

METHODIST CONFERENCE IS ADJOURNED

Meeting at Shawnee Fulfills All Expectancy.

ATTENDANCE WAS LARGE

Work of Body Was Appointment of Officers.

Shawnee, O. T., Oct. 29.—The M. E. conference which has been in session here for a number of days, adjourned yesterday after announcing the appointments for the following year.

Many of the ministers stand over in the city until today. The attendance has been large, and the conference a decided success.

The presiding elders were chosen as follows:

Rev. J. F. Palmer, formerly located at Guthrie, has been transferred from the Central district over which he presided, to the Southern district, with headquarters at St. Albans.

Rev. J. T. Riley, formerly in the Eastern district, will take charge of the Central division, with headquarters at Oklahoma City.

Rev. J. M. Laird, formerly of Alva, has been made presiding elder of the Eastern district, with headquarters at South McAlester.

Chas. Burchfield has been made presiding elder of the Northwest district, with headquarters at Alva.

Rev. H. A. Dady is presiding elder of the West district.

Rev. E. S. Sheppard is presiding elder of the North district, with headquarters at Perry.

The following appointments were made:

NORTHWEST DISTRICT. Alva—Charles Burchfield, presiding elder; Olive, John C. Henderson; Alva, J. E. Wagner; Alva circuit, to be supplied; Augusta, M. C. Lacey; Capron, to be supplied; Cherokee and Ingalls, Eldon Brown; Choctaw, C. N. Ralston; Concord, W. L. Swartz; Curtis, R. S. Field; Edin, Marion Foster; Eldon circuit, to be supplied; Gage, G. O. Wadsworth; Hoxley, G. O. Strouse; Jefferson, C. W. Lyndon; May, C. H. Wilford; Mayfield, E. O. Harner; Mendon, M. W. Sampson; Bond Creek, H. C. Johnson; Renton, to be supplied; Timber Lake, W. W. Porter.

A Sour Stomach

Is Often the Real Cause of a Sour Temper.

That the condition of the digestive organs has a marked effect upon the character of disposition is a truism as old as the hills. Old Ben Johnson wisely said, "The

pleasure of living depends upon the liver."

and it is a fact which some may dispute that a sour disposition more often results from a healthy digestion than from any other cause.

Acid dyspepsia, commonly called sour stomach or heartburn, is caused by slow digestion of food, instead of being promptly digested and converted into blood, bone and muscle, it lies in the stomach for hours, fermenting and decaying, creating gases which cause pressure on the lungs and heart, sour breath and general discomfort and irritation.

Such ill-digested food is indeed poor nourishment for the body, brain and nerves and the result is shown in irritable temper, unaccountable headaches and that depressing condition usually called the "blues," but how quickly all these disappear when appetite and digestion are restored.

Laxative medicines only irritate the already irritated stomach and bowels and have no effect upon actual digestion of food.

The simple course to follow is to take food of simple nature, digestives like Stewart's Dyspepsia Tablets after meals until the stomach has a chance to recuperate.

The natural digestives which every healthy stomach contains are pepsine, diastase and hydrochloric acid. If these acids and when any of them are lacking the trouble begins. The reason Stewart's Dyspepsia Tablets are so valuable and successful in curing stomach troubles is because they contain in a pleasant concentrated tablet form all these absolutely necessary essentials for perfect digestion and assimilation of food.

Henry Kirkpatrick of Lawrence, Mass., says: "Men and women whose occupation precludes an active out-door life should make it a daily practice to use Stewart's Dyspepsia Tablets after meals. I have done so myself and I know positively that I owe my present health and vigor to their daily use."

"From the time I was ill when I graduated from school with broken health from overwork until I was ill, I scarcely knew what it was to be free from stomach weakness. I had but one remedy, whatever for breakfast and very little for any other meal."

"I had acidity and heartburn nearly every day and sometimes was alarmed by irregularity and palpitation of the heart. But all this gradually disappeared after I began using Stewart's Dyspepsia Tablets and I got out my meals with relief and satisfaction which I had not known since I was a growing boy."

The success and popularity of Stewart's Dyspepsia Tablets is enormous, but it is a fact that every physician in the United States, Canada and Great Britain has a good word for this marvellous preparation.

