FAIRMOUNT COLLEGE NOTES.

The past week was crowded with events of deep interest and importance. The football game with the big team from the State Agricultural college of Manhattan created the greatest excitement. The game was played Monday afternoon and was witnessed by a large crowd. The score was 6 to 10 in favor of the visitors.

For the first time in its history Wichita business men were present in large numbers at a football game. The management incurred considerable expense in bringing Manhattan here and the Fairmount men were very much appreciated. The support they received.

Too much credit cannot be given Coach Ross for the splendid showing made by the home team in this game. Captain Foster also deserves credit for the manner in which he has held the men at practice.

The Saturday game with the Wichita High school eleven was also an interesting contest and was well played. The score was Fairmount 18, High school 6.

Forty-five Fairmount college men marched in the parade last Tuesday evening and made a good showing. Milton Ross, '04, was elected captain of the College Republican Marching club.

Miss Harriet Sewall, '02, and Miss Blanche Houston, '02, were absent from classes this week attending the state meeting of the Young Women's Christian association, which is in session at Topeka.

Secretary Fuller of the city Y. M. C. A. addressed the young men at the college on Thursday morning. His subject was the three-fold development of man. The address was impressive and interesting.

The French society, organized under the direction of Professor Paul Roulet, held its first session this week. The society has a membership of thirty-three. Miss Helen Cossion, who is taking a special course in French, had the principal paper on this occasion. The subject of her was "A Day in the Convent of Notre Dame."

The French society held its election of officers Wednesday. Miss Helen Cossion, president; Robert Lewis, '04, vice president; Nita Miller, '04, secretary. Members elected for the executive committee were Edwin Burton '04, Mattie Jackman '04, Helen Reilly '04, Professor Roulet, Elizabeth Shattuck '04.

Miss Anna T. Jones, '00, Miss Frances Doty of Sedgewick and John Chatfield of Michigan, were among the visitors.

The annual Senior class reception occurred Wednesday evening and is the first since reception given this year. It was a very pleasant affair and was at the home of Miss Adaline Harding, '01. The students of the collegiate department and the members of the faculty were the guests of the evening. The six seniors of this class are capital entertainers. Under their direction the sober Juniors the wins Sophomores, the verdant Freshmen and the modest faculty spent the time in pleasant fun and conversation. Miss Anna T. Jones, Miss Evelyn Imboden and Miss Sadie Ellis, former Fairmount collegians, had charge of the dining room while Miss Gabriella Himman presided at the punch bowl.

The members of this year's Senior class are Cora Bailey, Adeline Harding, Zeta Laycock, Mollie Warren, Helen Holly and Edwin Wilcox.

Professor B. F. Buck led chapel exercises this week.

The Philomathean has the largest membership in the history of the society. A large number of students have purchased tickets to the Lyceum lecture course.

The class of '04 held their annual election of officers on Friday. Eugene Wallace was chosen president; Harold Morrison, vice president; Muriel Finn, secretary and Edwin Burton treasurer.

Next Saturday afternoon the college team will play the Newton city athletic team on the Fairmount campus. It will be a big game.

FRIENDS UNIVERSITY. Miss Grace McCormick of Mt. Hope, a '04 student, was present at chapel Thursday morning.

Fred Hoyt of Oklahoma and William Moore of Fairmount, Kan., enrolled as students this week.

Misses Merta Thompson, Bessie Means, Bertha Wentworth, Edna Goodwin and Ada Parkhurst left Thursday morning as delegates to the Y. W. C. A. convention which convenes at Topeka.

Miss Odie Noel is absent from school this week on account of the illness of her mother.

Prof. Fellow lectures on the Mission Field at east side Friends church, Cleveland avenue, Sunday evening.

William Hobson, a minister in the Friends church of London, England, will give a lecture in Russell Hall Monday evening, the 29th instant.

The Y. M. and Y. W. C. A., have placed a bulletin board in the hall near the reception room. All announcements relating to the associations will be placed on this board.

The Brighton Literary society have appointed a library committee for the purpose of selecting books for their library. They expect to purchase about twenty-five dollars worth of new books in the near future.

Prof. Fellow and wife have decided to take rooms at North hall and enter the club there for the remainder of the year. Several others have within the last week decided to take rooms and board at the hall.

