FIGHT ON LESSONS
Mrs. Irvine of California to Bombard Convention.

WITH MONSTER PETITION
Objecting to Changing Present Temperance Plan.

Denver, June 25.—At the meeting of the International Sunday school lesson committee at the residence of Bishop H. W. Warren, at University Park today, it was decided to prepare an alternate lesson every three months to be issued along with the temperance lesson, so that those who do not need the temperance lesson may not be compelled to study it.

The field workers' section held a session today. President Alfred Day, of Detroit, presided and C. D. Meigs, of Indiana, expounded a model Bible lesson for conventions.

A conference of department superintendents followed with an interesting paper by Karl E. Hingham, of California, on the practical work of organizing in Texas, New Mexico and far western commonwealths reported that the chief obstacle in the way of successful organization in those territories was the opposition of the clergymen.

It was promptly decided that wherever these conditions arose hereafter independent Sunday school rallies should be held in such buildings as might be obtainable.

The day was a busy one for the primary department of the International Sunday school association, of which Mrs. W. J. Semelroth, of St. Louis, is president. Several interesting meetings being held.

A large number of delegates to the convention arrived today. Secretary Danner, of the entertainment committee, estimates that there will be nearly 5,000 delegates in attendance. A strong sentiment has developed in favor of the election of W. N. Hartshorn, of Boston, as president.

John Wannamaker, of Philadelphia, H. S. Atwater, president of the Colorado Sunday School association, and Henry V. Johnson, of Denver, are also mentioned as candidates for the presidency.

CASTORIA
The Kind You Have Always Bought

PRASE FOR HIS FRIENDS
(Continued From First Page.)

by the comradery of Massachusetts Naval and Military order of the Spanish-American war.
Responding to a toast the president said:
"Here has been a great deal of criticism and some of it of an exceedingly intemperate kind, about the actions of the army over in the Philippines. That army is composed of exactly such men as those I see here tonight.

"Within the last fortnight there has been an appalling outrage committed in the Philippines. Four men were captured and after being kept for a little while were put to death by torture.

"You have heard very little of it, and the reason is because those four men wore the United States uniform. For that reason, if it is possible to exact punishment, punishment will be exacted.

"You know that any infringement of the laws of war will not be tolerated for any man wearing our uniform who commits it by torture shall not be saved from punishment by any record of excellence in the past. But let the other side of the case be kept in view also. Let it be remembered that of all forms of cruelty the worst is the weakness which hesitates to use just severity when just and proper severity is needed.

"Peace has almost come in the Philippines. We have trouble with the uncivilized tribes in a small part of the archipelago, but outside of that peace has almost come because the officers and enlisted men wearing the national uniform, bravely, quietly, uncomplainingly and with an iron resolution, have gone about their duty. The army has gone forward until now throughout the Philippine islands there is a condition of greater peace than has obtained in them from the time when the keels of the Spanish ships furrowed the waters of Manila bay, and more than that, remember that the army has conquered not to bring military rule, but in order that the sphere of civil government should be constantly extended at the expense of military rule.

"The president has yet another banquet to attend in his return to the Somerset at 10:30 o'clock, the banquet given in his honor by the delegates to the convention of the International League of Free clubs. Here the president said in part:
"Speaking in Boston, I should like to say that one of the measures that the present congress has passed in which I took the keenest interest is that of the irrigation of the arid lands of the west. That measure could not have been passed save by the vote and the hearty support of a very large number of representatives of states which had not possible pecuniary interests in its passage. In other words, to put through the measure it was necessary to appeal to the broad patriotism of a large number of people who could have no special interest to be subserved by it."

President Roosevelt left Boston over the New York, New Haven and Hartford railroad for New London on the midnight express.

MANCHURIA IS RUSSIA'S
China is Said to Have Renounced All Claim to It.

LONDON, June 25.—In a dispatch from Tokio the correspondent there of the Daily Mail says he hears upon the highest authority that in the recent mining and railway concessions agreement with Russia a clause exists under which China virtually renounces all claims to sovereignty in Manchuria.

UTAH TOWN WIPED OUT

One Thousand People Without Food or Shelter.
DETAILS VERY MEAGER

Wire Communication Was Destroyed Early.
APPEALS FOR AID OUT

Fire Started in Saloon—Loss About a Million.

Salt Lake, Utah, June 25.—Mercur, the great cyanide gold camp, and the second largest mining town in Utah, was practically wiped out of existence by fire today. The origin of the fire remains a mystery beyond the fact that it began with an explosion of some kind about 9 o'clock this morning in the upper story of the Preble block, in which the Quinrah hotel and saloon were located. A short time after the fire broke out, the telephone exchange was destroyed and all wire communication cut off.