BOARD OF DOCTORS TO SETTLE IT

Report on Investigation of Asylum Awaited by All.

CHARGES ARE DISCREDITED

But True State of Affairs Will Soon Out.

Guthrie, O. T., Oct. 29.—The sensational charges preferred against the management of the Oklahoma sanitarium by Arthur Edin, an employee of the institution, has caused much comment among territorial officials.

There is a decided tendency to discredit the statements of Edin owing to the fact that the men at the head of the institution have reputations established which, in the eyes of the public, would place them above such conduct in the management of the asylum.

The report of the committee which is now in Norman to investigate conditions at the sanitarium will be looked forward to with much anticipation, as it will settle the matter.

Kritik's statements were made to the various papers without any solicitation and gave the impression that the conditions at the sanitarium were terrible. It is the consensus of opinion that if such conditions do exist that the contract between the county and the territory should be immediately annulled.

No action will be taken in the matter by the administration until after the report of the inspection committee is made. This committee will probably report on Wednesday night.

GOES LIKE HOT CAKES. "The fastest selling article I have in my store," writes Druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for consumption, coughs and colds, because it always cures. In my six years of sale it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and Gehring's pharmacy guarantees satisfaction or refund price. Trial bottles free. Regular sizes, 50 cents and 1.

FOR GAME WARDEN. Several Applicants Present Themselves for This Solely Honorary Position. Guthrie, O. T., Oct. 29.—There is one position in Oklahoma—a territorial one—that for which there are very few applicants. This position is that of territorial game warden. An appointment will be made within a short time and the right kind of a man has not yet been pushed forward for the place. There is not much of a salary connected with the position, but it requires a man who will take an interest in the work and look after the game interests of the territory.

Mr. C. E. Kypre is game warden and is an attorney at Jefferson.

There is talk of some prominent men, who are interested in hunting and Oklahoma game in general, being pushed forward as candidates for this place. It is said to be the desire of Governor Jenkins to appoint a man who may not be interested in his work outside of the game, any compensation, which will not be large.

DRIVEN TO DEATH. Chicagoans Jump from Window of a Burning Building. Chicago, Oct. 29.—Two persons lost their lives, three were injured and a score were overcome by smoke in a fire in the Eagle flat building, Lytle and Taylor streets, today.

Mrs. D. Ryan, 50 years, old, suffocated; Mrs. Anna King, daughter of Mrs. Ryan, suffocated; The injured: Elsie King, 12 years old; rescued while unconscious from inhaling smoke; slightly burned.

M. H. jumped forty feet from roof; badly bruised. E. Hagg, jumped from roof; bruised. Other occupants of the building who were overcome by the smoke were rescued by firemen or members of their own families and all recovered in the open air. Frank Thompson, the janitor, was among the first rescued and when he revived, he rushed back into the building and assisted in the rescue work. The blaze originated in the basement and was extinguished after \$1500 damage had been done.

More Notarial Commissions. Guthrie, O. T., Oct. 29.—The following notarial commissions have been issued by Secretary of State Herbert G. Finch, Bridgeport, Caldo county; M. E. Hargrett, Elm Park, Grant county; E. E. Hartshorn, Almo, Woods county; L. R. Durbin, Augusta, Woods county; J. D. Appleby, Hahart; Louis E. McKnight, Anadarko, Caldo county.

MUST BE FROM WOODS COUNTY. People Petition Dennis Flynn About Appointment to Postoffice. Guthrie, O. T., Oct. 29.—A petition from Woods county, signed by the members of the Republican county organization will be presented to Congressman D. T. Flynn within a few days asking him to recommend the appointment in particular is named in the petition for the postoffice, but it is simply a request that some Woods county man eligible to such an appointment, be made eligible.

At the meeting A. H. Gelander of Cameron, who has often been talked of as a candidate for Cameron's place, addressed the meeting and stated that he was not a candidate for the postoffice. At least he was a dispatch from the Daily Telegraph. The Republican organization has allowed the celebrated Bill Kluczer, southwest of Muskogee to be appointed and to expected monks to be arrested.