The Davis Lyceum at its last meeting voted to place in the library a commodious bookcase and magazine table combined. The Lyceum already has several valuable books and this last step will mean much toward the growth of a society library. It is due time should the Lyceum wish to furnish a society room the library will by that time be of sufficient size to form an attractive feature of the room.

LEWIS ACADEMY. The topic of most interest to the student during the past week was the school paper which is soon to make its appearance in the work. Those in charge of the matter have been busy for some time making the preliminary arrangements for the undertaking. The school expects in a short time to be issuing a bright, attractive journal, which shall be a fair representation of its progress.

Miss Nellie Downing of the class of '04 who is visiting in some of the eastern states, sent to Miss Brown a number of views of notable places, where she has been. Among which are views of the tomb of Edgar Allen Poe, Old Ironsides, G. Jones of the National Capitol, the Old Stone Tower in Rhode Island. Miss Brown finds the views are very interesting in her classes as illustrative of events in American history and literature.

Both football teams are doing good work in practicing and are getting in trim for match games to come off soon.

The first team will meet the Friends University eleven next Saturday. This is the second game of the season for the Academy boys and they are improving every opportunity for practice in order to make a successful record at that time. Dr. Jones of this city last week kindly offered the loan of fifty physiological slides for use in the physiology classes. The member of these classes are deriving much benefit from them and fully appreciate Dr. Jones' thoughtfulness in placing them at their use.

Among the victors at the school during the week were Mrs. Gordon, Miss Anna Wiegand, Mrs. Himebaugh, Mrs. Mark Jones-Gary, class of '98, and Miss Grace Teachout. The school is always pleased to welcome visitors.

The chemistry class is analyzing farm soils, and common stones to see "what stuff 'tis made of." The practical advantage of work of this kind for the student, especially the embryo farmer, is inestimable.

Miss Wade Smith is making a short visit at her home near Bentley.

Tuesday morning the work of classification for instruction in drawing was begun. Although most of the time was taken up with this, yet some indication of the line of work to be pursued was given, enough to show how much interest the subject contains.

The Hivellast department of the school perhaps, is the chorus class. There is nothing to detract from the pleasure of this exercise except the short time allowed for it.

WICHITA COMMERCIAL COLLEGE NOTES. Mr. Couvart from Colwich, Kansas, was here during the week making arrangements to move his family here the first of November. He intends to take a year's course in the Wichita Commercial College.

Miss Olive Johnson of the shorthand department has accepted a position with the Phoenix Life Insurance company, recently located in this city under the agency of Mr. Madison.

Miss Minnie Caughy, a recent teacher in the actual business department, is very sick with typhoid fever at her home, two and one-half miles northwest of the city. She is reported as taking a turn for the better. Her friends have been very anxious about her.

Prof. P. A. Hiltner, principal of the actual business department, went to Harvey county to visit his brother over Sunday.

Mr. Clarence Reed from Stafford, Kan., returned Saturday to complete his course. The new pupils during the week were S. C. Caldwell, Leonard McAllister and Marco Dedrick.

S. E. Noyes & Co. 127 to 129 Douglas Avenue

FIRE SALE...

The time is growing short for our Fire Sale to close. If you want to get in on the inside on prices, you'll have to hurry. Some of these goods were damaged considerably, others only a little water-soaked, and a great deal more were never harmed, but the insurance company paid us a good per cent of damage on all goods, so we are in a position to make the lowest price ever made on goods in our line in Wichita or the West. Below we are listing, under the different heads, some of the goods we offer with the NEW FIRE PRICE, also old price. We want to impress on your mind that all prices marked "old prices" are exactly what they sold for before the fire, and what you would pay regularly anywhere, as the goods we carry are all standard.

Advertisement for Musselman Bros. featuring a list of goods such as Bicycles, Shells, Athletic Goods, and Cutlery, with 'Old Price' and 'Fire Price' columns. Includes illustrations of a bicycle, a shell, a revolver, and a man in a suit.

We are offering Imperial Bicycles at \$20 that sold for \$40. These Bicycles were not hurt in the least by the fire, and we predict that this model of Bicycle will be wholesaled inside of three months at not less than \$30. We also sell Sieg Bicycles, stripped, at the unheard-of price of \$10.50. If you wish to purchase any of these goods it will pay you to come early. Remember our location for the Fire Sale is 219 South Main Street.