At 2:30 o'clock this afternoon a courier rode into Fairfield, a station on the Tinian branch of the Oregon short line and telephoned that Mercur had been wiped off the map so far as the business district is concerned. Not less than forty or fifty stores have been completely destroyed and there is not a single store left in the camp. The people are in a destitute and pitiable condition. At least 1,000 are without food and shelter.

Governor Wells and Mayor Thompson of Salt Lake were appealed to for immediate assistance. Fully 80 per cent of the town has been destroyed. Not one business house remains and scores of residences are in ashes. So far as known, however, no loss of life resulted.

A conservative estimate places the total loss at between \$800,000 and \$1,000,000 and the insurance \$350,000.

The census of 1900 gave Mercur's population at 1,251.

Salt Lake, June 25.—Shortly after the fire broke out it was realized that the entire town was in danger and immediately the greatest confusion prevailed. All available vehicles of every description were pressed into service and every effort made to save household goods and stores; but so rapidly did the flames spread that the people were forced to flee for their lives and practically nothing was saved. The streets became congested with teams and the excitement was increased by the frequent explosions of grain powder stored in various portions of the town.

Among the buildings destroyed are the McCormick and company bank, the large structure of the Union Mercantile company, the Palmer house, the Catholic and Baptist churches and the telephone exchange.

CITY IN BRIEF.

Mr. George C. McCallahan, of El Dorado, was in the city yesterday.
Mr. C. J. Champlin of Newton was in the city yesterday.
Mr. S. L. Monad, of Conway Springs, was a Wichita visitor for a few hours.
Mr. G. H. Harrison, of the New Orleans Picayune, is in the city for the day.

Mrs. O. McParland returned yesterday from a three week's visit at Sapulpa, I. T.
John R. Lydecker, of Kingman, made a visit with the lawyers of Wichita yesterday.

Mr. Harry Shields, traveling passenger agent, was in the city a few hours yesterday.
Miss Carrie Howard, of Mirosgrove, Pa., is visiting her uncle, J. E. Howard, of this city.

Miss Emma Shank of St. Louis, is spending her vacation with her parents, Mr. and Mrs. Julius Shank.
Lina B. McDowell, whose maiden name is Talliferro, was granted a divorce yesterday from Joseph Z. McDowell.

S. A. Maxwell, of Anthony, was a business visitor in this city yesterday. He was formerly a resident of Wichita.
The former friends of Miss Sadie Adkins will be sorry to learn that she is quite ill at her home with typhoid fever.

Winifred C. Richards, of the Hockaday Hardware company, is spending her vacation at Cedar Rapids and other points in Iowa.
Miss Nellie Morgan, of Eureka Springs, is in the city for a short visit with Mrs. A. J. Erickson, 184 North Lawrence avenue.

Pathe Thien left suddenly for Jefferson City, Mo., yesterday morning. He was called away suddenly by the death of a relative.
E. E. Smithermen, of this city, has moved to Hutchinson, Kan. Mr. Smithermen, while here, was a fireman at the electric light plant.

Theodore Oswald returned from the Populist convention yesterday, and did not look particularly happy over the results of that meeting.
Mr. J. M. Evans of El Dorado and two daughters of El Dorado visited in the city yesterday. Mr. Evans is a prominent grocer of El Dorado.

Mr. R. P. Dadds, of 14 North Market and Mrs. J. A. Dadds and son, Chester, of 625 North Market street, have gone to Colorado to spend the summer.
Miss Katie Thompson left Tuesday evening over the Rock Island for Council Bluffs, Iowa and Omaha, Neb., where she will visit a month with relatives.

Boston Store
WALLENSTEIN & CO.
"WICHITA'S LARGEST SHOPPING CENTER."

Wants Divorce Case Dismissed.
In the case in the district court where in Mary Crowweight is asking for a divorce from Luther Crowweight, the blue point man, the defendant filed a motion yesterday to dismiss the case. Crowweight alleges as a cause for doing the same that the surety on cost bond as supplied by Mrs. Crowweight is irresponsible. The defendant was up in the Eagle office last night and when asked why he was fighting the divorce proceedings declared that his wife had been doing all the fighting and now he intended to take a hand. He says his "choice" of attorneys are Milton, Miller and Bailey.