SOFA. General Dickson has left here for Muskogee, in order to be able to superintend more closely the measures being taken for the release of Miss Stone. Stone and her command, Madame Tulkis.

EX-GOVERNOR SEAY TALKS STATEHOOD

Is in Favor of Statehood for Oklahoma

RIGHT AWAY QUICK

Should Not be Retarded by Indian Territory.

El Reno, O. T., Oct. 29.—Ex-Governor A. J. Seay, of Kingfisher, while in the city was interviewed by a local newspaper man on the statehood question. Governor Seay is for statehood for Oklahoma immediately.

When asked if he thought Oklahoma would be granted statehood this winter when congress meets, he said: "Yes. Why shouldn't it? Oklahoma has the population, wealth, resources and intelligence to be entitled to immediate statehood."

When asked about Indian territory being admitted with Oklahoma, he said: "Why, that's all right at the right time, but the Indian territory is not ready now, and why retard Oklahoma until the Indian territory is ready? This may mean years of delay. We Oklahomans want statehood now."

"Will you attend the Muscogee convention?" "Don't think so. Don't like to go where I have no invitation. Why see the call is only for those who favor statehood, but that is, those who only favor statehood when both territories can be taken in together, as one state. So you see the convention will be exclusive, only the right ones will be called, no others need apply. Under these circumstances there will be very few immediate statehood people present."

ONE FOR CORDELL. Citizens' State Bank Takes Out Articles of Incorporation. Guthrie, O. T., Oct. 29.—The Citizens' State Bank of Cordell, Washita county, took out articles of incorporation today for a term of twenty years, and the bank has a capital stock of \$10,000. The directors are: William H. Dean, H. D. Young, David Smith, L. C. Smith, J. C. Hamill, of Cordell; Beck Eckert of Weatherford, and Walker Moore of Weatherford.

RELEASED FROM JAIL. Hackerman and Wilson Complete Terms of Imprisonment. Guthrie, O. T., Oct. 29.—Thomas Hackerman, sentenced to one year for larceny, and John M. Wilson, sentenced for six months for selling liquor to Indians, were released from the federal jail yesterday, having completed their terms of imprisonment.

WALNUT LOG BUSINESS. Several Men Have Embarked in Profitable Business Exclusively. Guthrie, O. T., Oct. 29.—Few Oklahoma people are aware of the extent of the walnut log business in the territory. For some time past there has been a strong demand for the Oklahoma product and as a result several Oklahomans have embarked in that business exclusively.

The following article from the Pawnee Dispatch illustrates what is being done in that section of the country in this line: "The walnut logs of this section will soon all be in foreign lands. C. L. McLaughlin has had a gang of men working in northeastern Oklahoma and he has had a large number of logs cut by the time he is through with the business. He gets most of his logs from the vicinity of the Arkansas river, some in Pawnee county and some in the Osage nation."

"There is a gang of about fifteen men camped at the east end of the railroad yards, who cut the timber, haul it and square it for shipment. Some of the logs are of mammoth size. The work has been stopped for some days past while one of the members of the firm was in an arrangement with the interior department at Washington by which they can get possession of all the damaged timber in the Osage nation. They are not allowed to cut any live timber, but buy only what is defective and has been condemned."

"The logs are worth from \$5 to \$6 per thousand feet in the woods, and by the time the shippers are through they will have left with the farmers of this section and the government in the neighborhood of \$25,000. There can be loaded on each car from six to eight thousand feet in the logs."

"The logs that are bought here are sent to Hamburg, Germany, and are carried at a through freight rate of \$2 cents."

DEAD. REPORT IS THAT MISS STONE IS NO LONGER LIVING. Every Effort Being Made to Confirm Report. St. Petersburg, Oct. 29.—The Russian foreign office is still co-operating heartily with the United States officials in the effort to obtain the release of Miss Stone, secretary of the American legation, and her companion, Madame Tulkis, who was captured by brigades September 1. M. Babimietoff, the Russian representative at St. Petersburg, declines at Sofia, the impression appears to be that Miss Stone is dead. Measures are being taken by Mr. Dickinson and M. Dickinson. Mr. Dickinson is trying to learn definitely whether she is alive or not.

