert, Marshall, O. T.; Chas. C. Perry, Marshall, O. T.; Peter D. Schollman, Waco, Kan.

Dr. Fordyce, the examining physician, is confident that no state produces men with better physical endurance than does Kansas. The recruits examined at the station here have all been, without any exception, far above the average usually enlisting in the regulars.

TO WORK ON KANSAS FARM

Little Boy Tells a Story of Parents' Death.

A little boy was found upstairs in a building on Market street last night and when questioned as to where he came from he told a story of his parents having died and being sent away with the idea of getting work on a Kansas farm. He told of coming from Canada and said that when he left home he had \$2, but that his money had given out when he reached here.

The boy did not look to be over 15 years of age, and when he was being questioned he was afraid that the "marines," as he called the police, would get him.

Some of the people in the block took charge of the boy and he will be kept here for a few days.

Mr. and Mrs. W. W. Wilkinson and family of Aysa, O., who have been visiting Mr. and Mrs. H. W. Hartman, left yesterday for western Kansas to visit friends.

FOR ANOTHER PARK

Block of Ground Near Lincoln Street School

IS SECURED BY CITY

Ground Will be Fenced and Trees Planted.

Wichita is to have another park added to her park system. At a meeting of the city council last night action was taken so that a block of ground in the south part of town will be made into one of the most beautiful parks in the city. In size it is similar to the Hyde park in the east part of the city and in a few years will be a thing of beauty.

The block of ground is that just south of Bailey street, between Topeka and Lawrence avenues. It is near the Lincoln street school and within a nice distance of the people living in the various parts of the city.

The plans are to have trees planted as soon as possible and the ground will be fenced and seeded down to some grass appropriate for park purposes. The securing of the park for the people of the south part of the city is due to the efforts of Councilman Parkhurst.

Mr. Parkhurst has been working on the matter for some time and at the close of the meeting last night was jubilant over the success of his efforts.

When the council was called to order by Mayor Ross, ten of the twelve members responded to their names at roll call. Van Duyn and Hill were absent. The business of the session came up and the first thing for consideration was a proposition from Contractor Koontz on the letting of a sidewalk contract to J. W. Flatt and Mr. Koontz protested on the ground that Flatt had been making a bid for Councilman Burton and that the bid should not be accepted on that account. Mr. Flatt was present and was called to the front to state his position in the matter.

After his explanation a motion was made by Lulling to the effect that the action of the council in regard to the contract stand. On vote the motion carried.

Mr. Lulling desired that the records of the previous meeting be changed and that his name as the maker of the motion to change the ordinance relating to the taxation of fraternal organizations in the city, through some error, the name had been omitted. At the close of the remarks of Mr. Lulling, City Clerk McCain took exception to what Mr. Lulling had said. He was given the liberty to speak and gave a statement regarding the matter and also made statements regarding the attitude of Mr. Lulling in the matter. The speaker ended by the raising of a point of order which was sustained by Mayor Ross.

The motion of Mr. Lulling to reconsider and correct the minutes when put to a vote, carried.

Several motions regarding the notification of the putting in of the walks were made and all passed without incident. Councilman Parkhurst made a motion that the city clerk be instructed to notify the Wichita and Western railway to place a culvert on the west side of Lawrence avenue at their crossing. Vote was taken and the motion carried.

A motion was made that a portion of Tuesday afternoon not be spent for a few weeks owing to the fact that the street commissioner desired to do work at that place.

After the consideration of the park matter the council adjourned on motion.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Chappewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of BANNER SALVE entirely cured it." G. Gehring, 40 E. Douglas; Geo. Van Wagon, 28 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Sauer, 224 E. Douglas.

HAVE RECEIVED NEW MUSIC

Commercial Band Practicing for Carnival Week.

The Commercial band has received a number of pieces of new music, which will be played for the first time at the opening of the carnival. The band held their regular practice last night, and one of the new selections was tried. It is "The Tale of the Kanaroor." The piece was composed by Luders and was first heard in Chicago in "The Burgomaster."

The piece is a catchy one and the band will make a decided hit with the new selection.

Mr. Henry W. Huttman, who was in Chicago recently, saw "The Burgomaster" and was delighted with the music in the piece. The new selection was then put on and the encore received was wonderful.

The band will commence their exercises with the Carnival association on Tuesday and will play until the end. The music which they have prepared will be out of the usual order and will be a credit to the organization.

