

MR. CALLAHAN IS SEEKING REDEMPTION

He Becomes Interested in Republican Matters.

HE WRITES A LETTER

In Favor of Robberts for the Supreme Bench.

IF THE AUDIENCE SINGS

Lead Kindly Light He May Come in.

Guthrie, O. T., March 27.—J. V. Callahan, once a delegate from Oklahoma, has again entered the political arena. This time he is not connected with populist affairs, but is concerned about matters in the Republican party. Callahan went into the new country at the opening and very little has been heard of him. Attorney General Strong received a letter from Callahan this morning, which first contained an apology for attempting to make late matters which concern Republicans. Appealing to Judge Strang for a letter of endorsement to President Roosevelt for Judge J. C. Robberts for a seat on the supreme bench, Callahan says he has a desire to see his friend appointed. He further states that as Strang is attorney general, a letter from him might do much good for Robberts. Judge Strang immediately answered the letter and stated that it was not necessary for any apology for entering into the affairs of the Republican party, as the party would welcome him whenever he decided to join it. But as far as a letter of endorsement for Judge Robberts for a seat among the judges of the Oklahoma court, as this would be a better endorsement than the one mentioned by Callahan, owing to the fact that Robberts has already secured a good appointment. What Callahan will say to the letter is hard to tell, and his reply will be interesting.

For the past few weeks Callahan has been living in El Reno. He is the same callahan, and has a reputation of being a money maker. As far as politics is concerned, he states that he is not of politics, but is not averse to making an effort for his friends when any good can be accomplished by him.

DELLA POLLOCK WRITES

She Is Glad the Polier Prevented Her Marriage.

El Reno, O. T., March 27.—The American records this very pretty climax to a situation that was frustrated in that city recently. "Miss Della Pollock has received a letter from Della Pollock, the girl who ran away from Comanche, I. T., with one A. C. Johnson, an organ agent, thinking him for his kindness while here. Miss Pollock, as the readers of the American will remember drove with her sweetheart from Comanche to Duncan and caught the train and were headed for Oklahoma City to be married, but her father learned of the engagement in time to have them arrested while passing through our city. It developed later that Johnson had swindled the organ company out of some money and was crooked in his work. Miss Pollock's father came to El Reno and took her home with him, but not before she had covered her intention to marry Johnson if it took her ten years. The letter to Mr. Robberts reads thus: "Comanche, I. T., March 27, 1902. Mr. W. M. Robberts: I thought I would write you a letter in regard to the kindness you have done for me and my mother, father and brother. Well Mr. Robberts, I am thankful that you stopped us when you did. When I got back home, I found out that I didn't think he suited me. I found out a good deal about him since. I came home and it took to have killed my folks, but they are happy and proud that I came home. I told you and the young man that guarded us that I would marry him if it took me ten years, but I think I will take your advice and live single a while yet. Thanking you for your kindness toward me, from your true friend, "DELLA POLLOCK."

SPEAKERS AND TOASTS

What Will Be Said at Republican Anniversary Meeting. Oklahoma City, March 27.—The Oklahoma anniversary Republicans will hold their first annual banquet and reunion here on April 22. The corresponding secretary, W. S. Yarker of El Reno, has written to each member, enclosing a program of the event, and has received answers from all, assuring they will be there. The gentlemen who have been invited to offer toasts have written acceptance, and will be on hand. The banquet will in all probability be given at the Lee hotel. Deserving points to a large crowd in attendance. The club has also recently organized, and the membership has increased rapidly each week.

BERT WELTY'S CASE

His Friends Have Taken It to the Supreme Court.

Guthrie, O. T., March 27.—The attorneys for Bert Welty have taken his case to the Oklahoma supreme court, appealing from the "yellow" life imprisonment imposed on him in the district court of this county for the murder of Herman J. Red Rock when, with Ben Grayson, he was robbing the Schwartz store at that place. The case was tried here before Judge Burford on a charge of venue from Elko county, as the primary witness he could not get a fair trial there. The jury here convicted him on a charge of murder, and a new trial, and the case will be carried to the United States supreme court by Attorney Burker & Sons, if they are defeated in the Oklahoma supreme court.

ACQUITTAL FOR COX

He Killed His Brother-in-Law in a Country Church.