Constantinople, Oct. 29.—Sprenger Eddy, secretary of the United States legation here, and W. W. Post, treasurer of the American mission at Constantinople, had a long conference on the subject of Miss Stone today. The information from the missionaries who are near the brigades retreat is far from satisfactory.

Constantinople, Oct. 29.—Miss Stone is believed to have been captured by the Bulgarians in the Balkan mountains. It is believed that she is still alive, but that she is being held in a secret place. It is believed that she is being held in a secret place.

When the Lamp is Lit and the Children are in Bed

The tired mother gets out her mending basket and begins to darn the holes made in the hose by the restless feet of her little ones. It is so good to be quiet for a little she thinks. But very soon the over-wrought nerves assert themselves. She feels dizzy, her head throbs, and she has to lay aside the work and creep wearily to rest.

All work brings a natural weariness, a healthy tiredness. But there is a weariness which is not natural and a tired-

ness which is not healthy. The utterly worn-out feeling experienced by so many women is not due as a rule to the physical exhaustion of labor, but to the draining away of the strength by womanly diseases. Nervousness, headache, backache, and sleeplessness are but a few of the common results of such a diseased condition. Yet thousands of women suffer from womanly diseases for years and make little or no effort to effect a cure. They treat womanly diseases as if it was a purely local thing, and only make up for the disastrous effect of the disease upon the general health, when there is an utter break down, followed perhaps by years of painful illness.

HOW TO BE CURED. Any woman suffering from womanly disease can almost surely be cured by the use of Dr. Pierce's Favorite Prescription. This statement is based on the testimony of many thousands of women who have been cured of womanly diseases (often when aggravated by neglect or wrong treatment, and generally of a serious and painful nature), by the use of "Favorite Prescription."

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Every one who knows me is surprised to see me look so well. In June, when I wrote to you, I was so poor in health that at times I could not walk. You

answered my letter then and told me what to do—I followed your advice, and to-day am cured. I tell everybody that with God's help, Dr. Pierce's medicines cured me. If these few words are of any use to you you are welcome to use them. They might help some other poor, suffering woman."

Mrs. Shearer's case is a fair example of the average cure effected by the use of "Favorite Prescription" both in the completeness and quickness of the cure. Of course, in common and chronic cases the cure may be slower but it is none the less sure if the medicine is faithfully used as directed. The records show that ninety-eight women in every hundred who have given "Favorite Prescription" a fair and faithful trial have been perfectly and permanently cured.

UNNATURAL CONDITIONS. Every woman should remember that a diseased condition is an unnatural condition of the womanly organism is a condition of health and "Favorite Prescription" restores nature's lines to re-establish that condition of perfect health.

"I never courted newspaper notoriety," writes Mrs. B. A. Bender, of Keene, Cochocton Co., Ohio, "but I am so afraid to speak a good word for 'Favorite Prescription' and 'Pleasant Pellets' that I have no choice. Over a year ago I suffered terribly for nearly four weeks with prolapsus and weakness. After using one bottle of 'Favorite Prescription' and one of 'Pleasant Pellets' I was a well woman. I have taken no medicine since and have had no symptoms of my former trouble. I have used the 'Favorite Prescription' at different times for more than four years and find it has no equal."

When the womanly health is re-established, the general health at once improves. There is no more backache or headache. The nerves are quiet, the sleep is sound and the appetite natural.

Dr. Pierce's Favorite Prescription establishes regularity, dries the system, weakens, heals inflammation and ulceration and cures female weakness. It is the best preparative for maternity, giving muscular strength and elasticity and rendering the baby's advent practically painless. As a tonic for weak and "run-down" women it is unequalled, and nursing mothers will find it superior to beer or any of the medicines or beverages commonly believed to have a tonic and strengthening value. "Favorite Prescription" contains no alcohol, neither opium, cocaine or any other narcotic.

SICK WOMEN are invited to consult Dr. Pierce, by letter, free. All correspondence treated as strictly confidential and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with women at the Leavitt Hotel and Surgical Institute, Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Favorite Prescription." The only motive for substitution is the little mere profit made by the dealer on the sale of less meritorious medicines.