A ticket over the road costs only ten cents, a box of Cascarets Candy Cathartic, and you can't possibly make a mistake. All druggists, 25c, 50c.

HAVE THEIR THIRD MEETING

Old Soldiers' McKinley and Roosevelt Club at City Building.

The Soldiers McKinley and Roosevelt club held its third meeting last night in the city building. Captain Burgess announced the program for the old soldiers' reunion for next week. He insisted on all being present at the campfire to be held at the park and urged that no one allow his old soldier enthusiasm to relax for a moment to help make this affair a grand success. He suggested that no matter how old they were, they could by a little effort rekindle their old-time enthusiasm and assert it at the reunion.

He said in part: "The program which is being prepared is a fine one and all the old soldiers will be expected to be present and thus make those participating feel that their efforts have been well spent."

The reunion will be ushered in by five salutes from the battery, and there will be salutes every morning. Chapter 1, Long will make an opening address on Tuesday. Mr. Paul Brown has very kindly and carefully prepared an address which he will deliver on Wednesday. Mr. Baker, Mr. Botkin and President Stanley of the Friends university are among the speakers for Thursday. On Friday the governor will be here and deliver an address. The governor's salute of seven-thirty guns will be given on Friday morning. Rev. Thien will make an address also on Friday. Several young ladies

have kindly consented to recite during the week, and many more to sing. Mrs. Childs and Miss Larimer are among those who will sing. These treats will be intermingled with the addresses and a good time generally is expected by all. It is thought by some that the fair will somewhat detract from the interest of the reunion, but this will not be true. The old soldiers are always more interested in memories of the past than anything else. There are now 54 names added to the list. The meeting adjourned to meet again in two weeks from last night perhaps in the Garfield hall. At this meeting a full attendance is desired. There will not be a meeting next week on account of the carnival."

IS LIKE A SECOND SPRING

Unprecedented Fall Pasture in This Part of Kansas.

All reports from the country report an unprecedented pasture this fall. The grass is as green and almost as succulent as in the spring. The long August drought rained and generally and made the ground that fall rain, in the form of mists mostly, and as a result the pasture has turned green and beautiful and has an unusual fall growth. The reinvigoration extended even to the larger trees, which have taken on a new and deeper shade of lively green. Cattle on the ranges are doing exceptionally fine and everybody in the cow business is particularly happy.

HOW THEY'RE PLOWING WHEAT

Farmers Will Not Talk Politics or Anything Else.

Colonel Bean returned yesterday from a trip into the northwestern part of this county. He says that the way the farmers are at work in their fields is a caution. They are plowing up the fields for wheat and the acreage is being greatly increased. Colonel Bean says that everybody on every farm has been reconditioned and all hands are hard at work. They have no time to talk business, politics or anything else not bearing on preparing the fields for the seed.

Mayor Ross, His Relative, Receives the Sad News.

Poor Ricardo Lopez Ross is dying in Madrid. Such is the sad message Mayor Ross received from his relative yesterday. Ricardo Ross is in prison in a dank and dark and dismal dungeon, and he wants help. It will be remembered that a year ago it was in the same dismal dank, dark and dirty dungeon that Ricardo Ross was dying, a relative of Lee Hays of this city. He was dying in the same cell and the sad news reached Mr. Hays in the same way. But Ricardo Lopez Hays didn't die. He changed his mind and his name, and came bobbing into town by mail yesterday as Ricardo Lopez Ross.

Easy health for Women. Health is a matter of vital importance to a mother. Mrs. Gallion spent \$1,575 trying to get relief from doctors. When she saw the doctors could give her no relief she turned to Wine of Cardui and she was cured. There are many cases like Mrs. Gallion's. Yet every day women rush to a doctor and walk blindly into the dangers of the operating table without giving Wine of Cardui a test. The health of a woman concerns herself and for ordinary female ills she can best treat herself. Women are coming to realize this and thousands of them are taking the Wine of Cardui home treatment. They are curing themselves in the privacy of their own homes, without the humiliation of a physician's private examination. This pure Wine regulates the menstrual flow, restores the fallen womb to its place, and stops the terrible drains of leucorrhoea. It is a safe remedy to put into the hands of any invalid and in nine out of ten cases effects an immediate relief and a permanent cure. Do you not think
