

OVER HUNDRED MEN PERISH UNDER GROUND

Mine Disaster in British Columbia Smothers Out Lives of Many Laborers.

ALL OPENINGS ARE BLOCKED

Fire Damp Ignited---Miner Lit His Pipe in Defiance of Orders---Entire Population of Town Is in Frenzy---Only Few Bodies Recovered.

Fernie, B. C., May 23.—A terrible explosion occurred at 7 o'clock last evening in No. 2 mine, in which is connected with No. 7 shaft and also with the High Line shaft. All three openings were blocked. One hundred and fifty men were at work at the time of the explosion. Of this number sixteen escaped from No. 2 before the outbreak. The remainder of the prisoners and small ladders are entangled for their safety. Good order prevails and everything possible is being done to relieve the situation. The fan was disabled, but was quickly restored. No. 7 is expected to be opened soon. A boy, one of those who escaped, has died.

Vancouver, B. C., May 23.—Prospects are poor for getting a story of the mine disaster from Fernie, for some hours. There is only one slow wire and it is checked up with private messages. The company will not accept any specialists until this wire is clear. A private dispatch just received here says that every one in the mine was killed. So far only six bodies of the 125 victims have been recovered. The cause of the explosion is said to be the presence of fire-damp. A tremendous explosion occurred in No. 2 mine, followed in a few seconds by another explosion in No. 7, connected by a short tunnel. The majority of the men were in No. 2. Every family in the little town is directly affected by the calamity and the entire surviving population is in a state of frenzy.

Victoria, B. C., May 23.—Vernon, Fernie, one of the original owners of the Crosses Next mines, has received a telegram from Fernie this morning saying that an explosion had occurred in No. 2 and 3 shafts, resulting in the death of 125 men. The mines affected are situated on

Coal Creek, six miles from Fernie. No. 2 tunnel is two miles long and No. 3 about the same length. From these two mines and No. 7, most of the coal of the district is taken. It is said by men who visited the mine that another explosion was expected.

This is the first serious accident which has occurred in these mines, which have only been opened for a couple of years. Particulars are not obtainable here, Fernie being 100 miles from the regular telegraph office.

Seattle, Wash., May 23.—A special to the Times from Vancouver, B. C., says: Latest advices are that the mine at Fernie is found to be on fire and that ventilation is being restored as quickly as possible. All the bodies will soon be recovered. The exact number working in the mine was 125 and twenty-four made their escape.

Fernie is a town in the eastern part of the province of British Columbia on the Crosses Next Pass branch of the Canadian Pacific railway. It lies in the center of a country very rich in coal deposits. The veins extend eastward into the neighboring territory of Alberta. The building of the railway four years ago was followed by the operation of the coal mines which belonged to a company composed largely of Toronto capitalists. These are the coal fields that J. J. Hill was reported to have gained control of a year or so ago. Fernie's only industry is mining. Its population is about 6000. Most of the miners are foreign born.

Naimo, B. C., May 23.—Upon receipt of the Fernie mine disaster news, the population of this city, which has a population of about 1,000 coal miners, authorized the taking of a subscription to the gates leading to grounds where a celebration is being held today and tomorrow. The amount will be devoted to alleviating the suffering at Fernie.

making this country a free and independent country, and because that France must always occupy a cherished place in our hearts. Mr. Ambassador, I thank you personally for the courtesy which has been extended to me. It has been a source of valued information to be permitted to see and inspect this splendid French vessel, and I have been duly impressed by its superior mechanism and by the superior physique and discipline of your men. I am sure I speak for the American nation when I say it has been a source of pleasure that a splendid specimen of French naval architecture as the Gaulois has visited our shores on such a friendly mission, and in its name I thank you. Let me, on behalf of all the people of the United States and with the certain conviction that I have expressed their sentiments, drink to the health of President Loubet and to the continued prosperity of the mighty nation of which he is president.

Washington, May 23.—The comptroller of the treasury has rendered a decision in which he construes the act of April 13, 1902, as making an appropriation for the payment of claims against the government growing out of the payment of duties to the military authorities upon articles brought into Porto Rico from this country upon judgments against the United States, and from which the United States has not appealed. These judgments which will ultimately aggregate about \$800,000, will be paid upon presentation to the treasury department after the right of appeal has expired. This right expires after ninety days from the date of judgment.

ASSASSINS OVERRUN CUBA

Police Arrest New Members Signing Names in Blood.

New York, May 23.—The house has adopted a resolution, says a dispatch from Havana to the World, declaring May 19 Decoration day, and a motion expressing sympathy for American soldiers killed in Cuba.

Representative Lynch withdrew from the chamber and vowed that he will never return because his motion regarding honoring the flag of Narciso Lopez, was tabled. Lopez was a Venezuelan filibuster, who was shot by the Spaniards in Havana in 1851. Pickpockets are reaping a harvest on the floor, the principal promenade, and crooks of various kinds are doing a rushing business. A policeman who attempted to arrest a crook was killed. Fifty-nine Naniagos, alleged to be a secret order of assassins, have been captured by the police while new members were being initiated. The new members were in the act of signing their obligation in blood, when the police arrested the entire party. The Naniagos are greatly dreaded throughout Cuba.

FIRMIN SLIDES INTO TOWN

Man Who Was Going to Storm Port au Prince Drops in for Visit.

Port au Prince, Hayti, May 23.—The Haytian warship Crete-a-Pierot arrived here today, having landed Amice Firmin, the former Haitian minister at Paris, who was recently at the head of the army at the north, which advanced until within two days' march of Port au Prince. He was accorded a very sympathetic reception. All danger of civil war appears to have disappeared.

The winner is to receive 60 per cent and the loser 40 per cent of the purse. Edward M. Grancy is selected as referee.