Industry Has Made Large Growth in the United States.
The New York Commercial has the following on beet sugar:
"The enormous annual consumption of sugar in the United States and the war which has been waged between the interests engaged in its manufacture, has brought this industry more than any other before the public during the last few years.

COMING LOCAL EVENTS.
There will be a call meeting of the King's daughters Thursday at 9 a. m. All be present.
Regular meeting of the Elks will occur in their room tonight, beginning promptly at 8 o'clock.

THE RORABAUGH DRY GOODS CO.
We pay the freight on all \$100.00 and up orders within 100 miles. Samples sent free in any advertisement.

TORNADO
FATAL TWISTER STRIKES MARIETTA, OHIO.

Engineer Severance of Electric Light Company Killed.
Marietta, Ohio, June 25.—Marietta was swept by a tornado about 8 o'clock tonight. The loss is estimated at not less than \$200,000. The fine plant of the Parkersburg and Marietta Inter-urban company is laid flat, and no light assists the hundreds who are anxiously searching for friends and relatives. Engineer Severance, of the Electric Light company, was killed when the building went down. Probably twenty persons are seriously injured. At least 25 substantial houses were blown down. The Ohio Valley Wagon Works plant, one of the city's largest industries, is a mass of ruins. The Acme brick plant was completely demolished. Meager reports are coming in from the country districts, where the tornado has undoubtedly wrought great damage. No details can be learned tonight.

FOREST FIRES RAGING
Doing a Great Deal of Damage and Destruction.
Denver, June 25.—Forest fires raging in various parts of Colorado have done a vast amount of damage and no relief from them is yet in sight. It is claimed by the state officials, who have been investigating the matter, that most of them are of incendiary origin. The burning camp of Garfield in Chaffee county has been burned for several days but the efforts of the citizens in back-swing have so far saved it from destruction. Timber to the value of \$1,000,000 is said to have been burned in the mountains west of Durango. Many narrow escapes are reported, but no loss of life by the fires is known. The fire has been communicated to buildings in the town of Breckenridge, but was extinguished without damage. The town is practically surrounded by blazing forest. A tract of territory four square miles has been buffed over in Ouray county and the fire is still raging. Nothing but heavy rains will give relief.

FUSION IN NEBRASKA
Populists and Democrats Agree Upon Thompson for Governor.

Grand Island, Neb., June 25.—After twenty-four hours of almost continuous session the Democratic and Populist state conventions completed a fusion ticket at 3 o'clock today, with a Democrat at its head. Five places on the ticket went to the Populists and three to the Democrats. The ticket follows:
Governor—W. H. Thompson, Hall county, Democrat.
Lieutenant Governor—E. A. Gilbert, York county, Populist.
State Auditor—Charles Q. De France, Jefferson county, Populist.
State Treasurer—J. N. Lyman, Adams county, Populist.
Attorney General—J. H. Broad, Lancaster county, Democrat.
Commissioner of Public Lands and Buildings—J. C. Brennan, Douglas county, Democrat.
Superintendent of Schools—Charles Smith, Dawson county, Populist.

Five different men received the unanimous nomination of one or the other of the two conventions before both bodies finally agreed one man. After a long journey, William J. Bryan expressed himself pleased with the successful accomplishment of the fusion, saying he would lend his entire effort in support of the ticket.

HAPPERS BUSINESS.
Coffee Drinking Incapacitates Some People for Business at Times.

A gentleman from McLean, Michigan, says: "Coffee drinking has cost me money for during my life I have been many times so thoroughly put out of condition that I have been compelled to abandon business for a day or two at a time. The attacks of headache would commence on the right side behind the ear and become so severe as to totally incapacitate me for any exertion, even mental. I have frequently had to take morphine to relieve the suffering. Sour stomach troubled me and I had a nervous heart that gave me a great deal of trouble.
"Four years ago I saw an advertisement for Postum Food Coffee which required no fire effects of coffee on the nerves. I at once decided to make the change and leave off coffee and take on Postum. The result has been all that one could expect.
"I am never constipated any more, the bilious attacks never come on except from some indiscretion such as drinking coffee, which I am loath enough to indulge in now and then. I have no more headaches, no more sour stomach and no bilious spells. I have not been sick in my stomach or had a nervous vomiting spell in three years. Am now 36 years old, feel better health and do a better business and more comfortable than ever before in my life. The Postum Food Coffee has changed to leaving off coffee and using Postum, for I have taken no medicine to aid in making the change.
"The experiment as stated is absolutely true. I am willing, if necessary, to attach my affidavit to it." Name given by Postum Co., Battle Creek, Mich.
