

SCENES IN MIDWAY

It is Proving to be a Popular Carnival Attraction.

VISITORS ARE PLEASED

Kilpatrick's Daring Rides are Big Features.

TODAY'S EVENTS IN WICHITA. Governor Stanley at Riverside Park. Pomper Drill by Wichita Fire Department on Wichita Carnival Grounds, Afternoon.

Notwithstanding the tremendous crowd at the circus, three or four acres of people were in the street fair and midway from 7 till 11 o'clock last night.

It is the warmest midway Wichita has seen for a long time. The different attractions are very handsomely arranged in oval shape around about three acres of ground.

Everybody seems to be having fun and a good time in the showmen. People get it in their hair, ears, mouths, pockets and down their backs.

Col. Fitch, who is working unceasingly from morning till night in the midway is very well pleased with the fair so far as it has progressed. His position is a very trying one, but he is handling it with much ability and system.

This afternoon the Wichita fire department will give a pompier drill in the Midway at the Carnival grounds. Wichita is the proud possessor of one of the finest and best working fire departments of any city in the United States.

There are real live camels in the midway—half a dozen of them. Young men especially young men from the country—take their ride for a ride on the backs of these patient, double-knoped animals.

The midway has everything in it that was advertised and as advertised. It is doing well every attraction is making money. Of course many of the things there are not better than others, but that, however, is largely a matter of personal taste.

Scrofula

This root of many evils—Glandular tumors, abscesses, pimples, and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness, the consumptive tendency, and other ailments—

Can be completely and permanently removed, no matter how young or old the sufferer.

and usually they head what the officers tell them to do. One of the very best and most profitable attractions in the midway is a Wichita institution—Charles Payne's wild animal show. It is a wonderful museum of animals, living and dead, and so presented that they are very attractive.

A great deal of interest is being taken in the pomper drill of the Wichita fire department today. An immense crowd is being erected on the west end of the midway and Chief Walden told a reporter for the Eagle that he will give the people a sensational act that they will never forget.

IS A BIG AFFAIR

Ringling Brothers' Circus Truly a Wonder.

MANY MARVELOUS FEATS

Acts That Seemed Almost Impossible to Perform.

Attendance, afternoon, 15,000; evening, 16,500. Yesterday was circus day in Wichita. The biggest crowd ever in this city to see a circus was here yesterday to see the Ringling Brothers' Circus.

The Ringlings have set a high standard for their shows, and they have kept that point going higher and higher as each year passes by until not a show in this country can equal their show.

In the morning there was the parade, and it was a long one, probably the longest ever seen in this city. Hundreds of people lined the streets, and every window was crowded with persons. The show carries hundreds of fine horses. It was a grand, glittering pageant with its many bands playing and the horses prancing. There were many open cages of animals, and this delighted the crowd.

At the show grounds everything was on the same grand order as the parade. There were hundreds and hundreds of yards of canvas and almost the entire space of Matheson's big pasture was covered by the big tents. As the parade arrived the crowd began to congregate and soon all the open places were filled with a mass of surging, pushing people.
