

Men, Be Cured

How the Frightful Tension of Stricture Is Instantly Relieved.

Startling Record of Gran-Solvent.

Dissolves Stricture like snow beneath the sun, reduces ENLARGED PROSTATE, contracts and strengthens the Seminal Ducts, forever stopping DRAINS AND EMISSIONS..... in 15 Days

No Drugs to Ruin the Stomach, But a Direct, Local and Positive Application to the Entire Urethral Tract.

GRAN-SOLVENT IS NOT A LIQUID. It is prepared in the form of Crayons or Pessels, smooth and flexible, and so narrow as to pass the closest Stricture.

Showing the diameter of the St. James Crayon, containing the potent "Gran-Solvent" or "Gran-Solvent" in both its combination. THEY ARE PREPARED IN VARIOUS LENGTHS TO SUIT THE PATIENT'S CONDITION, are inserted into the urethral canal upon retiring at night, and are retained without the slightest effort, requiring three hours in dissolving, and only a minute to act, and out like a mild electric current, penetrating and impinging upon the entire body of the stricture, and so on to the entire body of the stricture.

The Great Virtue in the Method of Application

Is its direct and positive action. No wife, drastic drugs to ruin the stomach and digestive system. The Crayons are inserted upon retiring at night, dissolving by the heat and action of the body in three hours, which is sufficient time to penetrate and dissolve Stricture, dissolving the granular mass root and branch, together with the false membrane upon which it forms, thoroughly medicating the PROSTATE GLAND, reducing Enlargement and contracting the Seminal Ejectory Ducts, forever stopping

DRAINS AND LOSSES.

Curing while you sleep, without pain or inconvenience, in FIFTEEN days. The attractive and antiseptic action of "Gran-Solvent" asserts itself in destroying Gonococci and the germs that infect the Prostate and Seminal Glands.

During the past year thousands of weak, strictured, wasting wrecks were cured—a vast army born again to health, vigor, and strength, full of strength and the consciousness of restored manhood. Under the influence of this sovereign solvent.

STRICTURE

Is dissolved and dissolved in Fifteen Days, no matter how old, tough or calloused it may have become. From time immemorial cutting and dilating have ruled the brutal, fruitless record of treatment in Stricture, and yet there has never been one cure by such savage methods. The granules with which medical men are applying for this solvent is an open confession of their error in the past. OVER 50 U.S. LEADING PHYSICIANS in the United States and Canada have abandoned the knife, and are employing Gran-Solvent in their practice, as a humane and unending agent.

VARICOCELE

Is an accumulation of sluggish blood in the veins of the scrotum, due solely to imperfect circulation, and has its origin in a diseased and torpid Prostate Gland. Operations in this disease are only temporary, and no mechanical device yet discovered has cured a single case. Gran-Solvent heals the Prostate and restores healthy circulation. Varicocele disappears and the sluggish accumulation is replaced by pure, healthy, red blood.

TWO ARRESTS MADE

Camper Accused of Assault on William Hostellar.

William Hostellar, the old man who got such a severe beating and poisoning on Friday afternoon in the fight with the camper at the wheat field, north of the packing house, is still in a serious condition and is expected to die.

Dr. Seife, has grave fears that he may not recover from the effects of the awful punishment which he received at the hands of his antagonist. The camper was arrested yesterday afternoon and placed in the county jail.

His names are Albert Hardin and H. Queen. Hardin is Queen's son-in-law and is the principal in the fight with Hostellar.

The warrant was sworn in by a young man named Owsen, who lives with the Hostellars.

MUSIC AND DRAMA

On June 12 will be given a recital which promises to be the most artistic musicals of the season. Miss Emilie Torrington, who has been studying all season with Mr. W. C. R. Stebbins of Chicago, has prepared some very charming and interesting numbers for the program. Miss Torrington has never been heard in concert work before and her finished playing will undoubtedly be a revelation to her many friends. Miss Torrington's work is accompanied by a most excellent source of pleasure to those who know her work, especially so last October, when she accompanied Miss Campbell in her recital and used no notes during the whole program. Miss Campbell, whose work has proved to be a revelation and the numbers on her program have always created delight on account of their beauty, brightness and exquisite beauty. Miss Campbell returns with an entirely new program, especially so last October, when she accompanied Miss Campbell in her recital and used no notes during the whole program. HOG MARKET STRONG

Almost No Receipts and a Dull Day.

No Cattle Market and No Receipts--Week's Review.

The hog market yesterday was quoted as strong with Friday's best prices that there was a little stock offered that there was hardly a quotable market. It was a dull and listless trading and the demand far greater than the supply. Had there been a good line of hogs on the market the trading would have been active as the call for hogs was kept enough but in the absence of them interest waned and the few yarded hogs sold at once and the business was done for the day.