McArthur, O. T., March 27.—After being out all night the jury today rendered a verdict of acquittal in the case of J. C. Cox charged with murder in the first degree. Cox had killed Raymond Hatcher, in a sensational manner at a country church, January 30, last, because Hatcher had accused him for persisting in paying attention to Hatcher's sister, after repeated warnings. The parties were both actual neighbors and Hatcher's wife was a sister of Cox. The case was tried here before Judge Burker & Sons, and the jury here acquitted Cox. The Hon. Chas. Ferguson, presiding from this district, assisted the prosecution. Alvin Douglas, of Chillicothe, was one of the attorneys for the defense.

SONS OF REVOLUTION

Decedents of Patriots May Organize in Oklahoma.

Guthrie, O. T., March 27.—A movement has been started in Oklahoma City and this city to organize an Oklahoma society of the Sons of the American Revolution. A petition has been prepared and will be sent out to the head officers, asking that permission be granted for such a society. There are a number of men in this territory eligible to become members of such a society, and it is believed that it would prove to be one of the splendid organizations, as well as a patriotic order in Oklahoma. The following persons will be known as charter members: A. H. Price, J. R. Thompson, W. R. Stewart, A. T. Holcomb, Jay F. Price, Della Walker, Edwin DeBar, D. A. Johnston, A. B. Hamner, S. N. Hopkins, C. Hiemenz, Jas. J. Houston, and Fred E. McKinley. This list will be enlarged before being sent to the head officers.

ONLY AMERICAN CANNIBALS

Queer Story Told About the Tonkawa Indians.

Guthrie, O. T., March 27.—If cannibals ever existed in the United States, this territory can set up the somewhat doubtful claim of having harbored the only band of human flesh eaters that ever existed in North America, if the following from the Newkirk Republican can be relied upon. The Tonkawa Indian reservation was said to be the finest Indian reserve in the west, and the Tonkawa Indians have the credit in history of having been the only tribe of cannibals in North America. "Light: Wouldn't that jar you? At one time they were quite a large tribe, located in Texas, somewhere near San Antonio. The other tribes had it in for them by reason of their cannibalism. On their migration northward, at a point near the present site of Lawton, the Tonkawas were almost wiped out as a tribe, several tribes having combined and in ambush massacred the bucks, squaws and babies. The tribes of cannibals about to go, and having taken their allotments, are American citizens, with the power to vote, make campaign speeches and run for office, like the Pawnee.

Guthrie, O. T., March 27.—Governor Ferguson today issued a requisition on the governor of Texas for the return to Green county, Oklahoma, of William Ingraham, who is under arrest at Lagrange, Texas, and who is wanted on the charge of attempting to kill Asa Anderson, on December 6, last.

Armore Gets Rock Island.

Guthrie, O. T., March 27.—The announcement is made at Chickasha that in addition to building a line east from there to South McAlester and Fort Smith, the Rock Island will build a line southeast from there to Ardmore, I. T., a distance of seventy miles.

J. C. ROBBERTS WILL SUCCEED JUDGE STRANG

Governor Ferguson Makes Four Good Appointments.

FOOSE FOR LIBRARIAN

Hauston and Baxter are Their Own Successors.

Guthrie, O. T., March 27.—Governor Ferguson today announced the appointment of the following persons to office: Jas. J. Houston, secretary of the school land board.

L. W. Baxter, territorial superintendent and ex-officio auditor.

J. C. Robberts, Kingfisher, attorney general.

Rev. J. W. Foose, Medford, territorial librarian.

Mr. Houston is the present secretary of the school land board, having been appointed by Governor Jenkins at the time he took charge of the governor's office, succeeding Governor Barnes. Mr. Houston has made a splendid record in handling the work in the school land department, and especially so as the leasing of the lands in the new country was entirely in his charge. Mr. Houston came to Guthrie from Perry and was formerly an assistant territorial secretary under W. M. Jenkins, who served in that office for four years.

L. W. Baxter is also serving in office, having been appointed by Governor Barnes, taking charge of the auditor's office last spring. He is one of the most prominent educators in Oklahoma and has done much hard work in his office to bring it up to the standard desired by him. He was at one time superintendent of the Guthrie schools and later held a chair in the Edmond normal school. He was connected with that institution at the time of his appointment by Governor Barnes.