ALL SAY IT'S PEACE

South Africa Matter Turns Everybody's Head in England.

London, May 23.—The Associated Press has every reason to believe that peace in South Africa is practically secured. How soon it will be announced depends apparently more upon the convenience of the Boer leaders than upon the inclination of the British government. The private and official advice received tonight in London from South Africa, all point to the same conclusion. The delay is technical, and to end the long war seems to be the desire of both British and Boer leaders. The latter, however, are unable to convince all of their followers of the wisdom of acquiescing to the terms of peace. Information as to what transpired at today's meeting of the cabinet is closely guarded, but it is not likely that the cabinet transactions were of vital import.

TO RIVET MARRIAGE BOND

Presbyterian Assembly Takes Aggressive Step Toward Divorce.

New York, May 23.—The Presbyterian general assembly resumed its sessions today with a good attendance and the moderator, the Rev. Dr. Van Dyke, called up the report of the special committee on Sabbath observance as the special order of the day. The report was read by James Yerrance.

The committee on church policy recommended a resolution, which was adopted, that the general assembly appoint a committee of three—five ministers and four elders—to confer with the committee of the Protestant Episcopal church and with similar committees that may be appointed by other churches, with a view to securing some concerted opinion and action by the churches of America relative to divorce and remarriage and to effect legislation that uniform legislation may be enacted by the state that will conserve the family institution and preserve the sanctity of the marriage bond.

BEVERIDGE UP AGAINST DOUBTS

Idahoan Senator Disputes Idahoan's Assertion on Philippines.

Washington, May 23.—A temperate and carefully prepared speech was delivered in the senate today on the Philippine bill by Mr. Dubois of Idaho. He obtained himself almost entirely to a discussion of the commercial and industrial aspects of the Philippine question, his purpose being to show that it would be disadvantageous to the people of this country to retain the islands.

An earnest and forcible reply to Mr. Dubois was made by Mr. Borah of Idaho, who contended that the development of China's resources would be of advantage in trade and commerce to the United States, as the industrial developments of other nations had been.

RUNAWAY DOWN HILL

Brakes on Car Stick and Two Are Killed in Smash-Up.

Batman, Pa., May 23.—Two men were killed and many women and men injured in a trolley wreck a few miles beyond Easton at midnight last night. The dead: Edward Commodore, Nazareth; Jos. Derhammer, Easton; an Easton and Nazareth car left this city shortly before midnight carrying 30 passengers. On a steep hill in Palmyra township, the brakes refused to work and the car ran away, descending the incline at a terrific rate of speed. At the foot of the hill there is a sharp curve. Here the car jumped the track and tearing loose from the trucks fell on its side in the country road.

Washington, May 23.—The president has revoked the old executive order of August 23, 1901, by which the lieutenant general commanding the army (General Miles) and the adjutant general (General Corbin) were to assume the duties of secretary of war in the absence of the secretary and the assistant secretary.

NEW CRATER BURIES ALL

Ajoupa Bouillon Covers the Country for Ten Miles in Ashes

Fort de France, Martinique, May 23.—It is reported on seemingly reliable authority that a new crater is forming at Ajoupa Bouillon, which lies on the side of the mountain opposite to St. Pierre, with its northern face toward the Atlantic. A huge fissure is said to have opened there, which is vomiting gases and volcanic matter similar to those thrown out from the crater at the summit.

The volcano is now throwing off large quantities of ash. These fell upon boats which were coming to Fort de France this morning and prevented them from approaching the shore nearer than ten miles. Even at this distance the decks were rapidly covered with ash.

The indications seem to point to another volcanic outbreak.

London, May 23.—A special dispatch from Pointe-a-Pitre, island of Guadeloupe, dated May 23, says a faint light was observed last night in the direction of the island of Martinique, accompanied by detonations, and that fears are entertained of further disaster.

CORBETT IS THE VICTOR

Gains Decision Over Kid Broad in Ten Rounds.

FAST FURIOUS FIGHT

Stiff Jabs on Nose and in Ribs in Order.

LAST ROUND A HUMMER

Corbett Gets Groggy But Gets Decision Never the Less.

Denver, Col., May 23.—William H. Rothwell, better known to the sporting world as "Young Corbett" gained the decision over Kid Broad of Cleveland, Ohio, at the end of a fast and furious fight. Broad put up a very good fight and in the ninth round had Corbett groggy, but the Denver lad came back strong and finished the round fresh. At no time was there any time lost, both men being willing to lead and force the fighting whenever necessary. Corbett showed superiority in the first, second, third and fourth. Broad had a shade the better of the fifth and seventh and had Corbett groggy in the sixth. Broad seemed much the stronger in the eighth, but on points the referee decided Corbett had won the battle. The crowd was divided as to the justice of the decision, many holding that Broad was entitled to a draw.

The fight tonight is the third time this pair have met.

The contest was for half the gross receipts, 75 per cent of which goes to the winner and 25 per cent to the loser, and the featherweight championship of the world.

The first fight between these men was on March 22, 1897, when Broad scored a clean knockout in the fourth round. On July 28, 1897, "Young Corbett" gained the decision over Broad in a ten round fight, the latter showing a decided superiority. On both these occasions the principals claimed they had not been in first-class shape. Tonight, however, the boys said they were in fine fettle. Both men fight in much the same style and are always anxious to "mix-up" at close range. They weighed in at 128 pounds at 3 o'clock this afternoon. The betting was 2 to 1 on Corbett.

The Coliseum Athletic club sent 1200 people, and there were about 4500 present, every inch of standing room being taken.

AT 11 O'CLOCK P. M.

Both men stripped in the condition and appear confident of success.

Corbett has bandages on his hands. "Bob" Stockton is the official time keeper.