Rev. J. W. Foose is an old soldier and comes highly recommended from Grant county. He served in the allion army and was detained at Andersonville for some time. He is the father of Seymour Foose of Watonga, general attorney for the Choctaw Northern railroad. As territorial librarian he succeeds George H. Dodson, who was appointed by Governor Barnes. Rev. Foose is known to be a well educated man, and will take charge of his office immediately.

J. C. Robberts, one of the best known attorneys in Oklahoma, will come here on the first of April to take charge of the attorney general's office, succeeding J. C. Strang, appointed by Governor Barnes. The announcement of his selection was given out several weeks ago.

The commissions for the men named above will be issued within a short time, the order for the same having been given Secretary Grimes by Governor Ferguson.

It is believed that E. P. McCabe will be retained as deputy auditor, although no decision has been reached in his case. In regard to the school land force, it is not known that there will be any changes. The recommendation of the board in this matter will be considered, and it is probable that no changes will be made.

It is understood that Chas. H. Woods, who has been assistant attorney general under Judge Strang, will be retained by Judge Robberts, and Miss Jessie A. Paine, stenographer.

GOLD NEAR STROUD

Curious Thing is That an Editor Sends It to Land Office Man.

Guthrie, O. T., March 27.—Major F. E. McKinley of the land office has received from George Y. Wallbridge, editor of the Stroud Messenger, some fine specimens of gold ore found north of Stroud. On examination they are found to be the outcroppings of very valuable gold deposits. It resembles the Colorado ore and may possibly develop into valuable mines. Major McKinley who is a mining expert is well pleased with the specimens and will make a chemical examination. He will also send samples away to be analyzed.

HOLLINESS IN JAIL

Rev. Lamar Who Killed Van Winkle Not Allowed to Give Bail.

Ardmore, I. T., March 27.—Rev. E. Lamar, the Holliness preacher who shot and killed Calvin Van Winkle, in front of a church at Cumberland, Sunday night, has been bound over without bail and placed in jail here to await the action of the grand jury. He refuses to make a statement, and spends his time preaching to his fellow prisoners.

Worcester, Mass., March 27.—Liliponce Duquette of East Providence, a former Worcester man, is here to visit relatives, but not to see them. His eyes are as clear and perfect in appearance as ever, but their usefulness ceased one night while he was asleep. He went to bed after a hard day's work. The next day he was blind. His sight was extinguished like the light of a candle, and in a few minutes he was in total darkness. He had been to bed and was fast asleep. He had been to bed and was fast asleep. He had been to bed and was fast asleep.

Renewal of Case

Fitzgerald Heirs Being Sued for a Slice of Guthrie. Guthrie, O. T., March 27.—The heirs of the late Xenophon Fitzgerald, an old-timer in Guthrie, but who died recently in Elko, have entered the supreme court of Oklahoma asking that a case involving a homestead on which a portion of Guthrie has been built be revived in their favor. In the early days Xenophon Fitzgerald came to Guthrie and made homestead entry on the land. He was contested and the matter went into the court. In 1891, Judge John H. Burford sustained the demurrer of the defendants in the case, deciding against Fitzgerald. The matter went over immediately after the death of Fitzgerald at Elko, the heirs, through their attorney, Joseph Wisby, of this city, began to look the matter up. The heirs in the case are David and Edward W. Fitzgerald, Mrs. Anna Wilson, Mrs. Martha Lipp and Mrs. Addie Miller.

AN EXCITING RUN FOR THE LAND OFFICE

To File on a Claim Worth Two Thousand Dollars.

REGULAR GILPIN STUNT

Man on Horseback Gets to Goal First.

El Reno, O. T., March 27.—An exciting race took place here yesterday between two men who wanted to file on a valuable tract of land. The story is told graphically in the American as follows: "Perhaps the wildest run that has been made in old Oklahoma since the day of the famous ride for homes took place on Choctaw avenue yesterday on the arrival of the 2:30 north bound Rock Island Limited. Arrangements had been made during the day for the run, and it was a record breaker. A crowd had gathered around the land office to see the finish and the officials were out on the walk to see the run. When a man and a mule horse reached the corner of Choctaw and Hayes, both on a dead run, whip and lasso going at every jump, one would think the judges were playing tag with a band of Comanches. But the single horse won."

A. M. Hunter, of the firm of Lee, Hunter & McCann of Lone Wolf, was the man who had ridden the horse. The man in the cab made himself scarce after the race and his name was not learned.

Hunter was coming to the land office to file a claim on the southeast quarter of 15-4-23 and the unknown man was coming to file a contest against the owner of the quarter. When Mr. Hunter got on the train at Lone Wolf, his business partner, J. M. Lee, went to him and told him that a man was on the train and was going to El Reno to file a contest against the claim which Mr. Hunter was preparing to make a homestead entry upon for Mr. Loumiller. Then the telephone and telegraph wires were put to work. At Chickasha, Mr. Hunter telephoned to Mr. Geo. S. Pearl and stated the case to him and told him to procure a horse for him and have it in readiness for a run when he landed in El Reno. Mr. Pearl did as directed and wired Mr. Hunter, in care of the train, that all was in readiness, and that the horse would be at the north end of the depot platform. But in the meantime the other party was beginning to "get wise." He telegraphed to El Reno for them to have a special carriage and a fast team in readiness for him. And it was done, the team and carriage placed at the south end of the depot. Neither one knew that the other had telegraphed to El Reno for special transportation. When the train pulled up in El Reno, the man who had secured the cab was the first out. He made a run for the vehicle, jumped inside, and they were off. The man on the horse had to run the entire length of the platform before he got to his horse but he located it, "smoke a smile" mounted it, glanced back and started for the land office. Just as he was leaving a cab with the horse running at full speed came around the other end of the depot and Mr. Hunter on the horse saw who was in it, and the race was on. North on Choctaw avenue, the man on horseback on a good start, and hitched to the cab were the tall slender racers belonging to L. Bardin, the "bus man." He rode nearly to the land office door at the same speed, pulled the horse back on his haunches, gave the papers to George Pearl who went in and filed on the land. The land office officials had seen the finish of the race and acting fairly they gave the first man in the right-of-way. The popular "Jim" drove the cab for the stranger and received five dollars for the race, and a man ever got any running by the record. It was a pretty race, the good runner and the racers to the cab.

EDGAR JONES HAPPY

He Sees Things Coming His Way in Oklahoma.

Guthrie, O. T., March 27.—Edgar Jones, county attorney of Logan county, was in the city last night for a short time, after having been out on his campaign of the territory for the nomination of delegate to congress on the Democratic ticket. Mr. Jones was feeling good over the prospect of his success, and that he finds things as good in other parts of the territory as he has during the past few days he will have no trouble in being nominated. "Things are coming my way," said Mr. Jones last night. "I find that I have plenty of friends over Oklahoma who will vote for me when the time comes, and I am going to put up a fight in the Elko convention which will be astonishing to the politicians who feel that they have the thing already fixed for some other man. No man could expect for a better reception that I have had where I have been, and I am more encouraged over the prospects that I have ever been."

FERGUSON HAS TROUBLES

And Most of Them Come to Him From the New Country.

Guthrie, O. T., March 27.—Taking care of the work connected with the new counties has caused me more trouble and consumed more of my time than any other thing in this office," said Governor Ferguson today, after having worked on requisitions from new country officials for weeks. The governor and his force have caught up with the work as far as the counties are concerned, but it took many long hours to accomplish this. Requisitions have been piled up on Governor Ferguson's desk ever since he entered the governor's office last fall, and this week he has been busy with them. One of the provisions made by the interior department in the opening of that country was that the governor of Oklahoma must authorize the payment of the bills before they will be paid.

PATRICK VERY COOL

Dismisses His Conviction With His Father and Lawyer.

New York, March 27.—Albert T. Patrick, who was convicted last night of the murder of Wm. M. Rice, had a consultation today with his father, Colonel Patrick, and his counsel from Chicago, Mr. Turner. Patrick retained his composure throughout the conference and conversed cordially with his father and counsel. In discussing his case Patrick said: "No one in the court room was more surprised at that verdict than myself. As a lawyer, I do not see how, upon the testimony given, the verdict could have been found. I don't believe, had I been counsel for the state, I could have secured a conviction. I don't believe, had I been counsel for the state, I could have secured a conviction. I don't believe, had I been counsel for the state, I could have secured a conviction."
